v1.6.0

The open Insurance Management Information System (openIMIS) is a web based software to manage health insurance schemes. It includes functionality for setup of the software to requirements of health insurance schemes, administration of policies and policy holders and for claim processing. This manual is a guide on the use and functionality of the software rather than in-depth technical reference. The Contents section, provide a reference to the page of each major chapter and the sub chapters within. By clicking on the content title (online version), the reader is re-directed to the position of the content title.

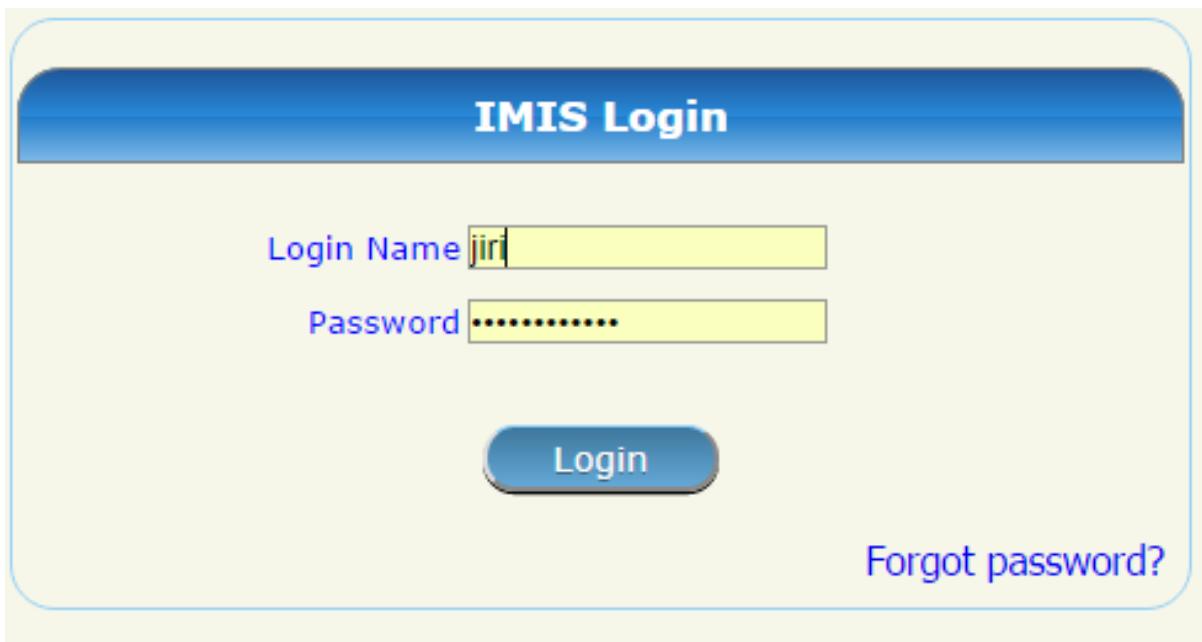

Welcome to the openIMIS technical documentation repository.

OpenIMIS Web applications

1.1 Users and logins

1.1.1 Login

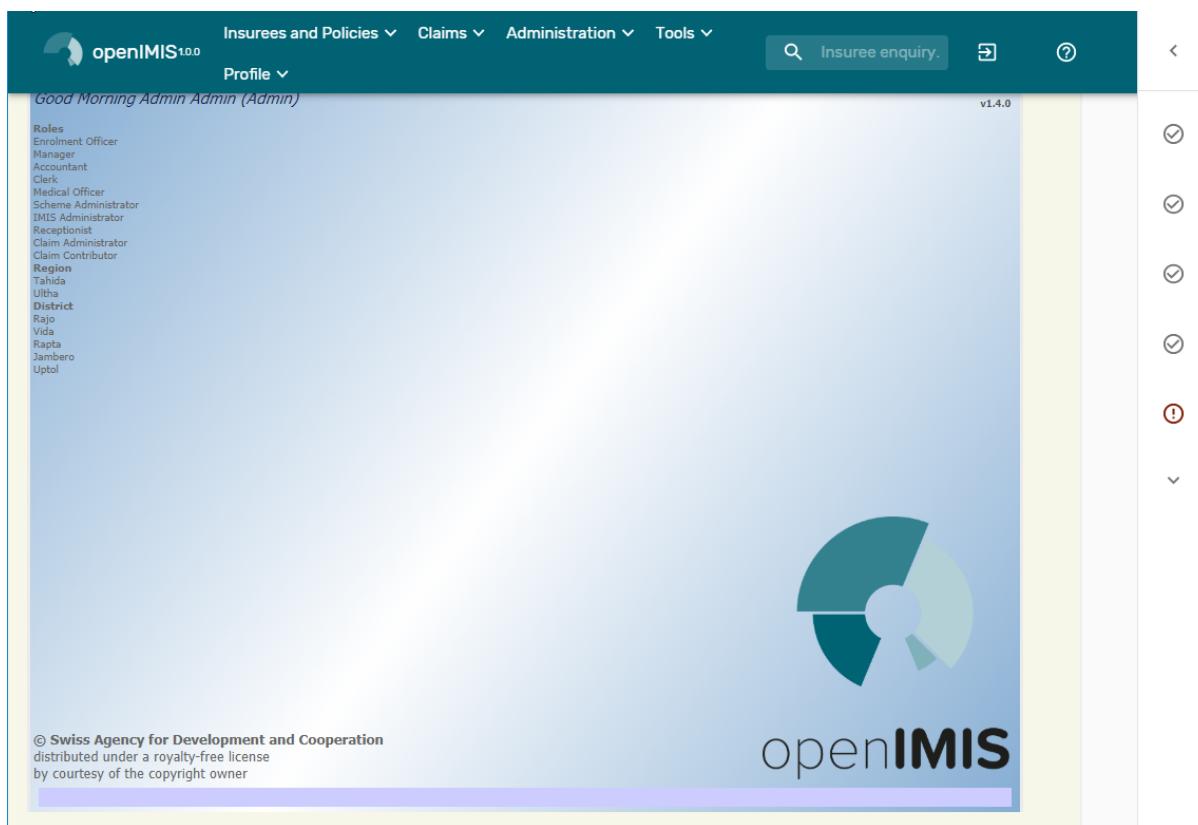

To access the software, Users must have a valid User Name and Password, provided by the “IMIS Administrator”. In the browser address bar type the URL of the openIMIS instance to request the start page. Login page will appear (Img. 1.1.1).

Img. 1.1.1: *User Login*

Use the provided Login Name and Password, and click on the button Login. If successful, the system will re-direct to the Home Page (Img. 1.1.2).

The full menu is displayed. Clicking on the menu headers will display a sub-menu providing further navigation options. Only menu accessible to the user are displayed. Below the main

Img. 1.1.2: *Home Page*

menu at the top left-hand corner there is information about the current login user: Login Name, a list of roles acquired by the user and the region the districts to which the user has access. Logins and roles assignment can be created in the *Users Administration page*, custom roles can be created and modified in the *User roles Administration Page*.

1.1.2 Forgotten password

When a password is forgotten, clicking **Forgot Password?** on the login screen (*Login*) results in the opening of the **Forgot Password** page (*Forgotten password image*).

Img. 1.1.3: *Image - Forgot Password Page*

1. Enter the **User Name** linked to the account
2. Enter the **New Password**. In some browsers (i.e. Internet Explorer) it is possible to display the password entered by clicking on the eye in the right part of the password

text box (*New password displayed image*).

The screenshot shows a web-based password reset form titled "Enter username and new password to reset password". It has two input fields: "User Name" containing "testlogin" and "New Password" containing "vgbf". A cursor is hovering over the "Submit" button. Below the form are two links: "Go to Login" and "Submit".

Img. 1.1.4: *Image - new password displayed*

3. Click on the **Submit** button. In case the **User Name** coincides with an user in the register of users, an e-mail will be sent to confirm the password change. (*New password confirmation sent image*).

The screenshot shows the same password reset form as above, but now it displays a green success message "Link sent to email" at the bottom. The other fields and buttons remain the same.

Img. 1.1.5: *Image - New password confirmation sent*

4. Check the user's inbox and click on **Confirm password** link inside the received email with the subject **IMIS Password Request** then re-enter the data of the steps 1 & 2 (*New password confirmation image*).
5. Once the confirmation is submitted, the new credentials can be used in the *Login* page.

1.1.3 Password change

Any user can change his/her password by adjustment of his/her profile.

Navigation

Functionality for changing of a password can be done in the menu **Profile**, sub menu **Change Password**.

Clicking on the sub menu **Change Password** re-directs the current user to the *Change Password Page*.

Change Password Page

Change Password

Current Password

New Password

Confirm Password

Save Cancel

Img. 1.1.8: *Change Password Page*

- **Current Password**

Enter the current password of the logged in user.

- **New Password**

Enter a new password of the logged in user. The password should have at least 8 alphanumeric characters with at least one digit.

- **Confirm Password**

Repeat the new password of the logged in user.

2. Saving

Once all mandatory data are entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Home Page*. A message confirming that the new password has been saved will appear at the bottom.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right side of the corresponding field).

4. Cancel

By clicking on the Cancel button, the user will be re-directed to the *Home Page*

1.2 Claims

The functionalities under the menu **Claims** allow complete processing of claims from their entering into IMIS, modification, submission to processing, automatic checking of their correctness, reviewing of them by medical officers, their evaluating and preparation of report to an accounting system for their remuneration to contractual health facilities. Each claim can be consequently in several states. Once it is entered to openIMIS (either by the mobile phone application **Claim Management** or typed in and saved in IMIS) it goes to the status **Entered**.

1. Claim entry and submission

When it is submitted and it successfully passes at least some automatic checks, the claim goes to the status **Checked**. If the claim doesn't pass automatic checking it goes to the status **Rejected** and its processing ends. The claim in the status **Checked** may be reviewed from medical point of view and/or a feedback on it can be collected from the patient.

2. Claim review: scrutinisation and feedback

Medical reviewing and feedback acquiring can be by-passed. Ones such (manual) scrutiny of the claim is at the end, the claim may be pushed to the status **Processed**.

3. Claim valuation

In this status the claim is evaluated in nominal prices, taking into account all ceilings, deductibles and other cost sharing rules associated with insurance product or products covering claimed health care. If there is no medical service or medical item price of which a relative one according to the corresponding insurance product, the claim goes automatically to the status **Valuated**.

If there is at least one medical service or medical item with relative pricing, the claim goes to the status **Valuated** only after a batch for corresponding period is run. The batch for a period (month, quarter, year) finishes evaluation of relative prices on claims on one hand and summarizes all claims in the period for accounting system that is external to openIMIS (it is not a part of it).

4. claims values based on stage

Different values (prices) of a claim are associated with each stage of processing of claims. When a claim is entered the value of the claim based on nominal prices of claimed medical services/items

is designated as **Claimed Value**. **Claimed Value** is associated with the state **Entered**. The value of the claim after automatic checking of claims during submission of the claim and after manual interventions of medical officers is designated as **Approved Value**. **Approved Value** is associated with the state **Checked**. The value of the claim after corrections based on all cost sharing rules of covering insurance products is designated as **Adjusted Value**. **Adjusted Value** is associated with the state **Processed**. The final value of the claim taking into account actual value of relative prices is designated as **Paid Value**. **Paid Value** is associated with the state **Valuated**.

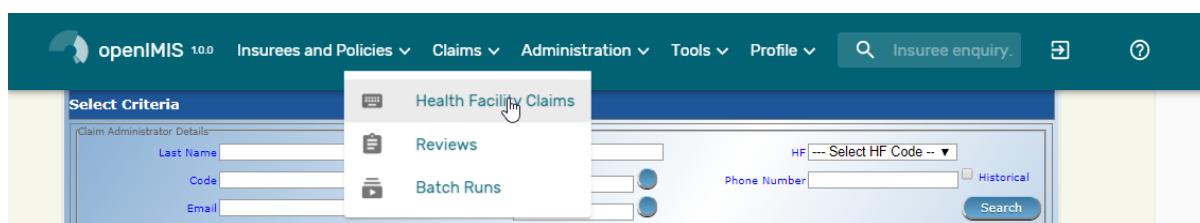

1.2.1 Health Facility Claims

Access to the **Health Facility Claims** Page is restricted to users with the role of Claim Administrator.

Pre-conditions

Navigation

All functionality for use with the administration of health facility claims can be found under the main menu **Claims**, sub menu **Health Facility Claims**.

Img. 1.2.1: Image - Navigation Health Facility Claims

Clicking on the sub menu **Health Facility Claims** re-directs the current user to the *Claims Control Page*.

Claims Control Page

The Claims Control Page is the central point for all health facility claim administration. By having access to this panel, it is possible to add, edit and search claims. Claims can be edited only in the state **Entered**. The panel is divided into four panels (Img. 1.2.2).

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of claims the following search options are available which can be used alone or in combination with each other.

- **Region**

Select the **Region**; where claiming or searched for health facility is located from the list of regions by clicking on the arrow on the right of the selector to select claims from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected*

- **District**

Select the **district**; where claiming or searched for health facility is located from the list of districts by clicking on the arrow on the right of the selector to select

The screenshot shows the 'Claims' section of the openIMIS web application. At the top, there is a search bar labeled 'Search Criteria' with various dropdown filters: Region (Any), District (Any), Health Facility (JMHO001 Jambero District Hos), Claim Administrator (empty), Batch Run (National) (Any), Claim Status (Entered), Feedback Status (Any), Review Status (Any), Claim No. (empty), Insuree No. (empty), Claimed More Than (\$ empty), Claimed Less Than (\$ empty), Visit Date From (2020-03-18), Visit Date To (empty), Claimed From (2020-03-18), Claimed To (empty), Main Diagnosis (empty), Visit Type (Any), and a 'Main Diagnosis' search icon. Below the search bar, it says '4 Claims Found'. A table lists four claims:

Claim No.	Health Facility	Insuree	Claimed Date	Feedback Status	Review Status	Claimed	Approved	Status
rrtre	JMHO001 Jambero District Hos	Family Mister (11111111)	3/20/2020	Idle	Idle	\$ 42100	\$ 0	Entered
111111s1	JMHO001 Jambero District Hos	Family Child (11111113)	3/20/2020	Idle	Idle	\$ 11	\$ 0	Entered
12416546	JMHC001 Jamini Health Centre	Family Mister (11111111)	3/19/2020	Idle	Idle	\$ 0	\$ 0	Entered
WXTT123	JMHC001 Jamini Health Centre	Macintyre Joseph (070707070)	3/18/2020	Idle	Idle	\$ 21000	\$ 0	Entered

At the bottom right of the table, there are buttons for 'Rows Per Page' (10), '1-4 of 4', and navigation arrows. There is also a 'SELECT ALL' checkbox at the top right of the table.

Img. 1.2.2: Image - Claims Control Page

claims from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **HF Code**

Select the HF Code (Health Facility Code) from the list of codes of health facilities by clicking on the arrow on the right of the selector, to select claims from a specific health facility. *Note: The list will only be filled with the health facilities belonging to the selected district and assigned to the current logged in user.*

- **HF Name**

Type in the beginning of; or the full HF Name (Health Facility Name) to search for claims belonging to the health facility whose name start with or match completely the typed text.

- **Claim Administrator**

Select the Claim Administrator from the list of claim administrators by clicking on the arrow on the right of the selector, to select claims submitted by a specific claim administrator. *Note: The list will only be filled with the claim administrators belonging to the health facility selected.*

- **Visit Type**

Select the Visit Type from the list of visit types (or hospital stays) by clicking on the arrow on the right of the selector, to select claims with specified visit type.

- **Insurance Number**

Type in the beginning of; or the full Insurance Number, to search for claims, on behalf of insurees with the insurance number which starts with or match completely the typed text.

- **Claim No.**

Type in the beginning of; or the full Claim No., to search for claims with the specific claim identification which starts with or match completely the typed text.

- **Review Status**

Select the **Review Status** from the list of options for review status by clicking on the arrow on the right of the selector, to select claims with specific review status.

- **Feedback Status**

Select the **Feedback Status** from the list of options for feedback status by clicking on the arrow on the right of the selector, to select claims with specific feedback status.

- **Claim Status**

Select the **Claim Status** from the list of options for claim status by clicking on the arrow on the right of the selector, to select claims with specific claim status.

- **Main Dg.**

Select the **Main Dg.** from the list of diagnoses status by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box, to select claims with main diagnosis.

- **Batch Run**

Select the **batch run** from the list of batch runs by clicking on the arrow on the right of the selector, to select claims from specific batch run

- **Visit Date From**

Type in a date; or use the Date Selector (*Date Picker*), to search for claims with a **Visit Date From** date which is on or is greater than the date typed/selected.

Note. To clear the date entry box; use the “Clear“ button on the date picker popup. Visit Date From should be the day of admission for in-patient care or the visit date in case of out-patient care.

- **Visit Date To**

Type in a date; or use the Date Selector (*Date Picker*), to search for claims with a **Visit Date From** date which is on or is less than the date typed/selected. *Note.*

To clear the date entry box; use the “Clear“ button on the date picker popup. Visit Date To should be the day of discharge for in-patient care or the visit date in case of out-patient care.

- **Claim Date From**

Type in a date; or use the Date Selector (*Date Picker*), to search for claims with a **Claim Date** date which is on or is greater than the date typed/selected. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup**

- **Claim Date To**

Type in a date; or use the Date Selector (*Date Picker*), to search for claims with a **Claim Date** date which is on or is less than the date typed/selected. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

Rows Per Page: 10 < 1-4 of 4 >

Img. 1.2.6: Selected record (grey) - Result Panel

A maximum of 10 records can be displayed per default but it can be changed by configuration ([gitHub](#)), in a scroll panel. Further records can be viewed by either changing the page or deleting/submitting the current loaded claims and search claims again.

3. Actions

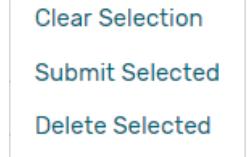

Modular openIMIS comes with [Material UI](#) this means that there is a single button (Tab. 1.2.2) which fonction will change depending on the context (Icon change), for less used functions a tree dots menu is available (Tab. 1.2.3) only when claim(s) are selected. By double-clicking on the claim line, the user is directed to the [Claim Page](#), where the

current selected claim can be edited (provided it in the state **Entered**), this page will open with the current information loaded into the data entry fields. See the [Claim Page](#) for information on the data entry and mandatory fields.

Tab. 1.2.2: Material icons

			
Img. 1.2.7: <i>Add</i>	Img. 1.2.8: <i>Save</i>	Img. 1.2.9: <i>Back</i>	Img. 1.2.10: <i>Print</i>

Tab. 1.2.3: claims actions

		
Img. 1.2.11: <i>select all</i>	Img. 1.2.12: <i>tree dots</i>	Img. 1.2.13: <i>tree dots menu</i>

- **add**

By clicking on the add button (Img. 1.2.7), the user is directed to the [Claim Page](#), where new entries for new claim can be added. When the page opens all entry fields are empty. See the [Claim Page](#) for information on the data entry and mandatory fields.

- **Submit selected**

By clicking on the submit selected manu (Img. 1.2.13), claim status of all selected claims with the status **Entered** will be submitted.

Once the process is done, a popup window (Img. 1.2.14) with the result of the process will be shown.

- **delete selected**

By clicking on the delete selected menu, the current selected claim will be deleted.

Before deleting a confirmation popup (Img. 1.2.15) is displayed, which requires the user to confirm if the action should really be carried out?

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a claim has been added, updated or deleted or if there was an error at any time during the process of these actions.

Claim Page

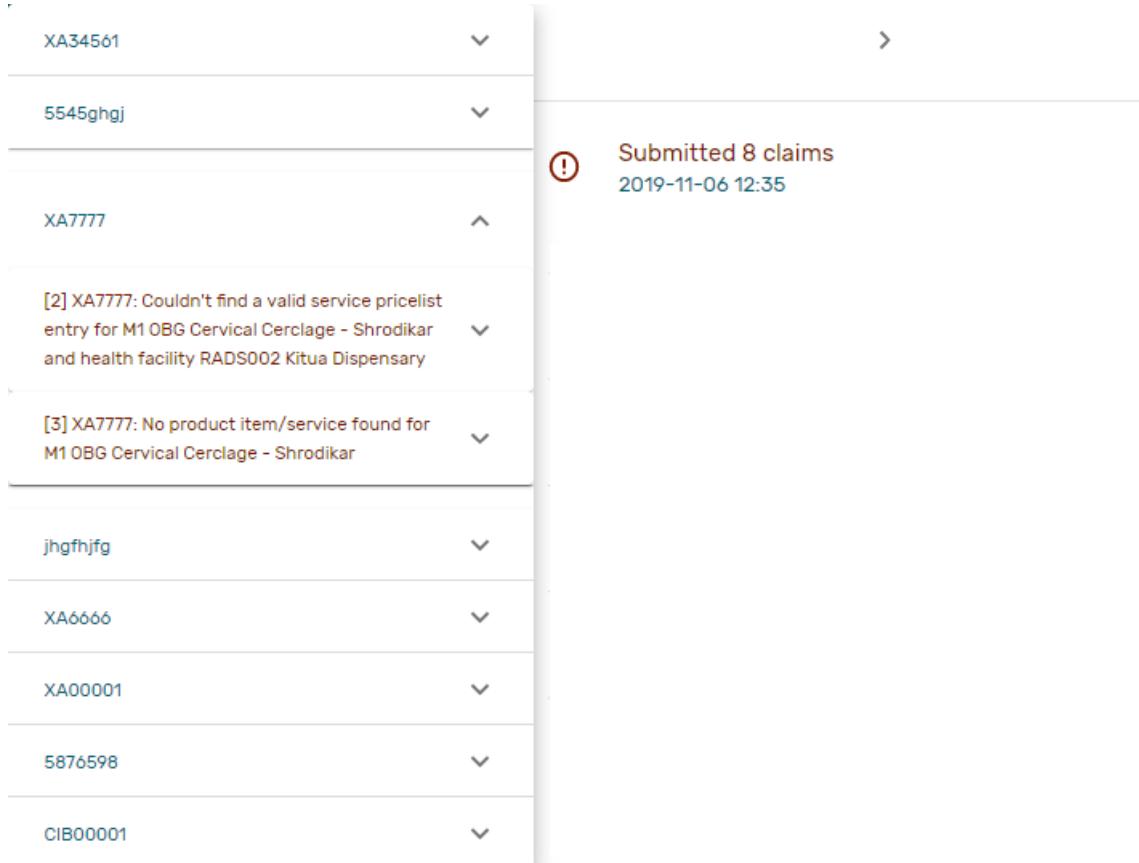

1. Data Entry

- **HF Code**

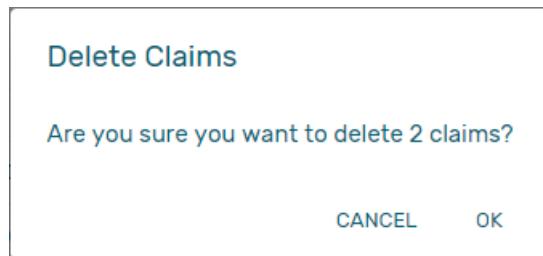

Displays the code of the health facility. The field is read only (taken over from the [Claims Control Page](#)) and cannot be edited.

- **HF Name**

Displays the name of the health facility. The field is read only (taken over from the [Claims Control Page](#)) and cannot be edited.

Img. 1.2.14: Submitted Claims details – Claims Control Page

Img. 1.2.15: Delete confirmation – Claims Control Page

The screenshot shows the 'Claim' page in the openIMIS application. At the top, there's a navigation bar with links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. A search bar and a help icon are also present. Below the header, the main form is titled 'Claim XDDDFD33'. It contains several sections:

- Health Facility:** JMHC001 Jamini Health Centre.
- Visit Type:** Other.
- CHF ID:** 111111111, **Name:** Mister Family.
- Visit Date From:** 2020-03-23, **Visit Date To:** 2020-03-23, **Date Claimed:** 2020-03-23.
- Main Diagnosis:** A009 Cholera, unspecified Cholera, unspec.
- Claim No.:** XDDDFD33.
- Sec Dg1:** Sec Dg2, Sec Dg3, Sec Dg4.
- Claim Administrator:** JMHC0011 Lobo.
- Explanation:** Insuree Last Visit.
- Policy Information:** Test sch (TST01), BCUL0001 (Basic Cover Ultha).
- Services:** Service, Quantity, Price, Explanation.
- Items:** Item, Quantity, Price, Explanation.

Img. 1.2.16: *Claim Page*

- **Insurance Number**

Enter the insurance number of the patient. When the field is filled the insuree name will be updated (:refnum:'insuree_picker'). Mandatory.

CHF ID*	Name
111111111	Mister Family

Img. 1.2.17: *Search insuree popup*

- **Claim No.**

Enter the identification of the claim. Mandatory, up to 8 characters. It should be unique within the claiming health facility.

- **Main Dg.**

Select the code of the main diagnosis by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box. Mandatory.

- **Sec Dg 1**

Select the code of the first secondary diagnosis by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box.

- **Sec Dg 2**

Select the code of the second secondary diagnosis by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box.

- **Sec Dg 3**

Select the code of the third secondary diagnosis by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box.

- **Sec Dg 4**

Select the code of the fourth secondary diagnosis by typing text, all diagnoses containing the typed text will appear and be selectable underneath the box

- **Claim Administrator**

Displays code of the claim administrator. The field is read only (taken over from *the Claim Control Page*) and cannot be edited.

- **Visit Date From**

Enter the visit date for out-patient care or the admission date for in-patient care. Mandatory.

- **Visit Date To**

Enter the discharge date for in-patient care.

- **Date Claimed**

Enter the date when the claim was prepared by the health facility.

- **Guarantee No.**

Enter identification of a guarantee letter for prior approval of provision of claimed health care.

- **Visit Type**

Select the type of visit/hospital admission from the drop down list (**Emergency, Referral, Other**)

- **Services**

1. **service code**

When entering the service code, a dropdown suggestion box for the available services with the service code or service name matching your typed text will be shown. Available medical services in the dropdown suggestion box are taken over from the pricelist of medical services associated with the claiming health facility. The desired service can then be selected from the dropdown suggestion box by clicking on it using mouse or selecting it using up and down arrows, then pressing Enter key fill the service code text field, together with quantity and value field in the same row.

Once the selected service has been written on the service data grid row, a new service line will be added and the dropdown suggestion box will close itself. When needed, the dropdown suggestion box can be closed by clicking any place on the page but outside the dropdown suggestion box.

Services			
Service	Quantity	Price	Explanation
<input type="text" value="c"/> X	<input type="text"/>	<input type="text"/>	<input type="text"/>
M1 OBG Cervical Cerclage - Shrodkar			
M2 OBG Cervix Repair			
M3 OBG Colpotomy ▼	<input type="text"/>	<input type="text"/>	<input type="text"/>
M6 OBG Polypectomy - Cervical	<input type="text"/>	<input type="text"/>	<input type="text"/>

Img. 1.2.18: Services dropdown suggestion box – Claim Page

1. **quantity**

This field can be filled manually by entering a number in it or automatically is filled by 1 when the service code above is filled, through dropdown suggestion box. It is this field that receives focus after service code is filled above from the dropdown suggestion box.

1. price

This field can be filled manually by entering a number in it or automatically is filled when the service code above is filled, through dropdown suggestion box. Automatically filled prices are taken over from the pricelist of medical services associated with the claiming health facility.

1. explanation

Enter extra information about the service for the scheme administration (a medical officer of the scheme administrator).

- Items

1. item code

When entering the item code, a dropdown suggestion box for the available items with the item code or item name matching your typed text will be shown. Available medical items in the dropdown suggestion box are taken over from the pricelist of medical items associated with the claiming health facility. The desired item can then be selected from the dropdown suggestion box by clicking on it using mouse or selecting it using up and down arrows, then pressing Enter key to fill the item code text field, together with quantity and value field in the same row.

Once the selected item has been written on the item data grid row, a new service line will be added and the dropdown suggestion box will close itself. When needed, the dropdown suggestion box can be closed by clicking any place on the page but outside the dropdown suggestion box.

The screenshot shows a portion of the 'Services' section on a claim form. At the top, it says 'Total Claimed: \$ 21000'. Below is a table with columns: Service, Quantity, Price, and Explanation. The first row shows 'M2 OBG Cervix Repair' with a quantity of '1' and a price of '\$ 21000'. To the right of the table is a trash icon. Below the table, there is a search input field containing 'gen' with a clear icon. A dropdown suggestion box is visible, listing three items: 'M5 OBG Perineal / Genital Repair', 'I21 BLOOD GROUPING - A, B & O ANTIGENS', and 'A1 General Consultation'. Each item has a small preview icon to its left.

Img. 1.2.19: *Items dropdown suggestion box – Claim Page*

1. quantity

This field can be filled manually by entering a number in it or automatically is filled by 1 when the item code above is filled, through dropdown suggestion box. It is this filled that receives focus after item code is filled above from the dropdown suggestion box.

1. price

This field can be filled manually by entering a number in it or automatically is filled when the item code above is filled, through dropdown suggestion box. Automatically filled prices are taken over from the pricelist of medical items associated with the claiming health facility.

1. explanation

Enter extra information about the medical item for the scheme administration (a medical officer of the scheme administrator).

- claimed

This field is filled automatically with a new total of quantities multiplied to their corresponding values in both data input grids at any time when there is a change in values in the either quantity fields or value fields anywhere in both data input grids.

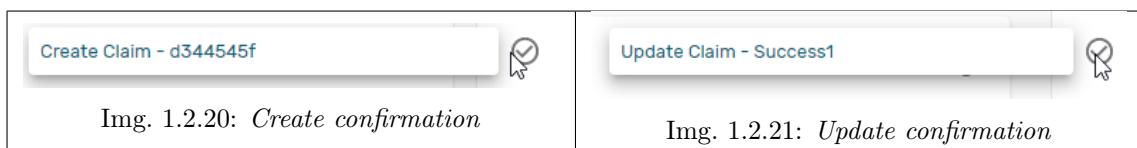

- **explanation**

Enter extra information about the whole claim for the scheme administration (a medical officer of the scheme administrator).

2. Saving

Once all mandatory data is entered, clicking on the **Save** button ([Img. 1.2.8](#)) will save the claim. The user stay in the *Claim Page*; a message confirming that the claim has been saved will appear on the right of the *Claim Page* ([Tab. 1.2.4](#)).

Tab. 1.2.4: claim save confirmation

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk).

3. Printing of a claim

By clicking on the **Print** button ([Img. 1.2.10](#)), the user will be shown a printable version of the claim details page. The printable version of the claim is available in the pdf formats.

4. Restoring/Duplicating a claim

By clicking on the **Restore** button, the *Claim Page* is cleared filled with a new calim having the same details, at the exception of the claimID that get a leading “@”

5. Creating of a new claim

By clicking on the **Add** button ([Img. 1.2.7](#)), the *Claim Page* is cleared (with exception of HF Code, HF Name and Claim Administrator) and it ready for entering of a new claim for the same health facility and of the same claim administrator as before.

6. back

By clicking on the **back** ([Img. 1.2.9](#)) button, the user will be re-directed to the *Claims Control Page*

1.2.2 Review claims

The functionality allows reviewing and adjustments of claims from medical point of view. Reviewing of claims is restricted to users with the system role of Medical Officer or with a role including an access to Claims/Claim/Review.

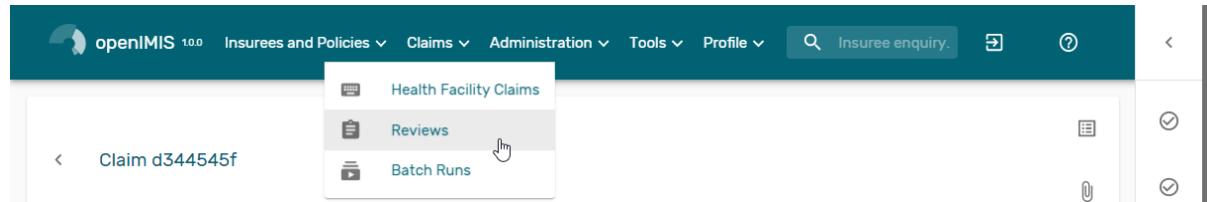

Pre-conditions

A claim has been already submitted.

Navigation

All functionality for use with the administration of claim overview can be found under the main menu **Claims**, sub menu **Reviews**.

Clicking on the sub menu **Review** re-directs the current user to the *Claims Overview Page*

Img. 1.2.22: Navigation Review

The screenshot shows the openIMIS 10.0 interface on the "Claims" page. The title of the page is "Claim hjgfjfgh". The main form contains the following data:

Health Facility JMHC001 Jamini Health Centre	Insuree Manth Gayle (11111116)	Date Claimed * 2019-12-04	Visit Date From * 2019-12-04	Visit Date To				
Visit Type Other	Main Diagnosis A00 Cholera	Claim No. hjgfjfgh	Guarantee No.	Claimed \$ 400	Approved \$ 400	Adjusted \$		
Sec Dg1	Sec Dg2	Sec Dg3	Sec Dg4					
Claim Administrator JMHC0011 Lobo	Explanation							
Adjustment								
Services								
Total Claimed: \$ 400			Total Approved: \$ 400					
Service	Quantity	Price	Explanation	App. Quantity	App. Price	Justification	Status	R
A1 General Co	1	\$ 400			\$		Passed	▼

To the right of the form, there is a vertical sidebar with several status indicators: a checkmark, an info icon, another checkmark, a checkmark, a checkmark, a downward arrow, and a circular download icon at the bottom.

Img. 1.2.23: Image - Claims Overview Page

Claims Overview Page

The Claims Overview Page is the central point for all claim review administration. By having access to this panel, it is possible to review, feedback, amend and process claims. The panel is divided into five sections ([Img. 1.2.23](#)).

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of claims the following search options are available, which can be used alone, or in combination with each other.

- **Region**

Select the **Region**; from the list that appear after typing characters, all region containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected*

- **District**

Select the **District**; from the list that appear after typing characters , all district containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected*

- **HF Code**

Select the **HF Code**; from the list that appear after typing characters, all HF code containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the health facilities belonging to the selected district and assigned to the current logged in user.*

- **HF Name**

Type in the beginning of; or the full **HF Name**, to search for claims belonging to the health facility whose name start with or match completely the typed text

- **Claim Administrator**

Select the **claim administrator** from the list that appear after typing characters , all claim administrator containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the claim administrators belonging to the health facility selected.*

- **Insurence Number**

Enter the insurance number of the patient. When the field is selected, the search insuree popup(:refnum:'insuree_picker') will be display and will allow the claim administrator to search the insuree based on its insurance number, or/and last name, or/and other(first) name

- **Claim No**

Type in the beginning of; or the full **Claim No**, to search for claims with claim identification which start with or match completely the typed text.

- **Review Status**

Select the **Review Status** from the list of the options for review status by clicking on the arrow on the right of the selector to select claims with a specific review status

- **Feedback Status**

Select the **Feedback Status** from the list of the options for feedback status by clicking on the arrow on the right of the selector to select claims with a specific feedback status

- **Claim Status**

Select the **Claim Status** from the list of the options for claim status by clicking on the arrow on the right of the selector to select claims with a specific claim status.

- **Main Dg**

Select the **Main Dg.** from the list of diagnoses by typing characters, all diagnoses containing the typed text will appear and be selectable underneath the box, to select claims with main diagnosis.

- **Batch Run**

Select the **Batch Run** from the list of batch runs by clicking on the arrow on the right of the selector to select claims included in a specific batch run.

- **Visit Date From**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)), to search for claims with a **Visit Date From** which is on or is greater than the date typed/selected. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **Visit Date To**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)), to search for claims with a **Visit Date To** which is on or is less than the date typed/selected. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **Claim Date From**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)), to search for claims with a **Claim Date From** which is on or is greater than the date typed/selected. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **Claim Date To**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)), to search for claims with a **Claim Date To** which is on or is less than the date typed/selected. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **Visit Type**

Select type of out-patient visit or in-patient admission from the list of types of visit to search for claims made on specific visit/admission type.

2. Claim Selection Update Panel

This panel is basically for functionality of updating multiple claims which are currently loaded in the Result Panel at once basing on the claim filter criteria available on this panel. The update on the claims is basically changing **Feedback Status** and **Review Status** of a claim from **Idle** to **Selected for Feedback** or **Selected for Review** respectively. The filters in this panel work on the claims which are currently loaded on the result panel. The combination of filters is either **Select** and either **Random** or **Value** combination of **Value** and **Variance**.

- **Select**

A selection dropdown box to select between **Review Select** and **Feedback Select** to filter only claims whose review status is **Idle** or feedback status is **Idle** respectively from among claims currently in the Result Panel.

- **Random**

Accept a number which is considered to be a percentage of the claims in the Result Panel. Check the random checkbox and enter a number on the text field next to checkbox. The default is 5%.

- **Value**

Accept a number which is considered to be claimed value. This will filter claims from the Result Panel by taking claims whose claimed value is equal or greater than the entered number in the Value text field. Check the value checkbox and enter a number on the text field next to checkbox.

- **variance**

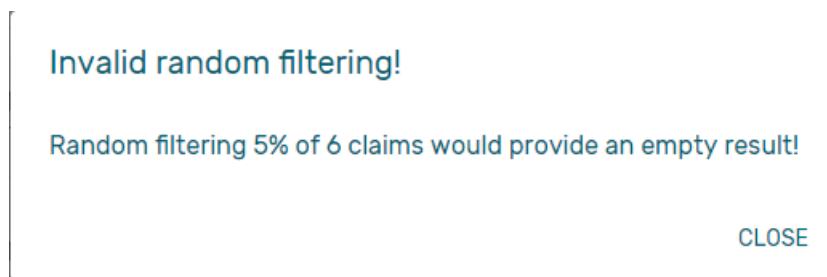

Enable to set a variance around the Value specified **Percentage Variance = $[(\text{Claim Value Filter Value}) - 1] * 100$**

- **filter button**

Once desired criteria have been set and after clicking this button(Img. 1.2.29), then the claims currently displayed in the result panel which satisfy the criteria, a reduced number of claim will be displayed in the result panel

- **bulk updates**

One can select them all (Img. 1.2.28) then by clicking on the 3 dots(Img. 1.2.30) more advanced actions (Img. 1.2.31) will be displayed

Img. 1.2.24: Error message when the filter have no result

A notification will be displayed to confirm display the action result(Img. 1.2.25)

Img. 1.2.25: Claim Review Action Notification

3. Result Panel

The Result Panel displays a list of all claims found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow (Img. 1.2.26).

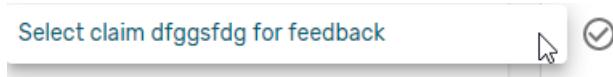

Per default 10 records can be displayed at one time in a scroll panel but this number can be changed (Img. 1.2.35, the default value can also be changed in front end configuration), Further records can be viewed by changing pages (Img. 1.2.34).

The Feedback and Review Status Columns in each row contain a drop down list with options for claim feedback status and claim review status. A user can change the claim feedback and review status to **Idle** to **Not Selected** or **Selected** or **Bypass**. the change will take effect directly in an asynchronous mode, a notification will indicate the result of the update (Img. 1.2.27)

- **Deliver Review**

Clicking on this button (Img. 1.2.33) re-directs a user to the *Claim Review Page*, where a claim with review status **Selected for Review** can be reviewed and its current review status changed to **Reviewed**. If the claim is not in the status **Selected for Review** then the claim can be only loaded and shown to the user without any subsequent action.

6 Claims Found					Selected 1 claim(s)					...	
Claim No.		Health Facility	Insuree	Claimed Date	Feedback Status	Review Status	Claimed	Approved	Status	Attachments	
dfggsfdg	JMHC001	Manth Aby	03/12/2019	Idle		Selected		\$ 400	\$ 400	Checked	
ddddddd	JMHC001	Manth Gay	03/12/2019			Idle		\$ 400	\$ 400	Checked	
dffdsqfd	JMHC001	Manth Ren	03/12/2019			Idle		\$ 400	\$ 400	Checked	

Img. 1.2.26: *Claim Review Search Result: Selected (light grey), record updated (zebras)*Img. 1.2.27: *Selection of claim for feedback/review notification*

- Deliver feedback

Clicking on this button (Img. 1.2.32) re-directs a user to the *Claim Feedback Page*, where a claim with feedback status **Selected for Feedback** can be feed backed and its current feedback status changed to **Delivered**.

4. Actions Menu

The Action menu is used in conjunction with the current selected record (highlighted with light grey). The user should first select a record by clicking on any position of the record or by clicking on **Select All** (Img. 1.2.28)

Tab. 1.2.5: claims review actions

SELECT ALL Img. 1.2.28: <i>Select all</i>			Clear Selection Select For Feedback Skip Feedback Select For Review Skip Review Process Selected
 Img. 1.2.32: <i>Deliver Feedback Button</i>	 Img. 1.2.33: <i>Deliver Review Button</i>	 Img. 1.2.34: <i>Page browser</i>	Rows Per Page 10 20 50 100

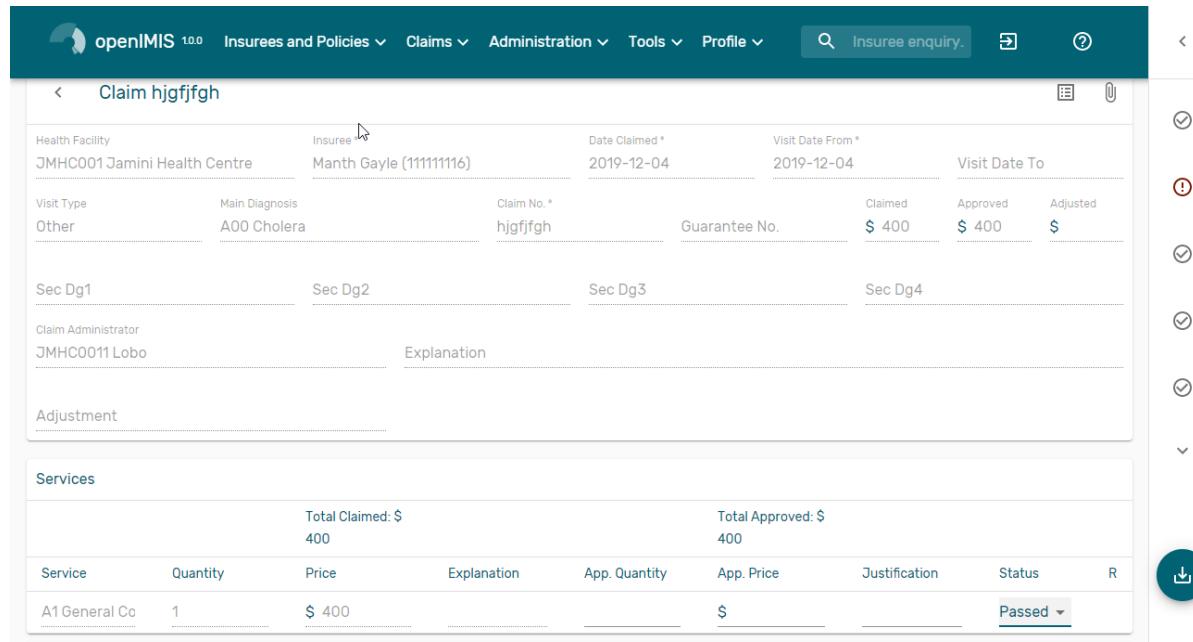

- **Clear Selection:**
Unselect the selected claims
- **Select For Feedback:**
set the feedback status of the selected claims to **Selected**
- **Skip feedback:**
set the feedback status of the selected claims to **Not Selected**
- **Select For Review:**
set the review status of the selected claims to **Selected**
- **Skip Review:**
set the review status of the selected claims to **Not Selected**
- **Process selected:**
Process the selected claim with the status **Checked**, once processed the claims will have the status
- **Processed:**
this means that the valuation will be done against the ceiling and deductible configured on the product page

5. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a claim has been reviewed, updated, feedback added on claim or if there was an error at any time during the process of these actions.

Claim Review Page

1. Data Entry

The screenshot shows the 'Claim Review Page' in the openIMIS application. At the top, the navigation bar includes links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. A search bar for 'Insuree enquiry.' is also present. The main content area displays a claim record for 'hjgfjfgh'. The claim details include:

Health Facility	Insuree	Date Claimed *	Visit Date From *	Visit Date To		
JMHC001 Jamini Health Centre	Manth Gayle (111111116)	2019-12-04	2019-12-04			
Visit Type	Main Diagnosis	Claim No. *	Guarantee No.	Claimed	Approved	Adjusted
Other	A00 Cholera	hjgfjfgh		\$ 400	\$ 400	\$

Below the main form, there are sections for 'Sec Dg1', 'Sec Dg2', 'Sec Dg3', and 'Sec Dg4'. The 'Sec Dg1' section contains 'Claim Administrator' information: JMHC0011 Lobo. The 'Sec Dg2' section contains 'Explanation'. The 'Sec Dg3' and 'Sec Dg4' sections are currently empty. On the right side of the page, there is a vertical sidebar with several icons: a checkmark, a question mark, a refresh symbol, a checkmark, a question mark, a checkmark, a question mark, and a download icon.

Img. 1.2.36: *Claim Review Page*

Claim Review Page will show read-only information of the current claim selected for review, on the top section of the page, on some of the grid columns of the claim services grid and claim items

grid and on the bottom of all the grids. As well, the page has input boxes where a user with the system role Medical Officer or with a role including an access to Claims/Claim/Review can enter new relevant values for review of the current claim.

- **Read-only information of the current claim**

- **HF**

The health facility code and name which the claim belongs to.

- **Main Dg.**

The code of the main diagnosis.

- **Sec Dg1**

The code of the first secondary diagnosis.

- **Sec Dg2**

The code of the second secondary diagnosis.

- **Sec Dg3**

The code of the third secondary diagnosis.

- **Sec Dg4**

The code of the fourth secondary diagnosis.

- **Visit type**

The type of the visit or of the hospital stay (**Emergency, Referral, Other**)

- **Date Processed**

The date on which the claim was processed (sent to the state **Processed**).

- **Claim Administrator**

The administrator's code, who was responsible for submission of the current claim.

- **Insurance Number**

The insurance number of the patient

- **Claim No.**

The unique identification of the claim within the claiming health facility.

- **Patient Name**

The full name of the patient on whom the claim is made

- **Date Claimed**

The date on which the claim was prepared by the claiming health facility

- **Visits Date From**

The date on which the patient visited (or was admitted by) the health facility for treatment on which the claim is basing on

- **Visit Date To**

The date on which the patient was discharged from the health facility for treatment on which the claim is basing on

- **Guarantee No.**

Identification of a guarantee letter.

- **Claimed**

The sum of prices of all claimed services and items at the moment of submission of the claim.

- **approved**

The value of the claim after automatic checking during its submission and after the corrections of the claim done by a medical officer.

- **Adjusted**

The value of the claim after automatic adjustments done according to the conditions of coverage by the patient's policy.

- **Explanation**

Explanation to the claim provided by the claiming health facility.

- **claim status**

Claim status is shown on the very bottom right end side after the two grids. This is status which claim gets after submission.

- **Editable information of the current claim**

- **Adjustment**

Enter a text summarizing adjustments in claim done by a medical officer.

- **Services and Items data entry grids.**

1. **Approved Quantity (app.qty)**

Enter a number of approved provisions of the corresponding medical service or item.

2. **Approved Price (app. price)**

Enter an approved price of the corresponding medical service or item.

3. **justification**

Enter justification for the entered corrections of the price and quantity of the medical service or item.

4. **status**

Select either the status in the claim **Passed** or **Rejected** for the corresponding medical service or item respectively.

5. **rejection reason**

The last column of each of the two grids, headed with character '**R**', gives rejection reason number for each of the claimed services or claimed items in the claim services grid or the claim items grid respectively. Rejection reasons are as follows:

The rejection description is displayed on the screen when the mouse pointer is above the given line ([Img. 1.2.37](#))

Status	R
Rejected	3
Rejected	2

Item/Service is not covered by an active policy of the patient

Img. 1.2.37: *Image Rejection Description*

Reason Code	Reason Description
-1	Rejected by a medical office
10	Accepted
1	Item/Service not in the registers of medical items/services
2	Item/Service not in the pricelists associated with the health facility
3	Item/Service is not covered by an active policy of the patient
4	Item/Service doesn't comply with limitations on patients (men/women, adults/children)
5	Item/Service doesn't comply with frequency constraint
6	N/A
7	Not valid insurance number
8	Diagnosis code not in the current list of diagnoses
9	Target date of provision of health care invalid
10	Item/Service doesn't comply with type of care constraint
11	Maximum number of in-patient admissions exceeded
12	Maximum number of out-patient visits exceeded
13	Maximum number of consultations exceeded
14	Maximum number of surgeries exceeded
15	Maximum number of deliveries exceeded
16	Maximum number of provisions of item/service exceeded
17	Item/service cannot be covered within waiting period
18	N/A
19	Maximum number of antenatal contacts exceeded

2. Saving / Reviewing

Once appropriate data is entered, clicking on the **Save** button ([Img. 1.2.8](#)) will save the claim review and set the reivew status to **deliver**; a message confirming that the claim has been saved will appear on the Information Panel.

3. data entry validation

If inappropriate data is entered at the time the user clicks the **Save** button, an error message will appear in the Information Panel, and the data field will take the focus

4. Back

By clicking on the **back** button ([Img. 1.2.9](#)), the user will be re-directed to the [Claims Overview Page](#).

Claim Feedback Page

The Claim Feedback page will show read-only information of the current claim selected for feedback, on the top section of the page it has input boxes where a user with the system role Medical Officer or with a role including an access to Claims/Claim/Feedback can enter feedback on the current claim or where the user can read a feedback delivered by enrolment officers.

1. Data Entry

- Read-only data of the feedback includes in the section **Claim** the following:

- **Health Facility**

The health facility code and name which the claim belongs to.

- **Insuree**

Patient/beneficiary names and insurance number

The screenshot displays the 'Claim Feedback' page of the openIMIS application. At the top, there's a navigation bar with links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. A search bar labeled 'Insuree enquiry.' is also present. The main content area shows a claim detail summary and a feedback form. The summary includes fields like 'Health Facility' (JMHC001 Jamini Health Centre), 'Insuree' (Manth Gayle (11111116)), 'Date Claimed' (2019-12-04), 'Visit Type' (Other), 'Claim No.' (hjgfjfgh), 'Guarantee No.', 'Claim Status' (Checked), 'Feedback Status' (Idle), and 'Review Status' (Idle). The feedback section contains four horizontal sliders: 'Care Rendered' (Unknown, No, Yes), 'Drugs Prescribed' (Unknown, No, Yes), 'Payment Asked' (Unknown, No, Yes), and 'Drugs Received' (Unknown, No, Yes). Below these is an 'Overall Assessment' slider ranging from 'Very Bad' to 'Very Good'.

Img. 1.2.38: *Claim Feedback Page*

– **Date Claimed**

The date on which the claim was prepared by the claiming health facility

– **Visits Date From**

The date on which the patient visited (or was admitted by) the health facility for treatment on which the claim is basing on

– **Visit Date To**

The date on which the patient was discharged from the health facility for treatment on which the claim is basing on

– **Visit Type**

Type of visit covered by the claim (emergency, referral, other)

– **Claim No.**

The unique identification of the claim within the claiming health facility.

– **Guarantee No.**

Identification of a guarantee letter for prior approval of provision of claimed health care.

– **Claim Status**

The status of the claim.

– **Review Status**

The status of the claim with respect to reviewing.

– **Feedback Status**

The status of the claim with respect to feed backing.

- **Claim Administrator**

The administrator's code and name, who was responsible for submission of the current claim.

- Modifiable data of the feedback included in the section **Feedback** the following

- **Feedback Date**

Type in a date of collection of the feedback; Clicking on the field will pop-up an easy to use, calendar selector ([Tab. 1.4.1](#)); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- **Enrolment Officer**

Select an enrolment officer from the list of enrolment officers, by clicking the arrow on the right side of selection field. The enrolment officer collects feedback from the patient.

- **Care Rendered**

Select ‘Yes’ or ‘No’ from the slider

- **Payment Asked**

Select ‘Yes’ or ‘No’ from the slider

- **Drugs Prescribed**

Select ‘Yes’ or ‘No’ from the slider

- **Drugs Received**

Select ‘Yes’ or ‘No’ from the slider

- **Overall Assessment**

Choose one level among the six levels available from the slider

1. Saving

Once all mandatory data is entered, clicking on the **Save** button ([Img. 1.2.8](#)) will save the feedback on current claim. The user will be re-directed back to the *Claims Overview Page*; a message confirming that the feedback has been saved will appear on the Information Panel. If inappropriate data is entered or mandatory data is not entered at the time the user clicks the Save button, an error message will appear in the Information Panel, and the data field will take the focus.

2. Back

By clicking on the **back** button ([Img. 1.2.9](#)), the user will be re-directed to the *Claims Overview Page*

1.2.3 Batch Run

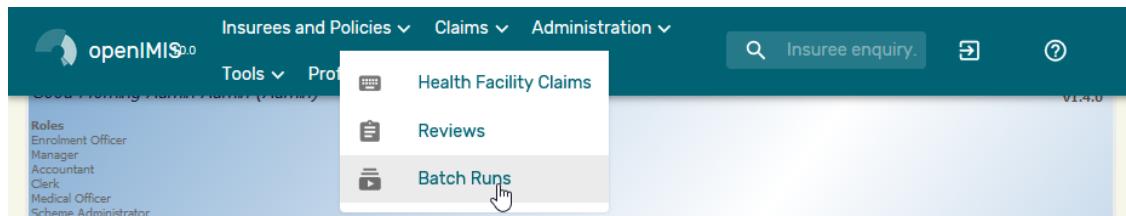

Administration of batches of claims is restricted to users with the system role of Accountant or with a role including an access to Claims/Claim/Batch.

Pre-conditions

A claim has been already processed (*review actions menu*).

Navigation

All functionality for use with the administration of processing of batches can be found under the main menu **Claims**, sub menu **Batch Run** (Img. 1.2.39).

Img. 1.2.39: Navigation Batch Run

Clicking on the sub menu **Batch Run** re-directs the current user to the *Batch Run Control Page*.

Batch Run Control Page

 A screenshot of the 'Batch Run Control Page' in the openIMIS application. The page is divided into several sections:

- Launch Batch Run 1:** A panel for launching a batch run with filters for Region, District, Year, and Month.
- Batch Runs (1) 2:** A table showing a single entry for a batch run in January 2018, filtered by Type (Any), Year (Any), Month (January), Product (None), and Care Type (Any). It includes columns for Product, Care Type, Calculated Date, and Index.
- Year Month 3:** A section showing the year (2018) and month (January) selected for the batch run.
- Accounts 4:** A panel for managing accounts, with Group By set to 'Health Facility', Date From and Date To fields, and a 'Show claims' checkbox.
- Region 5:** A section for selecting a region, with filters for District, Health Facility, and Health Facility Level.
- Product 6:** A section for selecting a product, with a 'Batch Run' dropdown.

Img. 1.2.40: Batch Run Control Page

The Batch Run Control Page is the central point for batch processing administration. Access to the page is restricted to users with the system role of Accountant or with a role including an access to Claims/Claim/Batch. By having access to this page, it is possible to process batches, filter, and filter for accounts. The panel is divided into six sections (Img. 1.2.40)

1. Batch Processing Panel

The batch processing panel allows a user to process batches based on the following criteria:

- **Region**

Select the **Region** from the list of regions by clicking on the arrow on the right of the selector to select a region. *Note: The list will only be filled with the regions assigned to the current logged in user and the option National.* The option **National** will process all the claim for the period specified in Month and Year

- **District**

Select the **District** from the list of districts by clicking on the arrow on the right of the selector to select a district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is the only one then the district will be automatically selected. If no district is selected then the processing is done only for insurance product defined for the selected region.*

- **Year**

Select the **Year** from the list of available years by clicking on the arrow on the right of the selector. Only periods for which a batch hasn't been run yet are offered in both lists.

- **Month**

Select the **Month** from the list of months by clicking on the arrow on the right of the selector.

The Month at the end of the quarter process the claim for insuree having a product with Quaterly distribution (*Product Page*):

- March -> Process the claim for first quatrer
- June -> Process the claim for second quatrer
- September -> Process the claim for Third quatrer
- December -> Process the claim for Fourth quatrer

December process the claim for insuree having a product with Yearly distribution (*Product Page*)

- **Process**

Once criteria are chosen, clicking on this button (Img. 1.2.41), the claims will be processed based on the selected criteria. If the option **National** was used in the field **Region**, the batch will run only for nationwide insurance products. If a region is selected in the field **Region** and no district is selected, the batch will run only for regional insurance products for the selected region. If a district is selected in the field **District** the batch is run only for district insurance products for the selected district.

Img. 1.2.41: Batch Run Process Button

2. Filter Panel for the relative price index per product and period

The filter panel allows a user to filter the of indexes for relative pricing per period, product and zone (results of running of batches). In case the product doesn't have any distribution configured then no relative price index are calculated by running the batch meaning no record will be added to the below list.

the Relative price indexes can be filtered based on the following criteria:

- **Type**

Select the **Type**; from the list of time group types (**Monthly**, **Quarterly**, **Yearly**) by clicking on the arrow on the right of the selector.

- **Year**

Select the **Year**; from the list of available years by clicking on the arrow on the right of the selector.

- **Period**

Select the **Period**; from the list of months/quarters by clicking on the arrow on the right of the selector.

- **Region**

Select the **Region**; from the list that appear after typing characters, all region containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected*

- **District**

Select the **District**; from the list that appear after typing characters , all district containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected*

- **Product**

Select the **Product**; from the list that appear after typing characters , all product containing the typed text will appear and be selectable underneath the box.

- **Category**

Select category of health care (**In-patient/hospital**, **Out-patient/Non-hospital**, **All**) from the list of categories of health care by clicking on the arrow on the right of the selector.

- **Filter**

Once criteria are chosen, clicking on this filter button (Img. 1.2.42) will filter based on the selection criteria.

Img. 1.2.42: *Batch Run filter Button*

3. Display Panel for the relative price index per product and period

The Display Panel is used to display results of running of batches after the filter or processing.

4. Filter for Accounts Panel

The Filter for Accounts Panel is used in filtering of batch protocols for an accounting system based on the following criteria:

- **Group By**

Select either grouping of the report by health facility (**health facility**) or by product (**Product**).

- **Start Date**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)) to enter date which is equal or less than claim date. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **End Date**

Type in a date; or use the Date Selector ([Tab. 1.4.1](#)) to enter date which is equal or greater than claim date. *Note. To clear the date entry box; use the “Clear“ button on the date picker popup.*

- **Show Claims**

Check this checkbox, if you need to show all claims in detailed way in the protocol.

- **Region**

Select the **Region**; from the list that appear after typing characters, all region containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected*

- **District**

Select the **District**; from the list that appear after typing characters , all district containing the typed text will appear and be selectable underneath the box. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected*

- **Health facility**

Select the **Health facility**; from the list that appear after typing characters, all Health facility containing the typed text will appear and be selectable underneath the box.**Note: The list will only be filled with the Health facility belonging to the selected region and assigned to the current logged in user. If this is only one then the Health facility will be automatically selected**

- **Product**

Select the **Product**; from the list that appear after typing characters , all product containing the typed text will appear and be selectable underneath the box.

- **Health facility Level**

Select a level from the list of levels of health facilities by clicking on the arrow on the right of the selector.

- **Show All**

Check this checkbox, if you need to show all health facilities in the report although they have no claim included.

- **Preview**

Once criteria are chosen, clicking on this preview button ([Img. 1.2.43](#)) will create a protocol of the selected batch.

Img. 1.2.43: Accountant report preview Button

5. Button Panel

This panel contains control button.

- **Back**

By clicking on the back button ([Img. 1.2.9](#)), the user will be re-directed to the *Home Page*.

6. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a batch has been processed, filtered or if there was an error at any time during the process of these actions.

1.3 Administration of registers

Registers of openIMIS serve as a principal tool by which openIMIS is adjusted to needs of health insurance schemes. With exception of the register of Users that can be managed only by users with the system role openIMIS Administrator or with a role including an access to Administration/Users or Locations, all other registers can be managed by users with the role Scheme Administrator.or with a role including an access to Administration/Products or Health Facilities or Pricelists or Medical Services or Medical Items or Enrolment Officers or Claim Administrators or Payer. There is no system role that includes an access to the register of user profiles. Only users having a role including an access to Administration/User Profiles can access the register of User Profiles.

The register of Users defines who can login to openIMIS and under what constraints. The register of Locations defines administrative division of the territory, on which a health insurance scheme is operated. The register of Payers allows specification of institutional payers that can pay contributions on behalf of policy holders (households, groups of persons). The register of Enrolment Agents specifies all persons (either employed or contracted) by the scheme administration that are entitled to distribute/sell policies to population. The register of Claim Administrators specifies all employees of health facilities that are entitled to submit claims to the scheme administration. The register of Health Facilities contains all contractual health facilities that can submit claims to the scheme administration. The register of Medical Items specifies all possible medical items (drugs, prostheses, medical devices etc.) that can be used in definitions of packages of insurance products and in pricelists associated with contractual health facilities. The register of Pricelists that splits into two divisions for Medical Services and for Medical Items contains pricelists valid for individual health facilities or their groups reflecting results of price negotiations between contractual health facilities and the scheme administration. Finally, the register of Products includes definitions of all insurance products that can be distributed/ sold within the health insurance scheme.

1.3.1 Insurance Products Administration

The register of insurance products contains all insurance products in the health insurance scheme. There may be several insurance products available for distribution/selling in a territory, e.g. one basic product and one or several supplemental insurance products. The insurance products may at the different levels. For example that basic insurance product may be at the national level whereas the supplemental insurance products may be at the regional level. Administration of the register of insurance products is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Products.

Pre-conditions

An insurance product may only be added or thereafter edited, after the approval of the management of the scheme administration.

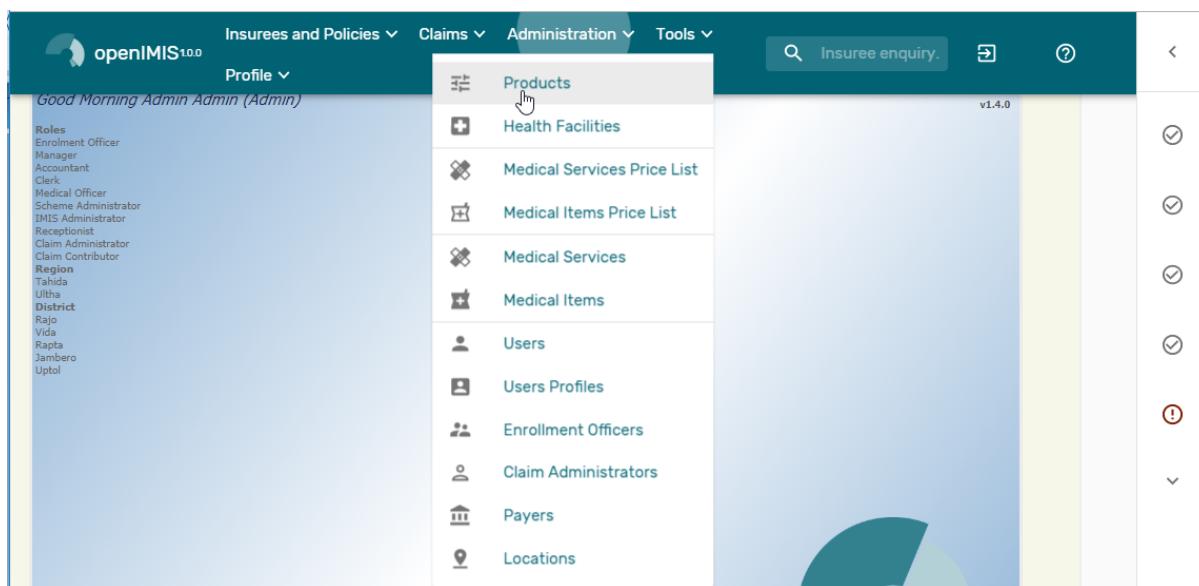

Navigation

All functionality for use with the administration of insurance products can be found under the main menu **Administration**, sub menu **Products**.

Product Control Page

Clicking on the sub menu **Products** re-directs the current user to the **Product Control Page**.

The **Product Control Page** is the central point for administration of insurance products. By having access to this page, it is possible to add, edit, duplicate and search. The panel is divided into four panels. ([Img. 1.3.2](#))

Img. 1.3.1: *Navigation Products*

The screenshot shows the 'Select Criteria' section of the Product Control Page. It includes fields for 'Code' (with a placeholder 'Code'), 'Name' (with a placeholder 'Name'), 'Region' (a dropdown menu labeled '--Select Region--'), 'Date From' (with a placeholder 'Date From' and a calendar icon), 'Date To' (with a placeholder 'Date To' and a calendar icon), 'District' (a dropdown menu), and a 'Historical' checkbox. A 'Search' button is located to the right of the search fields. Below this, a table titled '8 Products Found' displays eight rows of product data. The columns include: CODE, NAME, REGION, DISTRICT, DATE FROM, DATE TO, MAXIMUM MEMBERS, LUMP SUM, CONTRIBUTION ADULT, CONTRIBUTION CHILD, INSURANCE PERIOD, GRACE PERIOD ENROLMENT, VALID FROM, and VALID TO. The products listed are:

CODE	NAME	REGION	DISTRICT	DATE FROM	DATE TO	MAXIMUM MEMBERS	LUMP SUM	CONTRIBUTION ADULT	CONTRIBUTION CHILD	INSURANCE PERIOD	GRACE PERIOD ENROLMENT	VALID FROM	VALID TO
NF01	National free enrolment	National		01/01/2015	01/01/2020	5	10,000.00	2,000.00	1,000.00	12	0	17/05/2017	
RF01	Regional free	TestRegion		01/01/2016	01/12/2025	3	5,000.00	2,000.00	500.00	12	0	01/01/2016	
DF01	District free enrolment	TestRegion	TestDistrict1	01/01/2015	01/01/2025	6	20,000.00	2,000.00	1,000.00	12	0	01/01/2016	
NX01	National fixed enrolment	National		01/01/2016	28/05/2017	100	0.00	1,000.00	500.00	12	1	29/05/2017	
RX01	Regional fixed enrolment	TestRegion		01/10/2016	01/01/2030	6	10,000.00	1,000.00	500.00	12	0	01/01/2016	
DX01	District fixed enrolment	TestRegion	TestDistrict1	01/01/2017	01/01/2024	5	5,000.00	1,000.00	2,000.00	12	1	01/01/2016	
T001	Test product	TestRegion		01/01/2017	12/05/2017	5	10,000.00	1,000.00	2,000.00	12	0	13/05/2017	
NX01-1	National fixed enrolment	National		01/01/2016	01/01/2024	100	0.00	1,000.00	500.00	12	1	29/05/2017	

At the bottom of the page are buttons for 'Add', 'Edit', 'Duplicate', and 'Cancel'.

Img. 1.3.2: *Product Control Page*

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of Products the following search options are available, which can be used alone, or in combination with each other.

- **Product Code**

Type in the beginning of; or the full **Product Code**; to search for products with a **Product Code**, which starts with or matches completely, the typed text.

- **Product Name**

Type in the beginning of; or the full **Product Name** to search for products with a **Product Name**, which starts with or matches completely, the typed text.

- **Date From**

Type in a date; or use the Date Selector Button, to search for products with a **Date From**, which is on or is greater than the date typed/selected. *Note: To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Date To**

Type in a date; or use the Date Selector Button, to search for products with a **Date To**, which is on or is greater than the date typed/selected. *Note: To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Date Selector Button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector (Tab. 1); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- Anytime during the use of the pop-up, the user can see the date of today.
- Clicking on today will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select products from a specific region. The option **National** means that the found insurance products should be common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the*

option National. All nationwide products and all regional products relating to the selected region will be found. If no district is selected then also all district products for districts belonging to the selected region will be found.

- **District**

Select the District; from the list of districts by clicking on the arrow on the right of the selector to select products from a specific district. *Note: The list will be only filled with the districts belonging to the selected region. All nationwide products, all regional products relating to the selected region and all district products for the selected district will be found.*

- **Historical**

Click on Historical to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records (Img. 1.3.3).

Img. 1.3.3: Historical records - Result Panel

- **Search Button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the result panel.

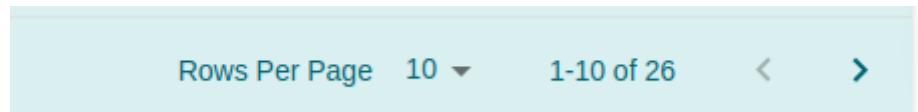

2. Result Panel

The result panel displays a list of all products found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow (Img. 1.3.4). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

Img. 1.3.4: Selected record (blue), hovered records (yellow) - Result Panel

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.3.5).

Img. 1.3.5: *Page selector - Result Panel*

3. Button Panel

With exception of the **Cancel** button, which re-directs to the [Home Page](#), and the **Add** button which re-directs to the product page, the button panel (the buttons **Edit** and **Duplicate**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a product has been added, updated or deleted or if there was an error at any time during the process of these actions.

Product Page

General

• Product Code

Enter the product code for the product. Mandatory, 8 characters.

• Product Name

Enter product name for the product. Mandatory, 100 characters maximum.

• Region

Select the region in which the product will be used, from the list by clicking on the arrow on the right hand side of the lookup. The option National means that the insurance product is nationwide and it is not constraint to a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National.* Mandatory.

- **District**

Select the district in which the product will be used, from the list by clicking on the arrow on the right hand side of the lookup. *Note: The list will only be filled with the districts assigned to the selected region and assigned to the current logged in user. If no district is selected then the product is considered to be either nationwide (the option National is selected in the field Region) or regional associated with the selected region.*

- **Date From**

Type in the date or use the **Date Selector Button** to provide the date for which underwriting for the insurance product can be done from. **Date From** determines the earliest date from which underwriting can be done. *Note: To clear the date entry box; use the mouse to highlight the full date and then press the space key.* Mandatory.

- **Date To**

Type in the date or use the Date Selector Button to provide the date until which underwriting can be done to.‘*Note: To clear the date entry box; use the mouse to highlight the full date and then press the space key.*‘ Mandatory.

- **Date Selector Button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector ([Tab. 1](#)). By default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted. At anytime during the use of the pop-up, the user can see the date of **today**.

- Clicking on **today** will close the pop-up and display the today’s date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- **Conversion**

Select from the list of products, a reference to the product which replaces the current product in case of renewal after the **Date to**. *Note: Selecting the current product will prevent the record from saving, and cause a message to be displayed in the Information Panel.*

Policy Amount, threshold and ceilings

- **Lump Sum**

Enter the lump sum contribution (an amount paid irrespective of the number of members up to a threshold) to be paid by a household/group for the product. If the lump sum is zero no lump sum is applied irrespective of the threshold members. Decimal up to two digits.

- **Threshold Members**

Enter the threshold number of members in product for which the lump sum is valid.

- **Number of Members**

Enter the maximal number of members of a household/group for the product.

- **Contribution Adult**

Enter the contribution to be paid for each adult (on top of the threshold number of members). Decimal up to two digits.

- **Contribution Child**

Enter the contribution to be paid for each child (on top of the threshold number of members). Decimal up to two digits.

- **Insurance Period**

Enter duration of the period in months, in which a policy with the product will be valid. Mandatory.

- **Administration Period**

Enter duration of the administration period in months. The administration period is added to the enrolment date/renewal date for determination of the policy start date.

- **Max Instalments**

Enter maximal number of instalments in which contributions for a policy may be paid. Mandatory.

- **Grace Period Payment**

Enter duration of the period in months, in which a policy has a grace period (not fully paid up) before it is suspended. Mandatory, although it is by default and can be left at zero.

- **Grace Period Enrolment**

Enter duration of the period in months after the starting date of a cycle (including this starting date), in which underwriting of a policy will still be associated with this cycle.

- **Grace Period Renewal**

Enter duration of the period in months after the starting date of a cycle (including this starting date), in which renewing of a policy will still be associated with this cycle.

- **Enrolment Discount percentage**

Enter the enrolment discount percentage for the insurance product. The discount percentage is applied on the total contributions calculated for a policy underwritten earlier than **Enrolment disc. period** months before the start date of the corresponding cycle.

- **Enrolment Discount Period**

Enter the enrolment discount period of the insurance product in months.

- **Renewal Discount Percentage**

Enter the renewal discount percentage for the insurance product. The discount percentage is applied on the total contributions calculated for a policy renewed earlier than **renewal disc. period** months before the start date of the corresponding cycle.

- **Renewal Discount Period**

Enter the renewal discount period of the insurance product in months.

- **Registration Lump Sum**

Enter the lump sum (for a household/group) for registration fee to be paid at the first enrolment of the household/group. Registration fee is not paid for renewals of policies.

- **Assembly Lump Sum**

Enter the lump sum (for a household/group) for additional assembly fee to be paid both at the first enrolment and renewals of policies.

- **Registration Fee**

Enter the registration fee per member of a household/group. If registration lump sum is non zero, registration fee is not considered. Registration fee is not paid for renewals of policies.

- **Assembly Fee**

Enter the assembly fee per member of a household/group. If assembly lump sum is non zero, assembly fee is not considered. Assembly fee is paid both at the first enrolment and renewals of policies.

Covered Medical services

Select from the list of available medical services (from the register of Medical Services) the medical services covered within the insurance product, by either clicking on the **Check All** box at the top of the list of medical services, or by selectively clicking on the check box to the left of the medical service.

- **Medical Services Grid**

Img. 1.3.6: *Medical Services - Product*

- **Code**

Displays the code for the medical service

- **Name**

Displays the name of the medical service

- **Type**

Displays the type of the medical service

- **Level**

Displays the level of the medical service

- **Limit**

Indicates the type of limitation of coverage for the medical service. This may be adjusted per medical service, select between Co-Insurance [C] and Fixed amount [F]. Co-insurance means coverage of a specific percentage of the price of the medical service by policies of the insurance

product. Fixed amount means coverage up the specified limit. C is the default value. Limit O is used for claims having the type of visit Other, Limit R is used for claims having the type of visit Referral and Limit E is used for claims having the type of visit Emergency.

- **Origin**

Indicates where the price for remuneration of the service comes from. This may be adjusted per service, the options are: [P] Price taken from the price list of a claiming health facility, [O] Price taken from a claim and [R] Relative price, the nominal value of which is taken from the price list and the actual value of which is determined backwards according to available funds and volume of claimed services and medical items in a period. [R] is the default value.

- **Adult**

Indicates the limitation for adults. If the type of limitation is a co-insurance then the value is the percentage of the price covered by policies of the insurance product for adults. If the type of limitation is a fixed limit the value is an amount up to which price of the service is covered for adults by policies of the insurance product. Default is 100%. Adult O is for Other, Adult R is for Referral and Adult E is for Emergency claims according to the type of visit (Visit Type).

- **Child**

Indicates the limitation for children. If the type of limitation is a co-insurance then the value is the percentage of the price covered for children by policies of the insurance product. If the type of limitation is a fixed limit the value is an amount up to which price of the service is covered for children by policies of the insurance product. Default is 100%. Child O is for Other, Child R is for Referral and Child E is for Emergency claims according to the type of visit (Visit Type).

- **No Adult**

It indicates the maximal number of provisions of the medical service during the insurance period for an adult.

- **No Child**

It indicates the maximal number of provisions of the medical service during the insurance period for an child.

- **Waiting Period Adult**

Indicates waiting period in months (after the effective date of a policy) for an adult.

- **Waiting Period Child**

Indicates waiting period in months (after the effective date of a policy) for a child.

- **Ceiling Adult**

It indicates whether the medical service is excluded from comparison against ceilings defined in the insurance product for adults. Default is that the medical service is not excluded from comparisons with ceilings. [H] means exclusion only for provision of in-patient care, [N] means exclusion only for out-patient care and [B] means exclusion both for in-patient and out-patient care.

- **Ceiling Child**

It indicates whether the medical service is excluded from comparison against ceilings defined in the insurance product for children. Default is that the medical service is not excluded from comparisons with ceilings. [H] means exclusion only for provision of in-patient care, [N] means exclusion only for out-patient care and [B] means exclusion both for in-patient and out-patient care.

Covered Medical services

Select from the list of available medical items (from the register of Medical Items) the medical items covered within the product; by either clicking on the Check All box at the

top of the list of medical items, or by selectively clicking on the check box to the left of the medical item.

- **medical items grid**

Medical Items

Img. 1.3.7: *Medical Items - Product*

- **Code**

Displays the code for the medical item

- **Name**

Displays the name of the medical item

- **Type**

Displays the type of the medical item

- **Package**

Displays the packaging of the medical Item

- **Limit**

Indicates the type of limitation of coverage for the medical item. This may be adjusted per medical item, select between Co-Insurance [C] and Fixed amount [F]. Co-insurance means coverage of a specific percentage of the price of the medical item by policies of the insurance product. Fixed amount means coverage up the specified limit. C is the default value. Limit O is used for claims having the type of visit Other, Limit R is used for claims having the type of visit Referral and Limit E is used for claims having the type of visit Emergency.

- **Origin**

It indicates where the price for remuneration of the item, comes from: This may be adjusted per medical item, the options are: [P] Price taken from the price list of a claiming health facility, [O] Price taken from a claim and [R] Relative price, the nominal value of which is taken from the price list and the actual value of which is determined backwards according to available funds and the volume of claimed services and medical items in a period. [R] is the default value.

- **Adult**

It indicates the limitation for adults. If the type of limitation is a co-insurance then the value is the percentage of the price covered for adults by policies of the insurance product. If the type of limitation is a fixed limit the value is an amount up to which price of the item is covered for adults by policies of the insurance product. Default is 100%. Adult O is for Other, Adult R is for Referral and Adult E is for Emergency claims according to the type of visit (Visit Type).

- **Child**

It indicates the limitation for children. If the type of limitation is a co-insurance then the value is the percentage of the price covered for children by policies of the insurance product.

If the type of limitation is a fixed limit the value is an amount up to which price of the service is covered for children by policies of the insurance product. Default is 100%. Child O is for Other, Child R is for Referral and Child E is for Emergency claims according to the type of visit (Visit Type).

- **No Adult**

It indicates the maximal number of provisions of the medical item during the insurance period for an adult.

- **No Child**

It indicates the maximal number of provisions of the medical item during the insurance period for a child.

- **Waiting Period Adult**

It indicates waiting period in months (after the effective date of a policy) for an adult.

- **Waiting Period Child**

It indicates waiting period in months (after effective date of a policy) for a child.

- **Ceiling Adult**

It indicates whether the medical item is excluded from comparison against ceilings defined for adults in the insurance product. The default is that the medical item is not excluded from comparisons with ceilings. [H] means exclusion only for provision of in-patient care, [N] means exclusion only for out-patient care and [B] means exclusion both for in-patient and out-patient care.

- **Ceiling Child**

It indicates whether the medical item is excluded from comparison against ceilings defined for children in the insurance product. The default is that the medical item is not excluded from comparisons with ceilings. [H] means exclusion only for provision of in-patient care, [N] means exclusion only for out-patient care and [B] means exclusion both for in-patient and out-patient care.

- **Account Code Remuneration**

Enter the account code of the insurance product used in the accounting software for remuneration of the product. 25 characters maximum.

- **Account Code Contribution**

Enter the account code of the insurance product used in the accounting software for paid contributions. 25 characters maximum.

policy lenght and start

- **Recurrence**

Enter duration of the period in months after which registration fee/lump sum is applied again for a renewal. The period starts with the expiry date of the policy to be renewed.

- **Start Cycle 1**

- **Start Cycle 2**

- **Start Cycle 3**

- **Start Cycle 4**

If one or more starting dates (a day and a month) of a cycle are specified then the insurance product is considered as the insurance product with fixed enrolment dates. In this case, activation of underwritten and renewed policies is accomplished always on fixed dates during a year. Maximum four cycle dates can be specified.

Deductibles and Ceiling

Specify whether Hospital and Non-Hospital care should be determined according to the type of health facility (select [Hospital]) that provided health care or according to the type of health care (select [In-patient]) acquired from a claim. In the first case all health care provided in hospitals (defined in the field HF Level in the register of Health Facilities) is accounted for **Hospital Ceilings/Deductibles** and for calculation of relative prices for the **Hospital** part. It means that if claimed health care was provided out-patient in a hospital, it is considered for calculation of ceilings/deductibles and for calculation of relative prices as hospital care. In the second case only in-patient care (determined from a claim when a patient spent at least one night in a health facility) is accounted for **Hospital Ceilings/Deductibles** and for calculation of relative prices for hospital part. Other health care including out-patient care provided in hospitals is accounted for **Non hospital Ceilings/Deductibles** and also such health care is used for calculation of relative prices for non-hospital part. Mandatory.

- **Treatment**

Deductibles and Ceilings for treatments may be entered for general care (**Hospitals and Non-hospitals**) or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only. An amount may be set, indicating the value that a patient should cover within his/her own means, before a policy of the insurance product comes into effect (**Deductibles**) or the ceiling (maximum amount covered) within a policy of the insurance product (**Ceilings**) for a treatment (the treatment is identified health care claimed in one claim)

- **Insuree**

Deductibles and Ceilings for an insuree may be entered for general care (**Hospitals and Non-hospitals**) or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only. An amount may be set, indicating the value that an insuree should cover within his/her own means, before a policy of the insurance product comes into effect (**Deductibles**) or the ceiling (maximum amount covered) within a policy of the insurance product (**Ceilings**) for an insuree for the whole insurance period.

- **Policy**

Deductibles and Ceilings for a policy may be entered for general care (**Hospitals and Non-hospitals**) or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only. An amount may be set, indicating the value that policy holders should cover within their own means, before a policy of the insurance product comes into effect (**Deductibles**) or the ceiling (maximum amount covered) for the policy (all members of a family/group) of the insurance product (**Ceilings**) for the whole insurance period.

- **Extra Member Ceiling**

Additional (extra) ceiling for a policy may be entered for general care (**Hospitals and Non-hospitals**) or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only per a member of a family/group above **Threshold Members**.

- **Maximum Ceiling**

Maximal ceiling for a policy may be entered for general care (**Hospitals and Non-hospitals**) or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only if extra ceilings are applied for members of a family/group above **Threshold Members**.

- **Number**

Maximal number of covered claims per an insuree during the whole insurance period according to the category of a claim. The options are claims of the category **Consultations**, **Surgery**, **Delivery** and **Antenatal care**. Maximal numbers may be also specified for Hospitalizations (in-patient stays) and (out-patient visits) **Visits**. The claim category is determined as follows:

If at least one service of the category *Surgery* is given in the claim it is of category *Surgery*
otherwise
if at least one service of the category *Delivery* is given in the claim it is of category *Delivery*
otherwise
if at least one service of the category *Antenatal care* is given in the claim it is of category *Antenatal care*
otherwise
if the claim is a hospital one the claim it is of category *Hospitalization*
otherwise
if at least one service of the category *Consultation* is given in the claim it is of category *Consultation*
otherwise
the claim is of the category *Visit*

- **Ceiling**

Maximal amount of coverage can be specified for claims according to the category of a claim. The options are claims of the category **Consultations**, **Surgery**, **Delivery**, **Antenatal care**, **Hospitalizations**, and **Visits**. The category of claim is determined according to the procedure described with **Number**.

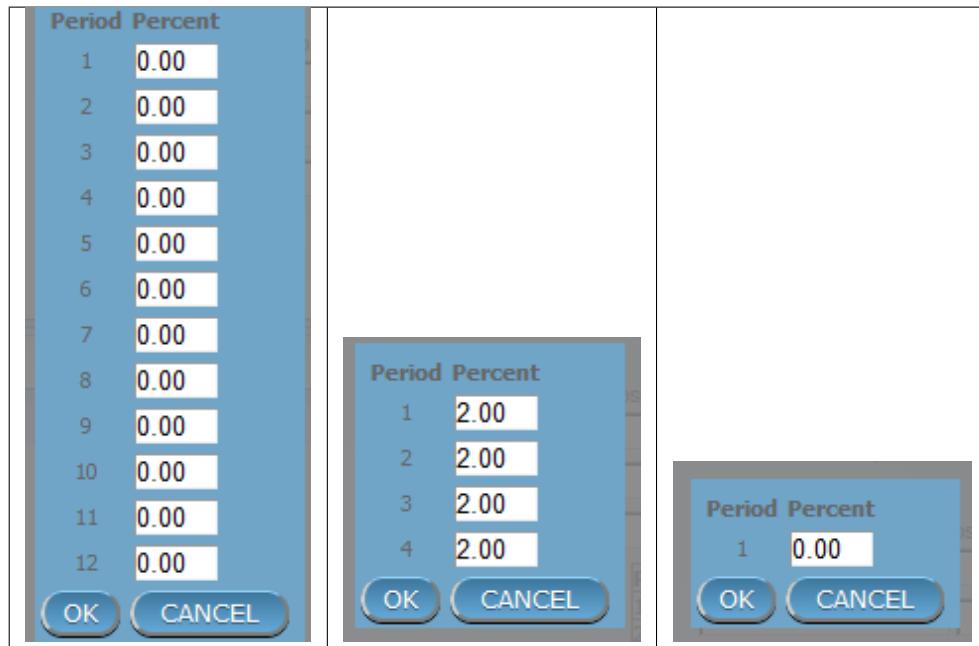

Note. It is possible to specify only one of the following ceilings –per Treatment, per Insuree or per Policy. If ceilings per category of claims are specified together with ceilings per Treatment, per Insuree or per Policy than evaluation of claims may be dependent under special circumstances on the order of claimed medical services/items in a claim.

Health fund management

- **distribution Period**

Distribution periods may be entered for general care (**Hospitals** and **Non-hospitals**), or for hospital care (**Hospitals**) only and/or for non-hospital care (**Non-Hospitals**) only. Select from the list (**NONE**, **Monthly**, **Quarterly**, **Yearly**), the period that is to be used for calculation of the actual value of relative prices for the insurance product; by clicking on the arrow on the right. The default value is '**NONE**' which means that relative prices are not calculated for general health care or for hospital care or non-hospital care within the insurance product. By selecting **Monthly**, **Quarterly** or **Yearly** will cause a pop-up ([Tab. 1](#)) with the relative periods (1 period for yearly, 4 for quarterly, 12 for monthly). Percentages should be entered to indicate the distribution over the periods as per the product description. Enter to each field an appropriate percentage of paid contributions for policies of the insurance product allocated proportionally to corresponding calendar period. It means, for example, that in case of the distribution **Monthly** we put in each slot percentage of paid contributions of the insurance product that are allocated to the corresponding month and that is to be used for calculation of relative prices.

It is not required to enter a value in each period, zero values are accepted. Once all the percentage values have been entered, click on the button **OK** to submit the values to the respective grid. Clicking on the button **Cancel** will cancel the action closing the popup and cancelling the change in the distribution.

*Distribution Periods (Monthly – Quarterly – Yearly) - Product)*

Capitation Payment

The section allows definition of parameters of a capitation formula used for remuneration of selected levels of health facilities within the insurance product. The report *Capitation Payment* is used for calculation of the amount of capitation payment for individual health facilities. The parameters of the capitation formula are the following:

- **Level 1**

The first level of health facilities can be selected that should be included in the calculation of capitation payments. The options are the following levels of a health facility: Dispensary, Health Centre, and Hospital.

- **Sub Level 1**

The sub-level of the first level of health facilities can be selected that should be included in calculation of capitation payments. If the sub level is not selected, all health facilities of the specified level are included irrespective of their sub-level.

- **Level 2**

The second level of health facilities can be selected that should be included in the calculation of capitation payments. The options are the following levels of a health facility: Dispensary, Health Centre, and Hospital.

- **Sub Level 2**

The sub-level of the second level of health facilities can be selected that should be included in calculation of capitation payments. If the sub level is not selected, all health facilities of the specified level are included irrespective of their sub-level.

- **Level 3**

The third level of health facilities can be selected that should be included in the calculation of capitation payments. The options are the following levels of a health facility: Dispensary, Health Centre, and Hospital.

- **Sub Level 3**

The sub-level of the third level of health facilities can be selected that should be included in calculation of capitation payments. If the sub level is not selected, all health facilities of the specified level are included irrespective of their sub-level.

- **Level 4**

The fourth level of health facilities can be selected that should be included in the calculation of capitation payments. The options are the following levels of a health facility: Dispensary, Health Centre, and Hospital.

- **Sub Level 4**

The sub-level of the fourth level of health facilities can be selected that should be included in calculation of capitation payments. If the sub level is not selected, all health facilities of the specified level are included irrespective of their sub-level.

- **Share of Contribution**

The share of allocated contributions for given insurance product and the period specified for the report Capitation Payment that should be used for calculation of capitation payments for individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Population**

The weight can be entered that is used for the number of population living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Number of Families**

The weight can be entered that is used for the number of families living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Insured Population**

The weight can be entered that is used for the number of insured population by given insurance product and living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Number of Insured Families**

The weight can be entered that is used for the number of insured families by given insurance product and living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Number of Visits**

The weight can be entered that is used for the number of contacts of insured by given insurance product and living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

- **Weight of Adjusted Amount**

The weight can be entered that is used for the adjusted amount on claims for insured by given insurance product and living in catchments areas of individual health facilities. The amount specified is interpreted as a percentage.

Note. The capitation formula is defined as follows:

$$\text{CapitationPayment}_i = \sum_a \left(\text{Indicator}_i^a \times \frac{\text{AllocatedContribution} \times \text{ShareContribution} \times \text{Share}^a}{\sum_i \text{Indicator}_i^a} \right)$$

Where

CapitationPayment_i is the amount of capitation payment for i-th health facility

Indicator_i^a is the value of the indicator of the type a for the i-th health facility. Indicator_i^a may be:

- *Population living in catchments area of the health facility*
- *Number of families living in catchments area of the health facility*
- *Insured population living in catchments area of the health facility*
- *Insured number of families living in catchments area of the health facility*

- Number of claims (contacts) with the health facility by insured in the catchment area
- Adjusted amount

AllocatedContribution is the amount of contributions for given insurance product for given period

ShareContribution is the formula parameter Share of contribution

Share^a is the weight of the indicator of the type a .

Share^a may be:

- Weight of Population
- Weight of Number of Families
- Weight of Insured Population
- Weight of Number of Insured Families
- Weight of Number of Visits
- Weight of Adjusted Amount

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Product Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the product has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Product Control Page*.

Adding a Product

Click on the **Add** button to re-direct to the *Product Page*.

When the page opens all entry fields are empty. See the *Product Page* information on the data entry and mandatory fields.

Editing a Product

Click on the **Edit** button to re-direct to the *ProductPage*.

The page will open with the current information loaded into the data entry fields. See the *Product Page* for information on the data entry and mandatory fields

Duplicating a Product

Click on the **Duplicate** button to re-direct to the *Product Page*.

The page will open with all the current information for the selected product, (except for the product code which should be unique), loaded into the data entry fields. See the *Product Page* for information on the data entry and mandatory fields. To save the record, enter a unique code before clicking on **Save**.

Deleting a Product

Because of potential problems with synchronization of data between off-line and on-line version, it is not possible delete insurance products currently.

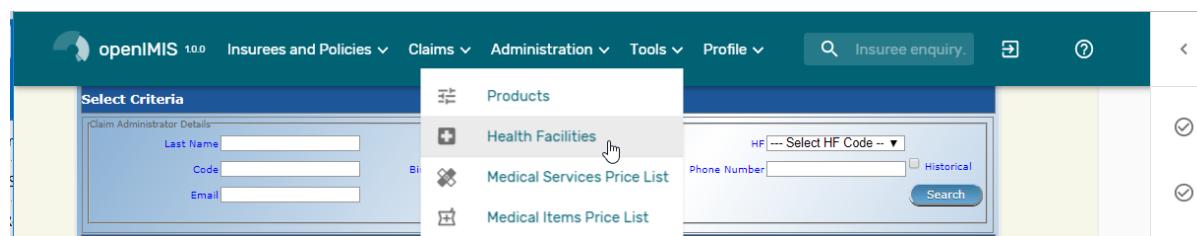

1.3.2 Health Facilities Administration

The register of health facilities contains all health facilities contracted and/or eligible for submitting of claims by/to the health insurance scheme. Health Facility administration is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Health Facilities.

Pre-conditions

A health facility may only be added if the management of the scheme administration contracts it or if eligibility of submitting of claims can be derived from the legislation. It may thereafter be edited; however, approval of the management of the scheme administration is required for a change of the pricelists associated with the health facility. Deletion of a health facility normally will occur when a Health Facility stops its activity or the contract with the health facility with the scheme administration is cancelled.

Navigation

Img. 1.3.8: Navigation Health Facilities

All functionality for use with the administration of health facilities can be found under the main menu **Administration**, sub menu **Health Facilities**.

Clicking on the sub menu **Health Facilities** re-directs the current user to the *Health Facilities Control Page*.

Health Facilities Control Page

The **Health Facilities Control Page** is the central point for all health facilities administration. By having access to this page, it is possible to add, edit, delete and search. The page is divided into four panels (Img. 1.3.12)

1. Search Panel

The Search Panel allows a user to select specific criteria to minimise the search results. In the case of health facilities the following search options are available which can be used alone or in combination with each other.

- **Code**

Type in the beginning of; or the full **Code**; to search for health facilities with a **Code**, which starts with or matches completely, the typed text.

Region	District *	Health Facility Legal Form *	Health Facility Level *	Health Facility Sub Level	Care Type *
R1M UlthaMod	R1D2 Jambero	Government	Hospital		In & Out - Patient
Code *	Name *	Address	Phone	Fax	Email
JMHOS001	Jambero District Hospital	Lantern Road 21 P.O.Box 3425	dfsdf	sdfds	sdfsd

Services Price List: Ultha Govt. Hospital List

Regions: R1M - UlthaMod, R2 - Tahida

Districts: R1D1M - Raptia, R1D2 - Jambero, R1D3 - Uptol

Municipalities: R1D2M1 - Actoloby, R1D2M2 - Remorlogy

Village Catchments: R1D2M1V1 - Holobo, R1D2M1V2 - Octo, R1D2M1V3 - Raberjab, dfgdsgfd - dsfgs

Img. 1.3.9: *Health Facilities Control Page*

- **Name**

Type in the beginning of; or the full **Name**; to search for health facilities with a **Name**, which starts with or matches completely, the typed text.

- **Fax**

Type in the beginning of; or the full **Fax** to search for health facilities with a **Fax**, which starts with or matches completely, the typed number.

- **Level**

Select the **Level**; from the list of levels of health facilities (Dispensary, Health Centre, Hospital) by clicking on the arrow on the right of the selector, to select health facilities of a specific level of service.

- **Phone Number**

Type in the beginning of; or the full **Phone Number** to search for health facilities with a **Phone Number**, which starts with or matches completely, the typed number.

- **Email**

Type in the beginning of; or the full **Email** to search for health facilities with an **Email** which starts with or matches completely, the typed text.

- **Legal Form**

Select the **Legal Form**; from the list of legal forms (Government, District organization, Private Organisation, Charity) by clicking on the arrow on the right of the selector, to select health facilities of a specific legal form.

- **Region**

Select the **Region**; from the list of districts by clicking on the arrow on the right of the selector to select health facilities from a specific region. *Note: The list will only*

be filled with the regions assigned to the current logged in user. If this is only one then this region will be automatically selected.

- **District**

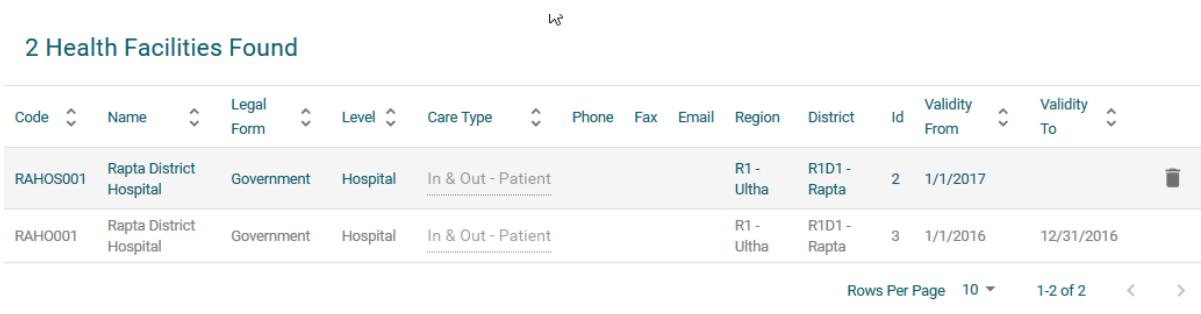

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select health facilities from a specific district. *Note: The list will only be filled with the districts that belong to the selected region and that are assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **Care Type**

Select the **Care Type** from the list of types (In-patient, Out-patient, Both) of provided health care by clicking on the arrow on the right of the selector, to select health facilities with a specific type.

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records ([Img. 1.3.10](#))

Code	Name	Legal Form	Level	Care Type	Phone	Fax	Email	Region	District	Id	Validity From	Validity To
RAHOS001	Rapta District Hospital	Government	Hospital	In & Out - Patient				R1 - Ultha	R1D1 - Rapta	2	1/1/2017	
RAHO001	Rapta District Hospital	Government	Hospital	In & Out - Patient				R1 - Ultha	R1D1 - Rapta	3	1/1/2016	12/31/2016

Rows Per Page: 10 | 1-2 of 2 | < | >

Img. 1.3.10: *Historical Records - Result Panel*

- **Search button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the Result Panel.

2. Result Panel

The result panel displays a list of all health facilities found, matching the selected Criteria in the search panel. The currently selected record is highlighted with light grey([Img. 1.3.11](#)). The rightmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

JMHOS001	Jambero District Hospital	Government	Hospital	In & Out - Patient	R1 - Ultha	R1D2 - Jambero
RAHOS001	Rapta District Hospital	Government	Hospital	In & Out - Patient	R1 - Ultha	R1D1 - Rapta
UPHOS001	Uptol District Hospital	Government	Hospital	In & Out - Patient	R1 - Ultha	R1D3 - Uptol
ROHOS001	Rajo District Hospital	Government	Hospital	In & Out - Patient	R2 - Tahida	R2D1 - Rajo
VIHOS001	Vida District Hospital	Government	Hospital	In & Out - Patient	R2 - Tahida	R2D2 - Vida

Img. 1.3.11: *Selected record (blue), hovered records (yellow) - Result Panel*

A maximum of 10 records are displayed at one time(can be changed: numref: mat_page_browser), further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.2.35)

3. Button Panel

With exception of the **Cancel** button, which re-directs to the *Home Page*, and the **Add** button which re-directs to the health facility page, the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should select first a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a health facility has been added, updated or deleted or if there was an error at any time during the process of these actions.

Health Facility Page

1. Data Entry

The screenshot shows the 'Health Facility' entry screen in the openIMIS application. The main form contains the following data:

- Region:** R1M UlthaMod
- District:** R1D2 Jambero
- Health Facility Legal Form:** Government
- Health Facility Level:** Hospital
- Health Facility Sub Level:** In & Out - Patient
- Name:** Jambero District Hospital
- Address:** Lantern Road 21 P.O.Box 3425
- Phone:** dfsfd
- Fax:** sdfds
- Email:** sdfsd
- Services Price List:** Ultha Govt. Hospital List
- Items Price List:** [empty]

Below the main form, there are three dropdown menus for selection:

- Regions:** R1M - UlthaMod, R2 - Tahida
- Districts:** R1D1M - Rapta, R1D2 - Jambero, R1D3 - Uptol
- Municipalities:** R1D2M1 - Actoloby, R1D2M2 - Remorlogy

At the bottom left, there is a section for **Village Catchments** with the following entries:

- R1D2M1V1 - Holobo (selected)
- R1D2M1V2 - Octo
- R1D2M1V3 - Raberjab
- dfgdsgfd - dfgfs

On the right side of the page, there is a vertical sidebar with a list of locations and checkboxes:

- R1M - UlthaMod
- R1D1M - Rapta
- R1D2 - Jambero
- R1D3 - Uptol
- R1D2M1 - Actoloby
- R1D2M2 - Remorlogy
- R1D2M1V1 - Holobo
- R1D2M1V2 - Octo
- R1D2M1V3 - Raberjab
- dfgdsgfd - dfgfs

Img. 1.3.12: *Health Facility Page*

- **Code**

Enter the code for the health facility. Mandatory, 8 characters.

- **name**

Enter the name for the health facility. Mandatory, 100 characters maximum.

- **Legal Form**

Select the legal form of the health facility from the list (Government, District organization, Private Organisation, Charity), by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Level**

Select a level from the list levels (Dispensary, Health Centre, Hospital), by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Sub Level**

Select a sub-level from the list sub-levels (No Sublevel, Integrated, Reference), by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Address**

Enter the address of the health facility. Mandatory, 100 characters maximum.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to enter the region in which the health facility is located. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then this region will be automatically selected.* Mandatory.

- **District**

Select the **district**; from the list of districts by clicking on the arrow on the right of the selector to enter the district in which the health facility is located. *Note: The list will only be filled with the districts assigned to the selected region and to districts assigned to the currently logged in user. If this is only one then the district will be automatically selected.* Mandatory.

- **Phone Number**

Enter the phone number for the health facility. 50 characters maximum.

- **Fax**

Enter the fax number for the health facility. 50 characters maximum.

- **Email**

Enter the email for the health facility. 50 characters maximum.

- **Care Type**

Select the type of health care provided by the health facility from the list (In-patient, Out-patient, Both), by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Price Lists (Medical Services)**

Select the health facilities price lists (for medical services) from the list by clicking on the arrow on the right hand side of the lookup. The pricelist contains the list of medical services and their prices agreed between the health facility (or corresponding group of health facilities) and the scheme administration which can be invoiced by the health facility and remunerated by the scheme administration. *Note: The list will only be filled with the pricelists associated with the previously selected district, regional and nationwide pricelists assigned to the current logged in user.*

- **Price Lists (Medical Items)**

Select the health facilities price lists (medical items) from the list by clicking on the arrow on the right hand side of the lookup. The pricelist contains the list of medical items and their prices agreed between the health facility (or corresponding group of health facilities) and the scheme administration which can be invoiced by the health facility and remunerated by the scheme administration. *Note: The list will only be filled with the pricelists associated with the previously selected district, regional and nationwide pricelists assigned to the current logged in user.*

- **Account Code**

Enter the account code (Identification for the accounting software), which will be used in reports on remuneration to be received by the health facility. 25 characters maximum.

- **Region, District, Municipality, Village, Catchment grid**

Check the locations that define the catchment area of the health facility. Specify the percentage of the population of a village that belong to the catchment area in the catchment column. Default is 100%.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the **Health Facility Control Page**, with the newly saved record displayed and selected in the result panel. A message confirming that the health facility has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the **Health Facilities Control Page**.

Adding a Health Facility

Click on the **Add** button to re-direct to the **Health Facility Page**

When the page opens all entry fields are empty. See the **Health Facility Page** for information on the data entry and mandatory fields.

Editing a Health Facility

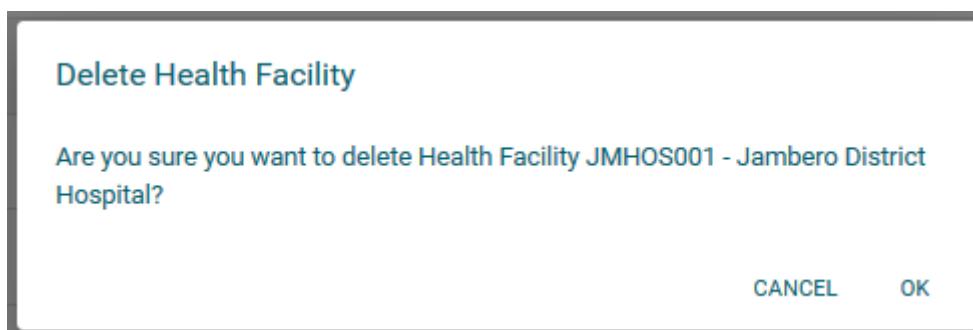

Double click on the line to be re-directed to the **Health Facility Page**.

The page will open with the current information loaded into the data entry fields. See the **Health Facility Page** for information on the data entry and mandatory fields

Deleting a Health Facility

Click on the **Delete** button to delete the currently selected record.

Before deleting a confirmation popup ([Img. 1.3.13](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.13: Delete confirmation- Button Panel

When a health facility is deleted, all records retaining to the deleted health facility will still be available by selecting historical records.

1.3.3 Medical Services Administration

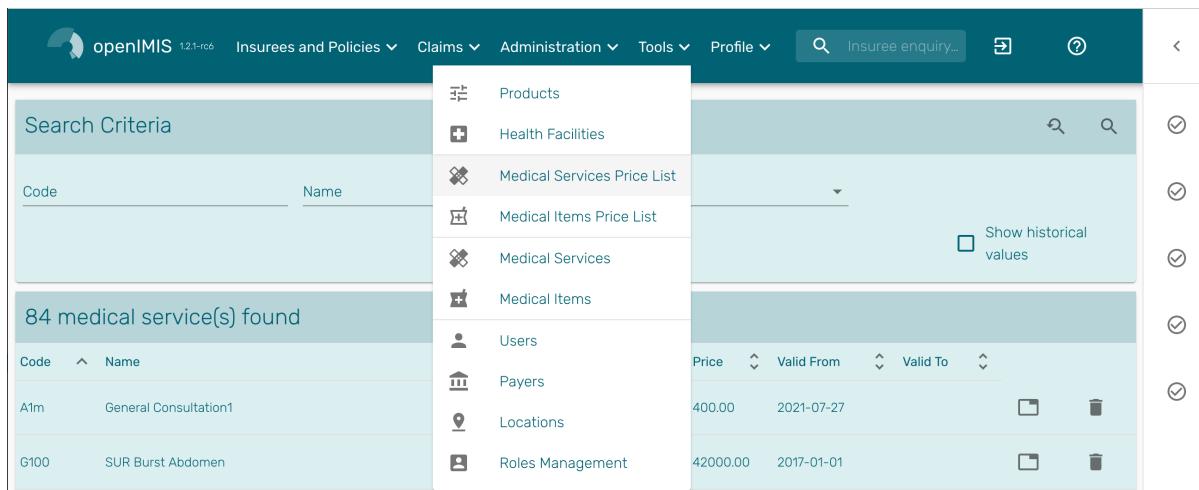

The register of Medical Services contains all medical services that can be included in packages of benefits of insurance products administered and remunerated by the health insurance scheme. Administration of the register of medical services is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Medical Services.

Pre-conditions

A medical service may only be added or thereafter edited or deleted, after the approval of the management of the scheme administration.

Navigation

All functionality for use with the administration of Medical Services can be found under the main menu **Administration**, sub menu **Medical Services**.

Img. 1.3.14: *Navigation Medical Services*

Clicking on the sub menu **Medical Services** re-directs the current user to the *Medical Services Control Page*.

Medical Services Control Page

The **Medical Services Control Page** is the central point for all medical service administration. By having Access to this panel, it is possible to add, edit, delete and search. The panel is divided into four panels (Img. 1.3.15)

1. Search Panel

The Search Panel allows a user to select specific criteria to minimise the search results. In the case of medical services the following search options are available which can be used alone or in combination with each other.

Search Criteria									
Code	Name	Service type							
		Any					<input type="checkbox"/> Show historical values		
84 medical service(s) found									
Code	Name	Type	Level	Price	Valid From	Valid To			
A1m	General Consultation1	P	S	400.00	2021-07-27				
G100	SUR Burst Abdomen	C	H	42000.00	2017-01-01				
G2	DEN Cleft Lip & Palate Repair	C	H	42000.00	2017-01-01				
G34	OBG Caesarean Section Delivery	C	H	42000.00	2017-01-01

Img. 1.3.16: Historical records - Result Panel

- **Search Button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the result panel.

2. Result Panel

The Result Panel displays a list of all medical services found, matching the selected Criteria in the search panel.

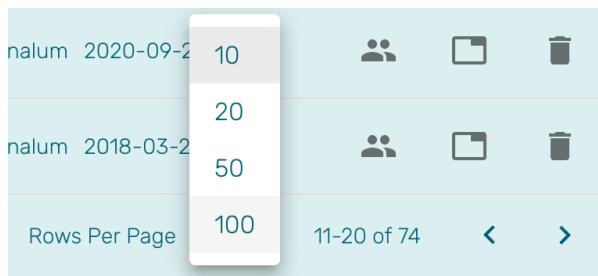

The number of rows per page is limited to 10 by default but one can use the “Rows per page” drop-down in the bottom right of the search results. If there are more rows to display, one can use the page navigation. ([Img. 1.3.17](#))

Medical Service Page

1. Data Entry

- **Code**

Enter the code for the medical service. Mandatory, 6 characters.

Img. 1.3.17: Page selector- Result Panel

The screenshot shows the 'New Medical Service' form. It includes fields for 'Code *', 'Name *', 'Service type *' (dropdown), 'Service Category' (dropdown), 'Service Level *' (dropdown), 'Price *' (dropdown), 'Care Type *' (dropdown), 'Frequency (days)' (text input), and checkboxes for 'Male', 'Female', 'Adult', and 'Minor'.

Img. 1.3.18: Medical Service Page

- **Name**

Enter the name of the medical service. Mandatory, 100 characters maximum.

- **Category**

Choose the category (Surgery, Consultation, Delivery, Antenatal, Other) which the medical service belongs to.

- **Type**

Choose one from the options available (Preventive, Curative), the type of the medical service. Mandatory.

- **Level**

Select from the list (Simple Service, Visit, Day of Stay, Hospital Case), the level for the medical service. Mandatory.

- **Price**

Enter the price a general price that can be overloaded in pricelists. Full general price (including potential cost sharing of an insuree) for the medical service. Mandatory.

- **Care Type**

Choose one from the options available (Out-patient, In-patient, Both), the limitation of provision of the medical service to the specific type of health care. Mandatory.

- **Frequency**

Enter the limitation of frequency of provision in a number of days within which a medical service can be provided to a patient not more than once. If the frequency is zero, there is no limitation. *Note: By default the frequency is 0.*

- **Patient**

Choose one or a combination of the options available, to specify which patient type the medical service is applicable to. *Note: By default all patient options are checked (selected).*

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Medical Services Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the medical service has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Medical Services Control Page*.

Adding a Medical Service

Click on the **Add** button to re-direct to the *Medical Service Page*.

When the page opens all entry fields are empty. See the *Medical Service Page* for information on the data entry and mandatory fields.

Editing a Medical Service

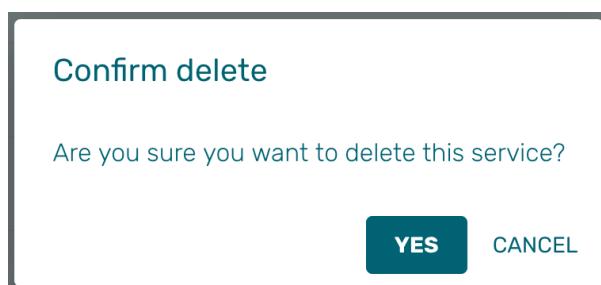

Double-click on a row to re-direct to the *Medical Service Page*.

The page will open with the current information loaded into the data entry fields. See the *Medical Service Page* for information on the data entry and mandatory fields.

Deleting a Medical Service

Click on the **Delete** button to delete the currently selected record; the user is re-directed the *Medical Services Control Page*.

Before deleting a confirmation popup ([Img. 1.3.19](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.19: Delete confirmation- Button Panel

When a medical service is deleted, all records retaining to the deleted medical service will still be available by selecting historical records.

1.3.4 Medical Items Administration

The register of Medical Items contains all medical items (drugs, prostheses) that can be included in packages of benefits of insurance products within the health insurance scheme and are remunerated by the scheme administration. Administration of the register of medical

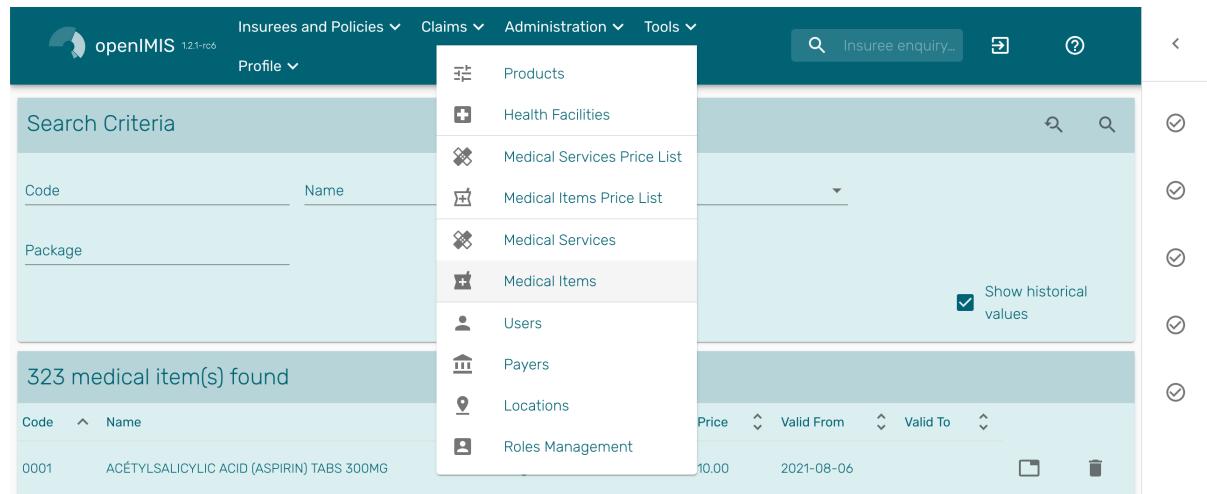

items is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Medical Items.

Pre-conditions

A medical item may only be added or thereafter edited or deleted, after the approval of the management of the scheme administration.

Navigation

All functionality for use with the administration of medical items can be found under the main menu **Administration**, sub menu **Medical Items**

Img. 1.3.20: *Navigation Medical Items*

Clicking on the sub menu **Medical Items** re-directs the current user to the [Medical Items Control Page](#).

Medical Items Control Page

The **Medical Items Control Page** is the central point for all medical item administration. By having access to this page, it is possible to add, edit, delete and search. The panel is divided into four panels ([Img. 1.3.21](#))

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of medical items the following search options are available which can be used alone or in combination with each other.

- **Code**

Type in the beginning of; or the full **Code**; to search for medical items with a **Code**, which starts with or matches completely, the typed text.

- **Name**

Type in the beginning of; or the full **Name** to search for medical items with a **Name**, which starts with or matches completely, the typed text.

- **Type**

Select the **Type**; from the list of types (Drugs, Medical consumable) by clicking on the arrow on the right of the selector, to select medical items of a specific type.

Search Criteria											
Code	Name	Item type									
		Any									
Package											
<input type="checkbox"/> Show historical values											
317 medical item(s) found											
Code	Name	Type	Package	Price	Valid From	Valid To

0004	AIRWAY GUEDEL RUBBER INFANT SIZE 54 MMb	Drug	10 PIECES	4590.00	2021-08-17			

Img. 1.3.22: *Historical records - Result Panel*

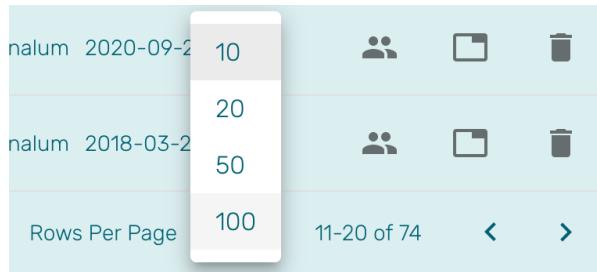

- **Search button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the Result Panel.

2. Result Panel

The result panel displays a list of all medical items found, matching the selected criteria in the search panel.

The number of rows per page is limited to 10 by default but one can use the “Rows per page” drop-down in the bottom right of the search results. If there are more rows to display, one can use the page navigation. (Img. 1.3.23)

Img. 1.3.23: *Page selector- Result Panel*

Medical Item Page

1. Data Entry

Code *	Name *	Item type *
		None
Package	Price *	
	\$	
Care Type *	Frequency (days)	<input checked="" type="checkbox"/> Male <input checked="" type="checkbox"/> Female <input checked="" type="checkbox"/> Adult <input checked="" type="checkbox"/> Minor
None		

Img. 1.3.24: *Medical Item Page*

- **Code**

Enter the code for the medical item. Mandatory, 6 characters.

- **Name**

Enter the name of the medical item. Mandatory, 100 characters maximum.

- **Type**

Choose one from the options available, the type of the medical item. Mandatory.

- **Package**

Enter the package (Indication of type and volume of package in a suitable coding system) for the medical item. Mandatory, 255 characters maximum.

- **Price**

Enter the price (a general price that can be overloaded in pricelists). Full general price including potential cost sharing of an insuree) for the medical item. Mandatory.

- **Care Type**

Choose one from the options available, the limitation of provision of the medical item within the specific type of health care (In-patient, Out-patient or Both). Mandatory.

- **Frequency**

Enter the limitation of frequency of provision in a number of days within which a medical item cannot be provided to a patient not more than once. If the frequency is zero, there is no limitation. *Note: By default the frequency is 0.*

- **Patient**

Choose one or a combination of the options available, to specify which patient type the medical item may be provided to. *Note: By default all patients' options are checked (selected).*

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Medical Items Control Page*, with the newly saved record displayed and selected in the Result Panel. A message confirming that the medical item has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Medical Items Control Page*.

Adding a Medical Item

Click on the **Add** button to re-direct to the *Medical Item Page*.

When the page opens all entry fields are empty. See the *Medical Item Page* for information on the data entry and mandatory fields.

Editing a Medical Item

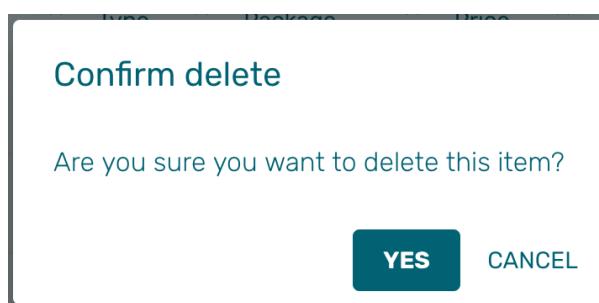

Double-click on a row to re-direct to the *Medical Item Page*.

The page will open with the current information loaded into the data entry fields. See the *Medical Item Page* for information on the data entry and mandatory fields.

Deleting a Medical Item

Click on the **Delete** button to delete the currently selected record

Before deleting a confirmation popup ([Img. 1.3.25](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.25: Delete confirmation- Button Panel

When the medical item is deleted, all records retaining to the deleted medical item will still be available by selecting historical records.

1.3.5 Medical Service Price Lists Administration

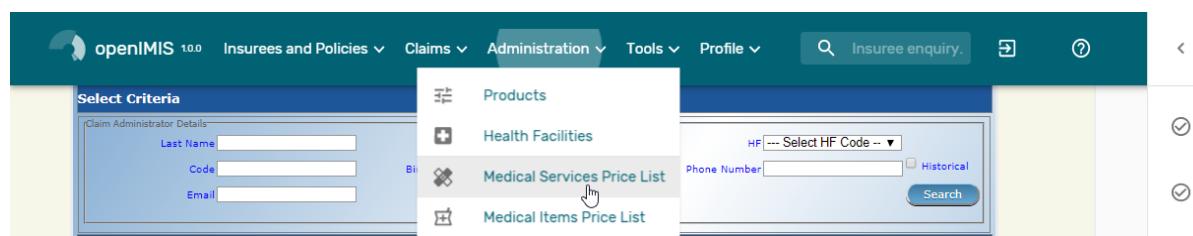

Price lists of medical services are tools for specification which medical services and at which prices can be invoiced by contractual health facilities to the scheme administration. Administration of price lists of medical services is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Pricelists-Medical Services.

Pre-conditions

A price list of medical services may only be added, after an agreement with a health facility or a group of health facilities on specific prices. Editing of the price list may occur only after an approval of the management of the scheme administration. Deletion of a price list of medical services normally will occur when a price list becomes obsolete.

Navigation

All functionality for use with the administration of price lists medical services can be found under the main menu **Administration**, sub menu **Price Lists** and sub menu **Medical Services**

Img. 1.3.26: *Navigation Medical Services Price Lists*

Clicking on the sub menu **Medical Services** re-directs the current user to the [Price List Medical Services Control Panel](#).

Price List Medical Services Control Page

The **Price List Medical Services Control Page** is the central point for administration of all price lists of medical service. By having access to this panel, it is possible to add, edit, delete and search. The panel is divided into four panels (Img. 1.3.26)

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of price lists for medical services the following search options are available which can be used alone or in combination with each other.

- **Name**

Type in the beginning of; or the full **Name**; to search for price lists medical services with a **Name**, which starts with or matches completely, the typed text.

- **Date**

The screenshot shows a web-based application interface for managing price lists. At the top, there's a search bar with fields for Name, Date, Region (with a dropdown menu), District (with a dropdown menu and a 'Historical' checkbox), and a 'Search' button. Below this, a blue header bar says '5 Pricelists Found'. A table follows, displaying five rows of price list information with columns for NAME, DATE, REGION, DISTRICT, VALID FROM, and VALID TO. The rows are: 'Health centre service pricelist' (DATE: 10/05/2017, REGION: TestRegion, DISTRICT: TestDistrict1, VALID FROM: 10/05/2017, VALID TO: null), 'Hospital service pricelist' (DATE: 01/01/2017, REGION: TestRegion, DISTRICT: TestDistrict1, VALID FROM: 10/05/2017, VALID TO: null), 'National price list' (DATE: 01/01/2016, REGION: National, DISTRICT: null, VALID FROM: 29/05/2017, VALID TO: null), 'Regional pricelist' (DATE: 01/01/2016, REGION: TestRegion, DISTRICT: null, VALID FROM: 29/05/2017, VALID TO: null), and 'Test pricelist' (DATE: 10/05/2017, REGION: TestRegion, DISTRICT: TestDistrict2, VALID FROM: 10/05/2017, VALID TO: null). At the bottom, there are buttons for Add, Edit, Duplicate, Delete, and Cancel.

Img. 1.3.27: Price List Medical Service Control Panel

Type in the full **Date** to search for price lists of medical services with a creation Date which matches completely, the typed date. *Note: You can also use the button next to the date field to select a date.*

- **Date Selector Button**

Clicking on the Date Selector Button will pop-up an easy to use, calendar selector (Tab. 1); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- Anytime during the use of the pop-up, the user can see the date of today.
- Clicking on today will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select price lists of medical services from a specific region. The

option **National** means that the price list is common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National. All nationwide pricelists and all regional pricelists relating to the selected region will be found. If no district is selected then also all district pricelists for districts belonging to the selected region and assigned to the currently logged in user will be found.*

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select price lists of medical services from a specific district. *Note: The list will be only filled with the districts belonging to the selected region. All nationwide pricelists, all regional pricelists relating to the selected region and all district pricelists for the selected district will be found.*

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records ([Img. 1.3.28](#))

NAME	DATE	REGION	DISTRICT	VALID FROM	VALID TO
<u>Health centre</u>	10/05/2017	TestRegion	TestDistrict1	10/05/2017	10/05/2017
Health centre service pricelist	10/05/2017	TestRegion	TestDistrict1	10/05/2017	
<u>Hospital pricelist</u>	01/01/2017	TestRegion	TestDistrict1	09/05/2017	10/05/2017
<u>Hospital service pricelist</u>	01/01/2017	TestRegion	TestDistrict1	10/05/2017	10/05/2017
Hospital service pricelist	01/01/2017	TestRegion	TestDistrict1	10/05/2017	
National price list	01/01/2016	National		29/05/2017	
Regional pricelist	01/01/2016	TestRegion		29/05/2017	
<u>Test pricelist</u>	10/05/2017	TestRegion	TestDistrict2	10/05/2017	

Img. 1.3.28: *Historical records - Result Panel*

- **Search button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the Result Panel.

2. Result Panel

The Result Panel displays a list of all price lists of medical services found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow ([Img. 1.3.29](#)). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

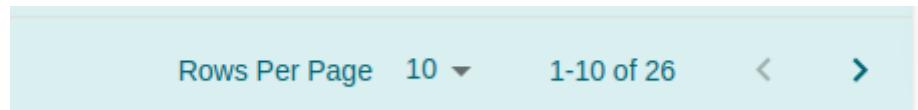

NAME	DATE	REGION	DISTRICT	VALID FROM	VALID TO
<u>Health centre service pricelist</u>	10/05/2017	TestRegion	TestDistrict1	10/05/2017	
Hospital service pricelist	01/01/2017	TestRegion	TestDistrict1	10/05/2017	
<u>National price list</u>	01/01/2016	National		29/05/2017	
Regional pricelist	01/01/2016	TestRegion		29/05/2017	
<u>Test pricelist</u>	10/05/2017	TestRegion	TestDistrict2	10/05/2017	

Img. 1.3.29: *Selected record (blue), hovered records (yellow) - Result Panel*

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel ([Img. 1.3.30](#))

3. Button Panel

With exception of the **Cancel** button, which re-directs to the [Home Page](#), the Button Panel (the buttons **Edit** and **Duplicate**) is used in conjunction with the current selected

Img. 1.3.30: Page selector- Result Panel

record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a price list of medical services has been added, updated or deleted or if there was an error at any time during the process of these actions.

Price List Medical Services Page

1. Data Entry

The screenshot shows a form titled "Price Lists (Medical Services)". It includes fields for "Name" (Health centre service price), "Date" (10/05/2017), "Region" (TestRegion), and "District" (TestDistrict1). A "Check All" checkbox is present above a table titled "Medical Services". The table has columns: CODE, NAME, TYPE, PRICE, and OVERRULE. It lists 14 medical services with various details like name, type, and price. At the bottom are "Save" and "Cancel" buttons.

Medical Services				
CODE	NAME	TYPE	PRICE	OVERRULE
<input checked="" type="checkbox"/> X106	Urinary lab test	Curative	200.00	
<input checked="" type="checkbox"/> X108	Antenatal examination	Preventive	100.00	
<input checked="" type="checkbox"/> X109	GP visit	Curative	100.00	
<input type="checkbox"/> X100	Burst Abdomen	Curative	1,000.00	
<input type="checkbox"/> X101	Cholecystectomy	Curative	2,000.00	
<input type="checkbox"/> X102	Caesarean Section Delivery	Curative	500.00	
<input type="checkbox"/> X103	Delivery-Normal	Curative	300.00	
<input type="checkbox"/> X105	Mastectomy	Curative	2,000.00	
<input type="checkbox"/> X107	Tubectomy	Curative	300.00	

Img. 1.3.31: Price List Medical Service Page

- **Name**

Enter the name for the price list of medical services. Mandatory, 100 characters maximum.

- **Date**

Enter the creation date for the price list of medical services. *Note: You can also use the button next to the date field to select a date to be entered.*

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to enter the region in which the price list of medical services is to be used. The region **National** means that the price list is common for all regions. *The list will only be filled with the regions assigned to the current logged in user and with the option National.* Mandatory.

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to enter the district in which the price list of medical services is to be used. *Note: The list will be only filled with the districts belonging to the selected region and currently logged in*

user. It is not mandatory to enter a district, not selecting a district will mean the price list of medical services is used in all districts of the region or nationwide if the region National is selected.

- **Medical Services**

Select from the list of available medical services the medical services which the price list of medical service should contain, by either clicking on the **check all** box at the top of the list of medical services, or by selectively clicking on the **check box** to the left of a medical service. The list shows the medical services displaying the code, name, type and price for reference. There is also an extra column, Overrule, which can be used to overrule the pre-set price. By clicking once on the row desired item in the overrule column, a new price can be entered for the individual service. This occurs when price agreed between a health facility or group of health facilities and the health insurance administration differs from the common price in the register of medical services.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Price List Medical Services Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the price list medical service has been saved will appear on the Information Panel.

3. Mandatory Data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Price List Medical Services Control Page*.

Adding a Price List of Medical Services

Click on the **Add** button to re-direct to the *Price List Medical Services Page*.

When the page opens all entry fields are empty. See the *Price List Medical Services Page* for information on the data entry and mandatory fields.

Editing a Price List of Medical Services

Click on the **Edit** button to re-direct to the *Price List Medical Services Page*.

The page will open with the current information loaded into the data entry fields. See the *Price List Medical Services Page* for information on the data entry and mandatory fields.

Duplicating a Price List of Medical Services

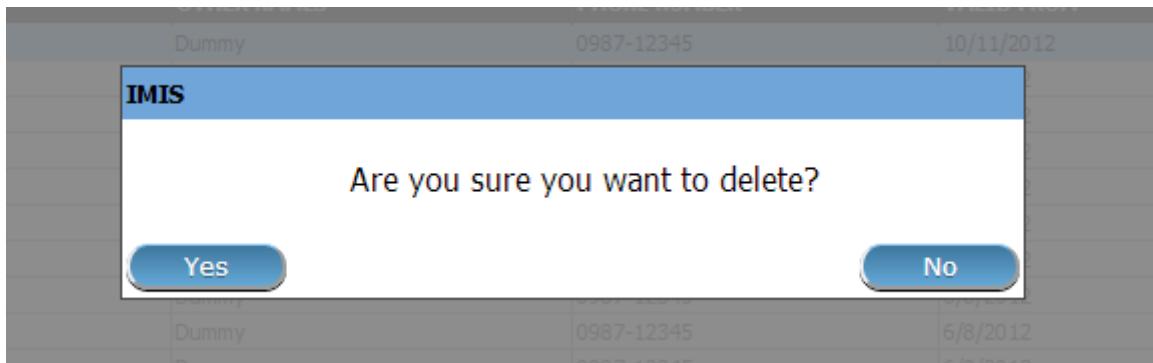

Click on the **Duplicate** button to re-direct to the *Price List Medical Services Page*.

The page will open with all the current information for the selected pricelist, (except for the pricelist name which should be unique), loaded into the data entry fields. See the *Price List Medical Services Page* for information on the data entry and mandatory fields. To save the record, enter a unique code before clicking on save.

Deleting a Price List of Medical Services

Click on the **Delete** button to delete the currently selected record.

Before deleting a confirmation popup (Img. 1.3.32) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.32: *Delete Confirmation - Button Panel*

When a price list medical service is deleted, all records retaining to the deleted price list medical service will still be available by selecting historical records.

1.3.6 Medical Item Price Lists Administration

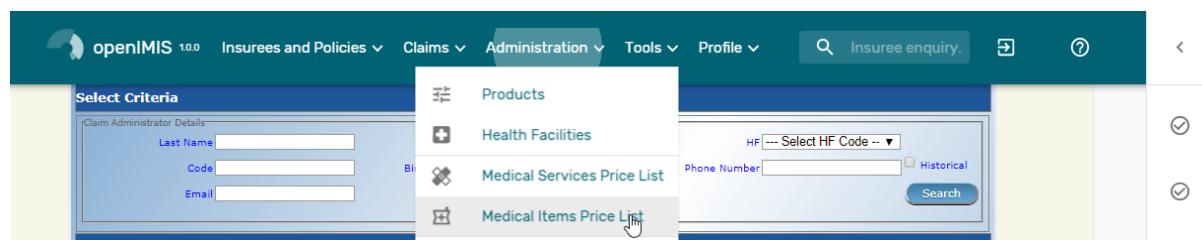

Pricelists of medical items are tools for specification which medical items and at which prices can be invoiced by contractual health facilities to the scheme administration. Administration of pricelists of medical items is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Pricelists-Medical Items.

Pre-conditions

A price list of medical items may only be added, after an agreement with a health facility or a group of health facilities on specific prices. Editing of the price list may occur only after an approval of the management of the scheme administration. Deletion of a price list of medical items normally will occur when a price list becomes obsolete.

Navigation

All functionality for use with the administration of medical items price lists can be found under the main menu **Administration**, sub menu **Price Lists**, sub menu **Medical Items**.

Img. 1.3.33: *Navigation Price Lists Medical Items*

Clicking on the sub menu **Medical Items** re-directs the current user to the *Price List Medical Items Control Page*.

NAME	DATE	REGION	DISTRICT	VALID FROM	VALID TO
Hospital items pricelist	01/01/2017	TestRegion	TestDistrict1	10/05/2017	
Health centre items pricelist	10/05/2017	TestRegion	TestDistrict1	10/05/2017	
Test pricelist items	10/05/2017	TestRegion	TestDistrict2	10/05/2017	

Img. 1.3.34: Price List Medical Items Control Page

Price List Medical Items Control Page

The Price List Medical Items Control Page is the central point for all medical item price list administration. By having access to this panel, it is possible to add, edit, delete and search. The panel is divided into four panels (Img. 1.3.36).

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of price lists for medical items the following search options are available which can be used alone or in combination with each other.

- **Name**

Type in the beginning of; or the full **Name**; to search for price lists medical items with a Name, which starts with or matches completely, the typed text.

- **Date**

Type in the full **Date** to search for price lists of medical items with a creation Date which matches completely, the typed date. *Note: You can also use the button next to the date field to select a date.*

- **Date Selector Button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector (Img. 1.3.34); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- At anytime during the use of the pop-up, the user can see the date of today.
- Clicking on today will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- Region

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select price lists of medical items from a specific region. The option **National** means that the price list is common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National. All nationwide pricelists and all regional pricelists relating to the selected region will be found. If no district is selected the also all district pricelists for districts belonging to the selected region will be found.*

- District

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select price lists medical items from a specific district. *Note: The list will be only filled with the districts belonging to the selected region and assigned to the currently logged in user. All nationwide pricelists, all regional pricelists relating to the selected region and all district pricelists for the selected district will be found.*

- Historical

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records (Img. 1.3.35).

NAME	DATE	REGION	DISTRICT	VALID FROM	VALID TO
Hospital items pricelist	01/01/2017	TestRegion	TestDistrict1	10/05/2017	
Hospital pricelist	01/01/2017	TestRegion	TestDistrict1	09/05/2017	10/05/2017
Health centre items pricelist	10/05/2017	TestRegion	TestDistrict1	10/05/2017	
Test pricelist items	10/05/2017	TestRegion	TestDistrict2	10/05/2017	

Img. 1.3.35: Historical records - Result Panel

- Search button

Once the criteria have been entered, use the search button to filter the records, the results will appear in the result panel.

2. Result Panel

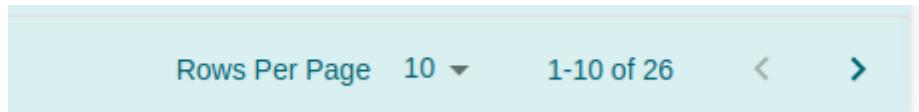

The Result Panel displays a list of all price lists of medical items found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow (Img. 1.3.36). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.3.37)

3. Button Panel

NAME	DATE	REGION	DISTRICT	VALID FROM	VALID TO
Hospital items pricelist	01/01/2017	TestRegion	TestDistrict1	10/05/2017	
Health centre items pricelist	10/05/2017	TestRegion	TestDistrict1	10/05/2017	
Test pricelist items	10/05/2017	TestRegion	TestDistrict2	10/05/2017	

Img. 1.3.36: Selected record (blue), hovered records (yellow) - Result Panel

Img. 1.3.37: Page selector- Result Panel

With exception of the **Cancel** button, which re-directs to the *Home Page*, the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a price list medical item has been added, updated or deleted or if there was an error at any time during the process of these actions.

Price List Medical Item Page

1. Data entry

CODE	NAME	TYPE	PRICE	OVERRULE
Y200	ACETYLSALICYLIC ACID (ASPIRIN) TABS 300MG-	Drug	200.00	
Y201	ADRENALINE 1ML INJ 1MG/ML	Drug	500.00	
Y203	FRUSEMIDE TABS 40 MG	Drug	500.00	
Y204	KETOCONAZOLE TABS 200 MG	Drug	800.00	

Img. 1.3.38: Price List Medical Item Page

- **Name**

Enter the name for the price list of medical items. Mandatory, 100 characters maximum.

- **Date**

Enter the creation date for the price list of medical items. *Note: You can also use the button next to the date field to select a date to be entered.*

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to enter the region in which the price list of medical items is to be used. The district **National** means that the price list is common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National.* Mandatory.

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to enter the district in which the price list of medical items is to be used. *Note: The list will be only filled with the districts belonging to the selected region and currently logged in user.* It is not mandatory to enter a district, not selecting a district will mean the price list of medical items is used in all districts of the region or nationwide if the region National is selected .

- **Medical Items**

Select from the list of available medical items the medical items which the price list medical item contains, by either clicking on the **check all** box at the top of the list of medical items, or by selectively clicking on the **check** box to the left of the medical item. The list shows the medical items displaying the code, name, type and price for reference. There is also an extra column, Overrule, which can be used to overrule the pre-set price. By clicking once on the row desired item in the overrule column, a new price can be entered for the individual item. This occurs when price agreed between a health facility or group of health facilities and the health insurance administration differs from the common price in the register of medical items.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Price list Medical Items Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the price list of medical items has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Price List Medical Items Control Page*.

Adding a Price List of Medical Items

Click on the Add button to re-direct to the *Price List Medical Item Page*.

When the page opens all entry fields are empty. See the *Price List Medical Item Page* for information on the data entry and mandatory fields.

Editing a Price List of Medical Items

Click on the Edit button to re-direct to the *Price List Medical Item Page*.

The page will open with the current information loaded into the data entry fields. See the *Price List Medical Item Page* for information on the data entry and mandatory fields.

Duplicating a Price List of Medical Items

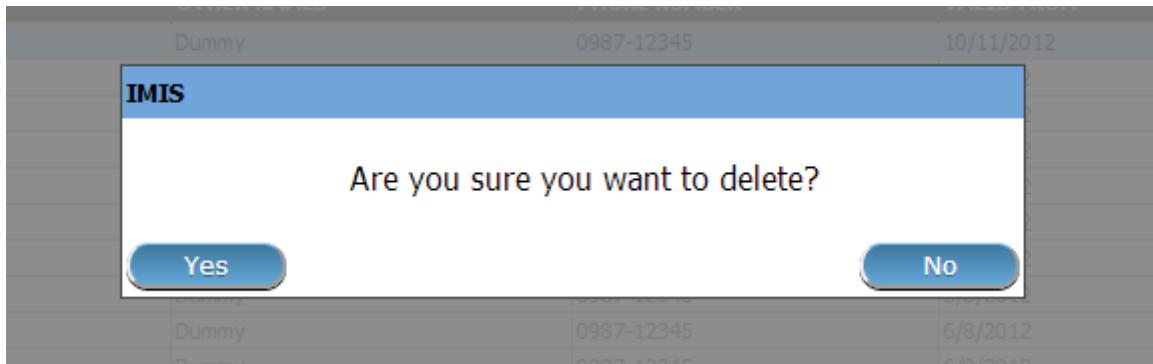

Click on the Duplicate button to re-direct to the *Price List Medical Item Page*.

The page will open with all the current information for the selected price list, (except for the price list name which should be unique), loaded into the data entry fields. See the *Price List Medical Item Page* for information on the data entry and mandatory fields. To save the record, enter a unique code before clicking on **Save**.

Deleting a Price List of Medical Items

Click on the **Delete** button to delete the currently selected record; the user is re-directed to the *Price List Medical Items Control Page*.

Before deleting a confirmation popup ([Img. 1.3.39](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.39: *Delete confirmation- Button Panel*

When a price list of medical items is deleted, all records retaining to the deleted price list of medical items will still be available by selecting historical records.

1.3.7 Users administration

User administration is restricted to users with the system role of IMIS Administrator or with a role including an access to Administration/Users.

Pre-conditions

A user may only be added or thereafter edited, after the approval of the management of the scheme administration. Deletion of a user normally will occur when a user leaves his/her post within the health insurance scheme and/or the scheme administration. A built in user with the user name Admin and the initial password Admin is created automatically in IMIS with access to all locations of the register of locations (at any time). The Admin user has an implicit role that includes full access rights to the registers of locations, full access to the register of user profiles and an access to downloading/uploading of the register of locations to/from an external file.

Navigation

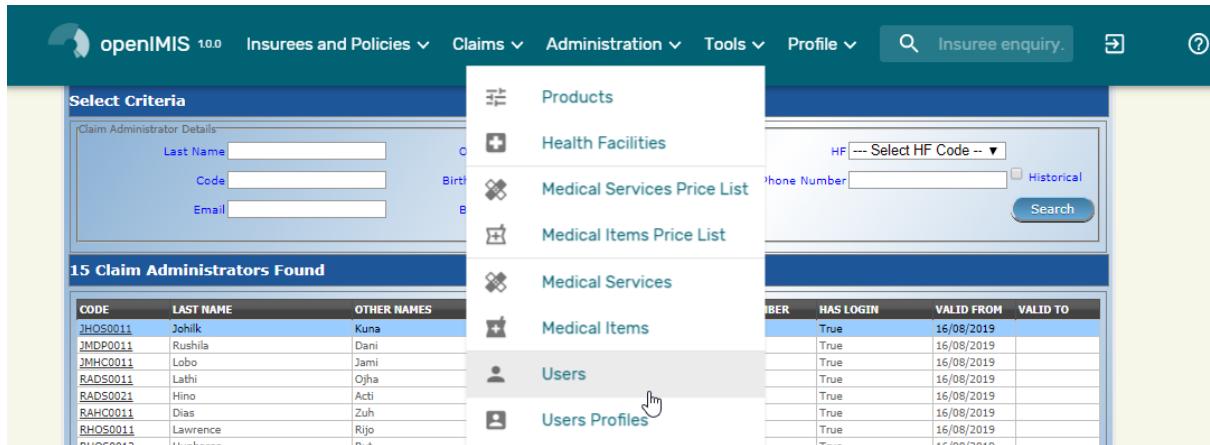

All functionality for use with the administration of users can be found under the main menu **Administration**, sub menu **Users**.

Clicking on the sub menu **Users** re-directs the current user to the *User Control Page*.

User Control Page

The **User Control Page** is the central point for all user administration. By having access to this page, it is possible to add, edit, delete and search users. The page is divided into four panels ([Img. 1.3.40](#)).

The following rules apply to the list of found users besides conformance with all search criteria:

Img. 1.3.40: Navigation Users

This screenshot shows the 'User Control Page'. At the top, there is a 'Select Criteria' header with various search fields: 'Last Name', 'Other Names', 'Region', 'District', 'HF Name', 'Language', and 'Email'. Below this is a table titled '34 Users Found' with columns for 'LOGIN NAME', 'LAST NAME', 'OTHER NAMES', 'PHONE NUMBER', 'VALID FROM', and 'VALID TO'. The table lists numerous users, such as Admin, Alex, Damien, George, etc. At the bottom of the page are buttons for 'Add', 'Edit', 'Delete', and 'Cancel'. The entire page is labeled with red letters A through D.

LOGIN NAME	LAST NAME	OTHER NAMES	PHONE NUMBER	VALID FROM	VALID TO
Admin	Admin	Admin		21/04/2017	
Alex	Alex	Alex		11/06/2017	
damien	Revault	Damien		20/12/2016	
erneztura	Rovcezura	Elzeus		07/11/2016

Img. 1.3.41: User Control Page

1. The user Admin is not included in any searching for users with exception of searching done by an Admin user itself.
2. A user having access rights Users/Search (see User Profiles) can get as a result of a searching only users that have access to same set of locations or to a subset of locations of the searching user only.

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of users the following search options are available which can be used alone or in combination with each other.

- **Last Name**

Type in the beginning of; or the full Last name; to search for users with a Last name, which starts with or matches completely, the typed text.

- **Login Name**

Type in the beginning of; or the full Login name, to search for users with a Login name, which starts with or matches completely, the typed text.

- **Phone Number**

Type in the beginning of; or the full Phone Number, to search for users, with a Phone Number which starts with or matches completely, the typed text.

- **Email**

Type in the beginning of; or the full Email, to search for users, with an Email which starts with or matches completely, the typed text.

- **Other Names**

Type in the beginning of; or the full Other Names, to search for users, with Other names which start with or match completely the typed text.

- **Role**

Select the Role; from the list of roles by clicking on the arrow on the right of the selector, to select users of a specific role.

- **Health Facilities**

Select the Health Facility; from the list of health facilities by clicking on the arrow on the right of the selector, to select users from a specific health facility. *Note: The list will only be filled with the health facilities belonging to the districts assigned to the currently logged in user.*

- **Region**

Select the Region; from the list of regions by clicking on the arrow on the right of the selector to find users with access to a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user.*

- **District**

Select the District; from the list of districts by clicking on the arrow on the right of the selector to find users with access to a specific district. *The list will be only filled with the districts belonging to the selected region.*

- **Language**

Select the Language; from the list of languages by clicking on the arrow on the right of the selector, to select users with a specific language.

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records ([Img. 1.3.42](#)).

LOGIN NAME	LAST NAME	OTHER NAMES	PHONE NUMBER	VALID FROM	VALID TO
Admin	Admin	Admin	123456789	16/08/2012	
Admin	Admin	Admin	123456789	10/08/2012	10/08/2012
Admin	Admin	Admin	-	10/08/2012	10/08/2012
Admin	Admin	Admin	123456789	10/08/2012	13/08/2012
Admin	Admin	Admin	123456789	13/08/2012	13/08/2012
Admin	Admin	Admin	123456789	13/08/2012	15/08/2012
Admin	Admin	Admin	123456789	13/08/2012	15/08/2012

Img. 1.3.42: *Historical records - Result Panel*

- **Search Button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the result panel.

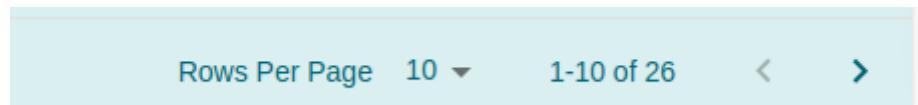

2. Result Panel

LOGIN NAME	LAST NAME	OTHER NAMES	PHONE NUMBER	VALID FROM	VALID TO
Admin	Admin	Admin		22/11/2016	
ravezaura	Ravezaura	Elzeus		07/11/2016	
exact	Exact	Exact		08/12/2016	
george	George	Atohmbem Ysh		04/11/2016

norman	Simon	Caron		08/11/2016	

Img. 1.3.43: *Selected record (blue), hovered records (yellow) - Result Panel*

The result panel displays a list of all users found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow ([Img. 1.3.43](#)). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel ([Img. 1.3.44](#))

Img. 1.3.44: *Page selector- Result Panel*

3. Button Panel

With exception of the **Cancel** button, which re-directs to the [Home Page](#), the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a user has been added, updated or deleted or if there was an error at any time during the process of these actions.

Img. 1.3.45: User Page

- **Language**

Select the user's preferred language from the list by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Last name**

Enter the last name (surname) for the user. Mandatory, 100 characters maximum.

- **Other Names**

Enter other names of the user. Mandatory, 100 characters maximum.

- **Phone Number**

Enter the phone number for the user. 50 characters maximum.

- **Email**

Enter the e-mail address for the user. 50 characters maximum.

- **Login Name**

Enter the Login name for the user. This is an alias used for logging into the application; a minimum of 6 and a maximum of 25 characters should be used for the login. Each Login Name should be unique. Mandatory.

- **Password**

Enter the password for the user. This is used at login to grant access to the application; a minimum of 8 and a maximum of 25 characters should be used for the password. The password should have at least one digit. Mandatory.

- **Confirm Password**

Re-enter the password. The password must be entered twice, to ensure that there was no mistyping in the first entry. Mandatory.

- **Health Facility**

Select the health facility that the user belongs to, if applicable, from the list of health Facilities from the list by clicking on the arrow on the right hand side of the lookup. *Note: The list will only be filled with the Health Facilities belonging to the districts assigned to the currently logged in user.*

- **Roles**

Select from the list of available roles the Roles which the user carries out, by either clicking on the **Check All** box at the top of the list of Roles, or by selectively clicking on the **Check** box to the left of the role. Mandatory (at least one role must be selected). The list of roles contains all roles (user profiles) that are not blocked. Mandatory (at least one role must be selected)

- **Regions**

Select from the list of available regions the region(s) which the user will have access to, by either clicking on the **Check All** box at the top of the list of regions, or by selectively clicking on the **Check** box to the left of a region. Mandatory (at least one region must be selected). The selection can be done indirectly by selecting a district or some districts. The box contains only regions accessible to the user or regions that have been added by the user. Mandatory (at least one region must be selected). The selection can be done indirectly by selecting a district or some districts.

- **Districts**

Select from the list of available districts the district(s) which the user will have access to, by either clicking on the **Check All** box at the top of the list of districts, or by selectively clicking on the **Check** box to the left of the district. Districts are pre-selected based on the selected region(s). The pre-selection can be modified. Mandatory (at least one district must be selected). The selection can be done indirectly by just selecting a region or some regions. The box contains only regions accessible to the user or regions that have been added by the user. Mandatory (at least one region must be selected). The selection can be done indirectly by selecting a district or some districts.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *User Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the user has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data fields will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *User Control Page*.

Adding a User

Click on the Add button to re-direct to the *User Page*.

When the page opens all entry fields are empty. See the *User Page* for information on the data entry and mandatory fields.

Editing a User

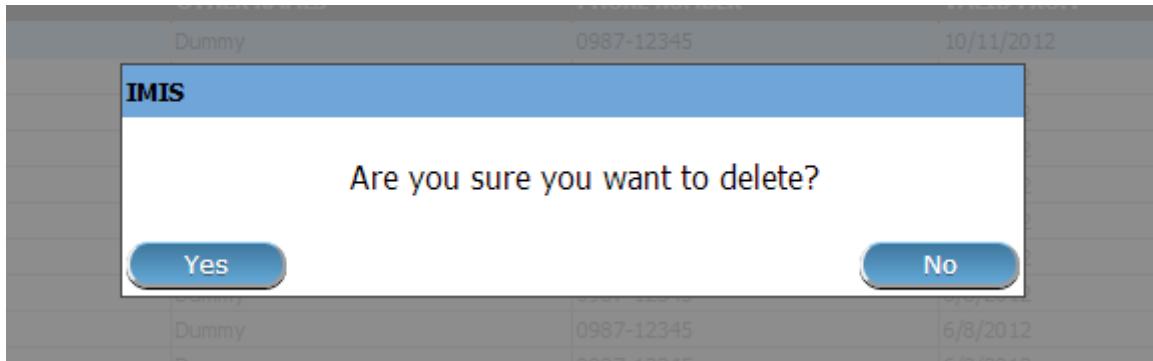

Click on the Edit button to re-direct to the *User Page*

The page will open with the current information loaded into the data entry fields. See the *User Page* for information on the data entry and mandatory fields

Deleting a User

Click on the Delete button to delete the currently selected record

Before deleting a confirmation popup (Img. 1.3.46) is displayed, this requires the user to confirm if the action should really be carried out.

Img. 1.3.46: *Delete confirmation- Button Panel*

When a user is deleted, all records retaining to the deleted user will still be available by selecting historical records.

1.3.8 User roles/profiles administration

IMIS uses the concept of user profiles (roles) that can be associated with users. Some roles are predefined and they are designated as system roles. Their purpose is guarantee compatibility with the previous versions of IMIS.

User roles/profiles administration is restricted to users with the role of openIMIS Administrator.

Navigation

All functionality for use with the administration of user roles can be found under the main menu **Administration**, sub menu **Users Profile**.

Img. 1.3.47: *Image - Navigation User Roles/profiles*

Clicking on the sub menu **Users** re-directs the current user to the *User roles/profiles control page*.

ROLE NAME	SYSTEM	BLOCKED	VALID FROM	VALID TO
Enrolment Officer	True	False	20/02/2019	
Manager	True	False	20/02/2019	
Clerk	True	False	20/02/2019	
Medical Officer (2)	True	False	20/02/2019	
TestClerk	False	False	28/02/2019	
payer	False	False	28/02/2019	

Img. 1.3.48: Image - User roles/profile control page

User roles/profiles control page

The **User roles/profile control page** is the central point for all user roles/profiles administration. By having access to this page, it is possible to add, edit, delete and search users roles/profiles. The page is divided into four panels (*Image User roles/profiles control page*).

Administration of users' profile s(roles) is not included in any system role. It can be accomplished by the Admin user or by users to which such administration is delegated (by defining a role including an access to Administration/User Profiles) by the Admin user.

Pre-conditions

A new user profile may only be added or thereafter edited, after an approval of the management of the scheme administration. It can be accomplished at the beginning only by the Admin user. The Admin user can define a new user profile incorporating also adding, editing or deleting of user profiles and create new users with this profile. In this way, rights to the register of user profiles can be delegated to other users besides the Admin user.

Navigation

All functionality for use with the administration of user profiles can be found under the main menu ADMINISTRATION, sub menu USER FILES

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. The following search options are available which can be used alone or in combination with each other.

- Role Name

When set the search will display the roles with a name that start with the content of the filter , % can be used as a wildcard meaning a search with %er will display all the result containing er in the name

- **System**

The system user profiles match the previous roles for compatibility reasons. When set to *TRUE* the search will display the default roles, when set to *FALSE* the search will display only the custom roles

- **Blocked**

The blocked user profiles are temporarily not acting in the sense that their access rights are not available to users to whom blocked user profiles were assigned. When set to *TRUE* the search will display the roles that were blocked, when set to *FALSE* the search will display only the unblocked roles

- **Historical**

Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records (*User roles results*).

2. Result Panel

The Result Panel displays a list of all roles/profiles found, matching the selected criteria in the Search Panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow (*Image User roles results panel*). The leftmost record contains a hyperlink which if clicked, re-directs the user to the *Change user role/profile Page*. A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel

Img. 1.3.49: *User roles results panel*

- Blue background: Selected record
- Yellow background: hovered records
- Strikethrough: historical records

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (*Image User roles/profile control page*)

3. Button Panel

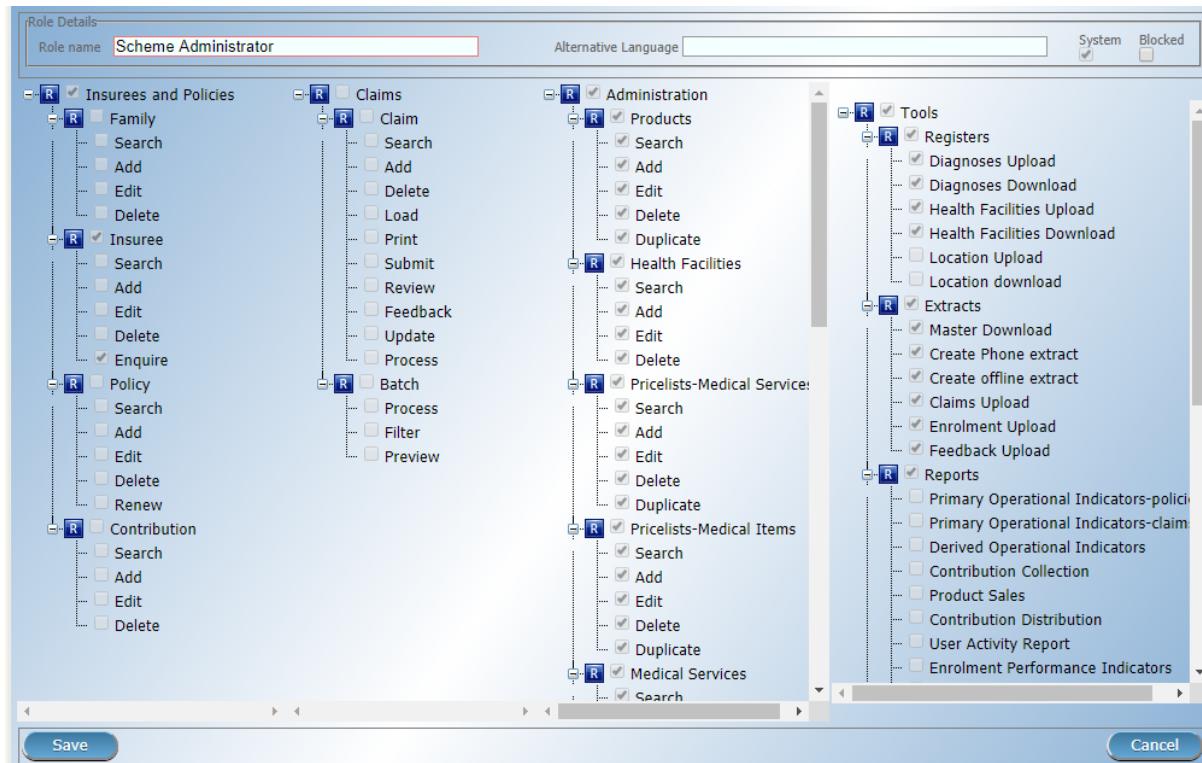

- The **Add** button will *add a new role/profile* (not available if **Historical** was checked)
- The **Edit** button will *edit a role/profile*. not available if **Historical** was checked)
- The **Duplicate** bbutton will *duplicate a role/profile* (not available if **Historical** was checked)
- The **Delete** button will *deleting a role/profile* (not available if **Historical** was checked)

- The **Cancel** button re-directs to the *Home Page*.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a user role/profile has been added, updated or deleted or if there was an error at any time during the process of these actions.

User role/profile Page

Img. 1.3.50: Image - User role/profile page

1. Data Entry - Role details

- **Role Name**

Enter the name of the role/profile, this name will be used as reference in the *User roles/profiels control page* and *Users page*

- **Alternative language**

Translation of the role name for the second language of openIMIS

- **System**

Read-only checkbox indicating whether the user profile is a system one or not.

- **Blocked**

If checked the user profile is blocked

2. Data Entry - Rights details

- **Insurees and Policies**

list of the right available for the *Insurees and Policies* module:

- CRUD rights (Create, read/search, update/edit and Delete):

3. Buttons

- **Save**

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *User Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the user has been saved will appear on the Information Panel.

- **Cancel**

By clicking on the **Cancel** button, the user will be re-directed to the *User roles/profiles control page*.

Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data fields will take the focus (by an asterisk on the right of the corresponding data field).

Adding a User role/profile

Click on the Add button to re-direct to the *User role/profile Page*.

When the page opens all entry fields are empty. See the *User role/profile Page*. for information on the data entry and mandatory fields.

Editing a User role/profile

Click on the Edit button to re-direct to the *User role/profile Page*.

The page will open with the current information loaded into the data entry fields. See the *User role/profile Page*. for information on the data entry and mandatory fields.

Duplicating a User role/profile

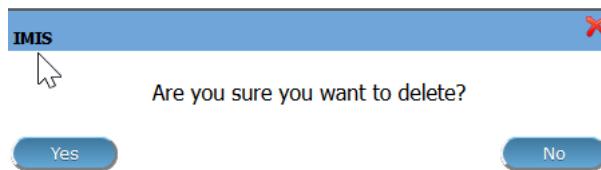

Click on the Duplicate button to re-direct to the *User role/profile Page*.

The page will open with all the current rights for the selected user role/profile, (except for the user role/profile name which should be unique), loaded into the data entry fields. See the *User role/profile Page* for information on the data entry and mandatory fields. To save the record, enter a unique code before clicking on **Save**.

Deleting a User role/profile

Click on the Delete button to delete the currently selected record.

Before deleting a confirmation popup (*Image User roles/profile delete confirmation*) is displayed, this requires the user to confirm if the action should really be carried out.

Img. 1.3.51: User roles/profile delete confirmation

When a user roles/profile is deleted, the rights that it provide are not available to the users having that role/profile.

Default User roles and rights

The table below shows the default roles in openIMIS.

Tab. 1.3.1: Overview of Scheme administrator & district Staff roles

Role	Responsibilities	Available functionality
Enrolment Officer	He/she enrols insurees and submits enrolment forms to a health insurance administration; handles policy modifications; collects feedback from scheme patients and submits to the health insurance administration.	* Capture a photo of an Insuree. * Send a photo * Inquiry on an Insuree * Collect feedback from an Insuree
Village Executive Officer (VEO)	He/she collects feedbacks and collects changes on insurees during insurance periods	* Collect feedback from an Insuree * Inquiry on an Insuree
Manager	Oversees operations of the health insurance scheme; runs openIMIS operational reports analyses data generated from the IMIS.	* Create managerial statistics * Authorize issuance of a substitution * membership card
Accountant	Transfers data on collected Contributions to an external accounting system. Calculates claim amounts per health facility, runs openIMIS operational reports and presents claims decision overview to management of a health insurance administrator. Processes approved claims to health facility sub-accounts.	* Transfer of data on Contributions to accounting system * Valuation of a claim * Transfer of a batch of claims for payment

Continued on next page

Tab. 1.3.1 – continued from previous page

Role	Responsibilities	Available functionality
Clerk	Enters and modifies data on families, insurees, policies and contributions. Enters data on claims if the claims are submitted in a paper form.	<ul style="list-style-type: none"> * <i>Creation/ Search/ Modification/ Deletion/ Modification of a household/group, an Insuree, a Policy or a Contribution.</i> * <i>Renewal of a policy</i> * <i>Entry of a claim</i>
Medical Officer	Provides technical advice on claims verification from a medical standpoint.	<ul style="list-style-type: none"> * Checking of a claim for plausibility * <i>Review of a claim</i> * <i>Authorize a claim for payment</i>
Scheme Administrator	Administers registers (all except the register of users)	<ul style="list-style-type: none"> * <i>Administer registers (Officers, Payers, Health Facilities, , Medical Services, Medical Items, Medical Item Price Lists, Medical Services Price List, Products)</i> * <i>Extract Creation for Off-line Health Facilities</i>
openIMIS Administrator	Administers operations of the IMIS. Is responsible for backups of data.	<ul style="list-style-type: none"> * Administer the register of users, Utilities * <i>Manage Backup, Restore and Updates</i> * <i>Extract Creation for Off-line Health Facilities</i>

Tab. 1.3.2: Overview of Health Facilities staff roles

Role	Responsibilities	Available functionality
Receptionist	Verifies membership and issues to a patient a claim form.	* Inquiring on a Household/group, <i>Insuree</i> and <i>Policy</i>
Claim Administrator	Pools claim forms of a health facility, enters and submits claims.	* Opening of a batch of claims * Entry of a claim
HF Administrator	Off-line HealthFacility administration	* <i>Off-line extract upload</i>
Offline HF Administrator	Off-line HealthFacility administration	* Creation of clerk * Creation of offline Extract

1.3.9 Enrolment Officers Administration

Enrolment Officers administration is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Enrolment Officers.

Pre-conditions

An enrolment officer may only be added after the approval of the management of the scheme administration with engaging of a new enrolment officer. Editing may be done on all fields; however, approval of the management of the scheme administration is usually required for a substitution of an enrolment officer. Deletion will normally occur when an enrolment officer leaves his post within the scheme administration. Entry of an enrolment officer in the register of enrolment officers doesn't mean that the enrolment officer can login to IMIS. He/she has to be entered also in the register of users. It is facilitated by the ability to create the entry of an enrolment officer into the register of enrolment officers and the register of users simultaneously.

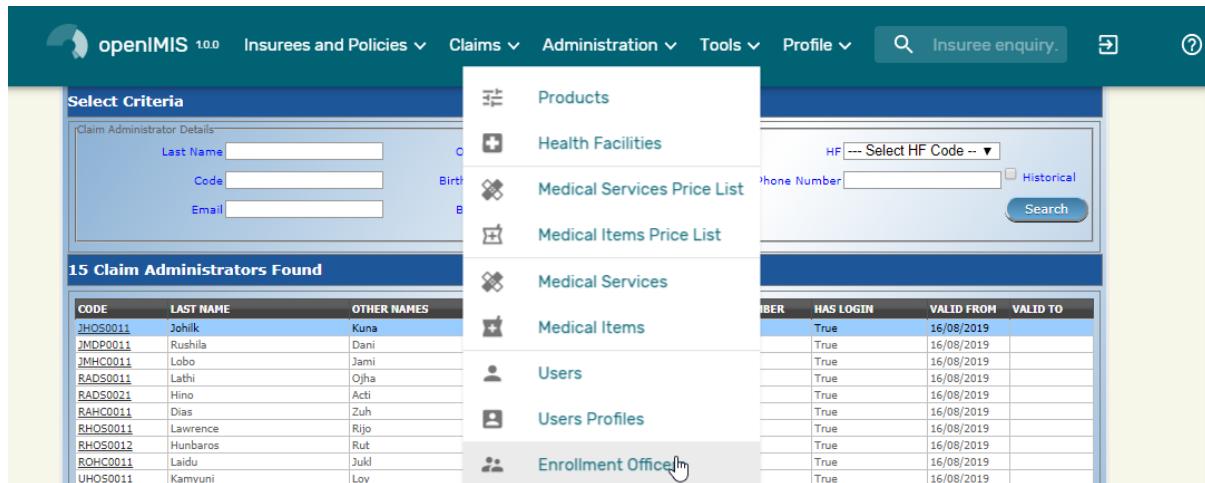

Navigation

All functionality for use with the administration of enrolment officers can be found under the main menu **Administration**, sub menu **Enrolment Officers**.

Clicking on the sub menu **Enrolment Officers** re-directs the current user to the *Enrolment Officers Control Page*.

Enrolment Officers Control Page

The Enrolment Officers Control Page is the central point for all Enrolment Officer administration. By having access to this page, it is possible to add, edit, delete and search. The page is divided into four panels (Img. 1.3.53).

Img. 1.3.52: Navigation Enrolment Officers

This screenshot shows the 'Enrolment Officers Control Page'. At the top, there's a 'Select Criteria' section with fields for 'Last Name', 'Code', 'Email', 'Other Names', 'Birth Date From', 'Birth Date To', 'Region' (set to 'Select Region'), 'District' (set to 'Historical'), and a 'Phone Number' search button. Below this, a table titled '9 Enrolment Officers Found' lists nine entries with columns for 'CODE', 'LAST NAME', 'OTHER NAMES', 'BIRTH DATE', 'PHONE NUMBER', 'REGION', 'DISTRICT', 'VALID FROM', and 'VALID TO'. The first entry in the table is highlighted with a red letter 'A'. A second table below shows more details for this entry, including columns for 'agent', 'agent', 'agent', '13/06/1984', '+420602404655', 'TestRegion', 'TestDistrict1', '09/05/2017', and an empty column. A red letter 'B' is placed next to the second row of this table. At the bottom, there are four buttons: 'Add' (red letter 'C'), 'Edit', 'Delete', and 'Cancel'.

Img. 1.3.53: Enrolment Officers Control Page

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of officers the following search options are available which can be used alone or in combination with each other.

- **Last Name**

Type in the beginning of; or the full **Last name**; to search for officers with a **Last name**, that starts with or matches completely, the typed text.

- **Code**

Type in the beginning of; or the full **Code** to search for officers with a **Code**, that starts with or matches completely, the typed text.

- **Other Names**

Type in the beginning of; or the full **Other Names** to search for officers with **other names**, that starts with or matches completely, the typed text.

- **Birth Date From**

Type in a date; or use the Date Selector Button, to enter the **Birth Date From** to search for officers having the same or later birth date. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Birth Date To**

Type in a date; or use the Date Selector Button, to enter the **Birth Date To** to search for officers having the same or earlier birth date. *Note: To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Date Selector button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector (**Tab. 1**); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- At anytime during the use of the pop-up, the user can see the date of *today*.
- Clicking on *today* will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select enrolment officers acting in a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user.*

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select enrolment officers acting in a specific district. *Note: The list will be only filled with the districts belonging to the selected region and assigned to the current logged in user.*

- **Phone Number**

Type in the beginning of; or the full **Phone Number** to search for enrolment officers with a Phone Number, that starts with or matches completely, the typed number.

- **Email**

Type in the beginning of; or the full **Email** to search for enrolment officers with the Email, which starts with or matches completely, the typed text.

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records ([Img. 1.3.54](#)).

CODE	LAST NAME	OTHER NAMES	BIRTH DATE	PHONE NUMBER	REGION	DISTRICT	VALID FROM	VALID TO
agent	agent	agent			Maritime	Préfecture du Golfe	05/06/2017

Img. 1.3.55: *Image 63 - Selected record (blue), hovered records (yellow) - Result Panel*

The result panel displays a list of all officers found, matching the selected Criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow ([Img. 1.3.55](#)). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.3.56)

Img. 1.3.56: *Page selector- Result Panel*

3. Button Panel

With exception of the **Cancel** button, which re-directs to the *Home Page*, the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once an officer has been added, updated or deleted or if there was an error at any time during the process of these actions.

Enrolment Officer Page

1. Data Entry

Img. 1.3.57: *Image - Enrolment Officer Page*

Enrolment Officers Details

- Code

Enter the code for the enrolment officer. Mandatory, 8 characters maximum.

- **Last Name**

Enter the last name (surname) for the enrolment officer. Mandatory, 100 characters maximum.

- **Other Names**

Enter other names of the enrolment officer. Mandatory, 100 characters maximum.

- **Date of Birth**

Enter the date of birth for the enrolment officer. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Phone Number**

Enter the phone number for the enrolment officer. 50 characters maximum.

- **Email**

Enter the e-mail address for the enrolment officer. 50 characters maximum.

- **Permanent Address Details**

Enter details of the place of living of the enrolment officer.

- **Region**

Select from the list of available regions the region to a district in which the enrolment officer will act. Mandatory

- **District**

Select from the list of available districts the district in which the enrolment officer will act. *Note: The list will be only filled with the districts belonging to the selected region.* Mandatory

- **Substitution**

Select from the list of available enrolment officers the enrolment officer which will substitute the current enrolment officer. Substitution means that all prompts to renewals/feedback will be directed to the substituting enrolment officer. *Note: The list contains enrolment officers who already exist in the system and who have at least one location common with the enrolment officer to be substituted.*

- **Works To**

Enter the date which the substituted enrolment officer will work up to. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Communicate**

Check the box **Communicate** if the enrolment officer should receive SMS messages alerting him/her about a need of renewing policies of families/groups he/she is assigned to.

- **Municipalities**

Select from the list of available municipalities the municipality(s) which the enrolment officer is acting in, by either clicking on the **Check All** box at the top of the list of municipalities, or by selectively clicking on the **Check** box to the left of the municipality. Mandatory (at least one municipality must be selected).

- **Villages**

Select from the list of available villages the village(s) which the enrolment officer is acting in, by either clicking on the **Check All** box at the top of the list of villages, or by selectively clicking on the **Check** box to the left of the village. Villages are pre-selected based on the selected municipality. The pre-selection can be modified. Mandatory (at least one village must be selected).

- **village Officer Details**

- **Code**

Enter the code for the Village Executive officer. 25 characters maximum.

- **Last name**

Enter the last name (surname) for the Village Executive officer. 100 characters maximum.

- **Other Names**

Enter other names of the Village Executive officer. 100 characters maximum.

- **Phone Number**

Enter the phone number for the Village Executive officer. 25 characters maximum.

- **Email**

Enter the e-mail address for the Village Executive officer. 50 characters maximum.

- **Date of Birth**

Enter the date of birth for the Village Executive officer. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Include Login**

Enable the enrolment officer to use openIMIS web by creating web credentials (enrolment officers primary interface is the enrolment application running on android device that doesn't require openIMIS user), the change must be saved to be taken into account.

Img. 1.3.58: Image - Enrolment Officer Login

Once the login is created, it will be visible in the *User Control Page*

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Enrolment Officers Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the officer has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Enrolment Officers Control Page*.

Adding an Enrolment Officer

Click on the **Add** button to re-direct to the *Enrolment Officer Page*.

When the page opens all entry fields are empty. See the *Enrolment Officer Page* for information on the data entry and mandatory fields

Editing an Enrolment Officer

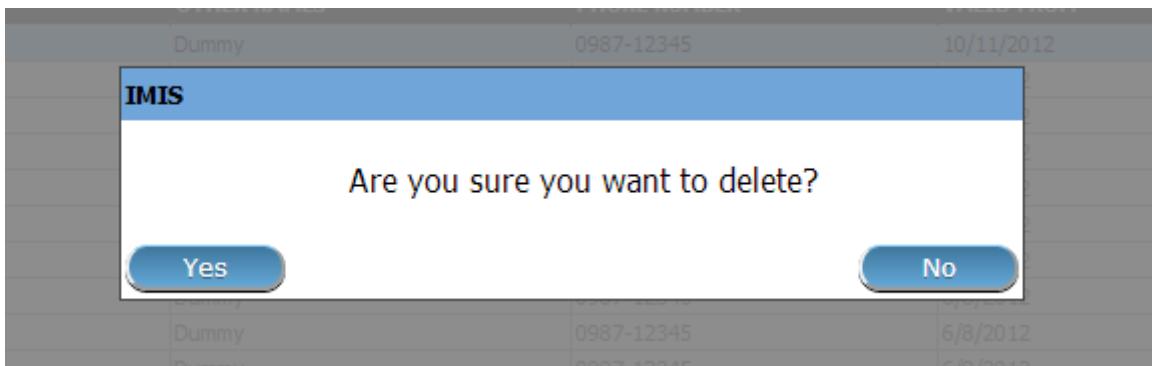

Click on the **Edit** button to re-direct to the *Enrolment Officer Page*.

The page will open with the current information loaded into the data entry fields. See the *Enrolment Officer Page* for information on the data entry and mandatory fields.

Deleting an Enrolment Officer

Click on the **Delete** button to delete the currently selected record.

Before deleting a confirmation popup ([Img. 1.3.59](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.59: *Delete confirmation- Button Panel*

When an officer is deleted, all records retaining to the deleted officer will still be available by selecting historical records.

1.3.10 Claim Administrators Administration

The register contains employees of contractual health facilities responsible for preparation and/or submission of claims. Administration of the register of claim administrators is restricted to users with the system role of Scheme Administrator or with a role including an access to Administration/Claim Administrators.

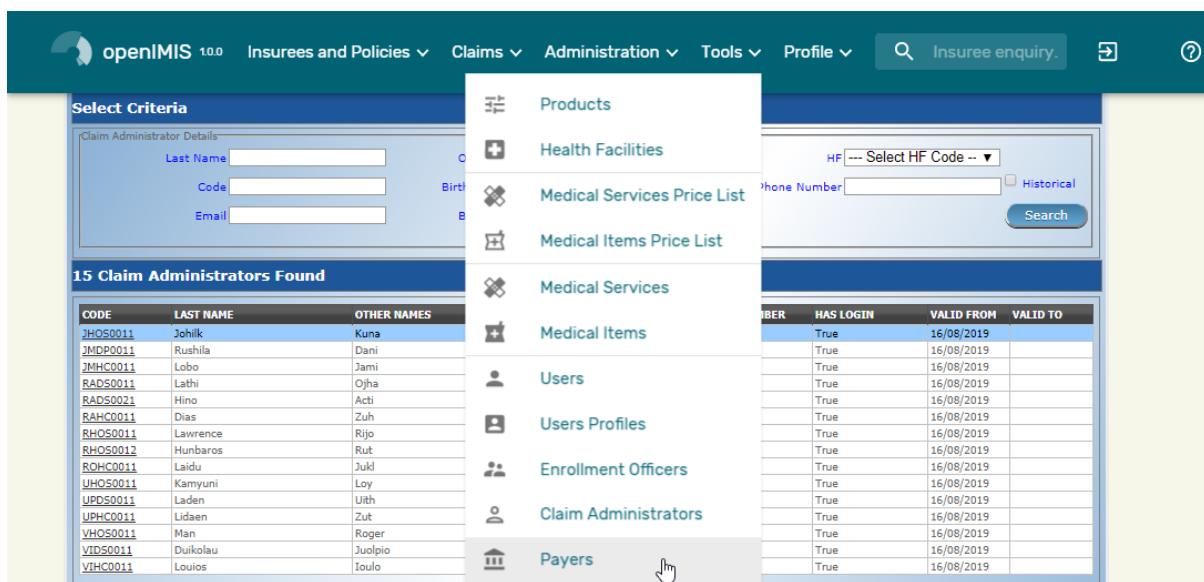

Pre-conditions

A claim administrator may be added after the agreement of a contractual health facility and the management of the scheme administration. Entry of a claim administrator in the register of claim administrators doesn't mean that the claim administrator can login to IMIS. He/she has to be entered also in the register of users. It is facilitated by the ability to create the entry of a claim administrator into the register of claim administrators and the register of users simultaneously.

Navigation

All functionality for use with the administration of claim administrators can be found under the main menu **Administration**, submenu **Claim Administrators**.

Clicking on the sub menu **Claim Administrators** re-directs the current user to the *Claim Administrators Control Page*.

Img. 1.3.60: Navigation Claim Administrators

This screenshot shows the 'Claim Administrators' control page. At the top, there is a 'Select Criteria' section with fields for Last Name, Other Names, HF Code (a dropdown menu), Code, Birth Date From, Birth Date To, Phone Number, and a 'Historical' checkbox. Below this is a table titled '13 Claim Administrators Found' with columns for CODE, LAST NAME, OTHER NAMES, HF CODE, BIRTH DATE, PHONE NUMBER, VALID FROM, and VALID TO. The table lists 13 entries, each with a unique code and name. At the bottom of the page are four buttons: 'Add' (with a red letter C), 'Edit', 'Delete', and 'Cancel'. A red letter D is placed at the bottom left of the page.

Img. 1.3.61: Claim Administrators Control Page

Claim Administrators Control Page

The **Claim Administrators Control Page** is the central point for the administration of all claim administrators. By having access to this panel, it is possible to add, edit, delete and search claim administrators. The panel is divided into four panels ([Img. 1.3.61](#)).

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of claim administrators the following search options are available which can be used alone or in combination with each other.

- **Last Name**

Type in the beginning of; or the full **Last name**; to search for claim administrator with a **Last name**, which starts with or matches completely, the typed text.

- **Code**

Type in the beginning of; or the full **Code** to search for claim administrator with a **Code**, which starts with or matches completely, the typed text.

- **Other Names**

Type in the beginning of; or the full **Other Names** to search for claim administrator with **Other Names** which starts with or matches completely, the typed text.

- **Birth Date From**

Type in a date; or use the Date Selector Button, to enter the **Birth Date From** to search for claim administrators having the same or later birth date. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

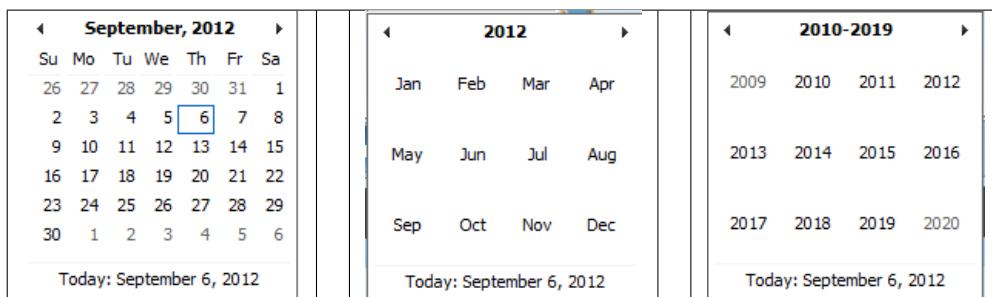

- **Birth Date To**

Type in a date; or use the Date Selector Button, to enter the **Birth Date To** to search for claim administrators having the same or earlier birth date. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Date Selector Button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector ([Tab. 1](#)); by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- At any time during the use of the pop-up, the user can see the date of *today*.
- Clicking on *today* will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

- HF Code

Select HF Code (a health facility code); from the list of health facility codes by clicking on the arrow on the right of the selector to select claim administrators from a specific health facility. *Note: The list will only be filled with the health facilities from districts which are assigned to the current logged in user.*

- Phone Number

Type in the beginning of; or the full Phone Number to search for claim administrators with a Phone Number, which starts with or matches completely, the typed number.

- Email

Type in the beginning of; or the full email to search for claim administrators with an e-mail, which starts with or matches completely, the typed text.

- Historical

Click on Historical to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records (*Image Insuree Enquiry Results*).

Img. 1.3.62: Historical records - Result Panel

- Search Button

Once the criteria have been entered, use the search button to filter the records, the results will appear in the Result Panel.

2. Result Panel

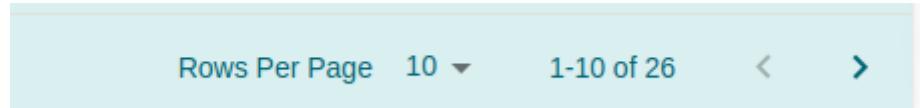

The Result Panel displays a list of all claim administrators found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow (Img. 1.3.63). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.3.64)

3. Button Panel

CODE	LAST NAME	OTHER NAMES	BIRTH DATE	PHONE NUMBER	DISTRICT	VALID FROM	VALID TO

Img. 1.3.63: Selected record (blue), hovered records (yellow) - Result Panel

Img. 1.3.64: Page selector- Result Panel

With exception of the **Cancel** button, which re-directs to the *Home Page*, the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once an officer has been added, updated or deleted or if there was an error at any time during the process of these actions.

Claim Administrator Page

1. Data Entry

Img. 1.3.65: Claim Administrator Page

claim administrator details

- **Code**

Enter the code for the claim administrator. Mandatory, 8 characters maximum.

- **Last name**

Enter the last name (surname) for the claim administrator. Mandatory, 100 characters maximum.

- **Other Names**

Enter other names of the claim administrator. Mandatory, 100 characters maximum.

- **Date of Birth**

Enter the date of birth for the claim administrator. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Phone Number**

Enter the phone number for the claim administrator. 50 characters maximum.

- **Email**

Enter the e-mail for the claim administrator. 50 characters maximum.

- **HF Code**

Select from the list of available health facilities the health facility which the claim administrator will have access to and will act for. Mandatory.

- **Include Login**

Enable the claim administrator to use openIMIS web by creating web credentials (claim administrators primary interface is the claim application running on android device that doesn't require openIMIS user), the change must be saved to be taken into account.

Img. 1.3.66: Image - Claim Administrator Login

Once the login is created, it will be visible in the *User Control Page*

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Claim Administrators Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the claim administrator has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right side of the corresponding field).

4. Cancel

By clicking on the Cancel button, the user will be re-directed to the *Claim Administrators Control Page*.

Adding a Claim Administrator

Click on the **Add** button to re-direct to the *Claim Administrator Page*.

When the page opens all entry fields are empty. See the *Claim Administrator Page* for information on the data entry and mandatory fields

Editing a Claim Administrator

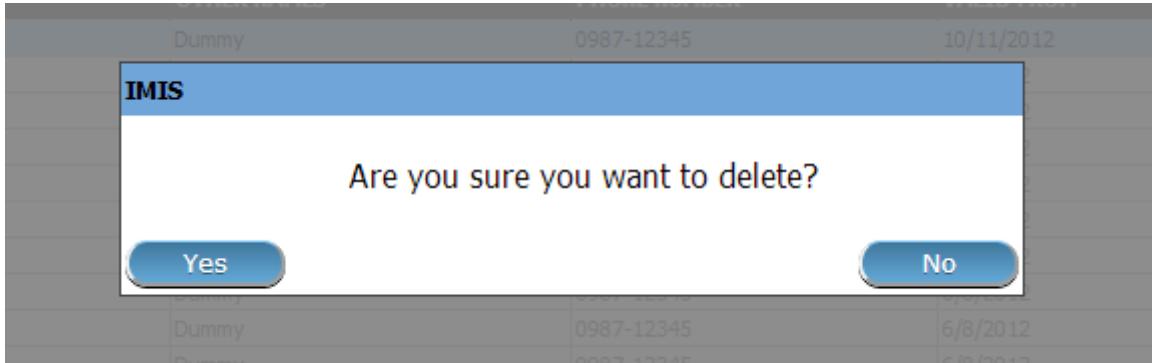

Click on the **Edit** button to re-direct to the *Claim Administrator Page*..

The page will open with the current information loaded into the data entry fields. See the *Claim Administrator Page* for information on the data entry and mandatory fields

Deleting a Claim Administrator

Click on the **Delete** button to delete the currently selected record

Before deleting a confirmation popup ([Img. 1.3.67](#)) is displayed, which requires the user to confirm if the action should really be carried out.

Img. 1.3.67: Delete confirmation- Button Panel

When a claim administrator is deleted, all records retaining to the deleted claim administrator will still be available by selecting historical records.

1.3.11 Payers Administration

The register of payers contains all institutional payers that can pay contributions on behalf of policy holders (e.g. private organizations, local authorities, cooperatives etc.). Payer administration is restricted to users with the role of Scheme Administrator.

Pre-conditions

A payer may only be added or thereafter edited or deleted, after the approval of the management of the scheme administration.

Navigation

All functionality for use with the administration of payers can be found under the main menu **Administration**, sub menu **Payers**.

Clicking on the sub menu **Payers** re-directs the current user to the *Payer Control Page*.

Payer Control Page

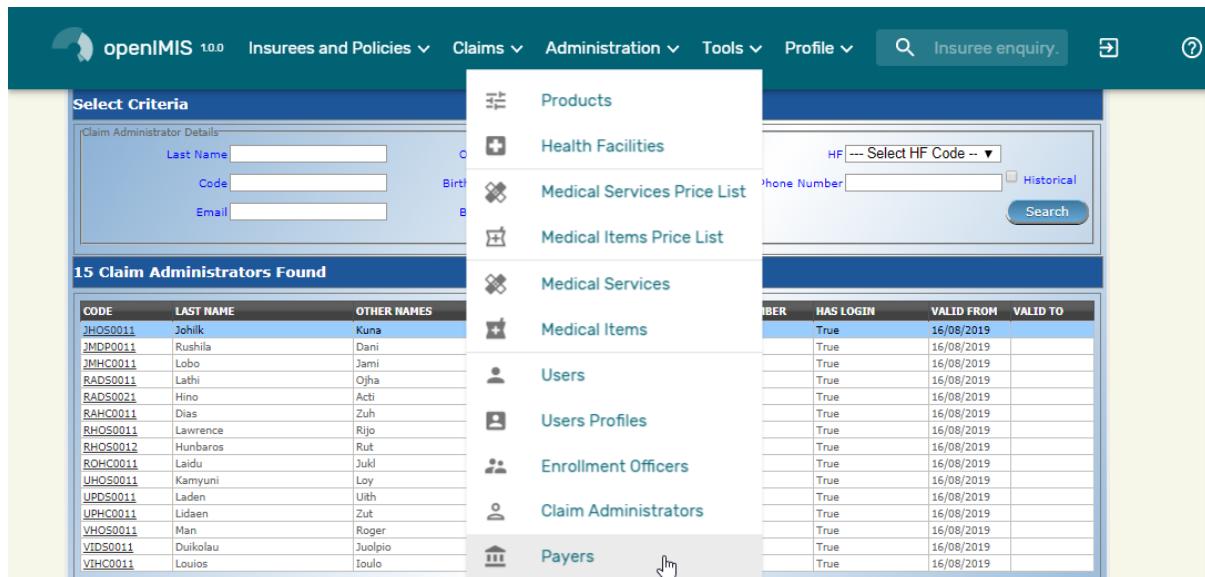

The Payer control Page is the central point for all payer administration. By having access to this page, it is possible to add, edit, delete and search (institutional) payers. The page is divided into four panels ([Img. 1.3.69](#)).

1. Search Panel

The search panel allows a user to select specific criteria to minimise the search results. In the case of payers the following search options are available which can be used alone or in combination with each other.

- Name

Type in the beginning of; or the full **name**; to search for payers with a **name**, that starts with or matches completely, the typed text.

Img. 1.3.68: Navigation Payers

This screenshot shows the 'Payers Control Page'. At the top, there is a search form labeled 'Select Criteria' with sections for 'Payer Details' and 'Address Details'. The 'Payer Details' section includes fields for Name, Region (dropdown), District (dropdown), Email, Type (dropdown), Phone Number (dropdown), and a 'Historical' checkbox. A 'Search' button is located at the bottom right of the search form. Below the search form, a blue header bar indicates '3 Payers Found'. A table below this header lists three entries: 'PORALG' (Type G, Address Dodoma, str. Liberty, Region National, Phone +312456345, Valid From 08/05/2017), 'Provincial office Region' (Type L, Address Dodoma, street Victory, Region National, Phone +2345516666, Valid From 08/05/2017), and 'District office Dodoma' (Type L, Address Dodoma, str. Station, Region Region, Phone +324456789, Valid From 08/05/2017). At the bottom of the page, there are four buttons: 'Add' (labeled 'C'), 'Edit', 'Delete', and 'Cancel'.

Img. 1.3.69: Payers Control Page

- **Email**

Type in the beginning of; or the full **Email** to search for payers with an **Email**, that starts with or matches completely, the typed text.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select payers from a specific region. The option **National** means that the payer is common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National. All nationwide payers and all regional payers relating to the selected region will be found. If no district is selected then also all district payers for districts belonging to the selected region will be found.*

- **District**

Select the **district**; from the list of districts by clicking on the arrow on the right of the selector to select payers from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the currently logged in user. If this is only one then the district will be automatically selected*

- **Phone Number**

Type in the beginning of; or the full **Phone Number** to search for payers with a **Phone Number**, that starts with or matches completely, the typed number.

- **Type**

Select the **Type**; from the list of types of payers by clicking on the arrow on the right of the selector to select payers of specific type.

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records ([Img. 1.3.70](#)).

NAME	TYPE	ADDRESS DETAILS	REGION	DISTRICT	PHONE NUMBER	VALID FROM	VALID TO
PORALG	G	Dodoma, str. Liberty	National		+312456345	08/05/2017	
Provincial office Region	L	Dodoma, street Victory	National		+2345516666	08/05/2017	
Provincial office Region	L	Dodoma, str. Victory	Region	-	+2345516666	08/05/2017	08/05/2017
District office Dodoma	L	Dodoma, str. Station	Region	Dodoma	+324456789	08/05/2017	

Img. 1.3.70: *Historical records - Result Panel*

- **Search Button**

Once the criteria have been entered, use the search button to filter the records, the results will appear in the result panel.

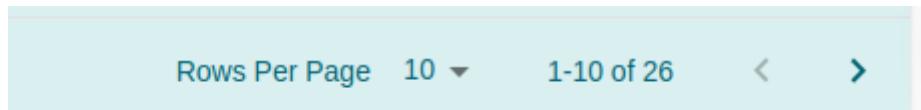

2. Result Panel

NAME	TYPE	ADDRESS DETAILS	REGION	DISTRICT	PHONE NUMBER	VALID FROM	VALID TO
PORALG	G	Dodoma, str. Liberty	National		+312456345	08/05/2017	
Provincial office Region	L	Dodoma, street Victory	National		+2345516666	08/05/2017	
District office Dodoma	L	Dodoma, str. Station	Region	Dodoma	+324456789	08/05/2017	

Img. 1.3.71: *Selected record (blue), hovered records (yellow) - Result Panel*

The result panel displays a list of all payers found, matching the selected criteria in the search panel. The currently selected record is highlighted with light blue, while hovering over records changes the highlight to yellow ([Img. 1.3.71](#)). The leftmost record contains a hyperlink which if clicked, re-directs the user to the actual record for detailed viewing if it is a historical record or editing if it is the current record.

A maximum of 15 records are displayed at one time, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel (Img. 1.3.72).

Img. 1.3.72: *Page selector- Result Panel*

3. Button Panel

With exception of the **Cancel** button, which re-directs to the *Home Page*, the button panel (the buttons **Edit** and **Delete**) is used in conjunction with the current selected record (highlighted with blue). The user should first select a record by clicking on any position of the record except the leftmost hyperlink, and then click on the button.

4. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a payer has been added, updated or deleted or if there was an error at any time during the process of these actions.

Payer Page

1. Data Entry

Payer Details	
Type	Government
Name	PORALG
Address	Dodoma, str. Liberty
Region	National
District	
Phone Number	+312456345
Fax	+3123679999
Email	
<input type="button" value="Save"/> <input type="button" value="Cancel"/>	

Img. 1.3.73: *Payer Page*

- **Type**

Select the type of the payer from the list by clicking on the arrow on the right hand side of the lookup. Mandatory.

- **Name**

Enter the name for the payer. Mandatory, 100 characters maximum.

- **Address**

Enter address of the payer. Mandatory, 100 characters maximum.

- **Phone Number**

Enter the phone number for the payer. 50 characters maximum.

- **Fax**

Enter the fax number for the payer. 50 characters maximum.

- **Email**

Enter the email for the payer. 50 characters maximum.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to enter the region to which the payer belongs. The region **National** means that the payer is common for all regions. *Note: The list will only be filled with the regions assigned to the current logged in user and with the option National.* Mandatory.

- **District**

Select the **district** to which the payer belongs, from the list by clicking on the arrow on the right hand side of the lookup. *Note: The list will only be filled with the districts assigned to the selected region and currently logged in user. If this is only one then the district will be automatically selected.* It is not mandatory to enter a district. Not selecting a district will mean the payer operates in all districts of the region or nationwide if the region National is selected.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Payer Control Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the payer has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right of the corresponding data field).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Payer Control Page*.

Adding a Payer

Click on the **Add** button to re-direct to the *Payer Page*.

When the page opens all entry fields are empty. See the *Payer Page* for information on the data entry and mandatory fields.

Editing a Payer

Click on the **Edit** button to re-direct to the *Payer Page*.

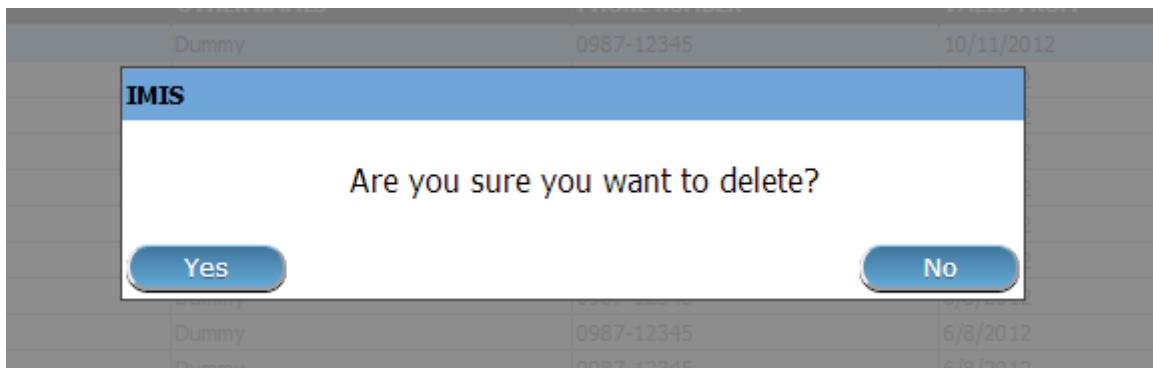

The page will open with the current information loaded into the data entry fields. See the *Payer Page* for information on the data entry and mandatory fields.

Deleting a Payer

Click on the **Delete** button to delete the currently selected record.

Before deleting a confirmation popup ([Img. 1.3.74](#)) is displayed, which requires the user to confirm if the action should really be carried out?

When a payer is deleted, all records retaining to the deleted payer will still be available by selecting historical records.

Img. 1.3.74: Delete confirmation- Button Panel

1.3.12 Locations Administration

Administration of locations is restricted to users with the system role of IMIS Administrator or with a role including an access to Administration/Locations. The user can see only locations he/she has access to.

Pre-conditions

A region, district, municipality or village may only be added or thereafter edited, after the approval of the management of the scheme administration.

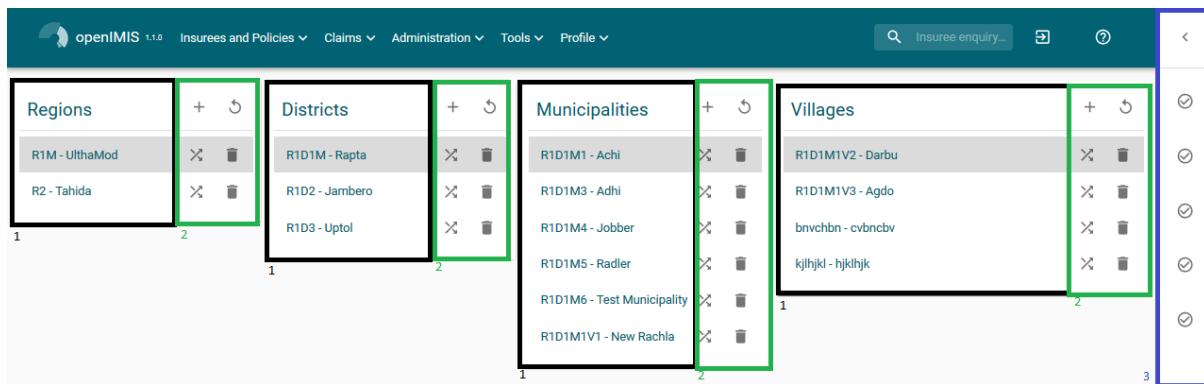

Navigation

All functionality for use with the administration of locations can be found under the main menu **Administration**, sub menu **Locations**.

The screenshot shows the openIMIS 10.0 interface. The top navigation bar includes links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', 'Profile', and 'Insuree enquiry'. A search bar and a help icon are also present. On the left, there's a 'Select Criteria' section for claim administrators. The main content area displays a table titled '15 Claim Administrators Found' with columns for CODE, LAST NAME, OTHER NAMES, and other details. To the right of the table is a sidebar with various administrative links: Products, Health Facilities, Medical Services Price List, Medical Items Price List, Medical Services, Medical Items, Users, Users Profiles, Enrollment Officers, Claim Administrators, Payers, and Locations. The 'Locations' link is highlighted.

Img. 1.3.75: Navigation Locations

Clicking on the sub menu **Locations** re-directs the current user to the [Locations Page](#).

Img. 1.3.76: *Locations Page*

Locations Page

The Locations page is the central point for all locations administration. By having access to this page, it is possible to add, edit, delete and move regions, districts, municipalities and villages. The page is divided into three panels (Img. 1.3.76). *Note. Only regions and districts with associated municipalities and villages, belonging to the logged in user will be available to edit or delete. On adding a new region or district, the user will automatically become associated with this region or district.*

1. Locations Panel

This is the working panel and is divided into four vertical panels of **Regions**, **Districts**, **Municipalities** and **Villages**.

2. Button Panel

It has three buttons, **Add** (Img. 1.2.7), **Delete** (Img. 1.3.79) and **Move** (Img. 1.3.77) for actions on the locations, double click on a location will open the edit modal box.

Tab. 1.3.3: Material design button

Img. 1.3.77: 'Move'	Img. 1.3.78: <i>Refresh</i>	Img. 1.3.79: <i>Delete</i>

3. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a region, district or municipality or village has been added, updated, moved or deleted or if there was an error at any time during the process of these actions.

Adding a Region, District, Municipality, Village

Focusing on the appropriate level of locations by clicking on the **Add** button will open up a modal entry box. Here one could enter the new code (**Code**) and name (**Name**) of a region, district, municipality or village. For villages, the number of male inhabitants (**M**), female inhabitants (**F**), inhabitants with the unspecified gender (**O**) and the number of families (**Fam.**) can be specified. On clicking the **Save** button the new record will be saved.

Editing a Region, District, Municipality, Village

Selecting the location to edit and clicking on the **Edit** button will open up in the top of the screen an entry box with the name of the location. Here one could change the name. On clicking the **Save** button, the record will be saved.

Deleting a Region, District, Municipality, Village

Select first the location to delete and click the **Delete** button. *Note. It is not possible to delete a region, district or municipality with associated districts, municipalities or villages respectively.*

Before deleting a confirmation popup ([Img. 1.3.80](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.3.80: *Delete confirmation – Location Page*

When a region, district, municipality or village is deleted, all records retaining to the deleted region, district, municipality or village will still be available by selecting historical records.

Moving a District, Municipality, Village

Moving of a location is needed when the administrative division of the territory, on which a health insurance scheme is active, changes. Clicking on the **Move** button will open the move location box ([Img. 1.3.81](#)).

1. Move Location box

The move location box is composed of three sections, the first display the name of the location to be moved. The second display the name of the current parent when the third enable the selection of the future parents.

For moving a location, select the new parents (village, municipality, district), the fields will appear when needed, for example the municipality drop-down list will be displayed only if the district is selected. The level of the location can be changed by choosing the lower (resp. higher) parent having a different level from the current parent; be aware that the lowest location is the village, therefore if a municipality is moved to village level then the villages under the moved municipality will remain villages but will be moved under the municipality chosen the new parent of the to-be moved municipality.

The Move will be effective once the **Move** button is clicked.

1.3.13 Policyholder User

The policyholder user enable to link user to policy holders, in addition to the policyholder portal right that enable to have user having access to only some policyholder

Move R1D1M1 - Achi Municipality

Current parent
R1D1M - Rapta

New parent:

Region
R1M - UlthaMod

District
R1D1M - Rapta

a creation popup will be displayed

1.4 Group/family, Insurees and Policies

In openIMIS the policies are assigned to group only, if a policy need to be assigned to an individual then a group of one must be created.

Because of this approach, the *Family Overview Page* is the starting point to manage, insuree (add, edit), policies(add, edit, renew ...) and contribution

1.4.1 Insuree Enquiry

This functionality is available to all system roles or with a role including an access to Insurees and Families/Insuree/Enquiry. The function Insuree Enquiry can be accessed at any time, after login. On the top right hand of the main menu, there is a search feature, allowing the user to enter an Insurance Number for a “quick enquiry”.

Img. 1.4.1: *Insuree Enquiry Field*

By typing in a valid insurance number and pressing the enter key or clicking on the green search button, a pop-up will appear (Img. 1.4.1), providing a photo of the insuree and information about the current policy or policies covering of the insuree.

The Information includes the following:

- The photo of the insuree
- The name, date of birth and gender of the insuree
- The (insurance) product code, product name and expiry date of a policy
- The status (I for Idle, A for Active, S for Suspended and E for Expired) of the policy at the time of inquiring
- The deductible amount remaining for the insuree to pay before the policy is claimable, for hospitals and non-hospitals
- The ceiling amount claimable by a health facility on behalf of the insuree for both hospitals and non-hospitals.
- Age of the insuree
- First Service Point (FSP) of the insuree
 - Region of FSP
 - District of FSP
 - Level of FSP

Img. 1.4.4: Find Families

The Find Family Page is the first step in the process of finding of a family and thereafter accessing the *Family Overview Page* of insurees, policies and contributions. This initial page can be used to search for specific families or groups based on specific criteria. The page is divided into two panels ([Img. 1.4.4](#)):

1. Search Criteria Panel

The search panel allows a user to select specific criteria to minimise the search results. The following search options are available which can be used alone or in combination with each other.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select families/groups from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select families/groups from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **Municipality**

Select the **Municipality**; from the list of municipalities by clicking on the arrow on the right of the selector to select families/groups from a specific municipality. *Note: The list will only be filled with the municipalities in the selected district above.*

Select the **Village**; from the list of villages by clicking on the arrow on the right of the selector to select families/groups from a specific village. *Note: The list will only be filled with the villages in the selected municipality above.*

- **Head (/Member) Insuree Insurance Number**

Type in the beginning of; or the full **Insurance Number** to search for families/groups, who's family/group head (/member) **Insurance Number**, starts with or matches completely, the typed text.

- **Head/Member Insuree Last Name**

Type in the beginning of; or the full **Last name**; to search for families/groups, who's family/group head (/member) **Last name**, starts with or matches completely, the typed text.

- **Head/Member Insuree Other Names**

Type in the beginning of; or the full **Other Names** to search for families/groups, who's family/group head(/member) **Other Names** starts with or matches completely, the typed text.

- **Head/Member Insuree Gender**

Select the **Gender**; from the list of gender by clicking on the arrow on the right of the selector, to select families/groups, who's family/group head(/member) is of the specific gender.

- **Head/Member Phone Number**

Type in the beginning of; or the full **Phone Number** to search for families/groups, who's family/group head(/member) **Phone Number**, starts with or matches completely, the typed number.

- **Head/Member Email**

Type in the beginning of; or the full Email to search for families/groups, who's family/group head(/member) Email, starts with or matches completely, the typed number.

- **Head/Member Birth Date From**

Type in a date; or use the Date Selector Button, to enter the Birth Date From to search for families/groups, who's family/group head(/member), has the same or later birth date than Birth Date From. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Head/Member Birth Date To**

Type in a date; or use the Date Selector Button, to enter the Birth Date To to search for families/groups, who's family/group head(/member), has the same or earlier birth date than Birth Date To. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Poverty Status**

Select the Poverty Status; from the list of has poverty status by clicking on the arrow on the right of the selector, to select families/groups that have a specific poverty status.

- **Confirmation No.**

Type in the beginning of; or the full Confirmation No. to search for families/groups, who's Confirmation No. starts with or matches completely the typed text.

- **Historical**

Click on Historical to see historical records matching the selected criteria. Historical records are greyed to clearly define them from current records and no delete action is possible (Img. 1.4.5).

Head Ins. No.	Head Last Name	Head Given Name	Head Email	Head Phone	Head Birth Date	Region	District	Municipality	Village	Poverty	Confirmation No.	Valid From	Valid To

Img. 1.4.5: *Historical records - Result Panel*

- **Reset Filter Button**

To clear the current criteria.

- **Search Button**

To launch the search and filter the records, the results will appear in the Result Panel.

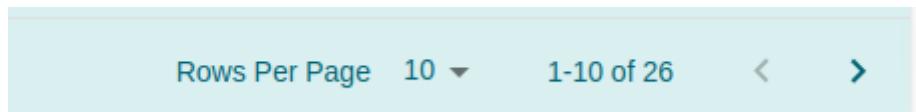

2. Result Panel

The Result Panel displays a list of all families/groups found, matching the selected criteria in the Search Panel.

Double clicking on a record re-directs the user to the *Family Overview Page* for the Family selected or if it is an historical record then the *Change Family Page*, for detailed viewing.

Clicking on the trash icon allows user to delete a family (see below).

The result table is paginated, further records can be viewed by navigating through the pages using the page selector at the bottom of the result Panel ([Img. 1.4.6](#))

Img. 1.4.6: *Page selector- Result Panel*

Family/Group Overview

Access to the *Family Overview Page* is restricted to users with the system role of Accountant or Clerk or with a role including an access to Insurees and Families.

Pre-conditions

Need to enquire on, or edit a family/group or manage the insurees, policies and contributions associated with it.

Navigation

Family Overview Page cannot be navigated directly to; the first step is to find the family/group by means of using *Find Family Page*, *Find Insuree Page*, *Find Policy Page* or *Find Contribution Page*. Once a specific family, insuree, policy or contribution is selected by means of selecting the hyperlink in the Result Panel of the respective Find Page, the user is re-directed to the *Family Overview Page*.

Family Overview Page

The *Family Overview Page* is the central point for all operations with regards to the families/groups, Insurees, policies and contributions associated with it. The page is divided into 5 panels ([Image Family overview](#))

1. Family /Group Panel

The Family/Group Panel provides information about the family including the District, Municipality, Village, the Insurance Number and the Last Name and Other Names of the head of family and Poverty status of the family.

2. Insurees Panel

The Insurees Panel displays a list of the insurees within the family/group. Double clicking on a record re-directs the user to the insuree record for editing or detailed viewing.

When selecting an insuree in the list, the Policy Panel, will refresh with the policies covering the selected insuree.

The screenshot displays the openIMIS Family Overview Page. At the top, there are search fields for Region (R1 Ultha), District (R1D1 Rapti), Municipality (R1D1M1 Achi), and Village (R1D1M1V1 Rachla). Below these are filters for Family Type (None), Confirmation Type (None), Confirmation No., and Address details (Ranchou road 21). A poverty status checkbox is also present.

Img. 1.4.7: Image - Family Overview Page

In the Insurees Panel, action buttons allow to add (new or existing - non head- insuree) On insuree, one can set it as family head, remove ('detach') insuree from the family/group or delete the insuree.

When an insuree is removed from the family or deleted, the confirmation dialog gives two options(Img. ??):

- **Remove/Delete and Cancel Policies:** to remove the insuree from any active policy coverage
- **Remove/Delete and Cancel Policies:** to keep any existing policy active for that insuree (untill policy renewal)

3. Policies Panel

The Policies Pane displays a list of the policies held by the family/group.

By default only the (last)actives policies are shown. Unchecking `Show only last active or last expired` displays the previous policies.

The Add action allows to create a new Policy for edited Family.

Double clicking on a record re-directs the user to the policy for editing or detailed viewing.

Each row also contains Delete and Renew actions.

When selecting a policy in the list, the Contribution Panel, will refresh with the contributions linked to the newly selected policy.

4. Contributions Panel

The Contribution sPanel displays a list of contributions of the policy currently selected in the Policies Panel.

Double clicking on a record re-directs the user to the contribution for editing or detailed viewing.

Each row also contains a Delete action.

The Add action allows to create a new Contribution for edited Family.

When selecting a contibution in the list, the Payment Panel, will refresh with the payments linked to the newly selected contribution.

5. Payments Panel

The Payments Panel displays a list of payments of the contribution currently selected in the Contributions Panel.

Double clicking on a record re-directs the user to the payment for editing or detailed viewing.

Each row also contains a Delete action.

The Add action allows to create a new Payment for edited Family.

Family/Group Page

The Family/Group Page is made of two major section: one for the family/group data itslef, on the the family/group head insuree.

Img. 1.4.8: *Family/Group Page*

1. The Family/Group data section

The Family/Group section is dedicated to show/provide the family/group specific data:

- **Region**

Select from the list of available regions the region, in which the head of family/group permanently stays. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.* Mandatory.

- **District**

Select from the list of available districts the district, in which the head of family/group permanently stays. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.* Mandatory.

- **Municipality**

Select from the list of available municipalities the municipality, in which the head of family/group permanently stays. *Note: The list will only be filled with the municipalities belonging to the selected district.* Mandatory.

- **Village**

Select from the list of available villages the village, in which the head of family/group permanently stays. *Note: The list will only be filled with the villages belonging to the selected municipality.* Mandatory.

- **Confirmation Type**

Select the type of a confirmation of the social status of the family/group.

- **Confirmation No.**

Enter alphanumeric identification of the confirmation of the social status of the family/group.

- **Group Type**

Select the type of the group/family.

- **Address Details.**

Enter details of the permanent address of the family/group.

- **Poverty Status**

Select whether the family/group has the poverty status.

2. The Head Insuree Details section

The **Head Insuree Details** section is dedicated to show/provide the family/group head data.

The **select existing** allows to import (use) an existing (non head) insuree as family/group head.

- **Insurance Number**

Enter the insurance number for the head of family/group. Mandatory.

- **Last name**

Enter the last name (surname) for the head of family/group. Mandatory.

- **Other Names**

Enter other names of the head of family/group. Mandatory.

- **Birth Date**

Enter the date of birth for the head of family/group. *Note: You can also use the button next to the birth date field to select a date to be entered.*

- **Gender**

Select from the list of available genders the gender of the head of family/group. Mandatory.

- **Marital Status**

Select from the list of available marital statuses the marital status of the head of family/group.

- **Beneficiary Card**

Select from the list of card whether or not an insurance identification card was issued to the head of family/group.

- **Location (Region, District, Municipality, Village)**

The checkbox indicates wherever or not the insuree has the same location as the Family.

When unchecked, user has the ability to provide a distinct Region/District/Municipality/Village for the insuree.

- **Current Address Details**

The checkbox indicates wherever or not the insuree has the same address as the Family. When unchecked, user has the ability to provide a distinct Region/District/Municipality/Village for the insuree.

Head Insuree Details

Insurance No.*	Gender	Last Name *	Given Name
Birth Date *	None	Marital Status	<input type="checkbox"/> Beneficiary Card
Region	District	Photo Date	
None	None		
Municipality	Village		
<input type="text"/> <input type="button" value="X"/>	<input type="text"/> <input type="button" value="X"/>		
Phone	Email		
Profession	Education	Id Type	

- **Phone Number**

Enter the phone number for the head of family/group.

- **Email**

Enter the e-mail address of the head of family/group.

- **Profession**

Select the profession of the head of family/group.

- **Education**

Select the education of the head of family/group.

- **Identification Type**

Select the type of the identification document of the head of family/group.

- **Identification No.**

Enter alphanumeric identification of the document of head of family/group.

- **Photo date**

The date of the photo for the head of family/group related to his/her insurance number.

- **Officer**

The officer who provided the photo of the head of family/group related to his/her insurance number.

- **Avatar**

Browse to get the photo for the head of family/group related to his/her insurance number.

- **Region of FSP**

Select from the list of available regions the region, in which the chosen primary health facility (First Service Point) of the head of family/group is located.

- **District of FSP**

Select from the list of available districts the district, in which the chosen primary health facility (First Service Point) of the head of family/group is located. *Note: The list will only be filled with the districts belonging to the selected region.*

- **Level of FSP**

Select the level of the chosen primary health facility (First Service Point) of the head of family/group.

- **First Service Point**

Select from the list of available health facilities the chosen primary health facility (First Service Point) of the head of family/group. *Note: The list will only be filled with the health facilities belonging to the selected district which are of the selected level.*

Adding a Family

A new family can be added using the **Add Family/Group** main menu entry or via the “+” fab button in the **Find Families** page.

When the page opens all entry fields are empty. See the *Family/Group Page* for information on the data entry and mandatory fields.

Editing a Family/Group

To edit a Family/Group, double click on the corresponding **Find Families** result table record.

Changing a Head of Family/Group

The head of the Family/Group is the main contact associated with a policy. For various reasons it may be necessary to change the head of a family/group.

You can change the Family/Group head from the *Family Overview Page*, in the family insurees section:

4 Insurees								
Insurance No.	Last Name	Given Names	Gender	Birth Date	Beneficiary Card			
Q_ 070707070	Macintyre	Joseph	Male	1950-07-12	<input type="checkbox"/>			
Q_ 070707066	Macintyre	Abu	Male	1973-11-21	<input type="checkbox"/>			
Q_ 070707092	Macintyre	Adele	Female	1974-06-11	<input type="checkbox"/>			
Q_ 278973298	TEST	Me		2013-09-04	<input type="checkbox"/>			

Rows Per Page: 5 ▾ 1-4 of 4 < >

Moving an Insuree

Insurees may be moved from one family/group into the edited family. The new insuree must not be a head of family/group in another family/group.

Use the **Add existing** action in the insurees section of the *Family Overview Page* page to do so.

A Insuree Search dialog (automatically filtering on non-head insuree) allows the user to find the insuree

When selecting an Insuree, the user has two options:

4 Insurees								
Insurance No.	Last Name	Given Names	Gender	Birth Date	Beneficiary Card		Add (move) existing insuree into family	
Q_ 070707070	Macintyre	Joseph	Male	1950-07-12	<input type="checkbox"/>			
Q_ 070707066	Macintyre	Abu	Male	1973-11-21	<input type="checkbox"/>			
Q_ 070707092	Macintyre	Adele	Female	1974-06-11	<input type="checkbox"/>			
Q_ 278973298	TEST	Me		2013-09-04	<input type="checkbox"/>			

Confirmation No: Ranchour road 21

Search Insuree

Insurance No.	Last Name	Given Names
	mac	
Macintyre Jane (070707081)		
Macintyre Adele (070707092)		
Macintyre Abu (070707066)		

[CLOSE](#)

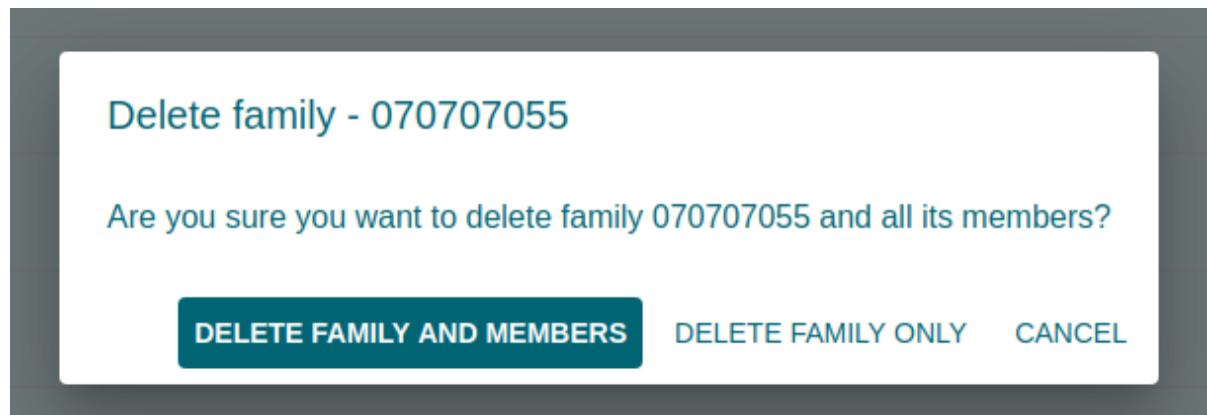

- **Move and Cancel Policies**, to cancel the insuree's policy in the family it is issued from
- **Move and Keep Policies**, to let current policies active (until policy renewal)

Deleting a Family/Group

To delete a Family/Group, click **Delete** action in the corresponding **Find Families** result table record.

Before deleting a confirmation popup is displayed, which requires the user to confirm if the action should really be carried out.

The confirmation dialog gives two options (Img. 1.3.67):

- **Delete Family and Members**: dedicated to also delete any member from that family

- **Delete Family Only:** family members are ‘detached’ (and remain without family), but not deleted

When a family is deleted, all records retaining to the deleted family will still be available by selecting historical records.

1.4.3 Insuree

Find Insuree

Access to the Find Insuree Page is restricted to users with the system roles of Accountant, Clerk and Health Facility Receptionist or with a role including an access to Insurees and Families/Insuree/Search.

Pre-conditions

Need to enquire on, or edit an insuree, and the family/group, policies and contributions associated.

Navigation

All functionality for use with the administration of insurees can be found under the main menu **Insurees and Policies**, sub menu **Insurees**.

Img. 1.4.9: Navigation Insurees

Clicking on the sub menu **Insurees** re-directs the current user to the Find Insuree Page.

Find Insuree Page

The **Find Insuree Page** is the first step in the process of finding an insuree and thereafter accessing the family/group overview of insurees, policies and contributions. This initial page can be used to search for specific Insurees or groups of insurees based on specific criteria. The panel is divided into three panels (Img. 1.4.10)

1. Search Panel

The Search Panel allows a user to select specific criteria to reduce the search results. In the case of insurees the following search options are available, which can be used alone or in combination with each other.

• Region

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select insurees from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

• District

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select insurees from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

The screenshot shows the 'Find Insuree' page of the openIMIS application. At the top, there is a navigation bar with links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. Below the navigation bar is a search bar labeled 'Insuree enquiry...' with a magnifying glass icon. To the right of the search bar are icons for a magnifying glass, a refresh symbol, and a help icon.

Search Criteria:

- Region: Any (highlighted with a red letter 'A')
- District: Any
- Municipality: Search input field (highlighted with a red letter 'B')
- Village: Search input field
- Insurance No.: Search input field
- Last Name: Search input field
- Given Names: Search input field
- Gender: Any
- Marital Status: Any
- Email: Search input field
- Phone: Search input field
- Birth Date From: Birth Date To: Search input fields
- Photo status: Any
- Show historical values: Checkbox

When criteria are defined and potentially after a small delay, the search will be automatically executed. There are however two buttons on the top right:

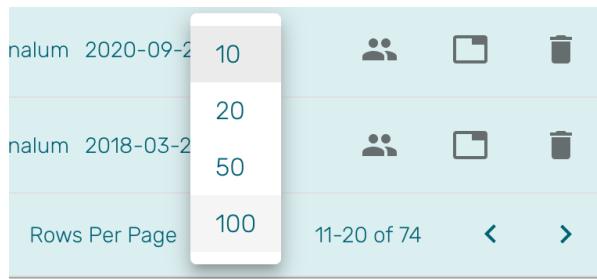

2. Result Panel

The result panel displays a list of all Insurees found, matching the selected criteria in the search panel. The leftmost column contains a search icon which if clicked, opens a dialog with further details and eligibility check. On the right, the family icon directs the user to the *Family Overview Page* of the insuree's family, and a button to delete the insuree.

5 Insurees Found																
Insurance No.	Last Name	Given Name	Marital Status	Gender	Phone	Email	Birth Date	Region	District	Municipality	Village	Valid From	Valid To			
Q 070707055	Macintyre	Jet	None	Female			2005-10-16	Ultha	Rapta	Achi	Darbu	2020-09-21				
Q 070707066	Macintyre	Abu	None	Male			1973-11-21	Ultha	Rapta	Achi	Rachla	2018-03-27

Img. 1.4.12: *Highlighted result row*

The number of rows per page is limited to 10 by default but one can use the “Rows per page” drop-down in the bottom right of the search results. If there are more rows to display, one can use the page navigation. (Img. 1.3.17)

Img. 1.4.13: *Page selector- Result Panel*

3. Information/Button Panel

The Information Panel is used to display messages back to the user. Messages will occur once a insuree has been added, updated or deleted or if there was an error at any time during the process of these actions.

The + button will create a new insuree.

Insuree Page

1. Family Details

The first section contains the family information. Refer to the Family section for details about the displayed fields.

2. Insuree Data

- Relationship

Shown in the insuree section header only if the insuree is not the head of the family. Select from the list of available relationships of the insuree to the head of family/group.

- Insurance Number

Enter the insurance number for the insuree. Mandatory.

- Last name

< Insuree Listy Baigan (101000002)

Family Details			
Region R1 Ultha	District R1D1 Rapti	Municipality R1D1M3 Adhi	Village R1D1M3V1 Rathula

Img. 1.4.14: *Insuree Page*

Enter the last name (surname) for the insuree. Mandatory, 100 characters maximum.

- **Given Names**

Enter given names of the insuree. Mandatory, 100 characters maximum.

- **Birth Date**

Enter the date of birth for the insuree.

- **Gender**

Select from the list of available genders the gender of the insuree. Mandatory.

- **Marital Status**

Select from the list of available options for the marital status of the insuree.

- **Beneficiary Card**

Select from the list of options whether or not the card was issued to the insuree.

- **Photo Date**

Select the date at which the picture was taken.

- **Photo**

Click on the person icon to upload a photo for the insuree related to his/her insurance number.

Note: There is an automated service in the openIMIS Server which will run on configured time basis repeatedly and assign related photos to insurees without photos if any exist in the openIMIS database. So after a user has input insuree's insurance number and no photo is displayed, there is no need to browse for the photo as that process will be done automatically by the service if the service is configured.

- **Officer**

Select the officer handling the insuree. Mandatory.

- **Same Village as Family**

If selected, the village of the family is used for this insuree too. Otherwise, fields will appear with Region, District, Ward and Village selection.

- **Same Address as Family**

If selected, the address of the family is used for this insuree too. Otherwise, an address field will appear to provide the actual address.

- **Phone Number**

Enter the phone number for the insuree.

- **Email**

Enter the e-mail address of the insuree.

- **Profession**

Select from the list of available professions the profession of the insuree.

- **Education**

Select from the list of available educations the education of the insuree.

- **Identification Type**

Select the type of the identification document of the insuree.

- **Identification No.**

Enter alphanumeric identification of the document of the insuree.

- First Service Point

- Region of FSP

Select from the list of available regions the region, in which the chosen primary health facility (First Service Point) of the insuree is located.

- District of FSP

Select from the list of available districts the district, in which the chosen primary health facility (First Service Point) of the insuree is located. *Note: The list will only be filled with the districts belonging to the selected region.*

- Level of FSP

Select the level of the chosen primary health facility (First Service Point) of the insuree.

- First Service Point

Select from the list of available health facilities the chosen primary health facility (First Service Point) of the insuree. *Note: The list will only be filled with the health facilities belonging to the selected district which are of the selected level.*

3. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Family Overview Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the insuree has been saved will appear on the Information Panel.

4. Mandatory data

The **Save** button is disabled until all mandatory data fields (with an asterisk) are filled.

5. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Family Overview Page*.

Adding an Insuree

Click on the Green Plus Sign to re-direct to the *Insuree Page*.

When the page opens all entry fields are empty. See the *Insuree Page* for information on the data entry and mandatory fields.

Editing an Insuree

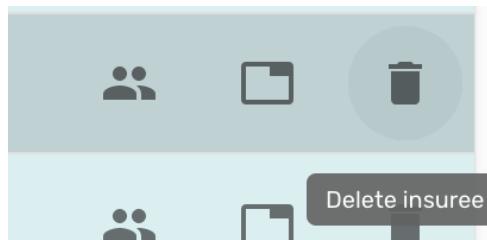

Double-click in the insuree search results to edit in the *Insuree Page*.

The page will open with the current information loaded into the data entry fields. See the *Insuree Page* for information on the data entry and mandatory fields.

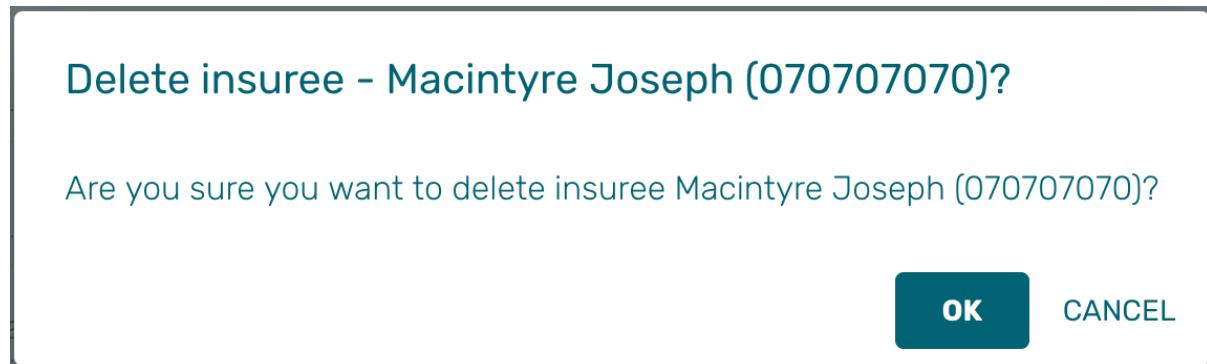

Deleting an Insuree

Click on trashcan icon on the right of an insuree search result to delete it.

Before deleting a confirmation popup ([Img. 1.4.16](#)) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.4.15: *Delete insuree button*

Img. 1.4.16: *Insuree Delete confirmation*

When an insuree is deleted, all records retaining to the deleted insuree will still be available by selecting historical records.

1.4.4 Policy

Find Policy

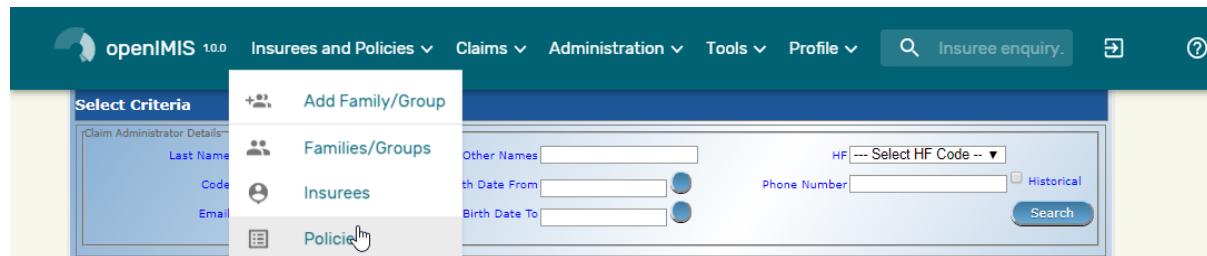

Access to the **Find Policy Page** is restricted to users with the role system roles of Accountant, Clerk or Health Facility Receptionist or with a role including an access to Insurees and Families/Policy/Search.

Pre-conditions

Need to enquire on, or edit a policy, and the family/group, insurees and contributions associated.

Navigation

Find Policy Page can be found under the main menu **Insurees and Policies**, sub menu **Policies**.

Img. 1.4.17: *Navigation Policies*

Clicking on the sub menu **Policies** re-directs the current user to the **find policy page**.

Find Policy Page

The screenshot shows the 'Find Policy Page' interface in openIMIS. At the top, there's a navigation bar with links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. Below the navigation is a 'Search Criteria' section with dropdowns for 'Region' (Any), 'District' (Any), 'Product' (Any), and 'Officer' (with a search icon). There are also fields for 'Enrolment From', 'Enrolment To', 'Start From', 'Start To', 'Effective From', 'Effective To', 'Expiry From', and 'Expiry To'. Below these are filters for 'Type' (Any), 'Status' (Any), 'Balance under' (\$), 'Balance above' (\$), and checkboxes for 'Only with inactive insurees' and 'Show historical'. A message '26 Policies found' is displayed above a table. The table has columns for Enrolment, Name, Effective, Start, Expiry, Product, Officer, Type, Status, Value, Balance, Valid From, Valid To, and actions (Edit, Delete). The data shows various policies with names like Dibango Mani, 2.01.Test (00), Macintyre Jo, etc., and details like BCUL0001 Bas, E00001 Rober, New policy, Active status, and values ranging from -\$43446C to \$10000. At the bottom right of the table are 'Rows Per Page' (10) and '1-10 of 26'.

Img. 1.4.18: Find Policy Page

The **Find Policy Page** is the first step in the process of finding a policy and thereafter accessing the *Family Overview Page* of insurees, policies and contributions. This initial page can be used to search for specific policies or groups of policies based on specific criteria. The panel is divided into two main panels (Img. 1.4.18)

1. Search Panel

The Search Panel allows a user to select specific criteria to minimise the search results. In the case of policies the following search options are available which can be used alone or in combination with each other.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select policies from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select policies for families/groups residing in a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **Product**

Select the **Product**; from the list of products by clicking on the arrow on the right of the selector, to select policies for a specific product.

- **Enrolment Officer**

Select the **Enrolment Officer**; from the list of enrolment officers by clicking on the arrow on the right of the selector, to select policies related to a specific enrolment officer.

- **Enrolment Date From**

Use the *date selector* to enter the **Enrolment Date From** to search for policies with an **Enrolment Date** equal or later than the specified date.

- **Enrolment Date To**

Use the *date selector* to enter the **Enrolment Date to** to search for policies with an **Enrolment Date** equal or earlier than the specified date.

- **Start Date From**

Use the *date selector* to enter the **Start Date From** to search for policies with a **Start Date** equal or later than the specified date.

- **Start Date To**

Use the *date selector* to enter the **Start Date to** to search for policies with a **Start Date** equal or earlier than the specified date.

- **Effective Date From**

Use the *date selector* to enter the **Effective Date From** to search for policies with an **Effective Date** equal or later than the specified date.

- **Effective Date To**

Use the *date selector* to enter the **Effective Date To** to search for policies with an **Effective Date To** equal or earlier than the specified date.

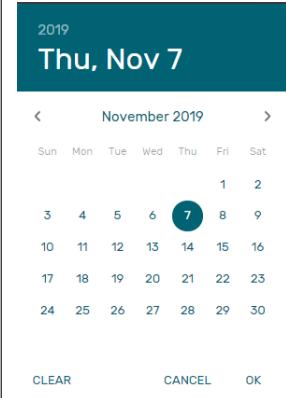

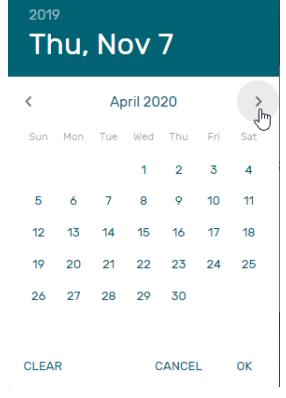

- **Expiry Date From**

Use the *date selector* to enter the **Expiry Date From** to search for policies with an **Expiry Date** equal or later then the specified date.

- **Expiry Date To**

Use the *date selector* to enter the **Expiry Date To** to search for policies with an **Expiry Date** equal or earlier then the specified date.

Tab. 1.4.1: Date Picker

		
Img. 1.4.19: <i>Day picker</i>	Img. 1.4.20: <i>Month picker</i>	Img. 1.4.21: <i>Year picker</i>

- **Policy Type**

Select whether new policies [New Policy] or renewed policies [Renewal] should be searched for.

- **Policy Status**

Select the **Policy Status**; from the list of policy statuses by clicking on the arrow on the right of the selector, to select policies for a specific policy status.

A policy can have the following statuses:

- **Idle** (Policy data entered but policy not yet activated)
- **Active** (Policy partially or fully paid and made active)
- **Suspended** (Policy was not fully paid for within the grace period)
- **Expired** (Policy is not active anymore as the insurance period elapsed)

- **Balance**

Types in a positive **Balance** to search for policies with a balance equal or greater than the typed amount. For example if 0 (zero) is entered, all policies with a balance, will be displayed. If 1,000 is entered, then only policies with a balance equal to or greater than 1,000 will be displayed.

The balance is the difference between the policy value and total of contributions paid. For the policy

- **Only with inactive insurees**

Check the box to select only policies for families/groups with insurees which are non-active (not covered) despite the policy of their family/group is active. The reason may be addition of a new insuree (member) to the family/group with an active policy without adequate payment of additional contributions or because the maximum number of members in the family/group exceeds the maximum number determined by the insurance product of the policy.

- **Show historical**

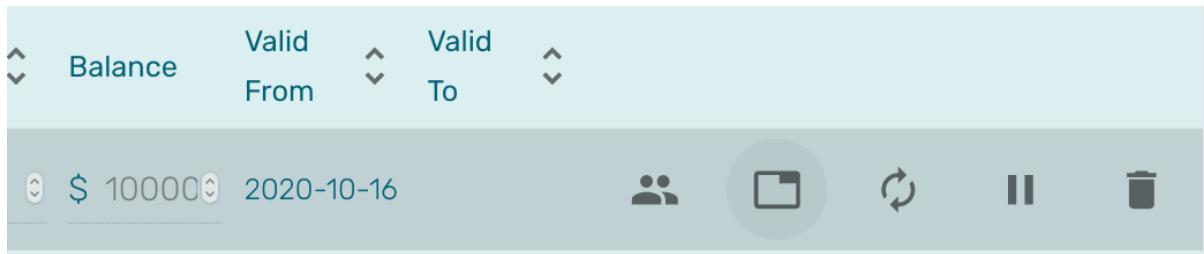

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in grey to define them from current records ([Img. 1.4.22](#)) and do not have action buttons.

95 Policies found																	
Enrolment	Name	Effective	Start	Expiry	Product	Officer	Type	Status	Value	Balance	Valid From	Valid To					
2020-10-21	Dibango Ma	2020-10-21	2020-10-21	2021-10-20	BCUL0001 B@ E00001 Rob	New policy	Active	\$ 10000	\$ 10000	\$ 10000	2020-10-16						
2020-10-21	Dibango Ma		2020-10-21	2021-10-20	BCUL0001 B@ E00001 Rob	New policy	Entered	\$ 10000	\$ 10000	\$ 10000	2020-10-16	2020-10-16					
2020-10-21	Dibango Ma	2020-10-21	2020-10-21	2021-10-20	BCUL0001 B@ E00001 Rob	New policy	Active	\$ 10000	\$ 10000	\$ 10000	2020-10-16	2020-10-16					

Img. 1.4.22: *Historical records - Result Panel*

2. Result Panel

The Result Panel displays a list of all policies found, matching the selected criteria in the search panel. The currently selected record is highlighted ([Img. 1.4.23](#)). On the right are the available action buttons. One can also double-click on the row to view the policy details.

Img. 1.4.23: *Open family, Open in new tab, Renew policy, Suspend policy, Delete policy*

Policy Page

1. Family Details

Summary of the family concerned by this policy

2. Policy Details

- **Enrolment Date**

Enter the enrolment date for the policy. Mandatory. *Note: You can also use the button next to the enrolment date field to select a date to be entered.*

- **Effective Date**

The effective date for the policy is calculated automatically later on. The effective date is the maximum of the start date and the date when the last contribution was paid or when the user enforced activation of the policy.

- **Start Date**

The start date for the policy is calculated automatically. Either it is the enrolment date plus the administration period of the insurance product associated with the policy for free enrolment (without cycles) or it is a cycle start date determined according to enrolment date and the administration period for enrolment in fixed cycles. The start date may be modified by the user.

The screenshot shows the 'Policy Macintyre Joseph (070707070) - 2020-11-16 : 2021-11-15' page. It has three main sections:

- Family Details:** Shows basic information like Region (R1 Ultha), District (R1D1 Rapti), Municipality (R1D1M1 Achi), Village (R1D1M1V1 Rachla), Head Ins. No. (070707070), Head Last Name (Macintyre), Head Given Name (Joseph), Head Birth Date (1950-07-12), Head Gender (Male), Family Type (None), Confirmation Type (None), Confirmation No., Address details (Ranchou road 21), and a Poverty Status checkbox.
- Policy details:** Shows Enrolment Date (2020-11-16), Effective Date, Start Date (2020-11-16), Expiry Date (2021-11-15), Product (BCUL0001 Basic Cover Ultha), Officer (E00005 sri), and Status (Entered).
- Policy values:** Shows Value (\$ 10000), Contributions paid, Balance, and Deductible amounts for General, In-Patient, and Out-Patient categories. It also shows Remunerated Health Care amounts for the same categories.

Img. 1.4.24: Policy Page

- **Expiry Date**

The expiry date for the policy is calculated automatically. When entering a new policy, the expiry date is the start date plus the insurance period of the insurance product associated with the policy for free enrolment or the cycle start date plus the insurance period for enrolment in fixed cycles.

- **Product**

Select from the list of available products the product of the policy. Mandatory.

- **Enrolment Officer**

Select from the list of available enrolment officers the enrolment officer related to the policy. Mandatory

3. Policy Values

- **Value**
- **Contributions paid**
- **Balance**
- **Deductible**

Deductible amounts for the categories: General, In-Patient and Out-Patient

- **Remunerated Health Care**

Remunerated amounts for the categories: General, In-Patient and Out-Patient

4. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. The user will be re-directed back to the *Family Overview Page*, with the newly saved

record displayed and selected in the result panel.

Adding a Policy

To create a new policy for a family that doesn't have any yet, head over to the *Family Page* and in the policies section, use the plus sign on the top right.

2 Policies											<input checked="" type="checkbox"/> Show only not yet active, and last active or last suspended/expired	+
Product Code	Name	Expiry Date	Status	Deduction	Hospital Deduction	Non Hospital Deduction	Ceiling	Hospital Ceiling	Non Hospital Ceiling			
BCUL0001	Basic Cover Ultha	2021-11-15	Idle			0	0	0	0			
BCUL0001	Basic Cover Ultha	2020-08-19	Active	0		0	0	0	0			
											Rows Per Page	5 ▾
											1-2 of 2	< >

Img. 1.4.25: *Policies section of the Families page*

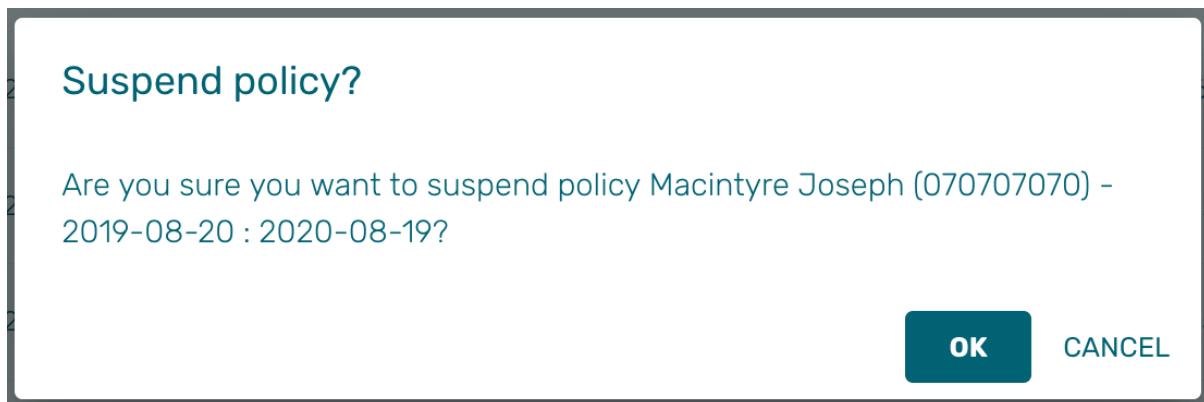

Renewing a Policy

Click on the **renewal arrows** to go to the *Policy Page*.

The page will open with the current information loaded into the data entry fields. See the *Policy Page* for information on the data entry and mandatory fields.

Pausing a Policy

Click on the **pause symbol** to get a confirmation dialog and pause the corresponding policy.

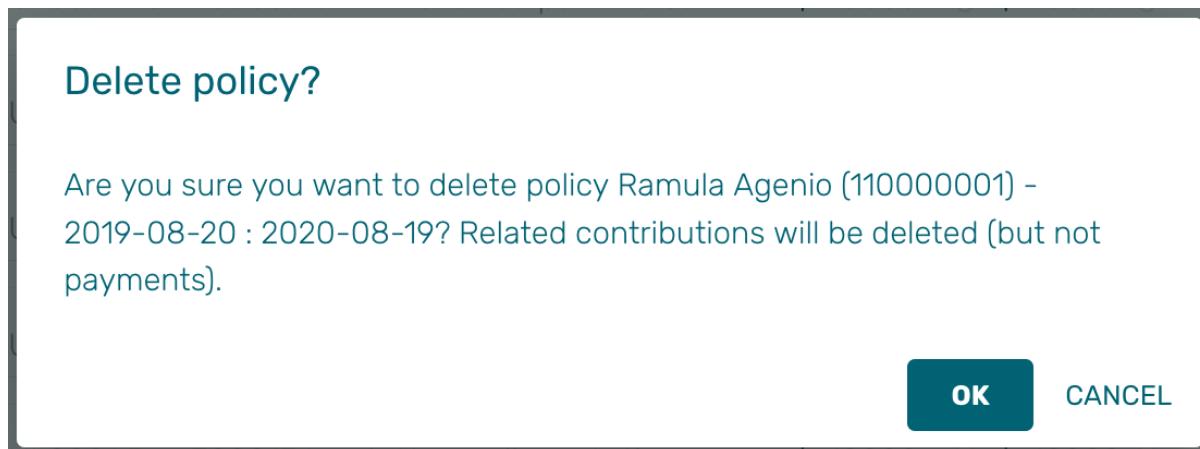

Img. 1.4.26: *Pause policy - confirmation*

Deleting a Policy

Click on the **trashcan icon** to delete the currently selected policy.

Before deleting of a policy, all contributions of the policy should be deleted. Before deleting a confirmation popup (Img. 1.4.27) is displayed, which requires the user to confirm if the action should really be carried out.

When a policy is deleted, all records retaining to the deleted policy will still be available by selecting historical records.

Img. 1.4.27: Delete confirmation- Button Panel

1.4.5 Contribution

Find Contribution

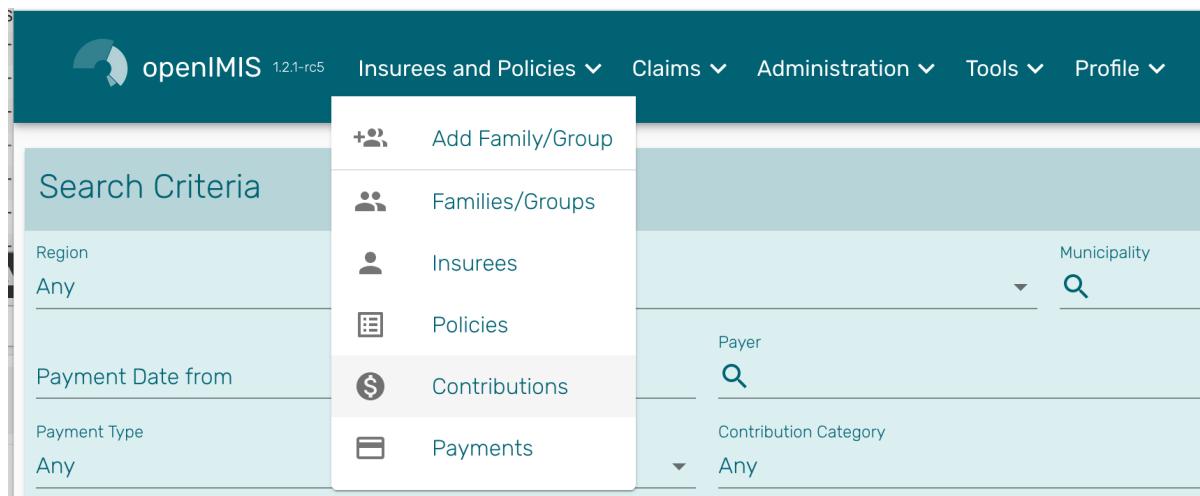

Access to the Find Contribution Page is restricted to users with the system roles of Accountant or Clerk or with a role including an access to Insurees and Families/Contribution/Search.

Pre-conditions

Need to enquire on, or edit a contribution, or the family/group, insurees and policies associated.

Navigation

Find Contribution can be found under the main menu **Insurees and Policies**, sub menu **Contributions**

Img. 1.4.28: Navigation Contributions

Clicking on the sub menu **Contributions** re-directs the current user to the *Find Contribution Page*.

Find Contribution Page

The **Find Contribution Page** is the first step in the process of finding a contribution and thereafter accessing the *Family Overview Page* of insurees, policies and contributions. This initial page can be used to search for specific contributions or

The screenshot shows the 'Find Contribution' page in the openIMIS web application. At the top, there is a search bar labeled 'Insuree enquiry' and a help icon. Below the header, there is a 'Search Criteria' section with dropdown menus for Region (Any), District (Any), Municipality, Village, Payment Date from, Payment Date to, Payer, Payment Type (Any), Contribution Category (Any), and Receipt No. There is also a checkbox for 'Show historical values'. Below this, a section titled '23 contributions Found' displays a table of contribution records. The columns include Payment Date, Payer, Amount, Payment Type, Receipt No., Contribution Category, and two small icons. The data in the table is as follows:

Payment Date	Payer	Amount	Payment Type	Receipt No.	Contribution Category
2021-02-03		\$ 100	Cash	4251352	Photo Fee
2021-02-03		\$ 10000	Cash	2313254	Contribution
2020-12-20	Coffee Farmers Association	\$ 10000	Bank Transfer	555	Contribution
2020-12-20		\$ 10000	Cash	RE36	Contribution
2020-12-20		\$ 10000	Cash	RE184	Contribution
2020-12-20		\$ 10000	Cash	RE3423	Contribution
2020-12-20		\$ 10000	Cash	RF231	Contribution

Img. 1.4.29: Image - 108 Find Contribution Page

groups of contributions based on specific criteria. The page is divided into four panels (Img. 1.4.29).

1. Search Panel

The Search Panel allows a user to select specific criteria to minimise the search results. In the case of contributions the following search options are available which can be used alone or in combination with each other.

- **Payer**

Select the **Payer**; from the list of payers by clicking on the arrow on the right of the selector, to select contributions related to a specific payer.

- **Payment Type**

Select the **Payment Type**; from the list of types by clicking on the arrow on the right of the selector, to select contributions related to a specific payment type.

- **Payment Date From**

Type in a date; or use the Date Selector Button, to enter the **Payment Date From** to search for contributions with a **Payment Date** equal or later than the specified date. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Payment Date To**

Type in a date; or use the Date Selector Button, to enter the **Payment Date To** to search for contributions with a **Payment Date** equal or earlier than the specified date. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Contribution Category**

Select the **Contribution Category** that match with the type of contribution paid, by default there is *Contribution and Others* and *photo fee*. this enable to add fees that won't be counted as contribution payment

- **Contribution Paid**

Type in the **Contribution Paid** to search for contributions with the paid amount, greater or equal to the typed amount.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select contributions for policies from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the **District**; from the list of districts by clicking on the arrow on the right of the selector to select contributions paid for policies from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **Historical**

Click on **Historical** to see historical records matching the selected criteria. Historical records are displayed in the result with a line through the middle of the text (strikethrough) to clearly define them from current records (**Img. 1.4.30**).

The screenshot shows the openIMIS application interface. At the top, there is a navigation bar with links for 'Insurees and Policies', 'Claims', 'Administration', 'Tools', and 'Profile'. Below the navigation bar is a search bar labeled 'Insuree enquiry...' with a magnifying glass icon. To the right of the search bar are two small icons: a square with a circle and a question mark.

Search Criteria: This section contains various dropdown and input fields for filtering search results. It includes fields for Region (Any), District (Any), Municipality (with a search icon), Village (with a search icon), Payment Date from, Payment Date to, Payer (set to 'Coffee Farmers Association'), Contribution Category (Any), Amount above (\$), Amount under (\$), Payment Type (Any), and Receipt No. A checkbox labeled 'Show historical values' is checked.

Result Panel: This section displays a table titled '20 contributions Found'. The table has columns for Payment Date, Payer, Amount, Payment Type, Receipt No., Contribution Category, and two small icons (likely for more actions). The data in the table is as follows:

Payment Date	Payer	Amount	Payment Type	Receipt No.	Contribution Category
2020-12-20	Coffee Farmers Association	\$ 10000	Cash	RE6283	Contribution
2020-12-20	Coffee Farmers Association	\$ 10000	Cash	RE259	Contribution
2020-12-20	Coffee Farmers Association	\$ 111	Cash	1	Contribution
2020-12-20	Coffee Farmers Association	\$ 111	Bank Transfer	1	Contribution
2020-12-20	Coffee Farmers Association	\$ 111	Cash	1	Contribution
2020-12-20	Coffee Farmers Association	\$ 10	Cash	1	Photo Fee
2020-12-20	Coffee Farmers Association	\$ 10	Cash	1	Photo Fee

Img. 1.4.30: *Historical records - Result Panel*

- **Search Button**

Once the criteria have been entered, use the **Search** button to filter the records, the results will appear in the Result Panel.

Contribution Page

1. Data Entry

- **Payer**

Img. 1.4.31: *Contribution Page*

Select from the list of available (institutional) payers the payer of the contribution (if the contribution is not paid by the family/group itself).

- **Contribution Paid**

Enter the paid amount for the contribution. Mandatory.

- **Receipt No.**

Enter the receipt identification for the contribution. Receipt identification has to be unique within all policies of the insurance product. Mandatory.

- **Payment Date**

Enter the date of payment for the contribution. Mandatory. *Note: You can also use the button next to the date of payment field to select a date to be entered.*

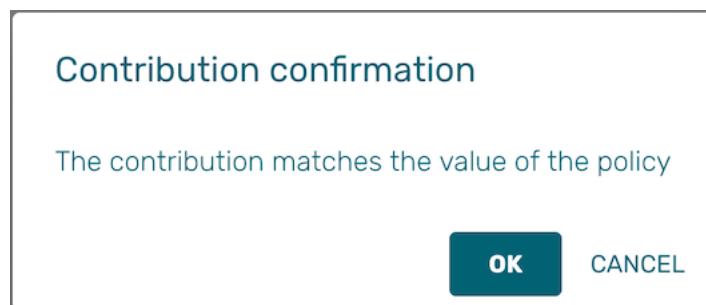

- **Payment Type**

Select from the list of available types of payment the payment type of the contribution. Mandatory.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. Depending on the contribution paid, the following messages will appear.

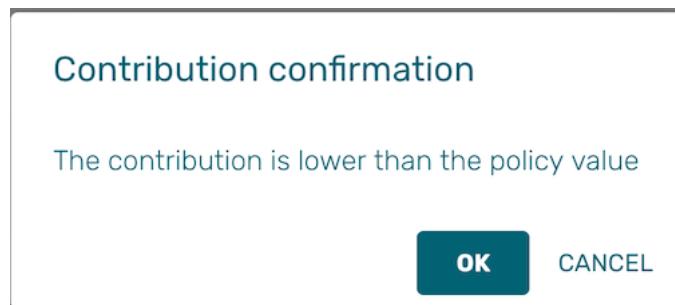

- a) If the Contribution paid matches the price of the policy:

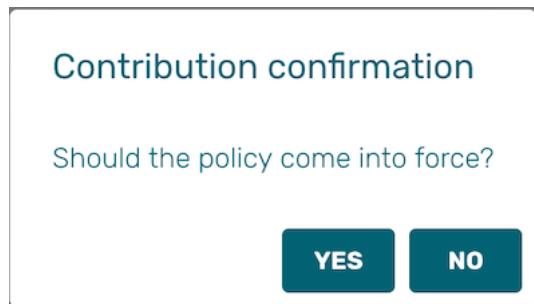

Img. 1.4.32: *Image 131*

- b) If the contribution paid is lower than the price of the policy:

Followed by:

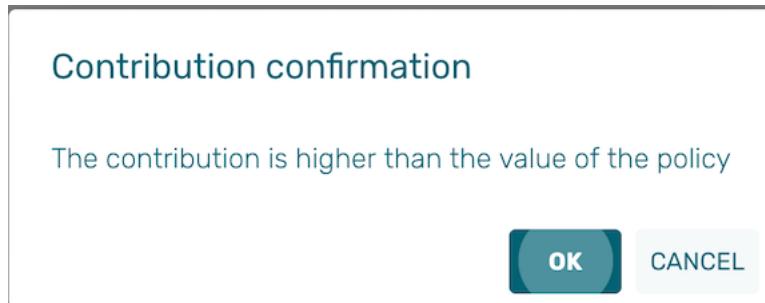

Img. 1.4.33: *Image 132*

Img. 1.4.34: *Image 133*

If you choose **Yes**, the policy will be (enforced) set as **Active**. If you choose No, it will remain **Idle**.

- c) If the contribution is higher than the price of the policy:

Img. 1.4.35: *Image 134*

The user will then be re-directed back to the *Family Overview Page*, with the newly saved record displayed and selected in the result panel. A message confirming that the contribution has been saved will appear on the Information Panel.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk).

4. Cancel

By clicking on the **Cancel** button, the user will be re-directed to the *Family Overview Page*.

Adding a Contribution

Click on the **Green Plus Sign** to re-direct to the *Contribution Page*.

When the page opens all entry fields are empty. See the *Contribution Page* for information on the data entry and mandatory fields.

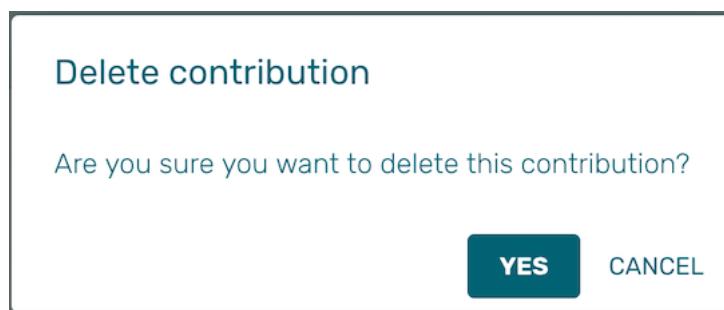

Editing a Contribution

Click on the Yellow Pencil Sign to re-direct to the *Contribution Page*. The *Contribution Page* will open with the current information loaded into the data entry fields. See the *Contribution Page* for information on the data entry and mandatory fields.

1.4.6 Deleting a Contribution

Click on the Red Cross Sign button to delete the currently selected record.

Before deleting a confirmation popup (Img. 1.4.36) is displayed, which requires the user to confirm if the action should really be carried out?

Img. 1.4.36: *Delete confirmation- Button Panel*

When a contribution is deleted, all records retaining to the deleted contribution will still be available by selecting historical records.

1.4.7 Policy Holder

Policy holder are responsible to contraction policies for others, it can be used by campanies for their employee, Union for there member or NGO that want to pay for policies for group of people

Pre-conditions

Before configuring the policyholder, and the to-be-covered insuree; the insurees must be known in openIMIS and at least a product, a contribution plan and a contribution plan bundle must be configured,

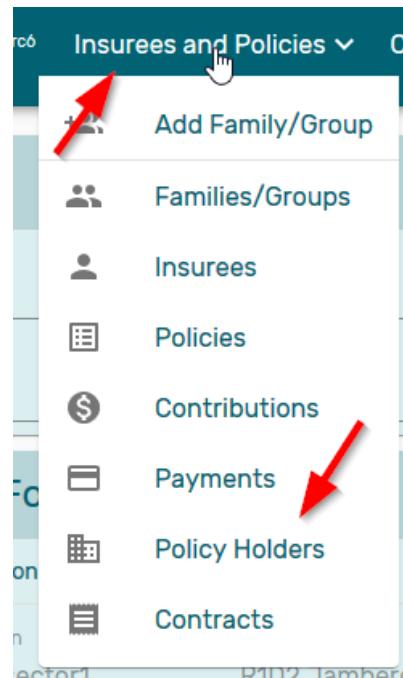

Navigation

All functionality for use with the administration of Policyholder can be found under the main menu **Insurees and Policies**, sub menu **Policy Holder**.

Clicking on the sub menu **Policy holder** re-directs the current user to the Find Policy holder Page.

Search Page

Policyholder insuree tab

This tab shows the insuree linked to the policyholder

Search

- Insuree number
- Contribution bundle plan

The screenshot shows a search results page for 'Policy Holder Insurees'. At the top, there are tabs for 'POLICY HOLDER INSUREES', 'CONTRIBUTION PLAN BUNDLES', 'PAYMENTS', 'POLICY HOLDER USERS', and 'CONTRACTS'. A 'Create new Policy Holder Insuree' button with a plus sign is located in the top right corner. Below the tabs is a 'Search Criteria' section with fields for 'Insuree No.' (set to 'Any'), 'Contribution Plan Bundle' (set to 'Any'), 'Date Valid From', 'Date Valid To', and a checked 'Show Deleted Insurees' checkbox. A magnifying glass icon and a search button are also present. The main area displays a table titled '2 Policy Holder Insurees Found' with two rows of data. Each row contains columns for 'Name' (Yellow Uij, Yellow Uij), 'Contribution Plan Bundle' (1111 - Testcase), 'Calculation Parameter' (Income 1000), 'Date Valid From' (2021-09-17), and 'Date Valid To' (2021-09-17). To the right of each row are edit, confirmation, and creation icons. At the bottom of the table are buttons for 'Rows Per Page' (set to 10), '1-2 of 2', and navigation arrows.

Img. 1.4.39: *Navigation Policy holders Insuree*

- Date Valid from/to: Period on which the insuree is attached to the policyholder
- show deleted: show deleted link between PH and insuree

Reset and apply search button are using the same icon as the PH

“Create new Policy Holder Insuree” button will open a creation pop up

Results

see search part of the columns descriptions

in addition to the standard column, the calculation column shows default parameters that are pulled from the calculation rules, in the picture the income is displayed in that column. Once a contract is created, the data is duplicated on the contract details and might be modified for a specific contract.

edit button will open a edit popup

delete button will open a confirmation popup

duplicate will open a creation popup

Contribution plan tab

this tab is used to link Contribution plan to policyholder in order to reduce the possible Contribution plan choice for the policyholders

See contribution plan page for more details on contribution plan

Payment tab

This tab shows the payments linked to policyholder contract

See payment page for more details on payment

Policyholder user

This tab is used to see User that has dedicated rights for this policyholder (that user might not be able to see other PH)

see policyholder page

Contract

This tabs show the policy holder contract

See contract page for more details on contract

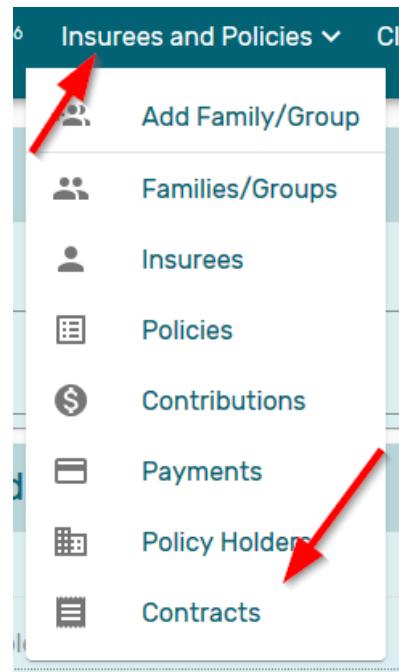

1.4.8 Contract

The contract define the wished coverage for a given list of insuree for a defined period
Pre-conditions

Contract works only with group insurance so far but this might evolve in the future

Navigation

All functionality for use with the administration of contract can be found under the main menu **Insurees and Policies**, sub menu **Contract**.

Img. 1.4.40: Navigation Contract

Clicking on the sub menu **contract** re-directs the current user to the Find contract Page.

A screenshot of a web application showing a search results page for contracts. At the top, there is a search bar labeled 'Insuree enquiry' and some filter options. Below the search bar, there is a 'Search Criteria' section with fields for 'Code' (Any), 'Policy Holder' (Any), 'Amount from', 'Amount to', 'Payment Due Date', 'State' (Any), 'Payment Reference' (Amendment), 'Valid from', 'Valid to', and a checkbox for 'Show Deleted'. Below the search criteria, it says '3 Contracts Found'. There is a table with the following data:

Code	State	Amount	Payment Due Date	Valid from	Valid to	Amendment	
0000	Negotiable	200		2021-09-17	2021-12-31	0	
1111	Effective	23100		2021-10-10	2022-10-10	0	
trewt	Draft	15000		2021-10-01	2021-10-31	0	

At the bottom right of the table, there are buttons for 'APPROVE ALL' and 'COUNTER ALL'. Below the table, there are buttons for 'Rows Per Page' (10), '1-3 of 3', and navigation arrows. A red arrow points to the '3 Contracts Found' text.

1.5 Tools

1.5.1 Upload / Download selected registers

Access to uploading/downloading of selected registers is restricted to the users with the system role of IMIS Administrator (the register of locations) or with a role including an access to Tools/Registers.

Navigation

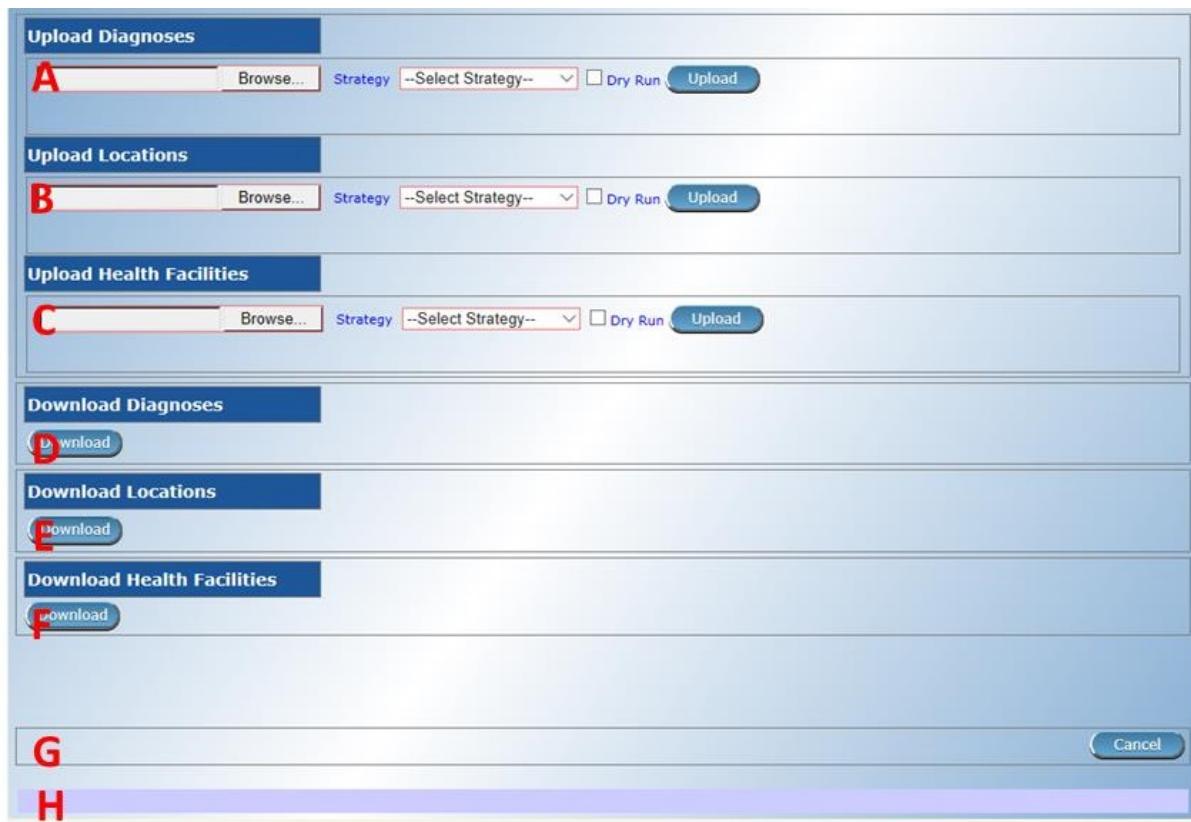

All functionality for use with the administration of uploading/downloading of selected registers can be found under the main menu **Tools**, sub menu **Registers**.

Img. 1.5.1: Navigation to Registers

Clicking on the sub menu **Registers** re-directs the current user to the *Registers Page*: (Img. 1.5.1)

Registers page

Img. 1.5.2: *Upload Registers*

The Registers Page is divided into eight sections: ([Img. 1.5.2](#))

A. Upload of the list of diagnoses

- **Browse**

Select from a file in the XML format serving as a source for uploading of the list of diagnoses. Mandatory.

- **Strategy**

Select a desired strategy for uploading of the list of diagnoses. The following options are available:

- **Insert Only**

Uploads only diagnoses that are not yet included in the list of diagnoses

- **Update Only**

Updates only diagnoses that are already included in the list of diagnoses

- **Insert and Update**

Uploads diagnoses that are not yet included in the list of diagnoses and updates diagnoses that are already included in the list of diagnoses

- **Insert, Update and Delete**

Uploads diagnoses that are not yet included in the list of diagnoses, updates diagnoses that are already included in the list of diagnoses and deletes diagnose that are not included in the source file

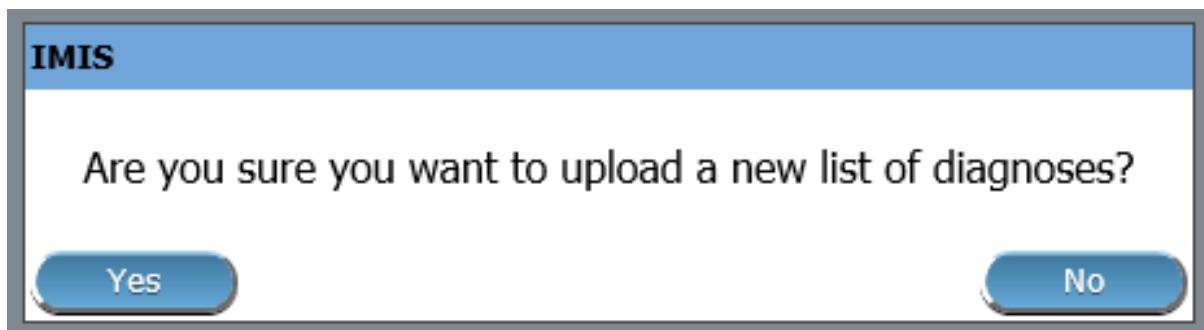

- Dry Run

If checked, only diagnostics is provided without real uploading.

- Upload

By clicking on the Upload button, a prompt popup message will appear, require a user to agree.

If user agrees the selected file containing diagnoses will be uploaded.

Img. 1.5.3: *Upload Diagnoses*

A statistics on the number of inserted/updated diagnoses appears:

(*Statistics on uploaded diagnoses*).

Img. 1.5.4: *Statistics on uploaded diagnoses*

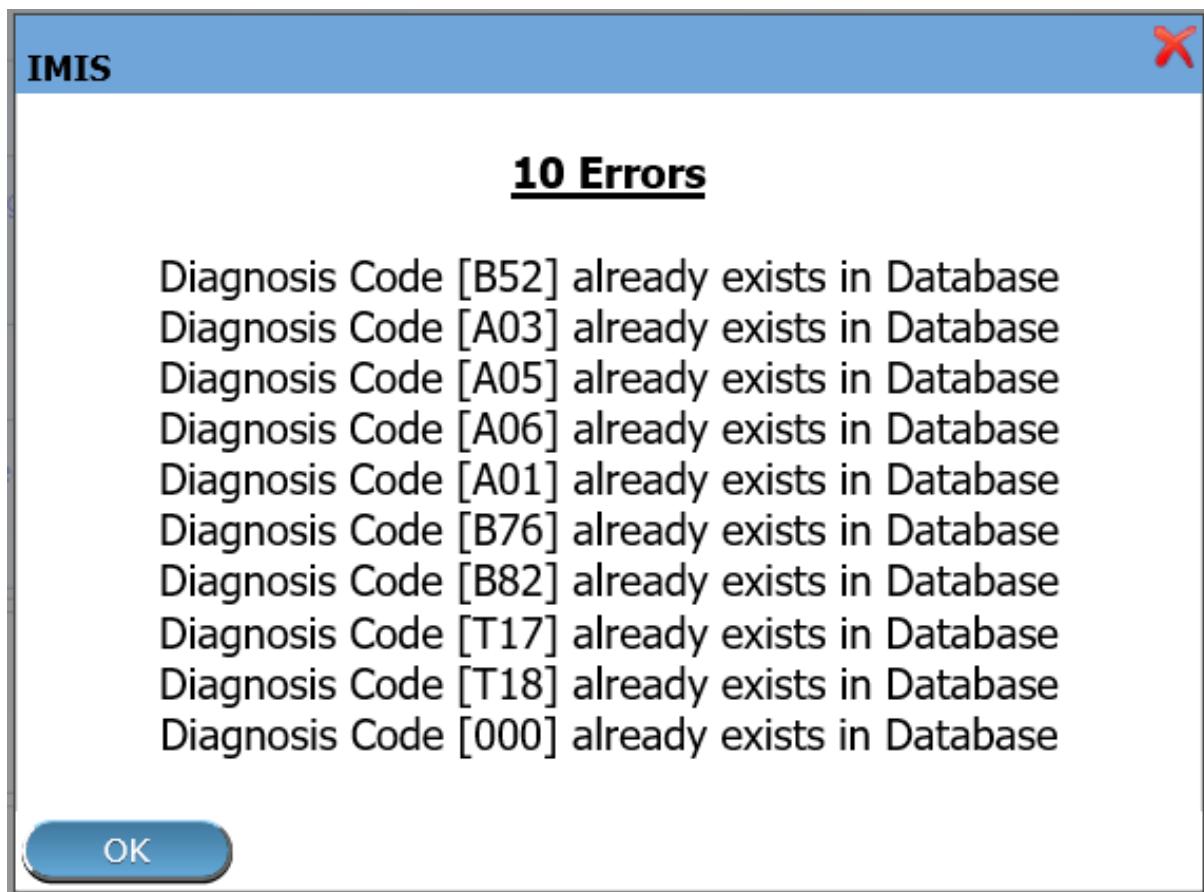

If there are errors an error protocol appears: (*Error protocol on uploaded diagnoses*)

DTD definition of the XML file for uploading/downloading of diagnoses:

```
<!DOCTYPE Diagnoses> [
  <!ELEMENT Diagnoses (Diagnosis)*>
  <!ELEMENT Diagnosis (DiagnosisCode, DiagnosisName)>
  <!ELEMENT DiagnosisCode (#CDATA)>
  <!ELEMENT DiagnosisName (#CDATA)>
]>
```

B. Upload of the register of locations

- Browse

Img. 1.5.5: Error protocol on uploaded diagnoses

Select from a file in the XML format serving as a source for uploading of the register of locations. Mandatory.

- **Strategy**

Select a desired strategy for uploading of the register of locations. The following options are available:

- **Insert Only**

Uploads only locations that are not yet included in the register of locations

- **Update Only**

Updates only locations that are already included in the register of locations

- **Insert and Update**

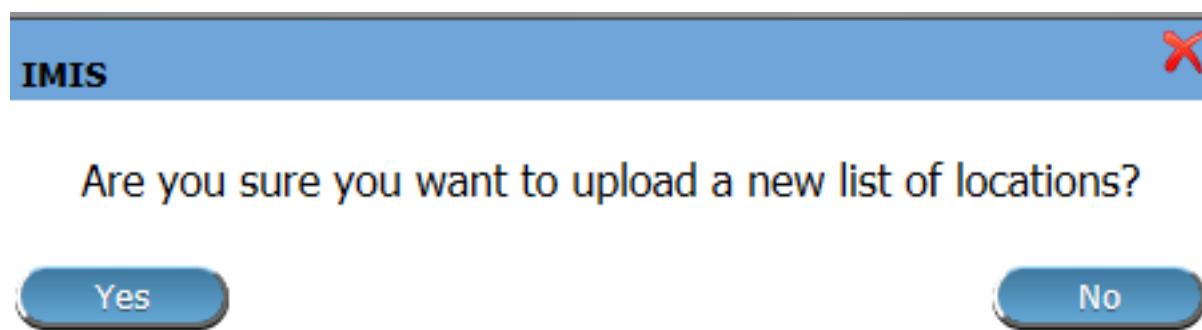

Uploads locations that are not yet included in the register of locations and updates locations that are already included in the register of locations

- **Dry Run**

If checked only diagnostics is provided without real uploading.

- **Upload**

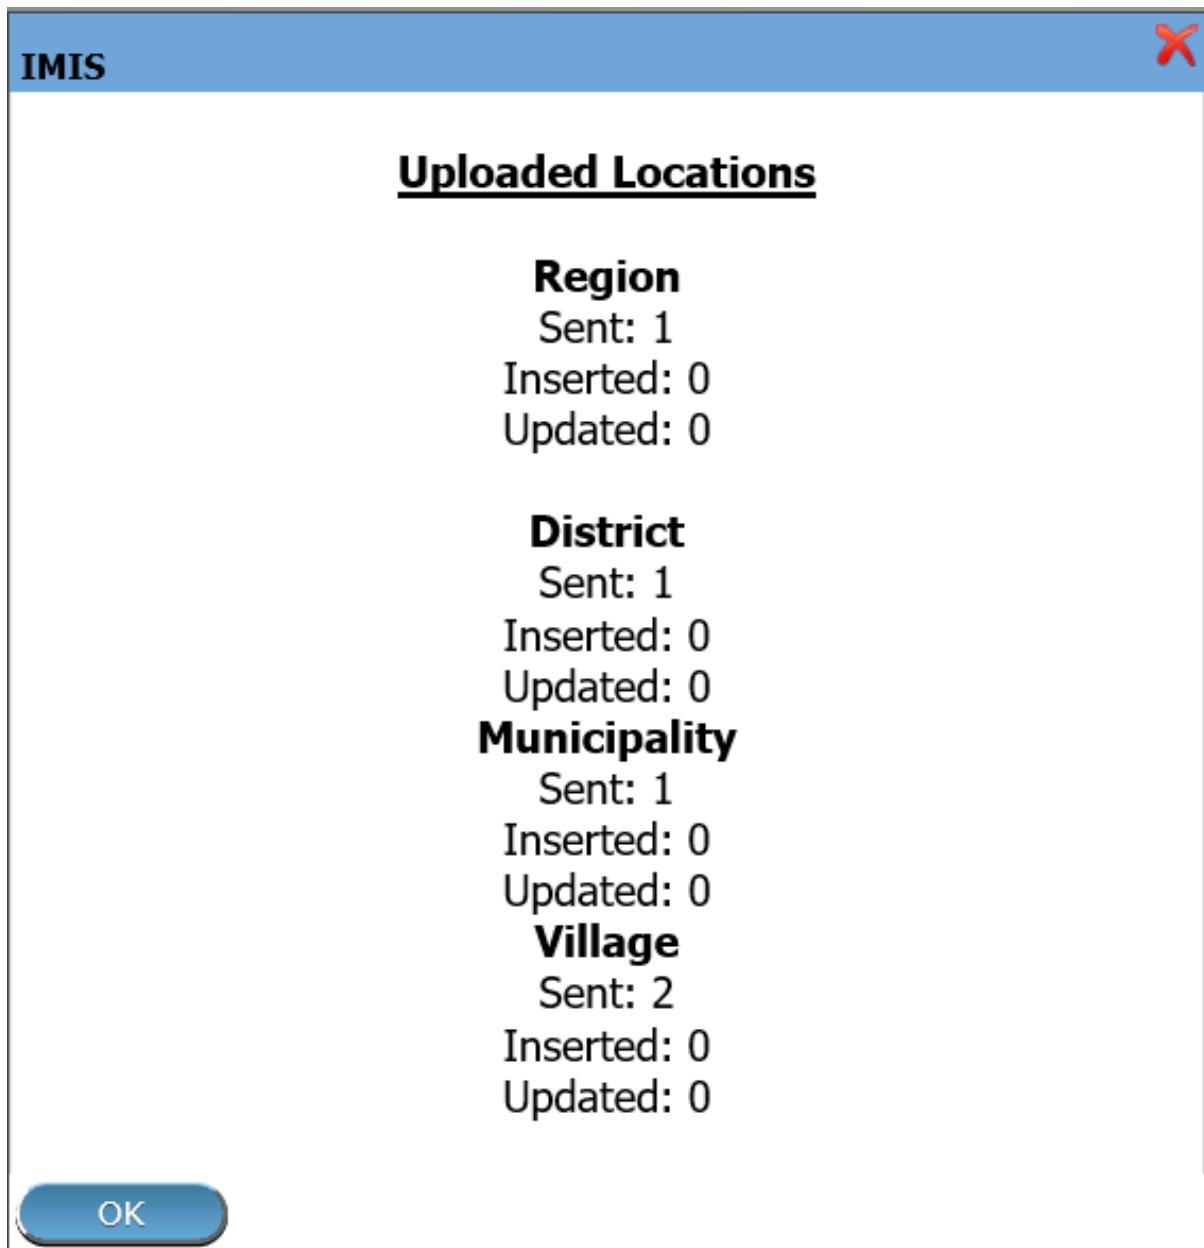

By clicking on the Upload button, a prompt popup message will appear, require a user to agree or disagree (*Upload Locations*). If user agrees the selected file containing locations will be uploaded.

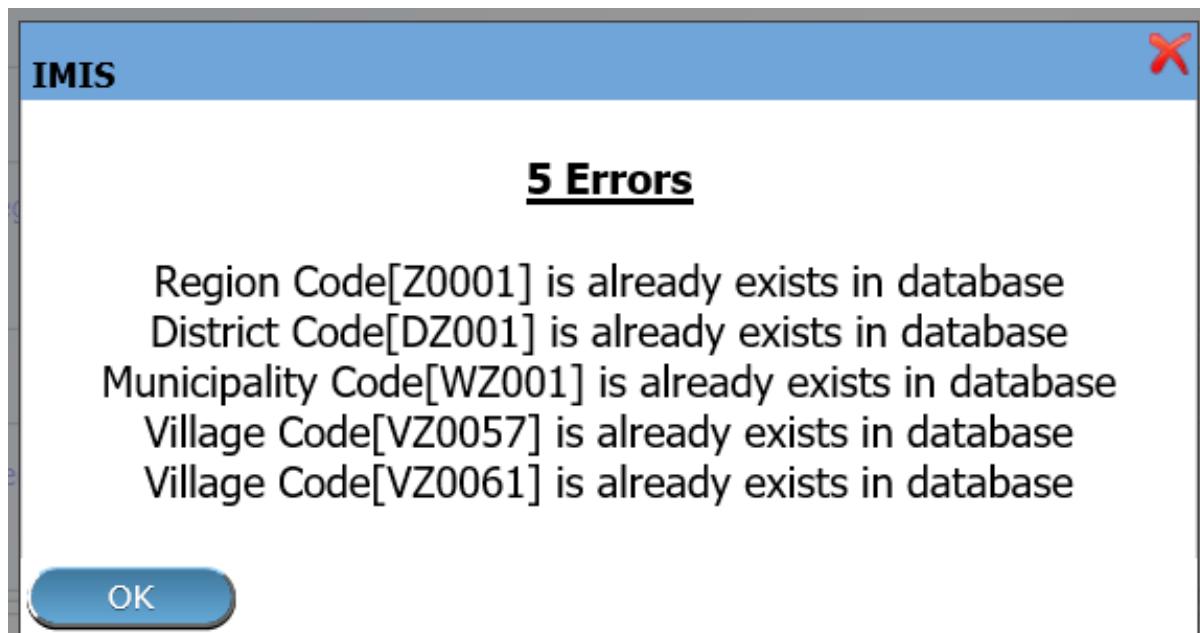

Img. 1.5.6: *Upload Locations*

A statistics on the number of inserted/updated locations appears (*Upload Locations statistics*)

If there are errors an error protocol appears (*Upload Locations error*)

Img. 1.5.7: *Upload Locations statistics*

Img. 1.5.8: *Upload Locations error*

DTD definition of the XML file for uploading/downloading of locations:

```
<!DOCTYPE Locations> [
  <!ELEMENT Locations (Regions, Districts, Municipalities, Villages)>
  <!ELEMENT Regions (Region*)>
  <!ELEMENT Region (RegionCode, RegionName)>
  <!ELEMENT RegionCode (#CDATA)>
  <!ELEMENT RegionName (#CDATA)>
  <!ELEMENT Districts (District*)>
  <!ELEMENT District (RegionCode,DistrictCode, DistrictName)>
  <!ELEMENT RegionCode (#CDATA)>
  <!ELEMENT DistrictCode (#CDATA)>
  <!ELEMENT DistrictName (#CDATA)>
  <!ELEMENT Municipalities (Municipality*)>
  <!ELEMENT Municipality (DistrictCode,MunicipalityCode, Municipality-
  Name)>
  <!ELEMENT DistrictCode (#CDATA)>
  <!ELEMENT MunicipalityCode (#CDATA)>
  <!ELEMENT MunicipalityName (#CDATA)>

  <!ELEMENT MalePopulation (#CDATA)>
  <!ELEMENT FemalePopulation (#CDATA)>
  <!ELEMENT OtherPopulation (#CDATA)>
  <!ELEMENT Families (#CDATA)>
]>
```

C. Upload of the register of health facilities

- [Browse](#)

Select from a file in the XML format serving as a source for uploading of the register of health facilities. Mandatory.

- **Strategy**

Select a desired strategy for uploading of the register of health facilities. The following options are available:

- **Insert Only**

Uploads only health facilities that are not yet included in the register of health facilities

- **Update Only**

Updates only health facilities that are already included in the register of health facilities

- **Insert and Update**

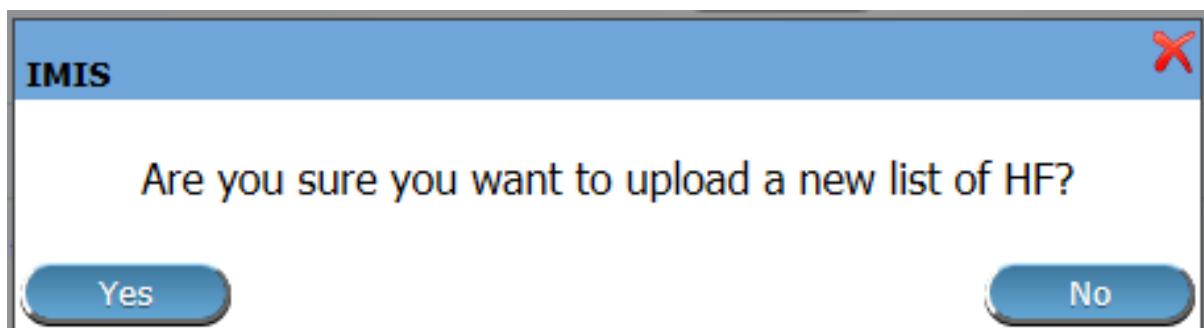

Uploads health facilities that are not yet included in the register of health facilities and updates health facilities that are already included in the register of health facilities

- **Dry Run**

If checked only diagnostics is provided without real uploading.

- **Upload**

By clicking on the Upload button, a prompt popup message will appear, require a user to agree or disagree: (*Upload Health Facilities*) If user agrees the selected file containing locations will be uploaded.

Img. 1.5.9: *Upload Health Facilities*

A statistics on the number of inserted/updated health facilities appears.

If there are errors an error protocol appears.

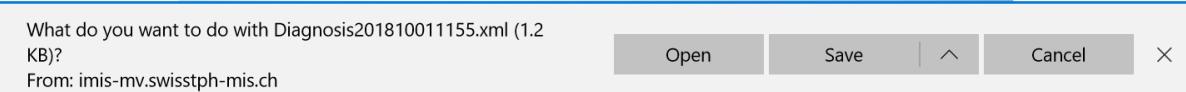

DTD definition of the XML file for uploading/downloading of health facilities:

```
<!DOCTYPE HealthFacilities> [
  <!ELEMENT HealthFacilities (HealthFacilityDetails,CatchmentsDetails)>
  <!ELEMENT HealthFacilityDetails (HealthFacility)*>
  <!ELEMENT HealthFacility (LegalForm, Level, Sublevel, Code, Name, Address, DistrictCode, DistrictName, Phone, Fax, Email, CareType, AccountCode, ItemPriceListName, ServicePricelistName)>
  <!ELEMENT LegalForm (D| C|G|P)>
  <!ELEMENT Level (D|C|H)>
  <!ELEMENT SubLevel (I|N|R)>
  <!ELEMENT Code (#CDATA)>
  <!ELEMENT Name (#CDATA)>
  <!ELEMENT Address (#CDATA)>
  <!ELEMENT DistrictCode (#CDATA)>
  <!ELEMENT DistrictName (#CDATA)>
  <!ELEMENT Phone (#CDATA)>
  <!ELEMENT Fax (#CDATA)>
  <!ELEMENT Email (#CDATA)>
  <!ELEMENT CareType (I|N|B)>
  <!ELEMENT AccountCode (#CDATA)>
  <!ELEMENT ItemPriceListName (#CDATA)>
  <!ELEMENT ServicePricelistName (#CDATA)>
  <!ELEMENT CatchmentsDetails(Catchment*)>
  <!ELEMENT Catchment (HFCode,VillageCode, VillageName, Percentage)>
  <!ELEMENT HFCode (#CDATA)>
  <!ELEMENT VillageCode (#CDATA)>
  <!ELEMENT VillageName (#CDATA)>
  <!ELEMENT Percentage (#CDATA)>
]>
```

D. Download of the list diagnoses

- **Download**

By clicking on the Download button, a prompt popup message will appear, require a user to specify whether the XML file with downloaded list of diagnoses should be opened or saved or canceled: ([Download Diagnoses](#))

Img. 1.5.10: *Download Diagnoses*

E. Download of the register of locations

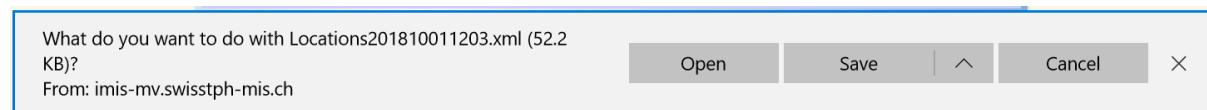

- **Download**

By clicking on the Download button, a prompt popup message will appear, require a user to specify whether the XML file with downloaded register of locations should be opened or saved or canceled ([Download locations](#))

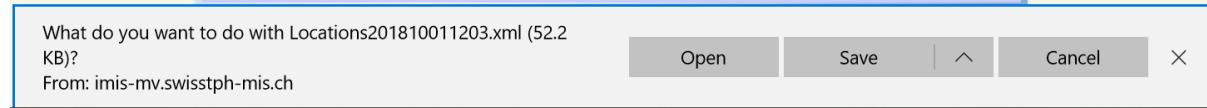

F. Download of the register of health facilities

- **Download**

By clicking on the Download button, a prompt popup message will appear, require a user to specify whether the XML file with downloaded canceled ([Download facilities](#))

Img. 1.5.11: *Download locations*

Img. 1.5.12: *Download facilities*

G. Buttons

- **Cancel**

By clicking on **Cancel** button, user will be re-directed to the Home page.

H. Information Panel

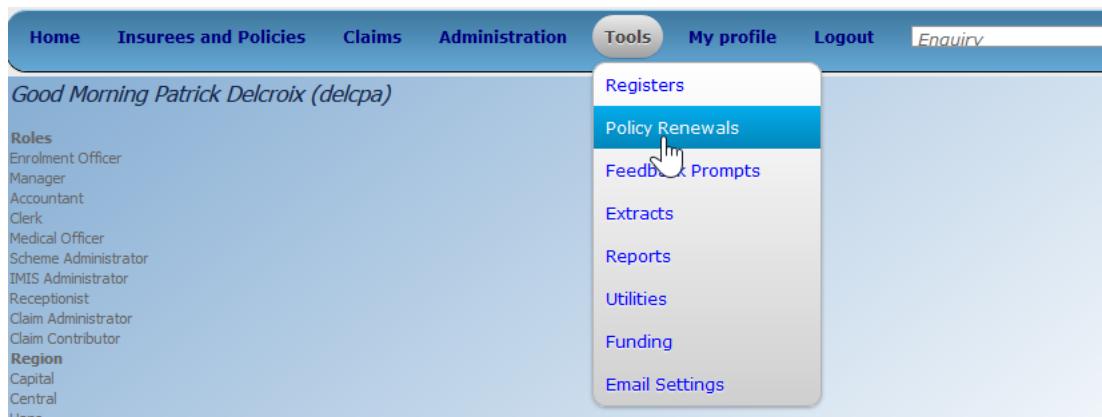

The Information Panel is used to display messages back to the user.

1.5.2 Policy Renewals

Access to management of policy renewals is restricted to the users with the role of Clerk.

Navigation

All functionality for use with the administration of policy renewals can be found under the main menu **Tools**, sub menu **Policy Renewals**

Img. 1.5.13: *Navigation Policy Renewals*

Clicking on the sub menu **Policy Renewals** re=directs the current user to the *Policy Renewal Page*.

Policy Renewal Page

By having access to this page, it is possible preview the report on policy renewals, preview the journal on policy renewals and update the status of a policy. The journal will contain information on actual prompts being generated by the system. These prompt could already have been sent to the mobile phones of enrolment

A

Img. 1.5.14: Policy Renewal Page

officers. The report on policy renewals will contain information on the expiration of policies for any given period. The page is divided into two panels (Img. 1.5.14).

1. Select Criteria Panel

The Select Criteria Panel or the filter panel allows a user to select specific criteria to minimise the report on policy renewals.

Two tasks are carried out by this form. 1) Preview the report on policy renewal and 2) Preview the journal on policy renewal. Depending on the selected option, filter will be changed accordingly.

If Preview option is selected then a user has the following filters.

- **Policy Status**

Select the policy status from the drop down list by clicking on the right arrow. By selecting any of the options a user can filter the report on particular status of the policy. This filter is not mandatory. User can leave it blank to preview the report on any status.

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select policies from a specific region. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the **district**; from the list of districts by clicking on the arrow on the right of the selector to select policies from a specific district. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.*

- **Municipality**

Select the **Municipality**; from the list of municipalities by clicking on the arrow on the right of the selector to preview report from a specific district. *Note: The list will only be filled with the municipalities that belong to the selected district. If this is only one then the municipality will be automatically selected.*

- **Village**

Select the **village**; from the list of villages by clicking on the arrow on the right of the selector to preview report from a specific village. *Note: The list will only be filled with the villages that belong to the selected municipality.*

- **Enrolment Officer**

Select the **Enrolment Officer**; from the list of enrolment officers by clicking on the arrow on the right of the selector to preview the report for the specific officer. *Note: The list will only be filled with the enrolment officers belonging to the districts assigned to the current logged in user. If this is only one then the enrolment officer will be automatically selected.*

- **Date From**

By clicking on the button next to the **Date From** data field a calendar will pop up. Click on his desired date and the textbox will be filled with the selected date. This is a mandatory field. Only the policies for renewal date greater than or equal to the **Date From** will be previewed.

- **Date To**

By clicking on the button next to the **Date To** data field a calendar will pop up. Click on his desired date and the textbox will be filled with the selected date. This is a mandatory field. Only the policies for renewal date less than or equal to the **Date To** will be previewed.

When previewing the journal; the **Policy Status** filter will be replaced with **SMS Status** and there will be one more additional filter, **Journal On**.

- **SMS Status**

Select the **SMS status** from the drop down list by clicking on the right arrow. By selecting any of the options the user can filter the journal on a particular **SMS status**. This filter is not mandatory. By leaving it blank all journals will be displayed.

- **Journal On**

Select the **journal On** from the drop down *list* by clicking on the right arrow, to filter the journal either on prompt or on expiry of the prompt.

2. Button Panel

Cancel: Re-directs to the *Home Page*

Preview: Click on the preview button to display the report based on the filters.

Update: Click on this button to manually update the status of the policy on the current day. Although this task is carried out by the **IMIS Policy Renewal Service** running on the server at specific intervals of time, this button enables the task to be run manually.

3. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur once a user has updated the policy status or if there was an error at any time during the process of these actions.

Preview Report on Renewals

After selecting specific criteria; preview the report ([Img. 1.5.15](#)) by clicking on the preview button.

The screenshot shows a report titled "Policy Status Overview" for the period from 01/01/2016 to 18/12/2016, filtered by District: Dodoma and Policy Status: Expired. The report is divided into sections for Dodoma, Chihanga, and Nzasa, each containing a table of renewal details.

Insurance Number	Last Name	Other Names	Code	Name	Renewal Date	Product Value
005647526	Tura	Sofia	SXB001	Basic fixed enrolment nationwide	01/11/2016	29,00
				Ward (Nzasa)		29,00
				VDC/Municipality (Chihanga)		29,00
Chahwa						
Chahwa mtaa						
Insurance Number	Last Name	Other Names	Code	Name	Renewal Date	Product Value
777777775	Myer	John	DFC002	Ceilings free enrolment Dodoma	15/12/2016	19,00
				Ward (Chahwa mtaa)		19,00
				VDC/Municipality (Chahwa)		19,00
				Enrolment Assistant ()		48,00
				District (Dodoma)		48,00
				Total Value:		48,00

Policy Status Overview - Printed on: 12/18/2016 11:03:14 AM

Img. 1.5.15: Preview Report on Renewals

Preview Journal on Renewals

Just like preview of the policy renewals the journal report can also be previewed. The difference between the Policy Renewal report and the Journal is; one forecasts the renewal while the other gives a report on the status of the renewal. Below is an example of a Journal Report.

1.5.3 Feedback Prompts

Access to administration of feedback prompts is restricted to the users with the role system role of Medical Officer or with a role including an access to Claims/Claim/Feedback.

Navigation

All functionality for use with the administration of feedback prompt can be found under the main menu Tools, sub menu Feedback Prompts

Clicking on the sub menu Feedback Prompts re-directs the current user to the Feedback Prompt Page (Img. 1.5.17).

The Feedback Prompt Page is divided into three panels (Img. 1.5.18).

1. Select Criteria Panel

The Select Criteria Panel or the filter panel allows a user to select specific criteria for feedback.

- SMS Status

Select SMS Status from the list

The screenshot shows a web-based application interface titled "Policy Status Overview". At the top, there is a header bar with various icons and a search bar. Below the header, the title "Policy Status Overview" is displayed. A message at the top states: "Date From 01/01/2017 To 31/07/2017, Region: TestRegion, District: TestDistrict1, Municipality: TestMunicipality11, Enrolment Officers: E001 - Fox James, Policy Status: Active". The main content area contains a table with columns: Insurance Number, Last Name, Other Names, Code, Name, Renewal Date, and Product Value. The table lists one row of data:

Insurance Number	Last Name	Other Names	Code	Name	Renewal Date	Product Value
111111191	Garbeight	James	RF01	Regional free	31/07/2017	10,00

Below the table, there is a note: "Policy Status Overview - Printed on: 7/30/2017 7:42:10 PM".

Img. 1.5.16: *Preview Journal on Renewals*

The screenshot shows a navigation bar with several menu items: Home, Insurees and Policies, Claims, Administration, Tools, My profile, Logout, and Enquiry. A dropdown menu is open under the "Tools" item, showing options like Registers, Policy Renewals, Feedback Prompts, Extracts, Reports, Utilities, Funding, and Email Settings. The "Feedback Prompts" option is highlighted with a blue background and a cursor icon pointing to it.

Img. 1.5.17: *Navigation Feedback Prompts*

The screenshot shows a "Select Criteria" form with various dropdown menus and input fields. The fields include:

- SMS Status: -- Select Status --
- Region: TestRegion
- District: -- Select a District --
- Municipality: [empty field]
- Village: [empty field]
- Enrolment Officer: [empty field]
- Date From: [empty field]
- Date To: [empty field]

A red letter "A" is placed near the SMS Status dropdown. A red letter "B" is placed near the "Review" button. A red letter "C" is placed near the bottom status bar.

At the bottom right of the form is a "Send SMS" button. The status bar at the bottom of the screen shows "v1.3.1.2 beta".

Img. 1.5.18: *Feedback Prompts Page*

- **Region**

Select the **Region**; from the list of regions by clicking on the arrow on the right of the selector to select a specific region for feedbacks. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the **district** from the list of districts by clicking on the arrow on the right of the selector to select district for feedbacks. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user. If this is only one then the District will be automatically selected.*

- **Municipality**

Select the **Municipality** from the list of municipalities you wish to prompt for feedbacks. *Note: The list will only be filled with the municipalities that belong to the selected district. If this is only one then the municipality will be automatically selected.*

- **Village**

Select the **village**; from the list of villages you wish to prompt for feedbacks. *Note: The list will only be filled with the villages that belong to the selected municipality.*

- **Enrolment Officer**

Select the **Enrolment Officer**; from the list of enrolment officers by clicking on the arrow on the right of the selector to preview the report for the specific officer. *Note: The list will only be filled with the enrolment officers belonging to the districts assigned to the current logged in user. If this is only one then the enrolment officer will be automatically selected.*

- **Start Date**

Type in a date; or use the Date Selector Button, to enter the **Start Date** for feedbacks. *Mandatory. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **End Date**

Type in a date; or use the Date Selector Button, to enter the **End Date** for feedbacks. *Mandatory. Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Send SMS**

By Clicking **Send SMS** button, user actually sends an SMS. When an SMS is sent successfully as message will be given. If failed to be sent, a failure message will appear.

2. Buttons Panel

- **Preview**

By clicking on the **Preview** button, a report (journal) of feedbacks prompted will get generated and displayed ([Img. 1.5.19](#)).

- **Cancel**

By clicking on **Cancel** button, user will be re-directed to [Home Page](#).

3. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur if there was an error at any time during the processing of the reports.

The screenshot shows a web-based application interface titled "Feedback Prompt Journal". At the top, there is a toolbar with navigation icons and a search bar. Below the toolbar, a header displays the date range "Date From 01/01/2017 To 31/07/2017, Region: TestRegion". The main content area contains a table with the following data:

Date	Claim ID	Claim No.	HF Name	Insurance Number	Last Name	Other Names	From	To	SMS
30/07/2017	69	xx2	HFX01-Regional hospital X	555444111	Gonzalez	Quido	03/07/2017	03/07/2017	Idle
31/07/2017	70	xx3	HFX01-Regional hospital X	555444112	Gonzalez	Luisa	03/07/2017	03/07/2017	Idle

At the bottom of the table, a note states "Feedback Prompt Journal - Printed on: 7/31/2017 12:43:25 PM".

Img. 1.5.19: *Feedback Prompt Journal*

1.5.4 IMIS Extracts

Access to the openIMIS Extracts page is restricted to users with the system role of Scheme Administrator (IMIS Central online) or HF Administrator (IMIS offline installations) or with a role including an access to Tools/Extracts. This page will contain all functionality for data synchronization between IMIS Central and IMIS offline installations as well as the generation of extract files for the mobile phones (Android). Depending on the type of installation, the interface will enable and disable certain functions.

Pre-conditions

The extract functionality is covering extracts for the mobile phone applications and the openIMIS 'offline' installations. Offline extracts are only to be generated in case a district has so called 'off-line' installations in areas where no Internet connectivity is available.

Extracts are to be downloaded to the local PC that is initiating the creation of the extract.

Standard procedures should be formulated to stipulate the time interval between Extract creations and the management of transporting and installing/transferring these extracts into the target environment: mobile phones or offline openIMIS clients.

Navigation

All functionality related to openIMIS extracts can be found under the main menu **Tools**, sub menu **IMIS Extracts**

The screenshot shows a web-based application interface with a navigation bar at the top. The navigation bar includes links for Home, Insurees and Policies, Claims, Administration, Tools, My profile, Logout, and Enquiry. A dropdown menu is open under the Tools link, showing the following options: Registers, Policy Renewals, Feedback Prompts, Extracts (which is highlighted with a blue background), Reports, Utilities, Funding, and Email Settings. On the left side of the page, there is a sidebar with a "Roles" section listing various user roles such as Enrolment Officer, Manager, Accountant, Clerk, Medical Officer, Scheme Administrator, IMIS Administrator, Receptionist, Claim Administrator, Claim Contributor, Region, Capital, and Central. The version number "v1.3.1.2 beta" is visible in the top right corner.

Img. 1.5.20: *Navigation openIMIS Extracts*

Clicking on the sub menu **IMIS Extracts** re-directs the current user to the **IMIS Extracts Page**.

This page opens in two different modes depending on the type of openIMIS installation: openIMIS Central (live server) or openIMIS offline (installed on local network in a health facility or an office of the scheme administration).

IMIS Extracts (online mode)

The screenshot shows the 'Extracts' page of the openIMIS application. The page is divided into eight main sections, each with a red letter label:

- A - Download Master Data:** Contains fields for 'Enrolment Officers Code' and download buttons for 'Download Feedback' and 'Download Renewals'.
- B - Create Phone Extract:** Contains dropdowns for 'Region' and 'District', and checkboxes for 'With Insuree' and 'In background', followed by a 'Create' button.
- C - Create Offline Extract:** Contains dropdowns for 'Region' and 'District', and checkboxes for 'With Insuree', 'In background', and 'Full extract', followed by a 'Create' button. Below this are download links for 'DOWNLOAD PHOTOS [D]', 'DOWNLOAD PHOTOS [F]', 'DOWNLOAD [D]', 'DOWNLOAD [E]', and 'DOWNLOAD [F]'.
- D - Upload Claims:** Contains a 'Browse...' button and an 'Upload' button.
- E - Upload Enrolments:** Contains a 'Browse...' button and an 'Upload' button.
- F - Upload Feedback:** Contains a 'Browse...' button and an 'Upload' button.
- G:** A section with a 'Cancel' button.
- H:** A large, empty purple section at the bottom.

Img. 1.5.21: *openIMIS Extracts*

The Extracts Page is divided into eight sections (*Image 6.23*).

A - Download Master Data section

The Master Data section is used for generation of the data needed for off-line operation of IMIS (Policies) application run on Android platforms. The following data files can be downloaded:

- Master data for running IMIS (Policies) application (**Download Master Data**)
- Prompts for renewal of policies (**Download Renewals**)
- Prompts for acquiring of feedbacks (**Download Feedbacks**)
- **Enrolment Officers Code:** Enter the code of an enrolment officer for whom the master data and prompts should be generated.

B - Create Phone Extract section

The Phone extract panel is used for the generation of so called SQLite database files for the mobile phone applications. Each district will have its own phone extract file that needs to be distributed to the mobile phones within the district. To generate a phone extract file, the operator has to select a region and a district from the list of available districts. In case the user is having access to its own district only, the district will be automatically selected and shown on the display.

By clicking the **Create** button in panel the section, a phone extract will be created. This process might take a while. As long as the hour glass (as a cursor) is shown, openIMIS is still processing the file. The file size depends on the amount of photographs included in the extract. The file size could range into hundreds of MBs. To alleviate this problem two options are available:

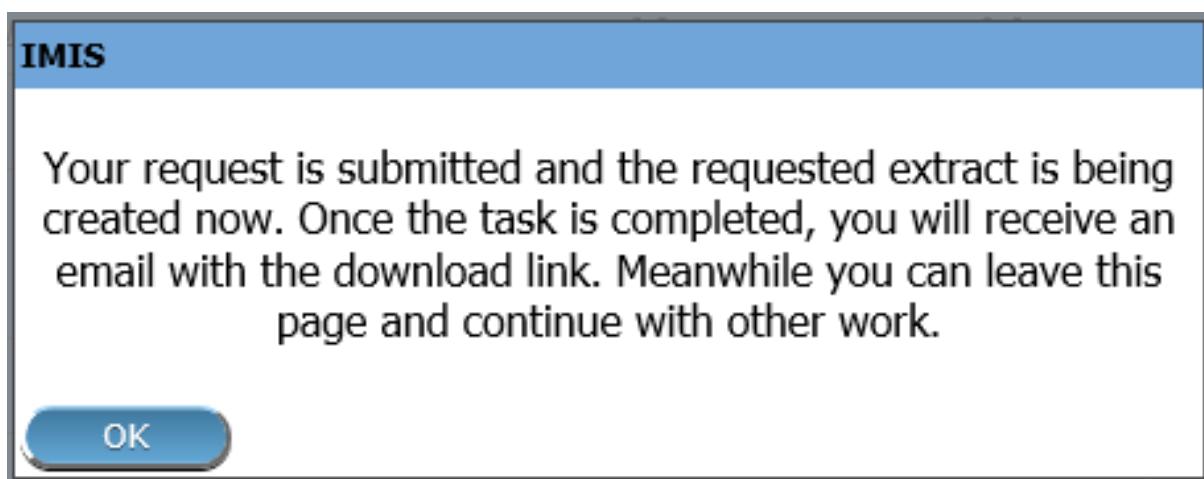

- **With Insurees**

Checking this box means that a complete phone extract (including photos) will be generated. Leaving it unchecked a shortened phone extract without photos will be generated.

- **In background**

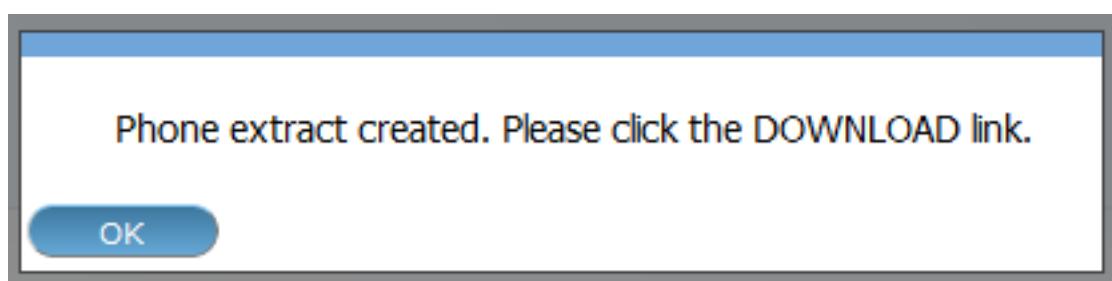

Checking this box means that the phone extract will be created in background and the user will be notified by e-mail (provided his/her e-mail is entered in the register of users).

In case the extract is created in the background, the following dialog box appears:

Img. 1.5.22: *Image 179*

If the extract is not created in background the user is notified about successful creation by the following message as shown below.

Img. 1.5.23: *Image 180*

The extract will be downloaded to your local computer by clicking the **Download** link that will appear after the creation of the extract, as shown below.

Img. 1.5.24: *Image 181*

The extract file is called **IMISDATA.DB3** and needs first to be copied (downloaded) to the local machine. After clicking the Download button, the operator is able to select the destination folder (locally) for the file to download as shown below.

Img. 1.5.25: *Image 182*

The extract is now ready to be transferred/copied to the mobile phones. This process is performed manually by connecting the mobile phone to the computer with the provided USB cable. The user needs to copy, manually, the file from the local machine into the 'IMIS' Folder on the mobile phone.

C - Offline Extract section

The offline extract section is used to generate the openIMIS 'offline' extract files for the health facilities or offices of the scheme administration that run openIMIS offline. To generate an offline extract file, the operator has to select a region and a district from the list of available districts. In case the user is having access to its own district only, the district will be automatically selected and shown on the display. When an operator belongs to one specific district, the district box is already selected with the district of the user. To create a new extract, the operator needs to click the Create button.

Three types of extracts could be generated:

- Differential Extract (Download D)

Differential extracts will only contain the differences in data compared with the previous extract. The first differential extract (sequence 0000001) will contain all data as it will be the first extract. Thereafter, this type of the extract, will only contain any differences after the previous extract. This will result in smaller files sent to the health facilities in off-line mode. When we click the create button, the differential extract is always generated and will be assigned the next sequence number. A separate Photo extract will be created containing only photographs linked to changes compared with the previous extract. Differential extracts with insure and policy data are only generated in case the **With Insuree** checkbox is checked as shown below.

Img. 1.5.26: *Image 183*

- Full extract (Download F)

The Full extract will always contain all information in the database. These extracts are only generated in case the **Full extract** and the **With Insuree** checkbox are checked as shown below.

Img. 1.5.27: *Image 184*

By clicking the **Create** button, in case of **Full extract** is checked, two extracts will be generated, one differential extract and one full extract. Both extracts will have the same sequence number. This implies that full extracts are not always needed/generated. A separate photo extract will be created containing all photographs.

- Empty Extract ([Download E](#))

Empty extracts will only contain the data from registers and no data on insurees and their policies/photos. If a full set of register data should be included in the extract, the checkbox **Full extract** has to be checked as shown below.

The screenshot shows a web-based application interface for creating an extract. At the top, there are fields for 'Region' (set to 'TestRegionY'), 'District' (a dropdown menu), 'Sequence Number' (set to '000006 - 13-10-2017'), and checkboxes for 'With Insuree' and 'In background'. A red box highlights the 'Full extract' checkbox, which is checked. Below these fields are several buttons: 'Create' (disabled), 'DOWNLOAD PHOTOS [D]', 'DOWNLOAD PHOTOS [F]', 'DOWNLOAD [D]', 'DOWNLOAD [E]', and 'DOWNLOAD [F]'. The 'Create' button is the only one that is active and highlighted.

Img. 1.5.28: *Image 185*

After clicking the **Create** button, the system will create the extract file and will on completion display the following message:

The message is only shown to provide some details on how much information is exported to the extract file.

Depending on the **Full extract** option, we will be re-directed to the extract page and will see the newly generated extract sequence in the list or will get a new message as shown below:

After clicking OK the statistics of the full extract will be shown:

We are now ready to download the extract to our computer.

The combo box next to the district selector contains information on all generated extracts with the sequence number and date. (e.g. Sequence 000007 – Date 06-09-2012). If the extract selector does not show any entries (blank) it means that no previous extracts were created. At least one full extract needs to be generated. This is needed to initialise a new offline openIMIS installation.

To download the actual extracts, the operator needs to select the desired extract sequence from the list of available extracts.

Four different types of extracts could be downloaded by clicking one of the following buttons:

- **Download D** (Differential extract)

– Will download the selected differential extract with the following filename

Filename: OE_D_<DistrictID>_<Sequence>.RAR (e.g. OE_D_1_8.RAR)

- **Download F** (Full extract)

– Will download the latest full extract with the following filename

Filename: OE_F_<DistrictID>_<Sequence>.RAR (e.g. OE_F_1_8.RAR)

- **Download E** (Empty extract)

– Will download the latest full extract with the following filename

Filename: OE_E_<DistrictID>_<Sequence>.RAR (e.g. OE_F_1_8.RAR)

- **Download Photos D** (Differential Photo extract)

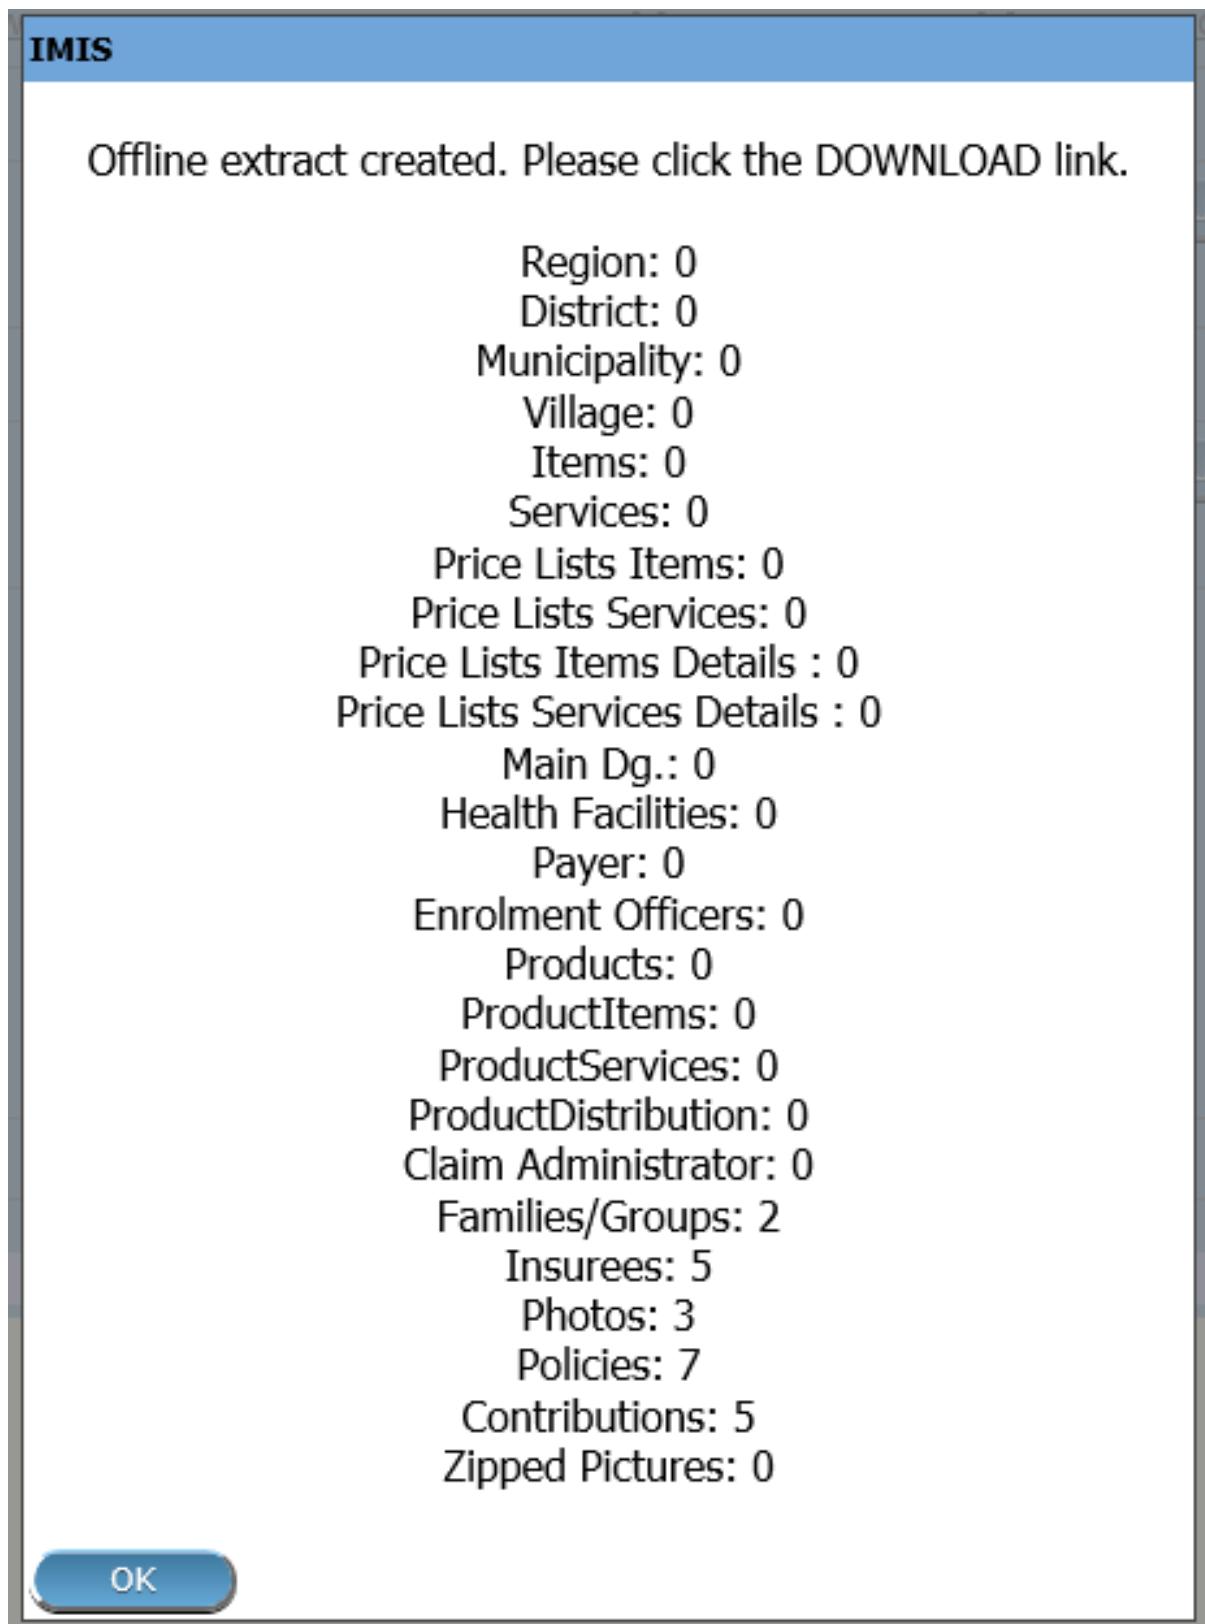

– Will download the selected differential photo extract with filename:

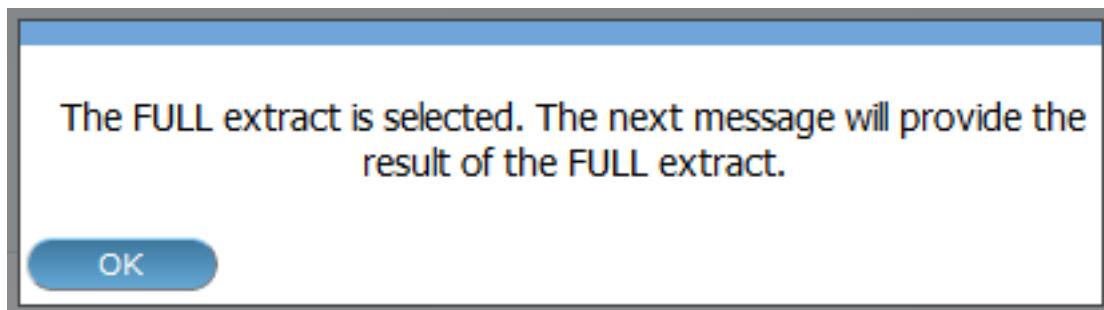

*Filename: OE_D_<DistrictID>_<Sequence>.RAR (e.g.
OE_D_1_8_Photos.RAR)*

- **Download Photos F** (Full Photo extract)

– Will download the latest FULL photo extract with the following filename

*Filename: OE_D_<DistrictID>_<Sequence>.RAR (e.g.
OE_F_1_8_Photos.RAR)*

Img. 1.5.29: *Image 186*

Img. 1.5.30: *Image 187*

After clicking the desired extract download button, the file download dialog box appears to select the destination folder for the extract file as shown below:

In case the extract file is not available (anymore) on the server, the following dialog box might appear:

The reason for this box to appear could be that the file to be downloaded has been removed from the server or that you have attempted the download a full extract but no full extract was generated (only the differential extracts exist). It is also possible that you have attempted to download a photo extract but no photos were added since the last extract.

Checking the checkbox **In background** means that the off-line extract will be created in background and the user will be notified by e-mail (provided his/her e-mail is entered in the register of users) as shown below:

In case the extract is created in the background, the following dialog box appears:

D - Upload Claims section

- **Browse**

Browse for the file from the IMIS-Offline or IMIS (Claims) application containing claims to be uploaded.

- **Upload**

Upload claims contained in the selected file.

E - Upload Enrolment section

- **Browse**

Browse for the file from the IMIS-Offline or IMIS (Policies)application containing newly enrolled or renewed policies to be uploaded.

- **Upload**

Upload policies contained in the selected file.

F - Upload Feedback section

- **Browse**

Browse for the file from the IMIS-Offline or IMIS (Policies)application containing feedbacks to be uploaded.

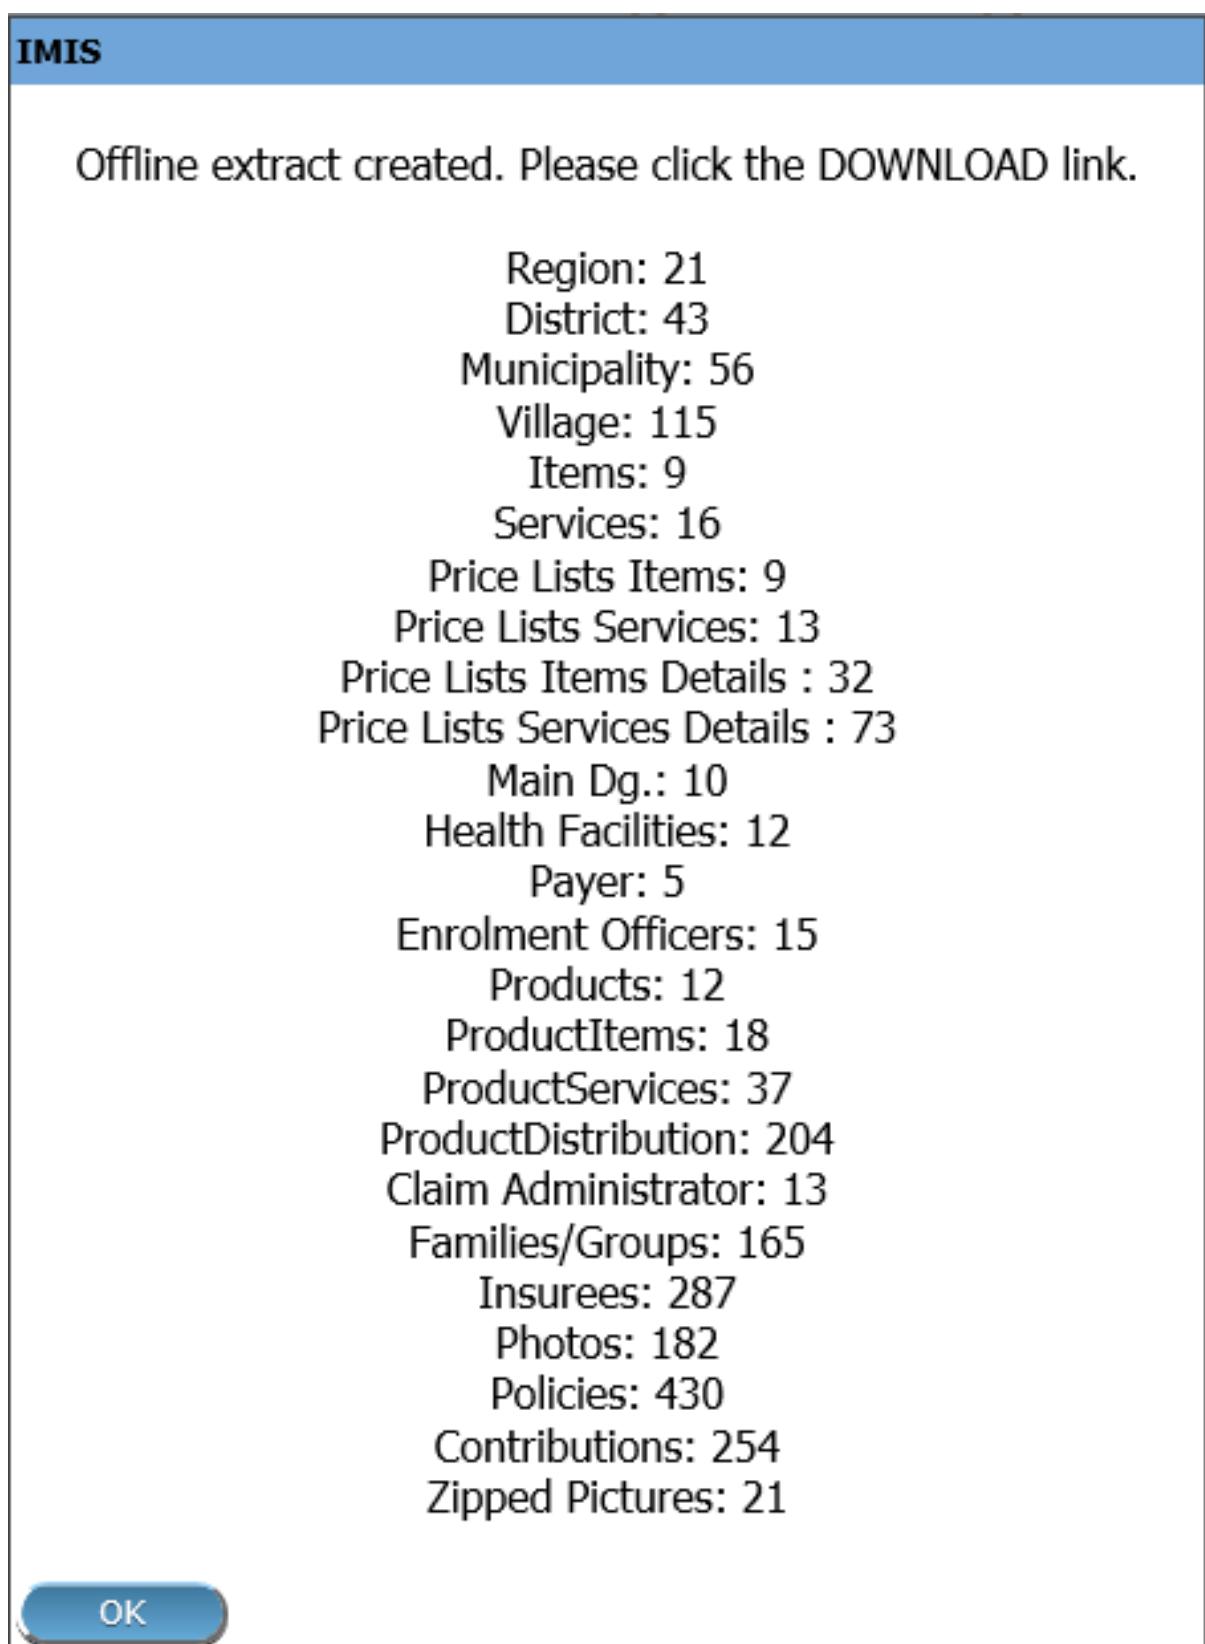

- **Upload**

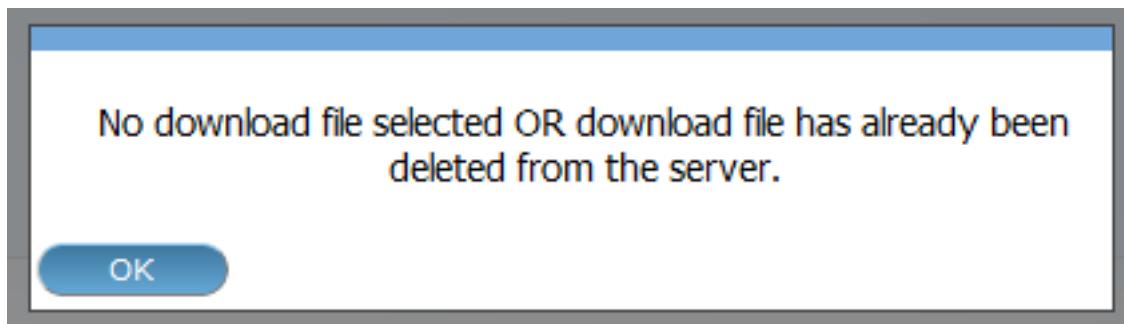

Upload feedbacks contained in the selected file.

G - Button section

The **Cancel** button brings the operator back to the *Home Page*.

H - Information panel

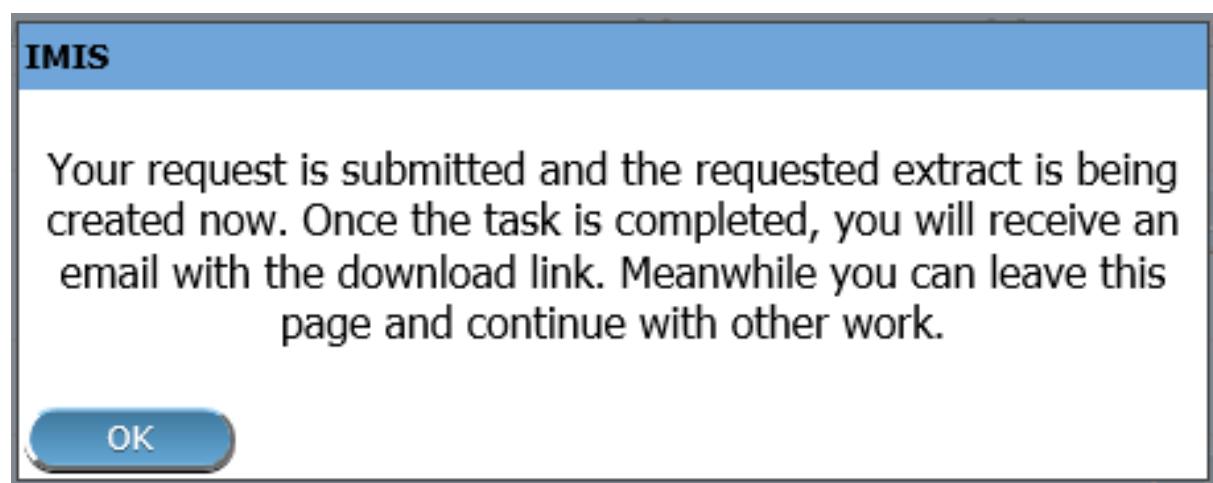

Img. 1.5.31: *Image 188*Img. 1.5.32: *Image 189*

Img. 1.5.33: *Image 190*

Img. 1.5.34: *Image 191*

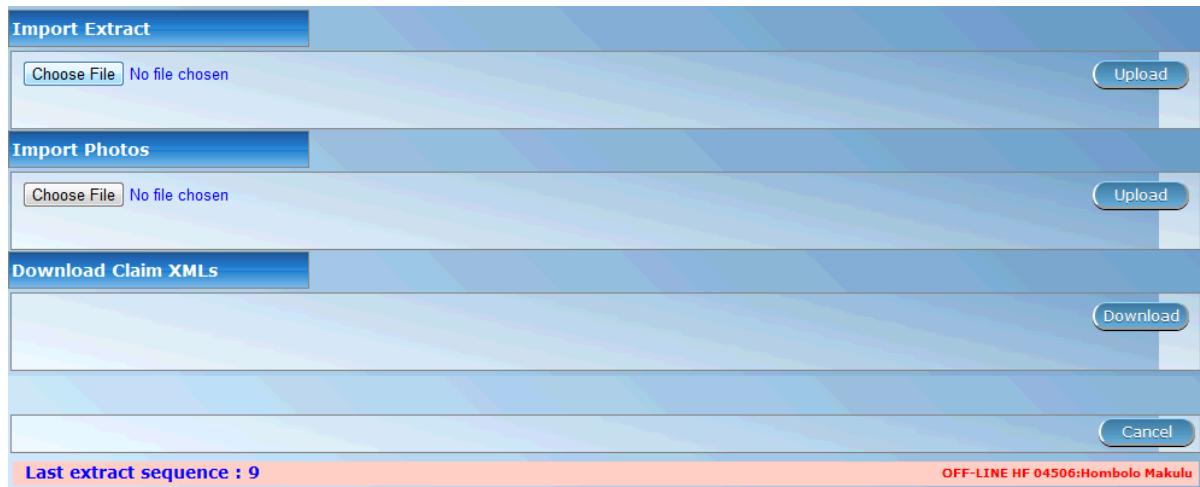

Img. 1.5.35: *Image 192*

The Information Panel is used to display messages back to the user. Messages will occur once an action has completed or if there was an error at any time during the process of these actions.

IMIS Extracts (OFFLINE MODE)

Offline HF

Img. 1.5.36: *Image 193*

A - Import Extract

Used to extract photos obtained from online IMIS

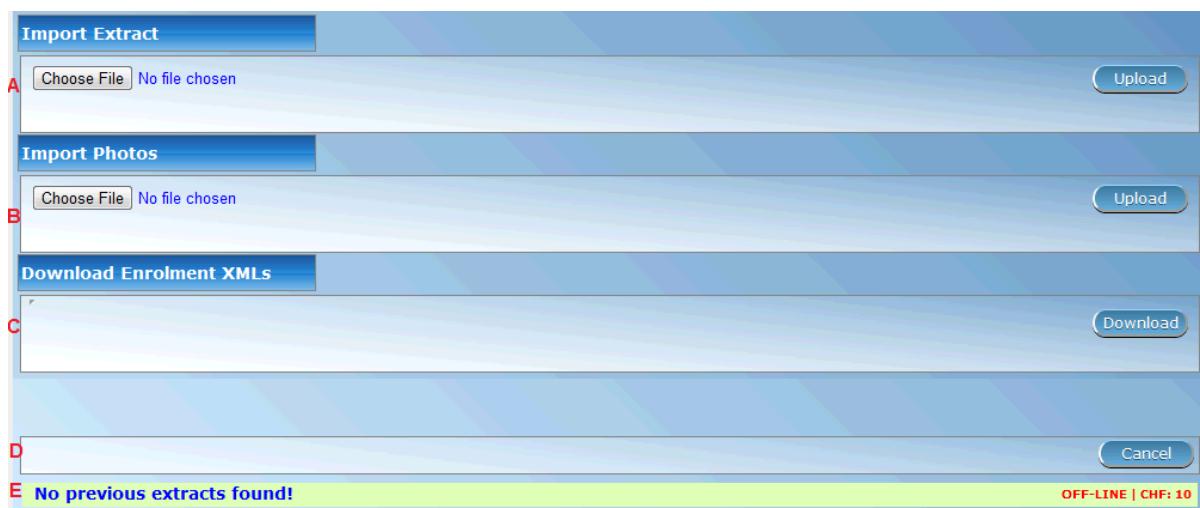

B - Import Photos

Used to upload photos obtained from online IMIS

C - Download Claim XMLs

Used to download claims made in the offline health facility prior to be sent to online IMIS

Offline Insurer

Img. 1.5.37: *Image 194*

A - Import Extract

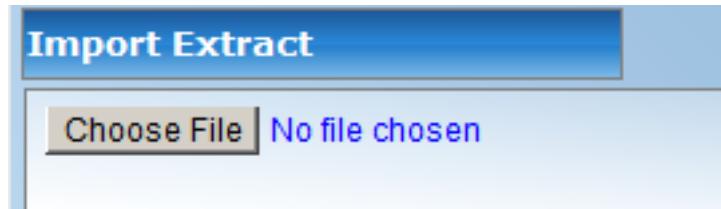

Used to upload extract obtained from online IMIS

B - Import Photos

Used to upload photos obtained from online IMIS

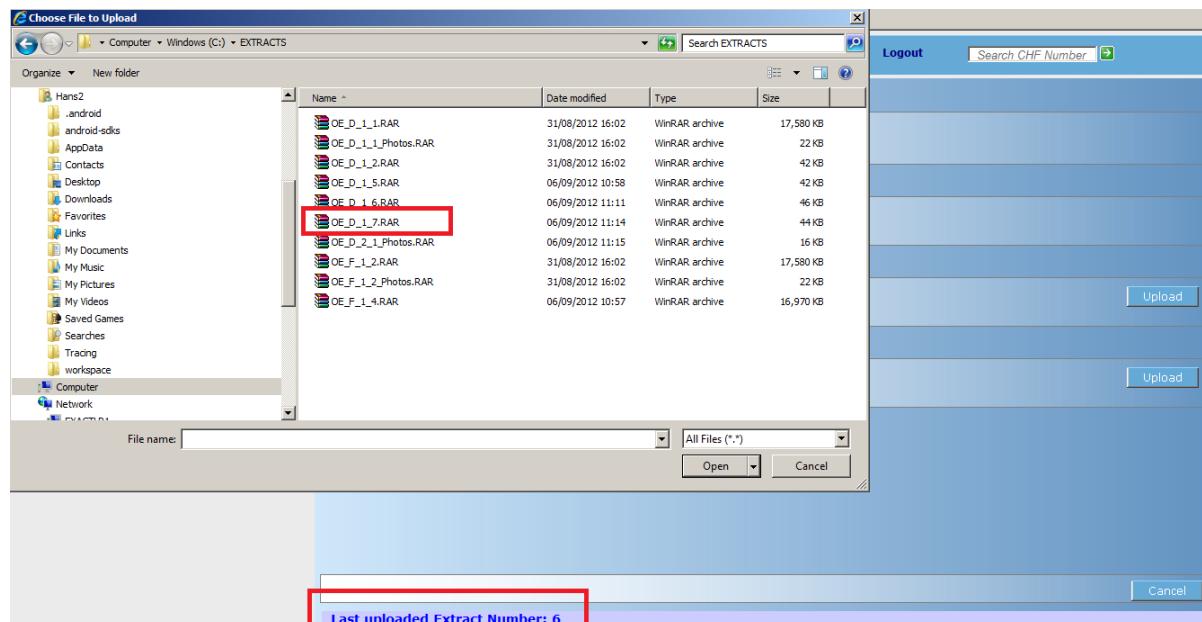

C - Import Extract

The Choose file section should be clicked to select an extract file to upload/import. The following file selector appears for Internet explorer (the appearance might differ for different internet browsers):

Img. 1.5.38: *Image 195*

On clicking the **Choose File** button, the file selector dialog appears as shown below:

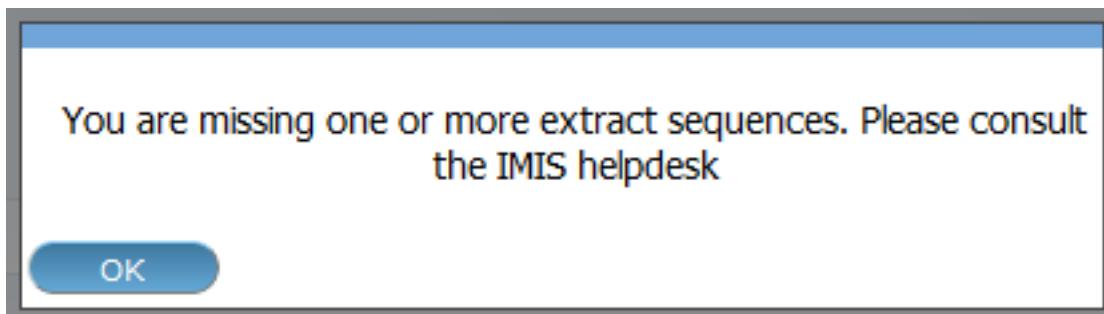

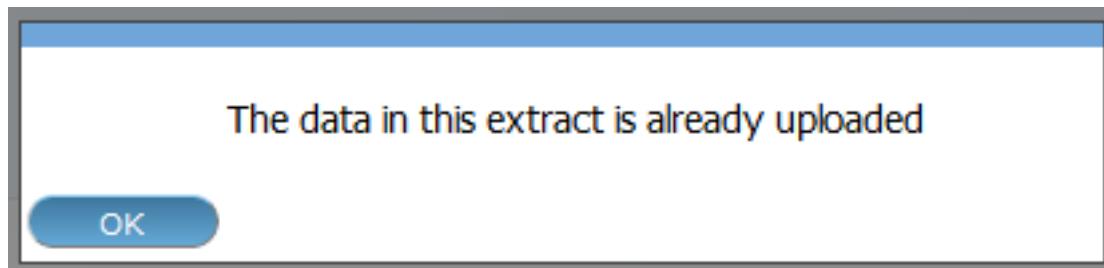

Img. 1.5.39: *Image 196*

With the import/upload of an extract it is important to understand that each extract has its sequence number. This sequence number is found in the filename of the extract. We would in case of differential imports/uploads have to follow the sequence. In the example screen above, it shows in the status bar, that the last import was number 6. Therefore we should select in this case the differential extract number 7 as highlighted in the file selection dialog.

Alternatively the operator could select any full extract with a sequence number higher than 6. In case a wrong extract is selected, warning messages will appear as shown below:

In case you are missing extract sequences, additional extracts are needed to be uploaded before the extract selected. The extract selected, in this case, does not directly follow the last sequence as indicated in the status bar of the screen. The additional extracts are to be provided by NSHIP district office.

In case the extract file selected is valid, the system will import the data. New data will be added and existing data might be modified. After a successful import of an extract

Img. 1.5.40: *Image 197*Img. 1.5.41: *Image 198*

(Differential and FULL), a form is displayed with the statistics of the import as shown below:

The above statistics are provided to give some quick overview of how many records were inserted or updated during the import process. In case we would for example update the phone number of an enrolment officer, it would result in one update and one insert as we always keep historical records. The photos inserts and updates are related to information on the photos, but are not the actual photographs. The actual photographs (*.jpg) are uploaded separately.

D - Import Photos

The import of photos is optional and will have no further checking on sequence numbers. NSHIP should provide (if available) with each extract the photo extract as well.

E.g. (for Differential extract)

OR (for FULL extract)

The photo extract will contain all photographs associated with the actual extract in a zipped format. The Upload procedure will simply unzip the extract and copy the image files to the photo folder of IMIS.

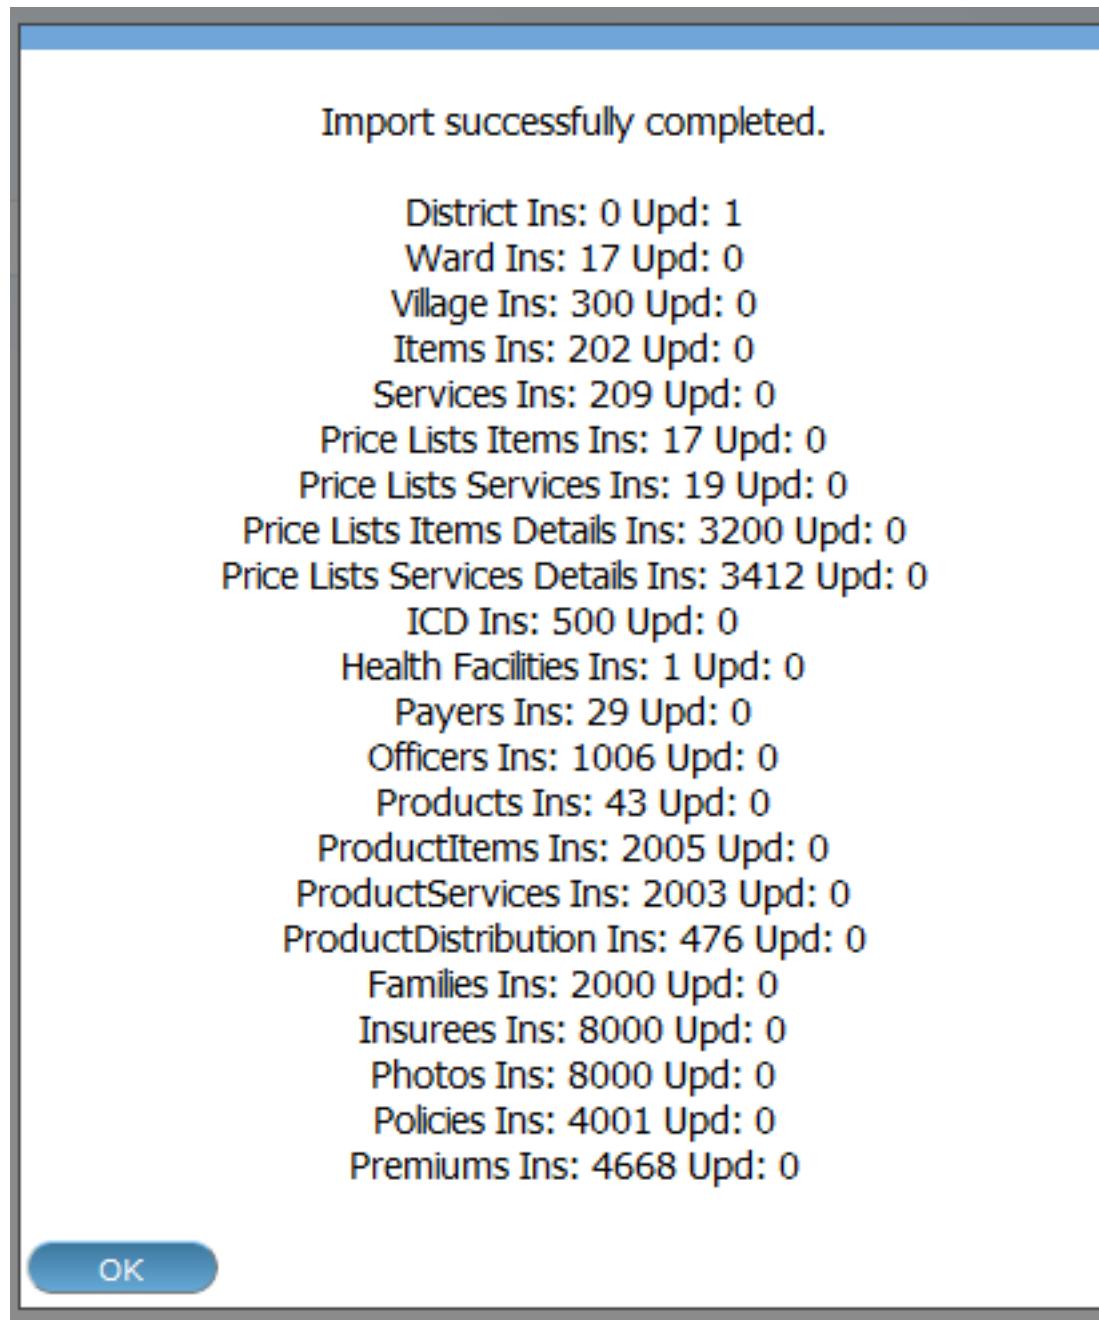

After successful upload of the photographs the following message appears:

E - Button panel

The ‘Cancel’ button brings the operator back to the main page of IMIS.

F - Information panel

The Information Panel is used to display messages back to the user. Messages will occur once an action has completed or if there was an error at any time during the process of these actions. If the user opens the openIMIS extracts page (in offline mode only), the status bar will show the last sequence number uploaded.

1.5.5 Reports

Access to the reports is generally restricted to the users with the role of Manager, Accountant, Scheme Administrator and openIMIS Administrator. By having access to the **Reports Page**, it is possible to generate several operational reports. Each report can be generated by users with a specific system role (Manager, Accountant, Scheme Administrator and IMIS Administrator) only or with a role including an access to Tools/Reports.

Pre-Conditions

Navigation

All functionality for use with the administration of Reports can be found under the main menu **Tools**, sub menu **Reports**.

Img. 1.5.46: *Navigation Reports*

Clicking on the sub menu **Reports** re-directs the current user to the Reports Page ([Img. 1.5.47](#)).

The Reports Page is divided into four panels ([Img. 1.5.47](#)).

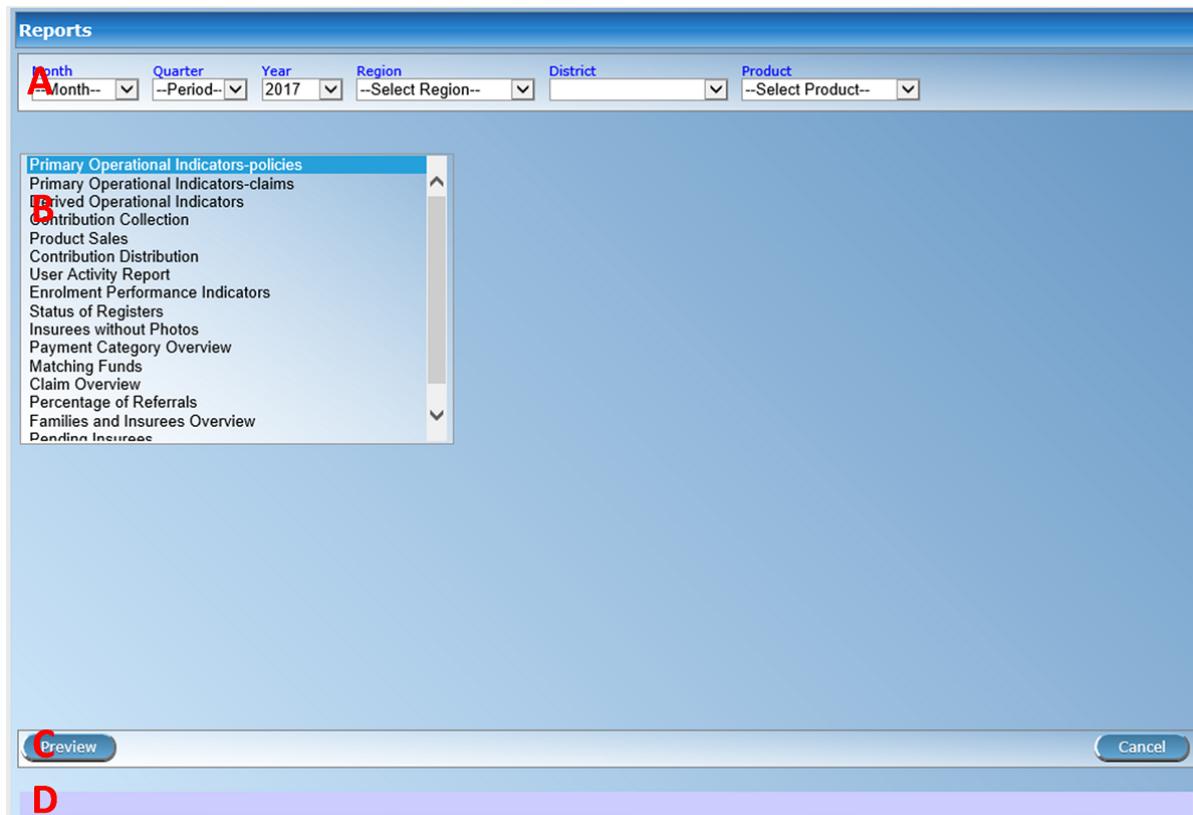

1. Select Criteria

The Select Criteria panel or the filter panel allows a user to select specific criteria determining the scope of data included in the report. The criteria ([Img. 1.5.75 – Img. 1.5.79](#)) will change depending on the selected type of the report.

The general meaning of selection criteria for creating of a report is as follows:

- **Date From**

Type in a date; or use the Date Selector Button, to enter the beginning of a period, in which policies have their enrolment, effective, expire or renewal days,

Img. 1.5.47: *Reports Page*

contributions were paid or in claimed health care was provided. If used with a report, it is mandatory. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Date To**

Type in a date; or use the Date Selector Button, to enter the end of a period, in which policies have their enrolment, effective, expire or renewal days or in which claimed health care was provided. If used with a report, it is mandatory. *Note. To clear the date entry box; use the mouse to highlight the full date and then press the space key.*

- **Payment Type**

Select the Payment Type from the drop down list by clicking on the right arrow. By selecting any of the options a user can filter the report on a particular type of the payment. This filter is not mandatory, leave it blank to preview the report on all the payment modes.

- **Region**

Select the Region; from the list of regions by clicking on the arrow on the right of the selector to select a region, data of which should be included for the report. *Note: The list will only be filled with the regions assigned to the current logged in user. If this is only one then the region will be automatically selected.*

- **District**

Select the District; from the list of districts by clicking on the arrow on the right of the selector to select a district, data of which should be included for the report. *Note: The list will only be filled with the districts belonging to the*

selected region and assigned to the current logged in user. If this is only one then the district will be automatically selected.

- **Product**

Select the **Product**; from the list of products by clicking on the arrow on the right of the selector to include in the report data for the specific product. *Note: The list will only be filled with the products belong to the districts assigned to the current logged in user. If this is only one then the product will be automatically selected.*

- **Month**

Select the **Month** from the list of months by clicking on the arrow on the right of the selector to include in the report data relating to that month selected.

- **Year**

Select the **year** from the list of years by clicking on the arrow on the right of the selector to include in the report data relating to that year selected.

- **Quarter**

Select the **quarter** from the list of quarters by clicking on the arrow on the right of the selector to include in the report data relating to that quarter selected.

- **HF Code**

Select the **HF Code**; from the list of health facility codes by clicking on the arrow on the right of the selector to create the report for the specific health facility. *Note: The list will only be filled with health facility codes of health facilities belonging to the districts assigned to the current logged in user. If this is only one then the health facility code will be automatically selected.*

- **Enrolment Officer**

Select the enrolment officer; from the list of enrolment officers by clicking on the arrow on the right of the selector to select enrolment officer data of whom should be included in the report. *Note: The list will only be filled with the enrolment officers assigned to the current selected district. If this is no district selected the enrolment officers list will be filled by all districts' enrolment officers*

- **Payer**

Select the payer from the drop down list by clicking on the right arrow. By selecting any of the options a user can filter the report on a particular payer. This filter is not mandatory; leave it blank to preview the report on all the payers.

- **Claim Status**

Select the claim status from the drop down list by clicking on the right arrow. By selecting any of the options a user can filter the report on a particular claim status. This filter is not mandatory, leave it blank to preview the report on all the claim statuses.

- **Sorting**

Select the way of sorting of records in the report from the list of available ways of sorting (**Renewal Date**, **Receipt Number**, **Enrolment Officer**).

- **Previous**

Select the previous reports from the drop down list by clicking on the right arrow. By selecting any of the options a user can fetch a report which was produced before. *Note: This filter is available only for Matching Funds Report.*

- **CONTROL NO.**

Enter a control number to get a payment corresponding to the entered control number. This filter is not mandatory. *Note: This filter is available only for Contribution Payment Report.*

- **PAYMENT STATUS**

Select either Matched or Unmatched as the payment status. *Note: This filter is available only for Contribution Payment Report.*

- **POSTING STATUS**

Select the status of posting of requests for control numbers. This filter is not mandatory. *Note: This filter is available only for Control Number Assignment.*

- **ASSIGNMENT STATUS**

Select the status of results of requests for control number. This filter is not mandatory. *Note: This filter is available only for Control Number Assignment Report.*

- **INSURANCE NUMBER**

Enter the insurance number of an insuree. This filter is not mandatory. Note: This filter is available only Claim History Report.

- **MODE**

Select the mode (Prescribed Contributions, Actually Paid Contributions) of calculation of commissions. This filter is mandatory. Note: This filter is available only Overview of Commissions.

- **COMMISSION RATE**

Enter a commission rate as % of an assessment base. This filter is mandatory. Note: This filter is available only Overview of Commissions

- **SCOPE**

Select the details level of the report (Claims and All Details, Claims and Rejection Details, Claims Only)

- **Date Selector Button**

Clicking on the **Date Selector Button** will pop-up an easy to use, calendar selector ([Tab. 1.5.5](#)) by default the calendar will show the current month, or the month of the currently selected date, with the current day highlighted.

- At anytime during the use of the pop-up, the user can see the date of **today**.
- Clicking on *today* will close the pop-up and display the today's date in the corresponding date entry box.
- Clicking on any day of the month will close the pop-up and display the date selected in the corresponding date entry box.
- Clicking on the arrow to the left displays the previous month.
- Clicking on the arrow on the right will displays the following month.
- Clicking on the month will display all the months for the year.
- Clicking on the year will display a year selector.

Calendar Selector - Search Panel

1. Report Type Selector

This panel contains a list of available report types. A user can select to create a desired report by clicking on the report type list item ([Img. 1.5.89](#)) and narrow the report using the criteria being shown on the panel above, and then click the preview button to create the report. Available report types are:

Claim History Report

The Claim Overview report is an essential tool for communication between an insurer and health facilities. This report assumes that a health facility is given and all claims according to other specific criteria are included in the report.

The required Claim History report is very similar to the Claim Overview report but it is centred around a given insuree. All claims belonging to an insuree according to other specific criteria are included in the Claim History report. The way of displaying of claims is similar to the Claim Overview report

1. Parameters for selection for the report:

Date From	Date To	Region	District	Product	HF Code
<input type="text"/>	<input type="text"/>	--Select Region--	--Select District--	--Select Product--	--Select HF Code---
Scope	Claim Status	Insurance Number			
--Select Scope--	-- Select Status --	<input type="text"/>			

Img. 1.5.48: Claim History Report

1. Input parameters of the report:

- Date From -the start date of period, in which a visit was accomplished or a discharge took place-obligatory
- Date To- the end date of the period –obligatory
- Region – the region of health facilities for which the claim history should be included
- District– the district of health facilities for which the claim history should be included
- Insurance Product – the insurance product for which the claim history should be included
- Health Facility-the health facility for which the claim history should be included

- Insurance Number- the insurance number of an insure(patient) for whom the claim history should be included - obligatory
- Claim Status –the status of claims that should be included in the report (from a drop down list of possible states of a claim)
- Scope-the level of details that are included with a claim in the report (Claims Only, Claims and Rejection Details, Claims and All Details – see Rfc 95)

1. The title of the report

See Input paramaters

- Date From - first claim date to be considered in the report **Mandatory**
- Date To - last claim date to be considered in the report **Mandatory**
- Region – if it was entered
- District –if it was entered
- Health Facility (the code and the name)- if it was entered
- Insurance product (the code and the name)-if it was entered
- Scope (claim only, Claims and rejection details, Claimn and all details)
- Claim Status (Entered, Checked, Processed, Valuated, Rejected)
- Insurance number, the name of the insuree (Other Name, Last Name) and his/her birth date **Mandatory**

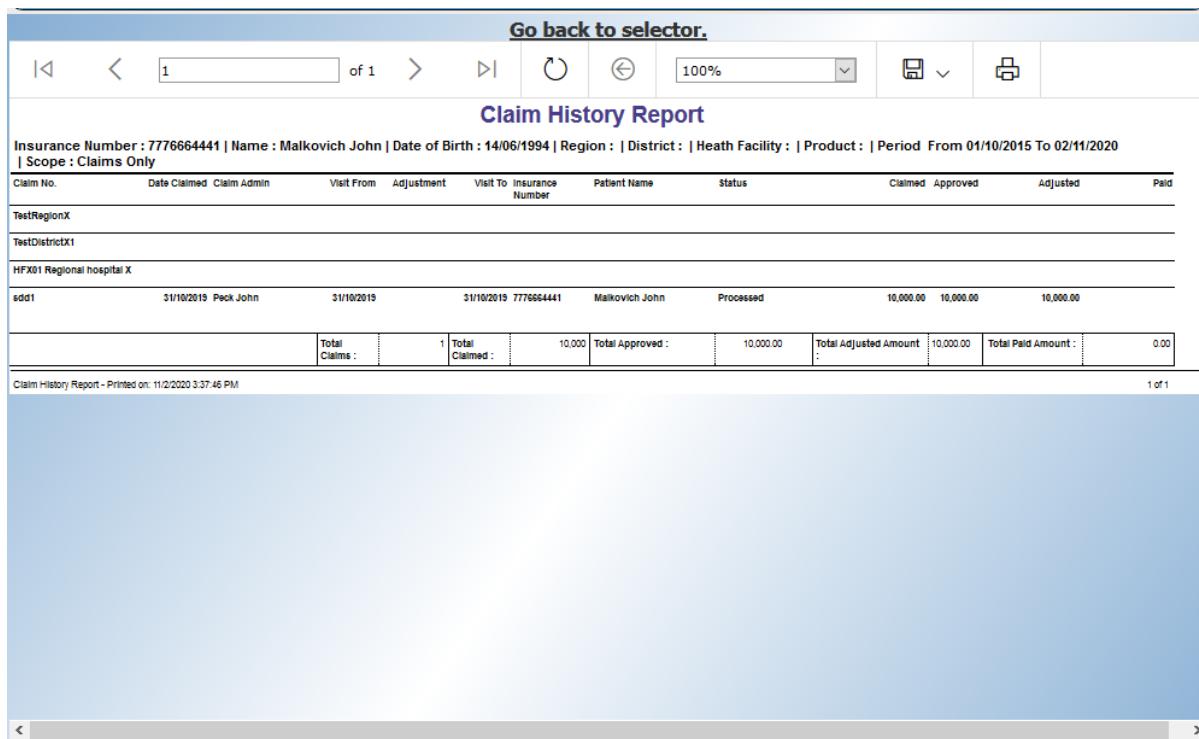

1. Content of the report

The report contains the list of items with the following structure:

- If a region, a district or specific health facility are not entered in the corresponding input parameter then claims displayed are broken down according to these attributes in sections:
 - Region
 - District
 - Health facility (the code and the name)
- If an attribute given above is entered the corresponding section is missing (and the parameter is moved into the title of the whole report). Example: If only a region is given the claim history relates only to health facilities in the region. The region is in the title of the report and the body of the report is split into sections:
 - District
 - Health facility (the code and the name)

At the bottom of the report the total number of rejected photos in the report is included.

1. Example

Img. 1.5.49: *Claim History Report*

Claim overview

The report provides detailed data about results of processing of claims in openIMIS according to insurance products and health facilities. The report can be used as a tool for communication between a health insurance scheme and its contractual health facilities. The report can be run by users with the rsystem role Accountant or with a role including an access to Tools/Reports/Claim Overview. Claims are assigned to the specified period according to date of provision of health care (in case of in-patient care according to the date of discharge). ([Image 236](#))

1. Parameters for selection for the report:

Img. 1.5.50: *Image 217 - Claim Overview Report Criteria*

1. Input parameters of the report:

- Date From - first claim date to be considered in the report **Mandatory**
- Date To - last claim date to be considered in the report **Mandatory**
- Region

- District
 - Health Facility (the code and the name)- if it was entered
 - Insurance product (the code and the name)-if it was entered
 - Scope (claim only, Claims and rejection details, Claimn and all details)
 - Claim Status (Entered, Checked, Processed, Valuated, Rejected)
 - Insuree Number **Mandatory**
1. The title of the report

Img. 1.5.51: Image 236 Preview – Claim Overview

Primary operational indicators - claims report

The report provides aggregate data relating to policies and insurees according to insurance products. The report can be run by users with the system role Manager or with a role including an access to Tools/Reports/Primary Operational Indicators-claims. The table below will provide an overview on primary indicators of the report.

1. Parameters for selection for the report:

The screenshot shows a 'Reports' interface with a 'Primary Operational Indicators - claims report' tab selected. Below the tabs, there are several dropdown menus for selecting parameters:

- Month: --Month--
- Quarter: --Period--
- Year: 2020
- Region: --Select Region--
- District: (empty dropdown)
- Product: --Select Product--
- HF Code: --- Select HF Code ---

Img. 1.5.52: Image 206 - Primary Operational Indicators - Claims Report Criteria

1. Input parameters of the report:

- Month– the period in which a payment takes place

- Quarter - the period in which a payment takes place
- Year - the period in which a payment takes place – **mandatory**
- Region – region of activity of enrolment officers
- District - region of activity of enrolment officers
- Insurance Product – the drop down list with available insurance products for the district according to standard IMIS rules - **mandatory**

Overview of Commissions

The report Overview of Commissions summarizes prescribed/actually paid contributions for newly enrolled/renewed policies for families/groups.

1. Parameters for selection for the report:

Img. 1.5.58: *Overview of Capitation Report Criteria*

1. Input parameters of the report:

- Month – the period in which a payment takes place-obligatory

- Year - the period in which a payment takes place -obligatory
 - Region – region of activity of enrolment officers -obligatory
 - District - region of activity of enrolment officers -obligatory
 - Insurance Product – the drop down list with available insurance products for the district according to standard IMIS rules-optional
 - Enrolment Officer - the drop down list with acting enrolment officers in the district - optional
 - Payer-a drop down list with available payers according to standard IMIS rules -optional
 - Mode – a drop down list with the following modes:
 - Prescribed Contributions
 - Actually Paid Contributions
 - Scope-a drop down list with the following scopes:
 - Overview
 - All details
 - Commission Rate – a percentage for calculation of commissions depending on the mode
1. The title of the report:
 - Mode
 - Commission Rate
 - Period (Month/Year)
 - Region and District
 - Insurance Product (the code and the name of an insurance product) if specified in the input parameters
 - Enrolment Officer (the code and the name of an enrolment officer) if specified in the input parameters
 1. Content of the report

The report takes into account policies satisfying the following conditions:

 - mode Prescribed Contributions:
 - The policy is activated (it is active now or it will be active in future)
 - The last contribution for the policy was prescribed within the specified period ((Month/Year))
 - mode Actually Paid Contributions:
 - The policy is activated (it is active now or it will be active in future)
 - the last payment of contribution for the policy meets or exceeds the last prescribed contribution and it was matched by the payment module within the specified period ((Month/Year))
 1. Structuring of the report

Overview Scope

The report is structured in rows dedicated to an enrolment officer and an insurance product. Each row contains the following data items:

- Enrolment officer code
- Enrolment officer name (Other names +Last name)
- Phone Number (for the enrolment officer taken from the register of enrolment officers)
- Insurance product code
- Insurance product name
- Number of policies
- Amount of contributions
- Commissions

Remark 1: if an enrolment officer provides policies of different insurance products then there are several consecutive rows devoted to the enrolment officer according to individual insurance products

Remark 2: Amount of contributions is the amount of prescribed contribution for the mode Prescribed Contributions and the amount of actually paid (matched) contributions for the mode Actually Paid Contributions.

The report ends with the following totals:

- Total number of policies
- Total amount of contributions
- Total amount of commissions

All details scope

The policies are structured in the following way:

- If a specific enrolment officer is not specified in the corresponding input parameter the policies are structured in sections (with the sub-title the code and the name of an enrolment officer) according to enrolment officers
- If a specific insurance product is not specified in the corresponding input parameter the policies are structured in sections (with the sub-title the code and the name of an insurance product) according to insurance products
- If neither a specific insurance product nor a specific enrolment officer is not specified in the corresponding input parameter the policies are structured first in sections (with the sub-title the code and the name of an enrolment officer) according to enrolment officers and within them in sub-sections (with the sub-title the code and the name of an insurance product) according to insurance products

Each section/sub section provides the following totals at its end:

- The total number of the listed policies in the section/sub-section
- The total of all prescribed contributions of the listed policies
- The total of all actual payments of contributions of the listed policies
- The calculated commission as a product of the Commission Rate and the total of all prescribed contributions

For each policy the following data items are included in the report:

- Insurance number of the head of the family
- Full name of the head of the family
- Date of enrolment/renewal of the policy
- Date of prescribed contribution
- Receipt code of the prescribed contribution
- Amount of contribution
- List of all matched actual payments of the prescribed contribution (transaction number of payment, date of receiving of the payment, actual amount of payment)

Remark: If a family/group has several policies satisfying the criteria of inclusion in the report or such policies are included separately.

The following totals are provided at the end of the report:

- The total number of the listed policies
- The total of all prescribed contributions of the listed policies
- The total of all actual payments of contributions of the listed policies
- The calculated commission as a product of the Commission Rate and the total of all prescribed contributions

1. Example

Contribution distribution report

The report provides proportional amount of actually paid contributions allocated by openIMIS to specific months according to insurance products. The report can be run by users with the system role Accountant or with a role including an access to Tools/Reports/Contribution Distribution. This report shows the information about the **Total collection**, **Allocated amount** and **Not allocated** amount for contributions in the specified period.

1. Parameters for selection for the report:

The screenshot shows a software interface titled 'Reports'. Below the title, there is a search bar with five dropdown menus. From left to right, they are labeled: 'Month' (with option '-Month--'), 'Year' (set to '2017'), 'Region' (labeled '-Select Region--'), 'District' (empty), and 'Product' (labeled '-Select Product--').

Img. 1.5.59: *Image 210 - Contribution Distribution Report Criteria*

2. Input parameters of the report:
 - Month – the period in which contributions took place
 - Year - the period in which contributions took place – **mandatory**
 - Region – region of activity of enrolment officers
 - District - District of activity of enrolment officers
 - Insurance Product – the drop down list with available insurance products for the district according to standard IMIS rules - **mandatory**
1. The title of the report
See Input paramaters
1. Content of the report
 - Code
 - Name,
 - Month
 - Collection
 - Allocated amount is the proportionally calculated amounts of contributions paid covering the month. **Not Allocated** amount is the amount collected for contributions that have a start date in the future (after the month in question). (*Image 230*)

Not Allocated

Primary operational indicators - policies report

The report provides aggregate data relating to policies and insurees according to insurance products. The report can be run by users with the system role Manager or with a role including an access to Tools/Reports/Primary Operational Indicators-policies. The table below will provide an overview on primary indicators of the report.

1. Parameters for selection for the report:

Img. 1.5.75: *Image 205 - Primary Operational Indicators - Policies Report Criteria*

2. Input parameters of the report:

- Month - the period in which a payment takes place
- Quarter - the period in which a payment takes place

- Year - the period in which a payment takes place – **mandatory**
 - Region – region of activity of enrolment officers
 - District - region of activity of enrolment officers
 - Insurance Product – the drop down list with available insurance products for the district according to standard IMIS rules - **mandatory**
 - HF code - the drop down list with available HF products for the District according to standard IMIS rules
1. The title of the report
 - Period (Month/Quarter Year)
 - Region and District
 - Insurance Product (the code and the name of an insurance product) if specified in the input parameters
 1. Content of the report

Tab. 1.5.2: Table Overview of Policies indicators

Code	Primary Dimension indi- ca- tors	Description
P1	Number of policies	Time, Insurance product The number of policies of given insurance product on the last day of a respective period (Status of the policy is Active, the last day of period is within <Effective date, Expiry day>)
P2	Number of new policies	Time, Insurance product The number of new policies of given insurance product during a respective period (Enrolment date is within the respective period, there is no preceding policy with the same (or before converted) insurance product forgiven policy)
P3	Number of suspended policies	Time, Insurance product The number of policies for given insurance product that were suspended during a respective period (Status of the policy is Suspended, suspension took place within the respective period)

Continued on next page

Tab. 1.5.2 – continued from previous page

Code	Primary Dimension indi- ca- tors		Description
P4	Number of expired policies	Time, Insurance product	The number of policies for given insurance product that expired during a respective period (Status of the policy is Expired, expiration took place within the respective period)
P5	Number of renewals	Time, Insurance product	The number of policies that were renewed forgiven insurance product (or a converted) during a respective period (Enrollment date is within the respective period, there is a preceding policy with the same (or before converted) product forgiven)
P6	Number of insurees	Time, Insurance product	The number of insurees covered by policies of given insurance product on the last day of a respective period (An insuree belongs to a family with an active coverage on the last day of the respective period-see P1)
P7	Number of newly insured insurees	Time, Insurance product	The number of insurees covered by new policies of given insurance product during a respective period (An insuree belongs to a family with newly acquired policy during the respective period-see P2)
P8	Newly collected Contributions	Time, Insurance product	Amount of acquired Contributions (for policies of given insurance product) during a respective period (Date of payment of a Contribution is within the respective period)

Continued on next page

Tab. 1.5.2 – continued from previous page

Code	Primary Dimension indi- ca- tors	Description
P9	Available Time, Contributions	Amount of Contributions that should be allocated for policies of given insurance product for a respective period provided a uniform distribution throughout the insurance period takes place. (If the respective period overlaps with <Effective date, Expiry day> of a policy then a proportional part of corresponding Contributions relating to the respective period is included in available Contributions)

Derived operational indicators report

The report provides operational indicators derived from primary operational indicators. The report can be run by users with the system role Manager or with a role including an access to Tools/Reports/Derived Operational Indicators. The table below will provide an overview on the actual derived indicators provided by the report.

1. Parameters for selection for the report:

Reports						
Month	Year	Region	District	Product	HF Code	
--Month--	2017	--Select Region--	--Select District--	--Select Product--	-- Select HF Code --	

Img. 1.5.81: *Image 207 - Derived Operational Indicators Report Criteria*

1. Input parameters of the report:
 - Month – the period in which a payment takes place
 - Year - the period in which a payment takes place – **mandatory**
 - Region – region of activity of enrolment officers
 - District - District of activity of enrolment officers
 - Insurance Product – the drop down list with available insurance products for the district according to standard IMIS rules - **mandatory**
 - HF code - the drop down list with available HF products for the District according to standard IMIS rules

1. The title of the report
 - Region
 - District - District if one selected
 - Insurance Product
 - HF code
1. Content of the report

Tab. 1.5.3: Table Overview of derived operational indicators

Code	Derived Dimension	Description
D1	Incurred claims ratio	Time, Insurance product It is the ratio P11/P9
D2	Renewal ratio	Time, Insurance product It is the ratio P5/P4
D3	Growth ratio	Time, Insurance product It is the ratio P2/P1-for immediately preceding period
D4	Promptness of claims settlement	Time, Insurance product It is the average (date of sending to payment- Date of submission of the claim) for all claims relating to given insurance product and emerging in a respective period Date of sending of payment is not in the structure of Claim, it has to be retrieved from a journal-can be?)
D5	Claims settlement ratio	Time, Health facility, Insurance product It is the ratio (P10-P12)/P10
D6	Number of claims per insuree	Time, Insurance product It is the ratio P10/P6
D7	Average cost per claim	Time, Health facility, Insurance product It is the ratio P11/P10
D8	Satisfaction level	Time,District,Health facility The average mark from feedbacks received in a respective period
D9	Feedback response ratio	Time, District, Health facility The ratio of number of feedbacks received (up to time of creation of the report) and number of feedbacks asked for in a respective period

1. Example

HF01-Regional hospital					
Code	Name	Claim Settlement Ratio	Average Cost per Claim	Satisfaction Level	Feedback Response Ratio
DF01	District free enrolment	1	0.00	5.0	1

Img. 1.5.88: *Image 231 - Preview – User Activity Report*

1. Button Panel

- Preview button

By clicking on this button, the system will process the selected report type basic on the corresponding criteria submitted and re-direct current user to *Report Page*, for previewing the processed report. At any time the user clicks on the preview button, the current criteria will be saved in the session and can be reused later in the same session and for other report types where the same criteria are found.

Img. 1.5.89: *Report Type Selector*

- **Cancel button**

By clicking on this button, the current user will be re-directed to the *Home Page*.

1. Information Panel

The Information Panel is used to display messages back to the user. Messages will occur if there was an error at any time during the processing of the reports.

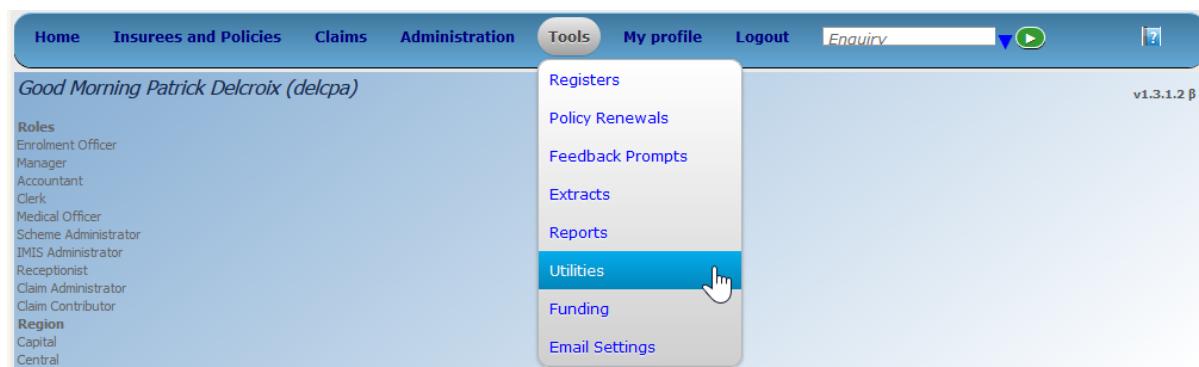

1.5.6 Utilities

Access to the **Utilities** is restricted to the users with the role of openIMIS Administrator.

The **Utilities** is the place for database administration. By having access to this page, it is possible to backup and restore the openIMIS operational database and also to execute SQL Scripts (patches provided for maintenance or update of the database). At the top of the page, the current “Backend” version is displayed for reference.

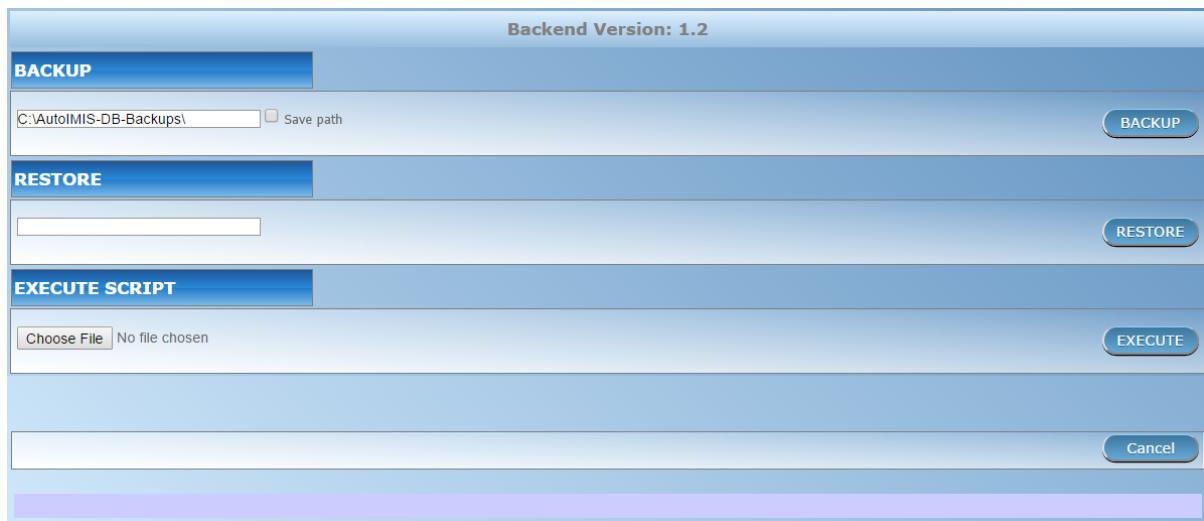

Navigation

All functionality for use with the administration of utilities can be found under the main menu **Tools**, sub menu **Utilities**

Img. 1.5.90: *Navigation Utilities*

Clicking on the sub menu **Utilities** re-directs the current user to the *Utilities Page*.

Img. 1.5.91: *Utilities Page*

Backup

Backup utility can be found in the top panel of the *Utilities Page*. By default the path of the backup folder will be populated from the default table. User can change the path according to the requirement. Next to the textbox user can see one heck box called **Save Path**. If user wants to update the backup folder in default table then this check box should be in checked state. Otherwise system will take the backup on the folder assigned by the user but it will not be updated in database. So next time when user comes on the *Utilities Page*, the textbox will be populated with the original path. After the path has been entered user can just click on the **Backup** button to start the process and a progress bar will be appeared on the screen. Users are requested to be patient while the system performs the task.

Img. 1.5.92: *Backup is in progress*

Restore

Restore utility can be found in the second panel of the *Utilities Page*. User will have to put the path of the backup file to be restored. After the path has been entered user can just click on the **Restore** button to start the process and a progress bar will be appeared on the screen. Users are requested to be patient while the system performs the task.

Execute script

Execute script can be found in the third panel of the *Utilities Page*. User will have to choose the script by clicking on the browse button. User will have to select the file only with the *.isf* extension. After the file has been chosen, user can just click on the **Execute** button to run the script. Users are requested to be patient while the system is executing the script. After

Img. 1.5.93: *Backup is in progress*

the script is executed successfully, backed version will be updated to the latest version. If user will try to run the lower or the equal version's script then system will prompt the user with the appropriate message

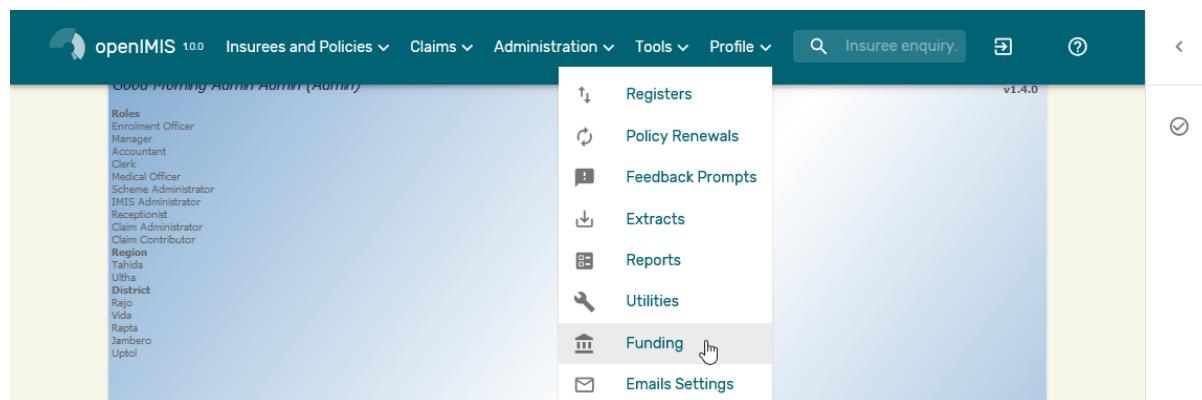

1.5.7 Funding

Access to the **Funding** is restricted to the users with the system role of Accountant or with a role including an access to Tools/Funding.

The **Funding** is the place where funding from external authorities (payers) can be entered. openIMIS creates internally one fictive family/group (the insurance number of the head of the fictive family/group is 999999999, the name is *Funding* and the other name is *Funding* as well) for the district for which a funding is done. Each entering of a fund results in creation of a fictive policy for the corresponding fictive family/group with paid contribution in the amount of the funding. The fictive policy is active since the date of payment of the corresponding fund. These fictive policies are overpaid as these funds are usually much higher than the contribution rate for a single family/member of the group but it doesn't matter. External funding corresponds to payment of contributions for many families/members of the group in some period. openIMIS can regard funds as standard contributions and its standard functionality can be used for handling of funds. One distinctive feature of payment of funds by means of the fictive policies is that the payments of funds don't appear in the reports on matching funds generated for funding authorities. So, there is no danger that offices of the scheme administration would acquire new funds based on funding already acquired.

Navigation

The functionality for entering of funds can be found under the main menu **Tools**, sub menu **Funding**

Img. 1.5.94: *Navigation Funding*

Clicking on the sub menu **Funding** re-directs the current user to the *Funding Page*.

Funding Page

1. Data Entry

The screenshot shows a web-based form titled "Funding". It contains the following fields:

- Region: A dropdown menu labeled "-Select Region--" with a downward arrow.
- District: A dropdown menu labeled "-- Select a District --" with a downward arrow.
- Product: A dropdown menu with a downward arrow.
- Payer: A dropdown menu labeled "-- Select a Payer --" with a downward arrow.
- Payment Date: A text input field with a calendar icon to its right.
- Contribution Paid: A text input field.
- Receipt Number: A text input field.

At the bottom of the form are two buttons: "Save" on the left and "Cancel" on the right.

Img. 1.5.95: *Funding Page*

- **Region**

Select the region from the list of regions for which the funding is designated by clicking on the arrow on the right of the selector. *Note: The list will only be filled with the regions assigned to the current logged in user.*

- **District**

Select the district from the list of districts for which the funding is designated. by clicking on the arrow on the right of the selector. *Note: The list will only be filled with the districts belonging to the selected region and assigned to the current logged in user.*

- **Product**

Select an insurance product from the list of insurance products purchased in the selected district (including national insurance products) for which the funding is designated.

- **Payer**

Select from the list of institutional payers the funding authority/agency.

- **Payment Date**

Enter the date of receiving of the funding.

- **Contribution Paid**

Enter the amount of the funding.

- **Receipt Number**

Enter an identification of the document accompanying the funding.

2. Saving

Once all mandatory data is entered, clicking on the **Save** button will save the record. A message confirming that the new password has been saved will appear. The user will be re-directed back to the *Home Page*.

3. Mandatory data

If mandatory data is not entered at the time the user clicks the **Save** button, a message will appear in the Information Panel, and the data field will take the focus (by an asterisk on the right side of the corresponding field). The user will be re-directed to the *Home Page*.

4. Cancel

By clicking on the Cancel button, the user will be re-directed to the *Home Page*.

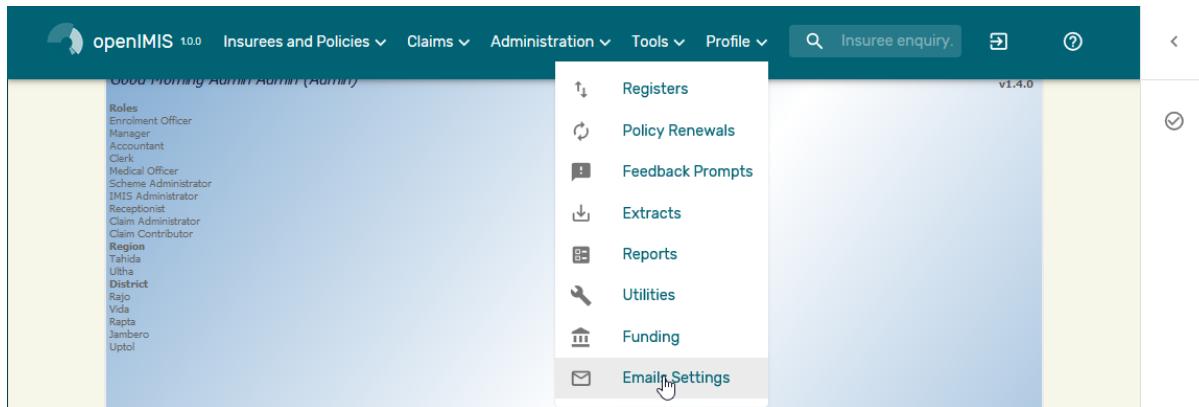

1.5.8 Email Settings

Access to the **Email Settings** is restricted to the users with the role of Accountant.

The **Email Settings** is the page where the setting of the outbound email server are entered.

Navigation

The functionality for entering of funds can be found under the main menu **Tools**, sub menu **Email Settings**

Img. 1.5.96: *Navigation Email Settings*

Clicking on the sub menu **Email Settings** re-directs the current user to the *Email settings Page*.

Email settings page

1. Data Entry

A screenshot of the 'Email Settings' configuration page. The page has a light blue header with the title 'Email Settings'. Below the header, there are four input fields: 'Email' (containing 'noreply@ehealthbox.org'), 'Password' (containing a redacted password), 'SMTP Host' (containing 'server36.hostfactory.ch'), and 'Port' (containing '587'). Below these fields is a checked checkbox labeled 'Enable SSL'.

Img. 1.5.97: *Email settings Page*

- **Email**
SMTP Login to be used on the email server in order to send email
- **Password**
SMTP password to be used on the email server in order to send email.
- **SMTP Host**
SMTP email server address or IP
- **Port**
SMTP email server IP port, standard port are
 - 25 when no encryption is used

- 465 when implicit encryption is used(deprecated)
- 587 when explicit encryption is used, see **Enable SSL**
- **Enable SSL**
Check to box if the SMTP mail server require encryption

1.6 Offline mode

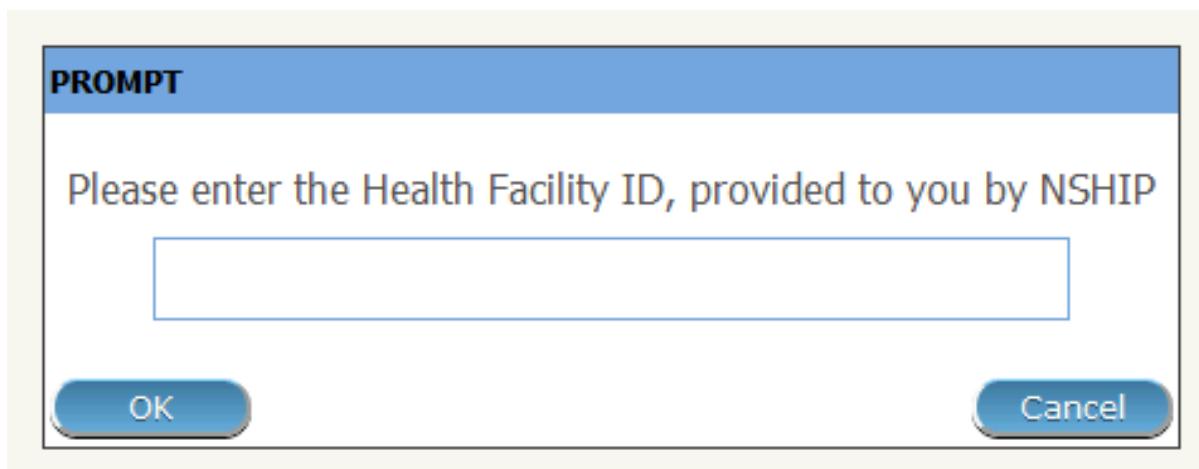

IMIS system can be used in offline mode, which makes it possible for usage by health facilities (HF) and scheme administration offices with low/no internet connectivity.

1.6.1 Offline Facilities

Facilities available while offline and online in IMIS, are similar with some few differences. The following are the feature wise differences found while using openIMIS in offline mode.

1. Login

If a user who is logging in is having user role HF Administrator or offline Scheme Administrator and if Health Facility ID/Scheme Office ID is not set yet, just after clicking login button on the login screen/page, the user will be prompted to enter Health Facility/Scheme Office ID ([Img. 1.6.1](#)), ([Img. 1.6.2](#)), only once for that very first time of logging in.

Img. 1.6.1: *Enter HF ID - HF Administrator Login, openIMIS offline*

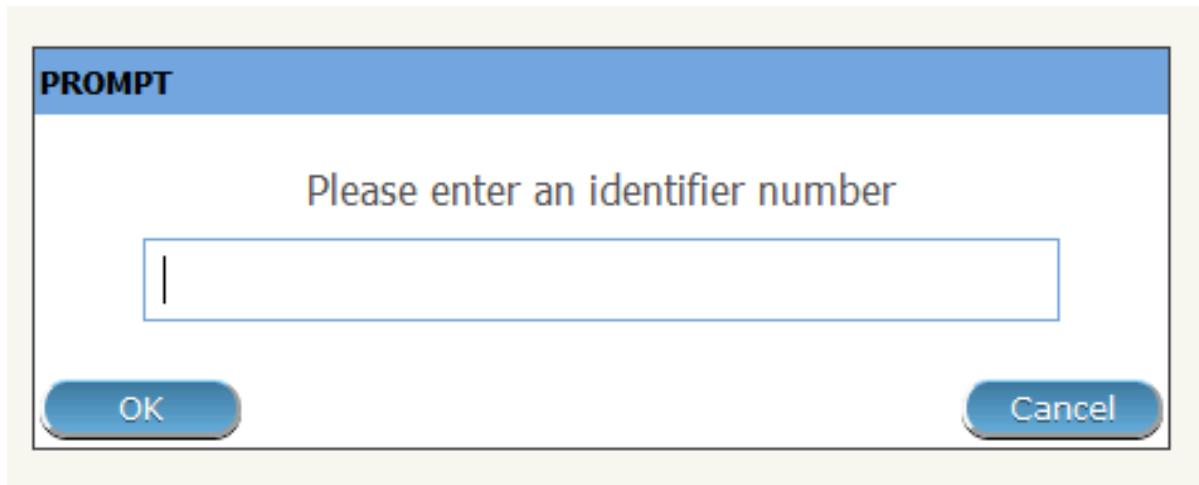

2. Information bar

Throughout the application, an information bar at the bottom of each page will have a different background colour to that of online openIMIS and on the its right end, there will be shown heath facility code and health facility name / Scheme Office ID submitted ([Img. 1.6.3](#)), ([Img. 1.6.4](#)).

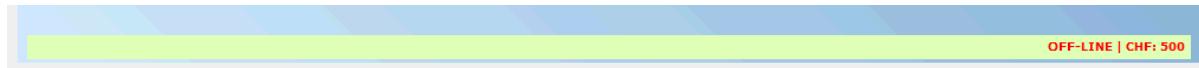

3. Menu Access

For all users with roles other than HF Administrator and Offline Scheme Administrator , will have the menus available to them as per normal roles' rights in online openIMIS version. Menu access in the offline version is different in following scenarios:

User with roles HF Administrator and Offline Scheme Administrator can access only **Users**, **IMIS Extracts** and **Utilities** menus, while all other users with different roles can access menus just as they would do in the online openIMIS version.

Img. 1.6.2: *Enter Scheme Office ID - offline Scheme Administrator Login, openIMIS offline*

Img. 1.6.3: *Information Bar – Scheme Office, openIMIS offline*

- **Extracts**

Extracts Menu leads an offline user to Extracts control panel. Using this panel, an offline user with rights to this panel can import data from online openIMIS to the local offline IMIS, and can also download claims and enrolments prior to upload them to the online IMIS. This panel is divided into five sections ([Img. 1.6.5](#)), ([Img. 1.6.6](#)) If an offline user is HF Administrator, section C will contain facility to **Download Claims**. If an offline user is Offline Scheme Administrator, section C will contain facility to **Download Enrolments**

- **section a - import extract**

This section has a facility to enable synchronization of online openIMIS data with that offline openIMIS data. When online data in a zipped file is obtained (downloaded extraction) from online openIMIS to user local computer, user will use this section to put that data into offline IMIS.

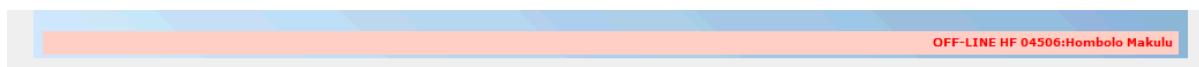

User has to select a file from a local computer by clicking the ‘select file’ button on the left side of the section, and in the popup window which appears ([Img. 1.6.6](#)) user can navigate to the required file and select the file.

After clicking the upload button on the very end of right hand side in this section, data in the file will be imported to the offline openIMIS and confirmation will be given as popup messages ([Img. 1.6.7](#)), ([Img. 1.6.8](#)).

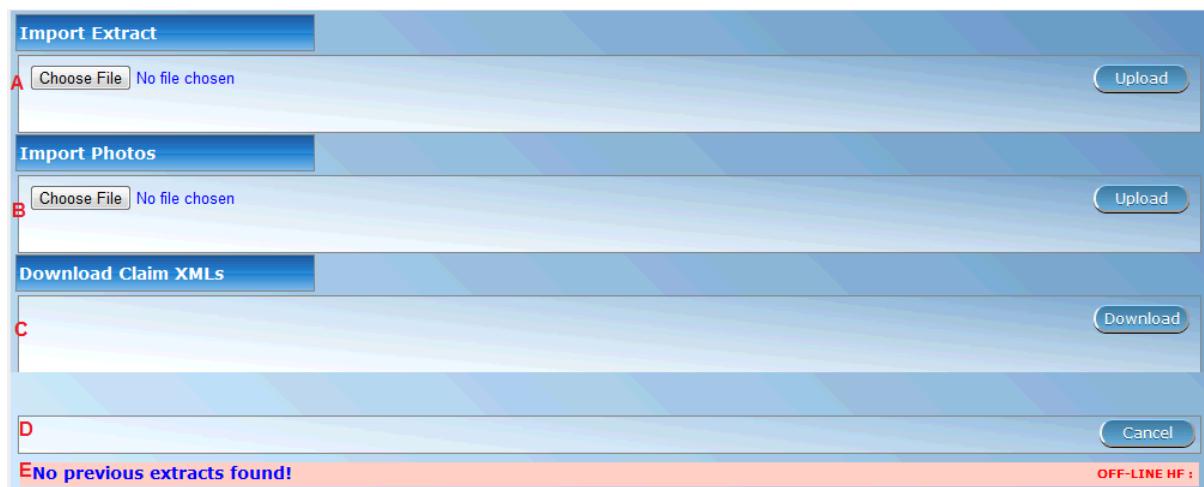

User cannot import an extract whose sequence number is same as last one imported; if done so, a popup message ([Img. 1.6.10](#)) will be shown.

- **section b - import photos**

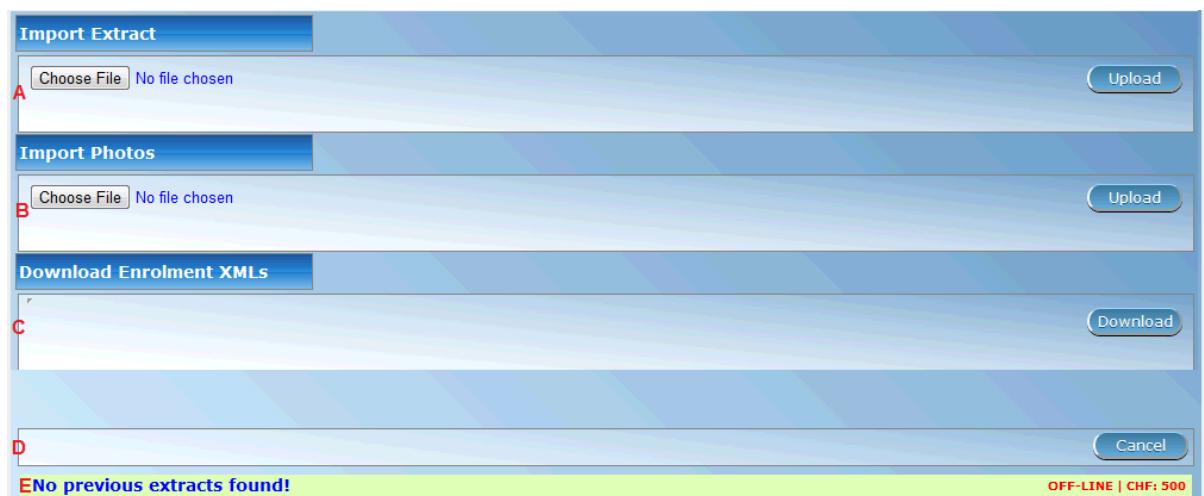

Just as the section name implies, this is a section with facility to enable a user synchronize insurees’ photos in online IMIS, with insurees’ photos in offline IMIS.

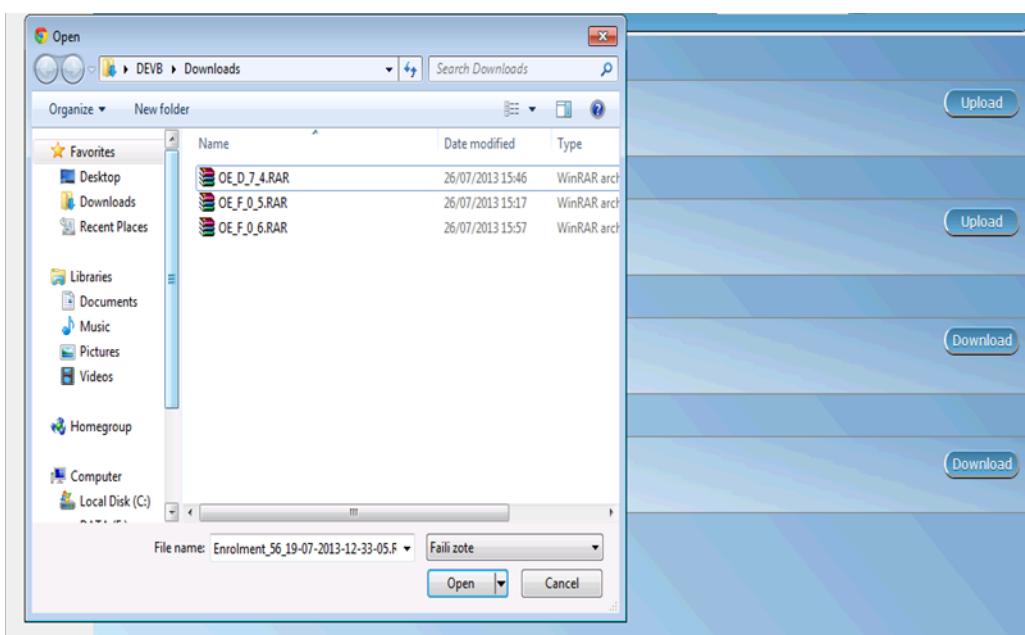

Img. 1.6.4: *Information Bar - Health Facility, openIMIS offline*

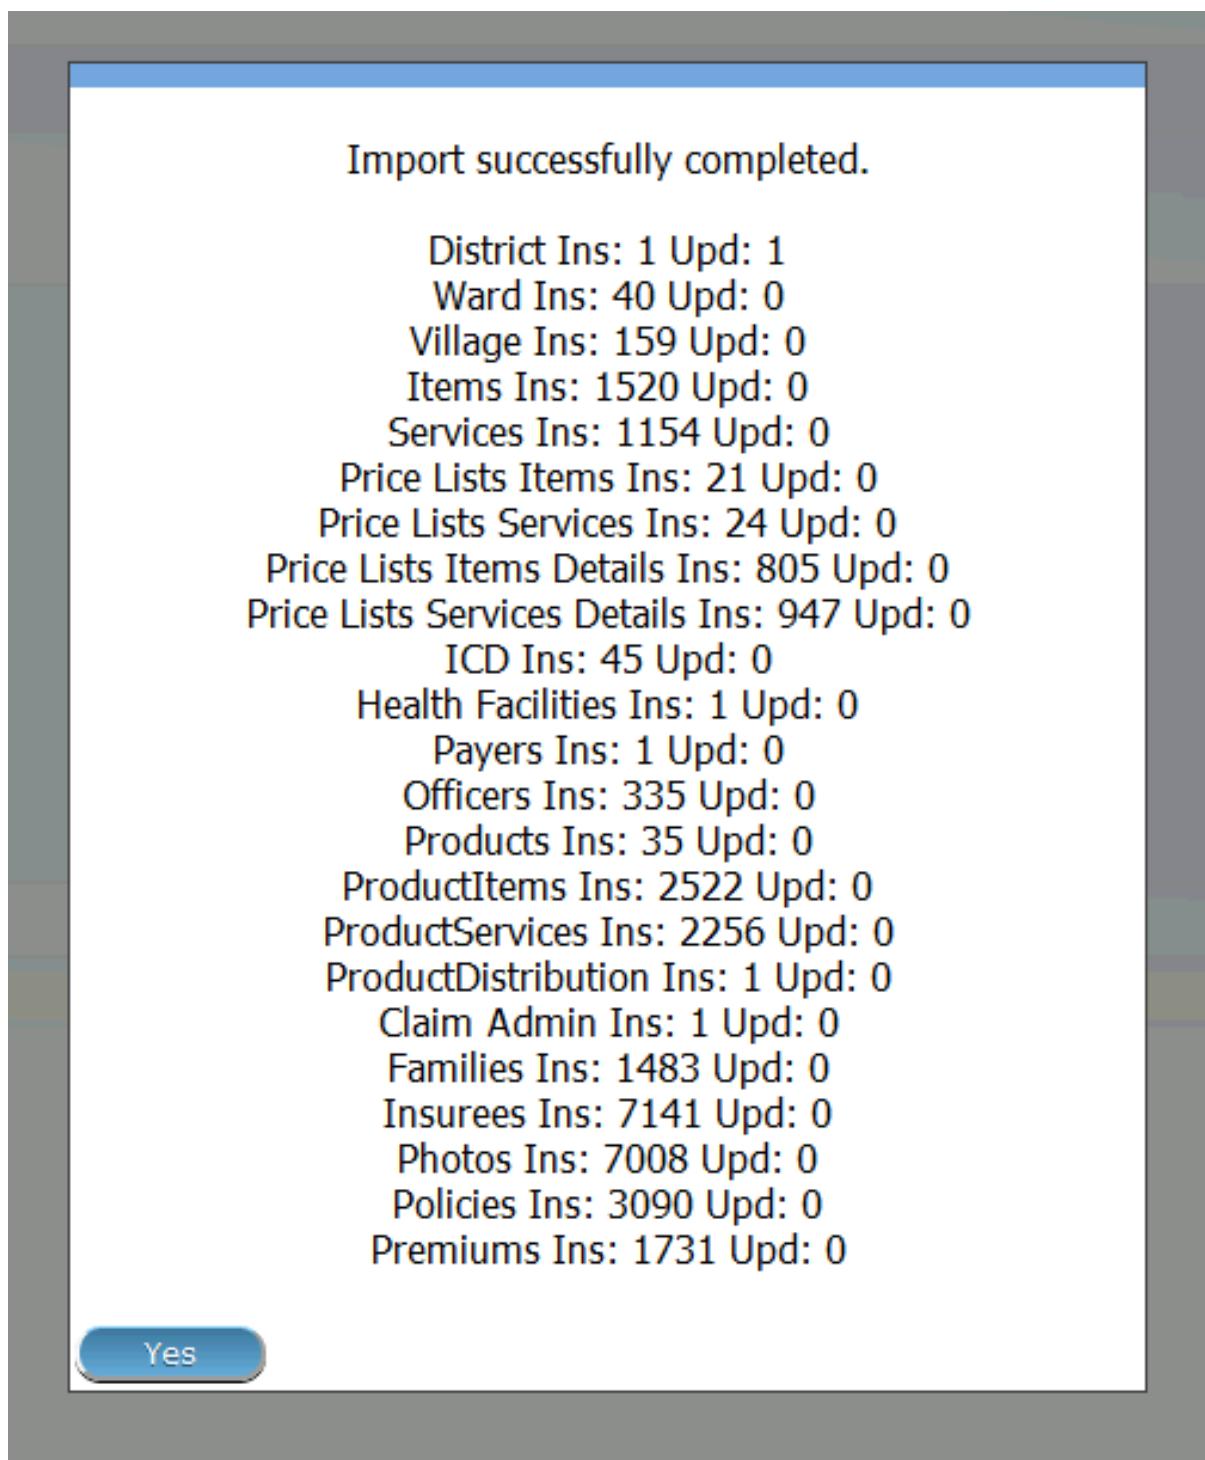

Img. 1.6.5: *Extracts Control Page, HF Administrator, openIMIS offline*

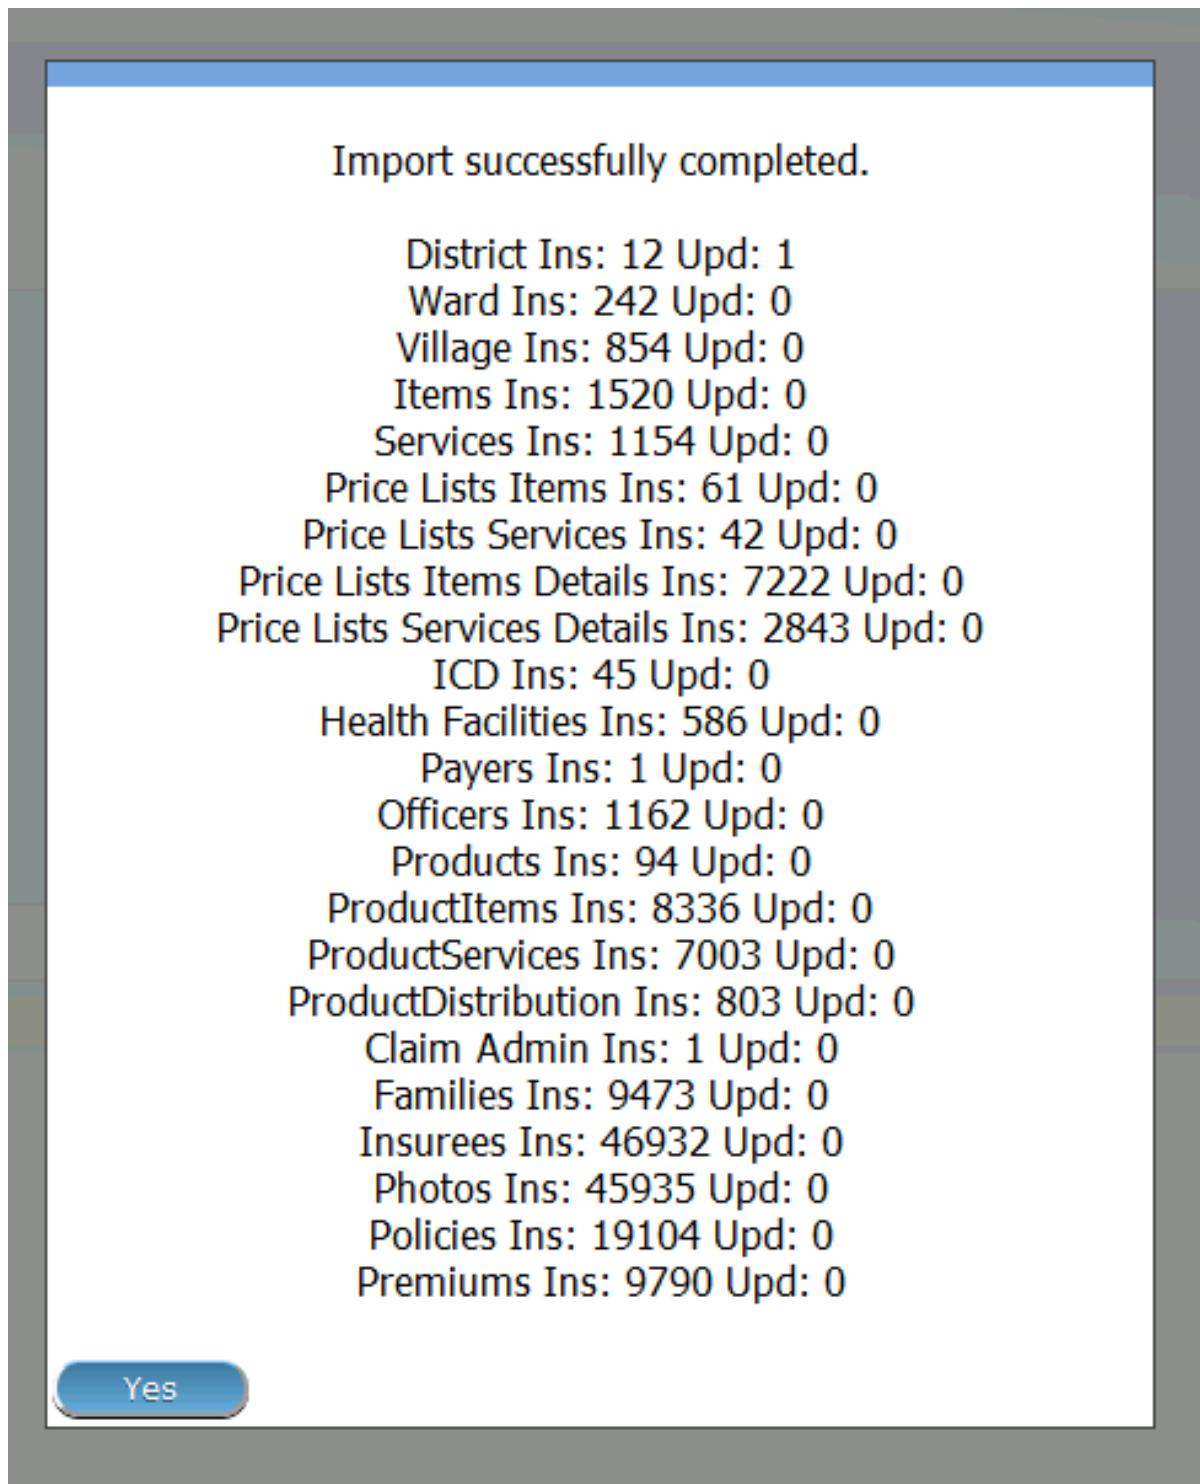

Img. 1.6.6: *Extracts Control Page, Offline Scheme Administrator, openIMIS offline*

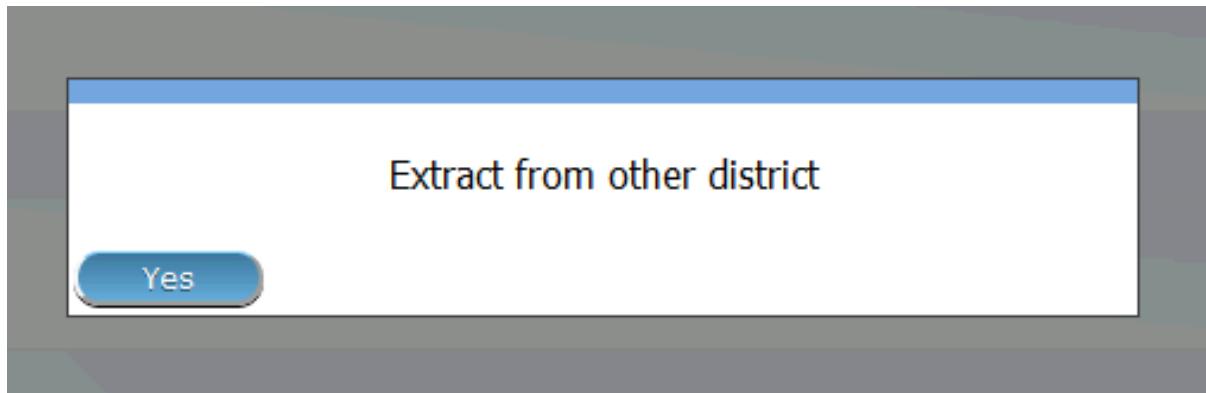

Img. 1.6.7: *Select File Popup Window, Import Extracts, openIMIS offline*

Img. 1.6.8: *Popup Window, Import Extracts, HF Administrator, openIMIS offline*

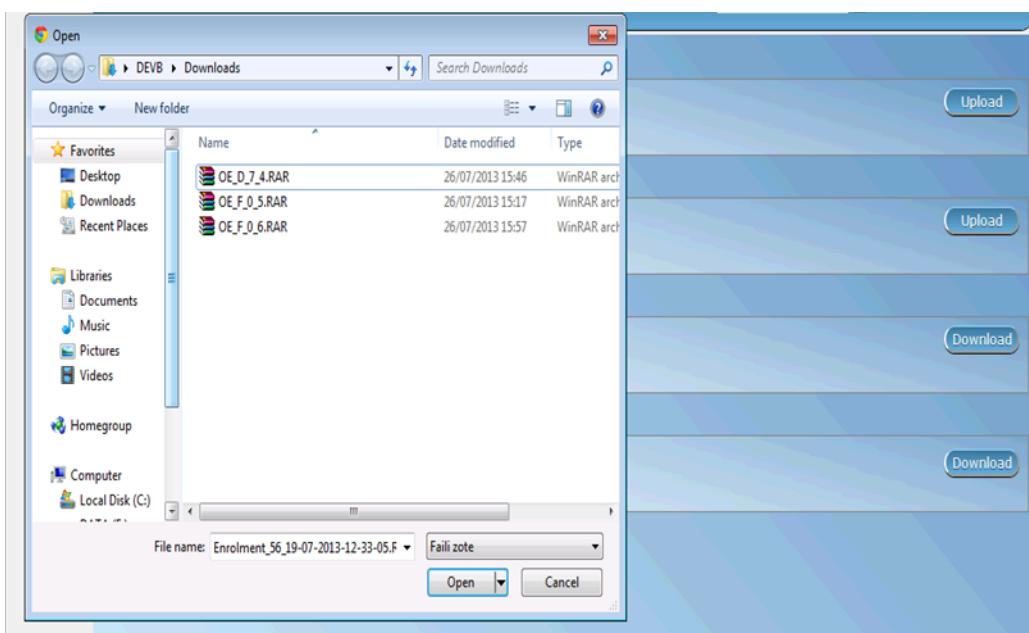

Img. 1.6.9: Popup Window, Import Extracts, Offline Scheme Administrator, openIMIS offline

Img. 1.6.10: *Popup Window, Wrong sequence of an extract file, openIMIS offline*

When online insurees' photos in a zipped file is obtained from online openIMIS to user local computer, user will use this section to put those photos into offline IMIS.

User has to select a file from a local computer by clicking the 'select file' button on the left side of the section, and in the popup window which appears (Img. 1.6.11), user can navigate to the required file and select the file.

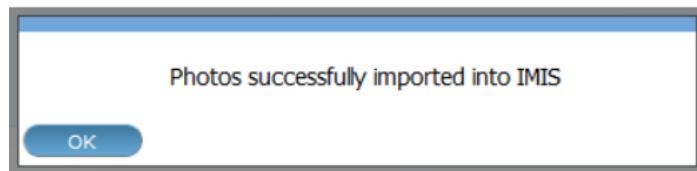

Img. 1.6.11: *Select File Popup Window, Import Photos, openIMIS offline*

After clicking the upload button on the very end of right hand side in this section, data in the file will be imported to the offline openIMIS and confirmation will be given as popup messages (Img. 1.6.11).

If importation of photo is not done due to some reason, the above popup message will not be shown, instead system will issue proper popup message to notify a user what went wrong and what is to be done.

- **section c - download claim xmls**

This section has facility to enable offline HF Administrator download to a zipped file all offline claims. By clicking the download button on the right hand side, the user initiate download process and all offline claims will be downloaded to a default downloads folder in user's local computer or a prompt of 'where to save

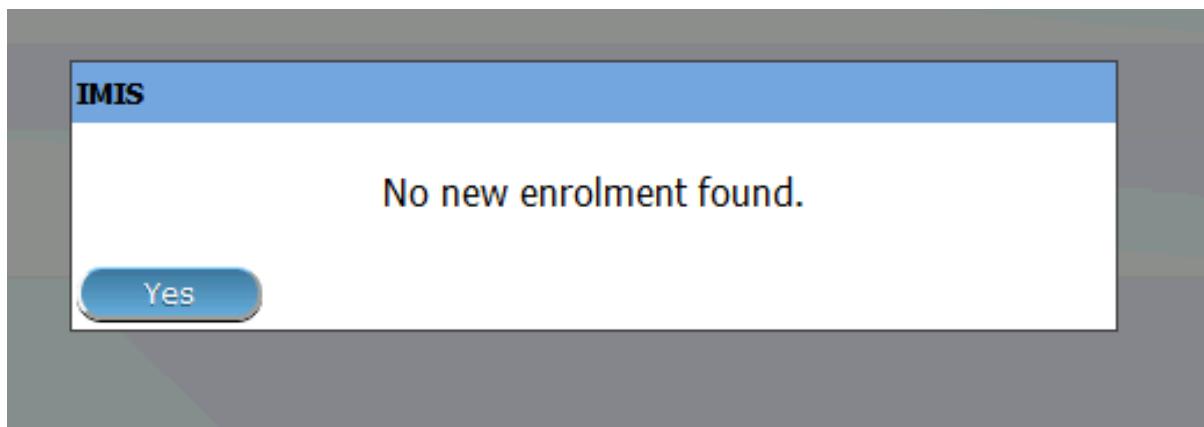

Img. 1.6.12: *Popup Window, Import Photos, openIMIS offline*

file' will be displayed by browser'. User can navigate through folder in his/her local computer to find the file downloaded. If no new claims found, a message will be displayed.

- **download enrolment xmIs**

This section has facility to enable Offline Scheme Administrator download to a zipped file all offline enrollments of families, insurees, policies and contributions. By clicking the download button on the right hand side, the user initiate download process. If no enrolment found, a popup message box (Img. 1.6.12) will appear, notifying the user. Otherwise enrollments will be downloaded in a zipped file and a confirmation popup message (Img. 1.6.14) will appear

Img. 1.6.13: *Popup Window, Download Enrolments, openIMIS offline*

- **section d - buttons**

This section has a cancel button, which when clicked will take the current user to the Home page.

- **section e - information bar**

Information bar at the bottom will show different notification messages in blue color depending on the actions of the user. Such actions and messages may be:

- a) No Previous Extract Found

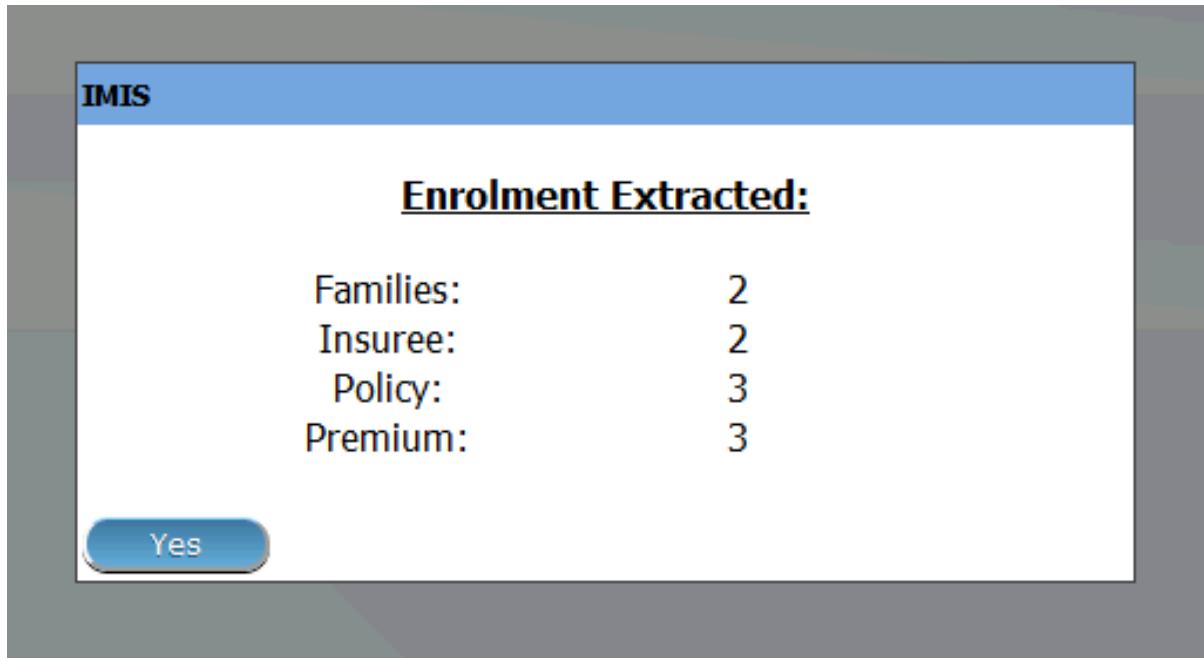

This message is seen at the first time when using the system and no any extract has been imported into the offline IMIS

- b) Last Extract Sequence: <Sequence Number>

This message is seen, after a single / series of extract importation have been made to the offline openIMIS and that much times will be shown as a sequence number at the end of the message. This enables proper tracking of right extracts to import and use.

- c) No claims Found

When HF offline openIMIS user is downloading offline claims and no new offline claims is found, this message is displayed.

Img. 1.6.14: *Popup Window, Download Enrolments, openIMIS offline*

Img. 1.6.15: *openIMIS Extracts, Information Bar, openIMIS offline*

Img. 1.6.16: *openIMIS Extracts, Information Bar, openIMIS offline*

Img. 1.6.17: *openIMIS Extracts, Information Bar, openIMIS offline*

4. User

Users with role HF Administrator, can create only users with roles: **Receptionist**, **Claim Administrator** and **HF Administrator** (Img. 1.6.18). User with role ‘offline NSHIP Administrator’, can create only user with role: **Clerk** (Img. 1.6.19).

Role	
<input type="checkbox"/>	Receptionist
<input type="checkbox"/>	Claim Administrator
<input checked="" type="checkbox"/>	HF Administrator

District	
<input checked="" type="checkbox"/>	Dummy

Img. 1.6.18: *Users Page - HF Administrator, openIMIS offline*

Role	
<input type="checkbox"/>	CHF Clerk

District	
<input checked="" type="checkbox"/>	Dummy

Img. 1.6.19: *Users Page - Offline Scheme Administrator, openIMIS offline*

5. data access

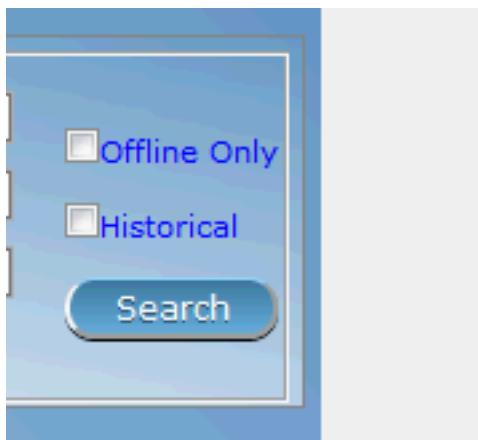

- Search / Find

In all pages in **Insurees** and **Policies** menus with search / find acility, there will be an extra search criteria (Img. 1.6.20) to enable search for offline data only. This feature is available if a user is in Offline IMIS.

- Create / Edit

Only families, insurees, policies and contributions created/edited while offline, will be available for further manipulation. An online data is available for viewing purposes.

For an offline user with a right to open **Insurees** and **Policies** menus, he/she can access all data but can manipulate only that data which was created offline. The rest of the data will be available in read-only mode

Img. 1.6.20: *Search Criteria - offline only data, openIMIS offline*

1.7 Group insurance

openIMIS is supporting group insurance since the October 2021 release, this feature allows a “Policy-Holder” to take insurance for other insuree

This feature does not change the insuree registration process, therefore the insuree must be already known by openIMIS before being attached to a policyholder.

1.7.1 Getting started

openIMIS must have those configured:

- Products
 - locations
1. Setting up the contribution plans

this feature comes with contribution plans, those items are used to bring flexibility in the pricing models for a product. thanks to contributions plan, the scheme administrator can define different pricing for the same coverage.

Before setting up the policy holder the scheme administrator must setup the contribution plans and then make bundle of contribution plan; even if only one contribution plan (product) is wished to be available for group insurance on “bundle” must still be created.

2. Creating the Policy holder

Once the general information regarding the Policyholder is saved, the eligible contribution plan bundle for that policy holder must be linked in the “contribution plan bundle” tab.

3. Adding insuree on the policyholder

insuree can be added via the “policyholder insuree” tab, the clerk will have to find the insuree using the insuree number, then the policyholder contribution bundle plan (PH-CBP) need to be attached to the insuree

once PH-CBP is selected, the calculation params will be pulled (eg. invoice) and new inputs fields might appear

4. generating coverage

to generate coverage the group insurance features used contracts.

at creation the contrat will pull the valid PH-Insuree, once created (draft), the contract will have to go through severals steps : submitted (negociable) , approved (executable) , payed (Effective) then the coverage are active for the contract dates (can be modulated by the contribution plans)

CHAPTER 2

OpenIMIS mobile applications

User Manual – CHF-IMIS apps, relates to the versions 1.3.0 and newer (see the [Remark](#))

Introduction

The Insurance Management Information System (IMIS) is the web based software supporting running of health insurance schemes. It includes functionality for a setup to requirements of health insurance schemes, administration of policies and policy holders and for claim processing.

The web forms used in IMIS are not adjusted to small screens of mobile phones and this is one of reasons why IMIS provides applications on the Android platform that can be used effectively in the field for preparation and retrieving of data for/from the web IMIS. There are two applications available that provide essential functionality for enrolment officers (IMIS Policies) and for claim administrators (IMIS Claims).

Both applications allow autonomous preparation of data (enrolment and policy data by IMIS Policies and claim data by IMIS Claims) and their on-line or off-line transfer to/from web IMIS. Principally both applications can be used also in the environment with no or just occasional access to Internet. This manual is a guide on the use and functionality of the software rather than in-depth technical reference. The Contents section, provide a reference to the page of each major chapter and the sub chapters within. By clicking on the content title (online version), the reader is re-directed to the position of the content title.

The following conventions are used:

- **Hyperlink** enable a quick link (using the online version) to the subject relating to the functionality,
- **Item** means an item in a drop down list,
- **Label** means a data field or a button,
- Name of Page means a name of page or a data field in a text without hyperlink.

At any time while using the online version, the following shortcuts are available:

Ctrl Home : Move to the top of the document

Ctrl End: move to the end of the document.

Page Up : Move Page Up

Page Down: Move Page Down

2.1 The mobile application IMIS Claims

2.1.1 Launching of IMIS Claims

To launch the application IMIS Claims just click on the icon of the application. Users must have a valid code of a claim administrator (entered in the register of claim administrators in the web IMIS) and for selected functionalities must have a valid User Name and Password provided by an administrator of the web IMIS. The User Name data field in login pages is pre-filled with claim administrator code entered while launching the application. The reason is that the web IMIS can create automatically a user record simultaneously with an entry of a new claim administrator into the register of claim administrators. Such automatically created user has its User Name equal to the claim administrator code. However, this pre-filled User Name can re-written by any valid User Name.

The *Initial Page* appears:

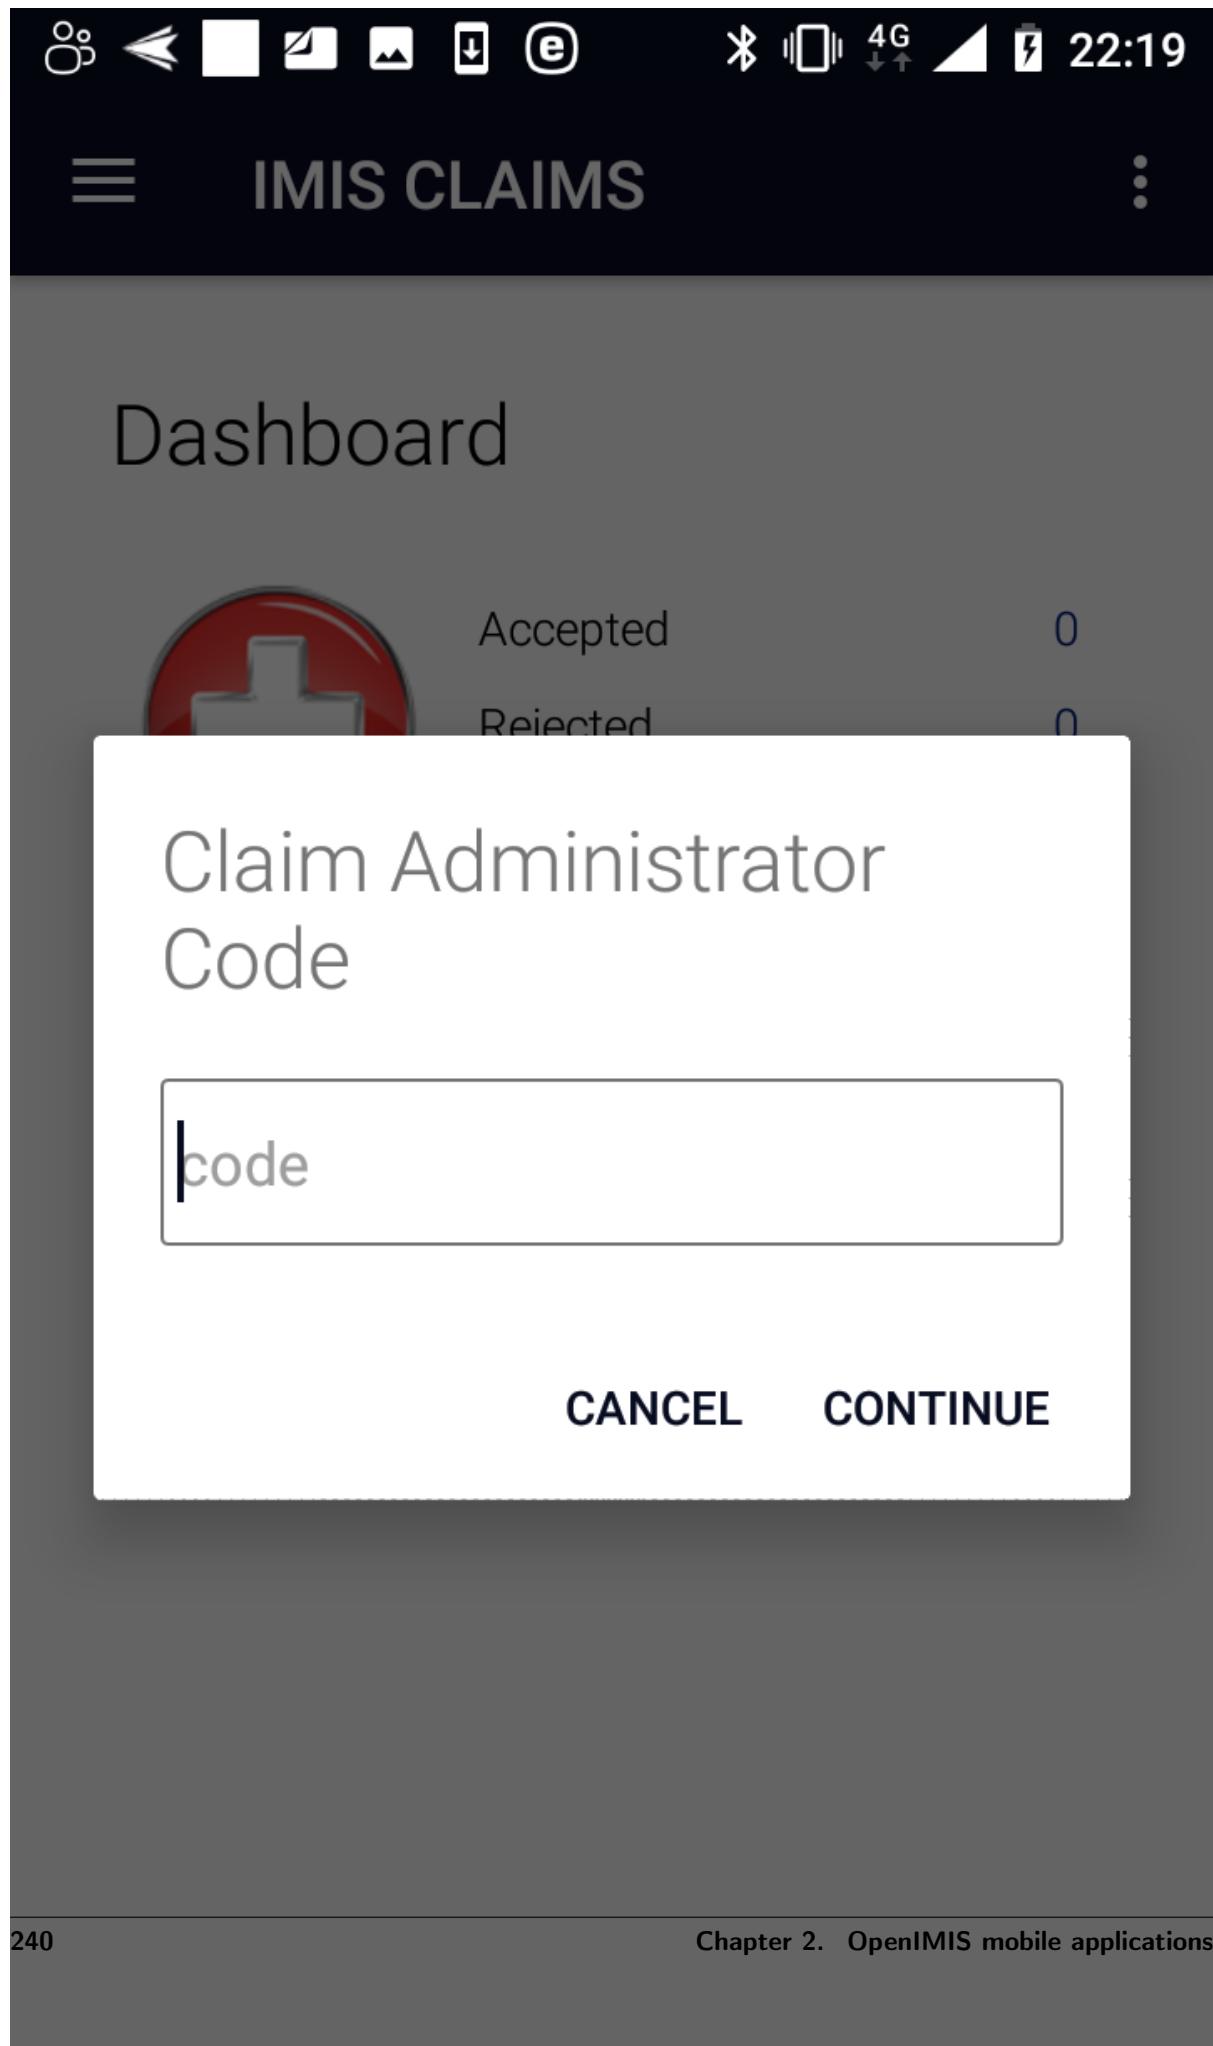

Image 2.1.1 (Initial Page)

Enter a valid claim administrator code and click on the button **Continue**. If a valid claim administrator code is entered, the application will re-direct to the *Home Page*

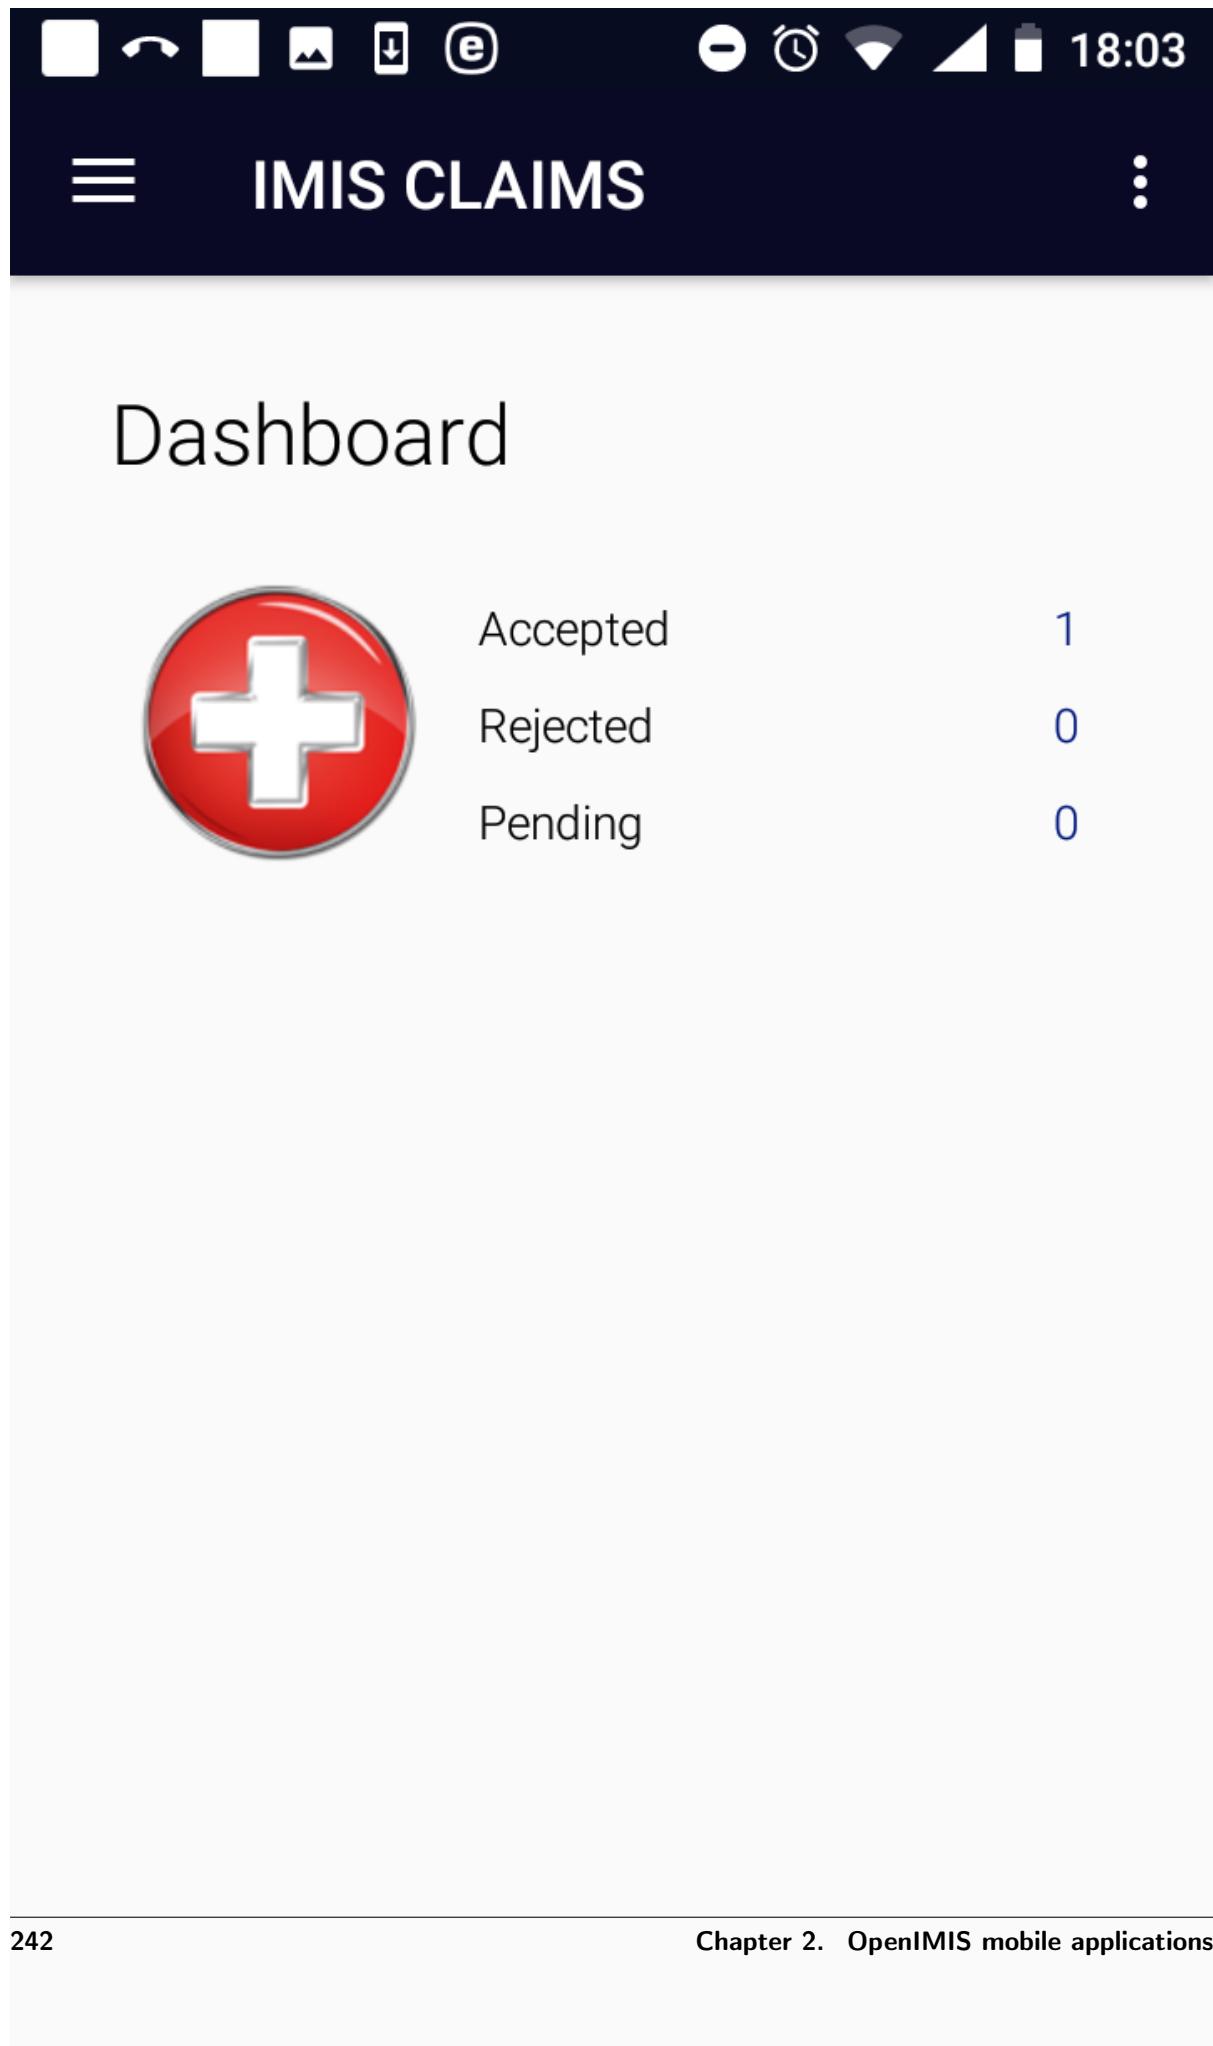

Image 2.1.2 (Home Page)

The statistics on the number of claims appears on the Home Page. The statistics is split into the number of claims that were uploaded and accepted by the web IMIS (Accepted), the number of claims uploaded but rejected (Rejected) and the number of claims saved (posted) but not uploaded yet (Pending) Quitting of the applications resets the statistics.

Clicking on the <three dots vertically> icon in the upper right corner the menu for selection of language of the user interface appears.

Clicking on the <three bars horizontally> icon in the upper left corner the main menu of the application appears:

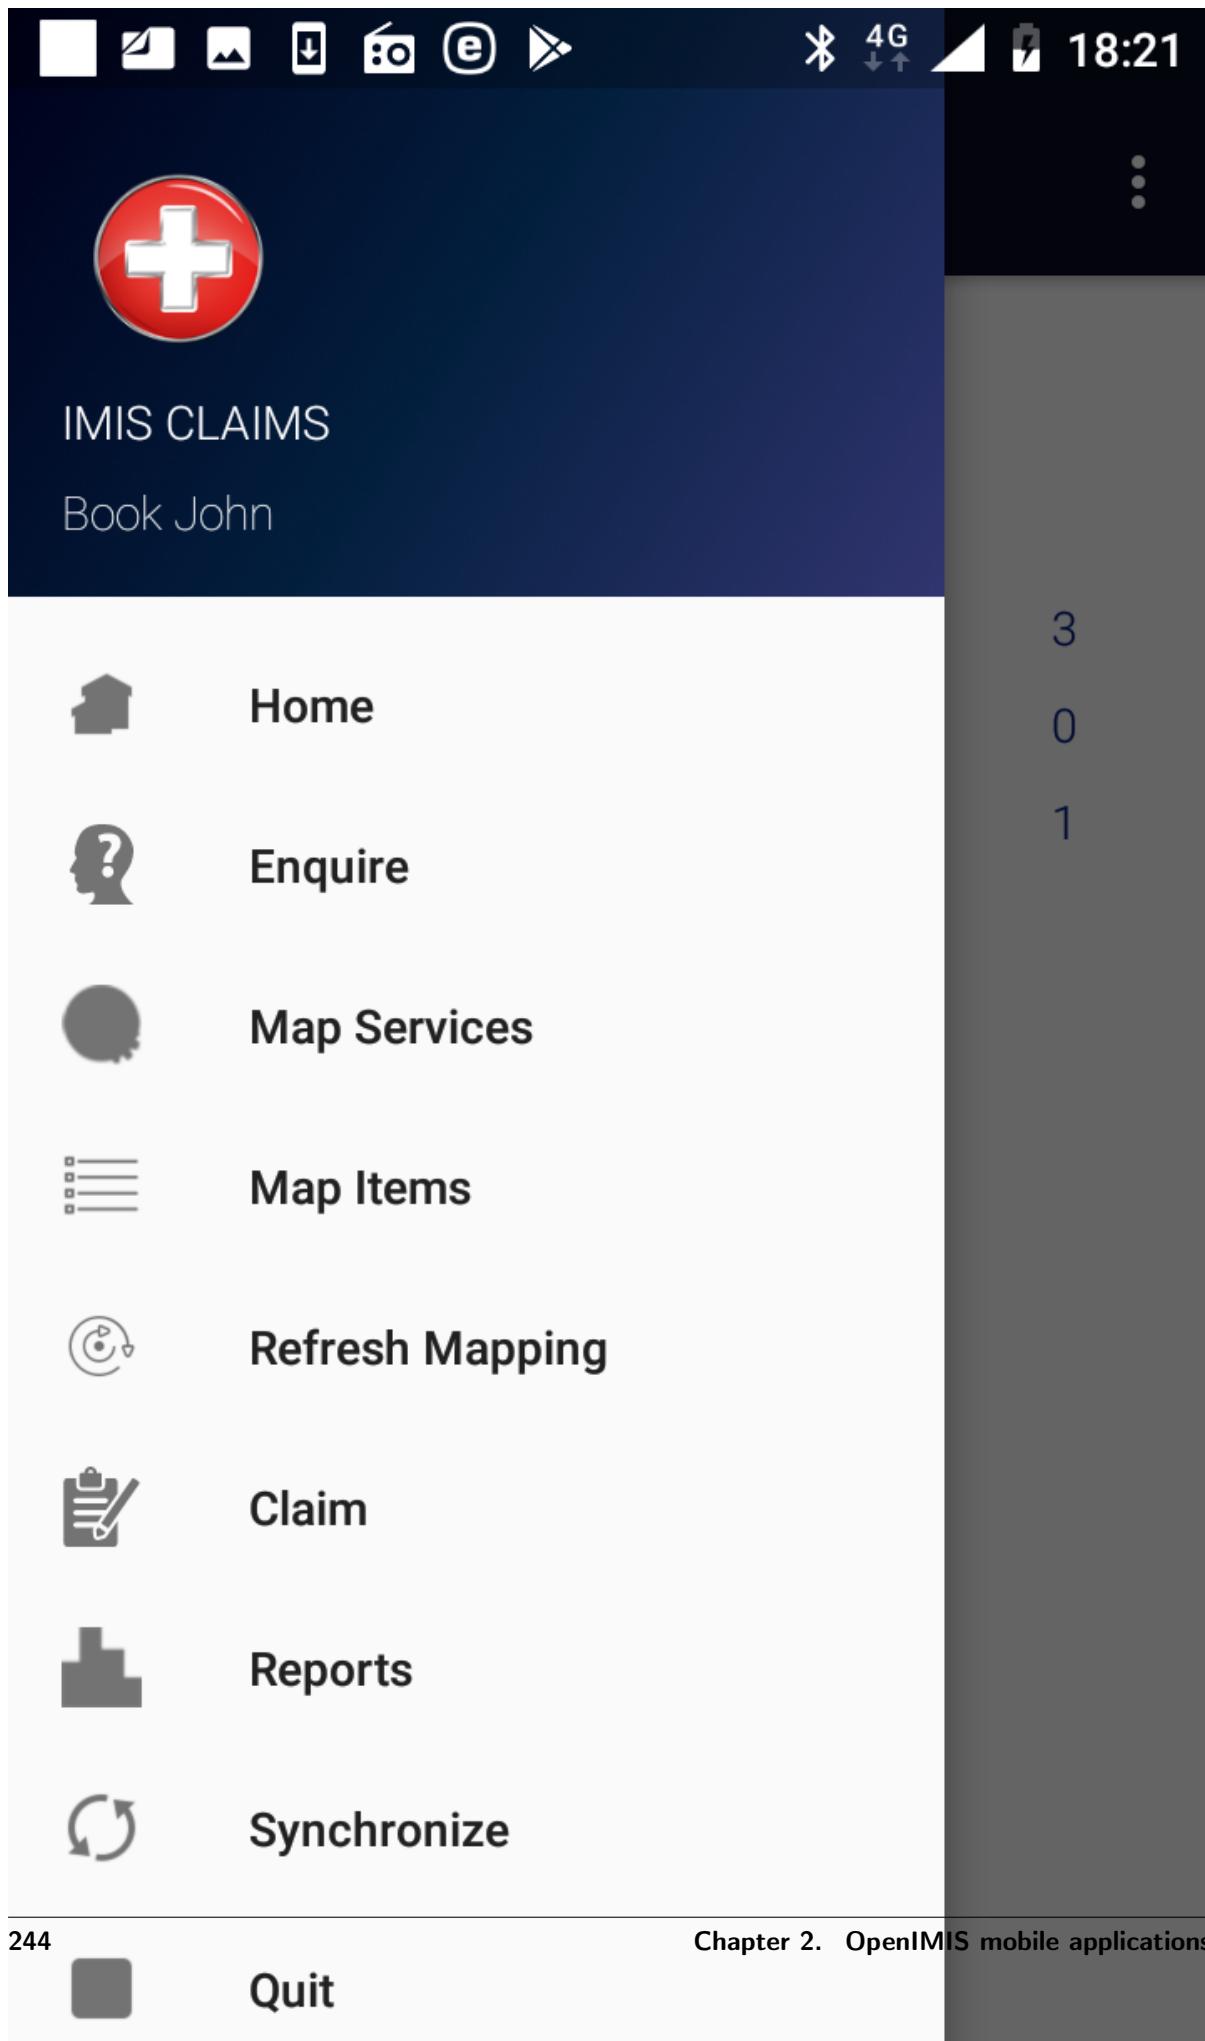

Image 2.1.3 (Main menu of the application)

The menu items stand for the following functionalities:

Home – return to the Home Page

Enquire – getting a photo and information on the coverage of an insuree

Map Services – creation of a selected list of medical services guiding entry of services in claims

Map Items – creation of a selected list of medical items guiding entry of items in claims

Refresh Mapping – automatic creation of selected lists of medical services/items according to pricelists valid for the health facility for which the claim administrator is acting

Claim – entering and posting of claims

Reports – creation of reports relating to activities of the claim administrator

Synchronize – uploading data to the web IMIS

Quit – quitting of the application

About – info on the version of the installed application

2.1.2 Function Enquire

The function Enquire is navigated to by clicking on the menu item **Enquire** in the main menu. The function Enquire provides a photo and information of insurance coverage of a specified insuree. A user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Insurees and Families/Insurees/Enquire** as an access to the functionality Enquire is guarded by the *Login Page*.

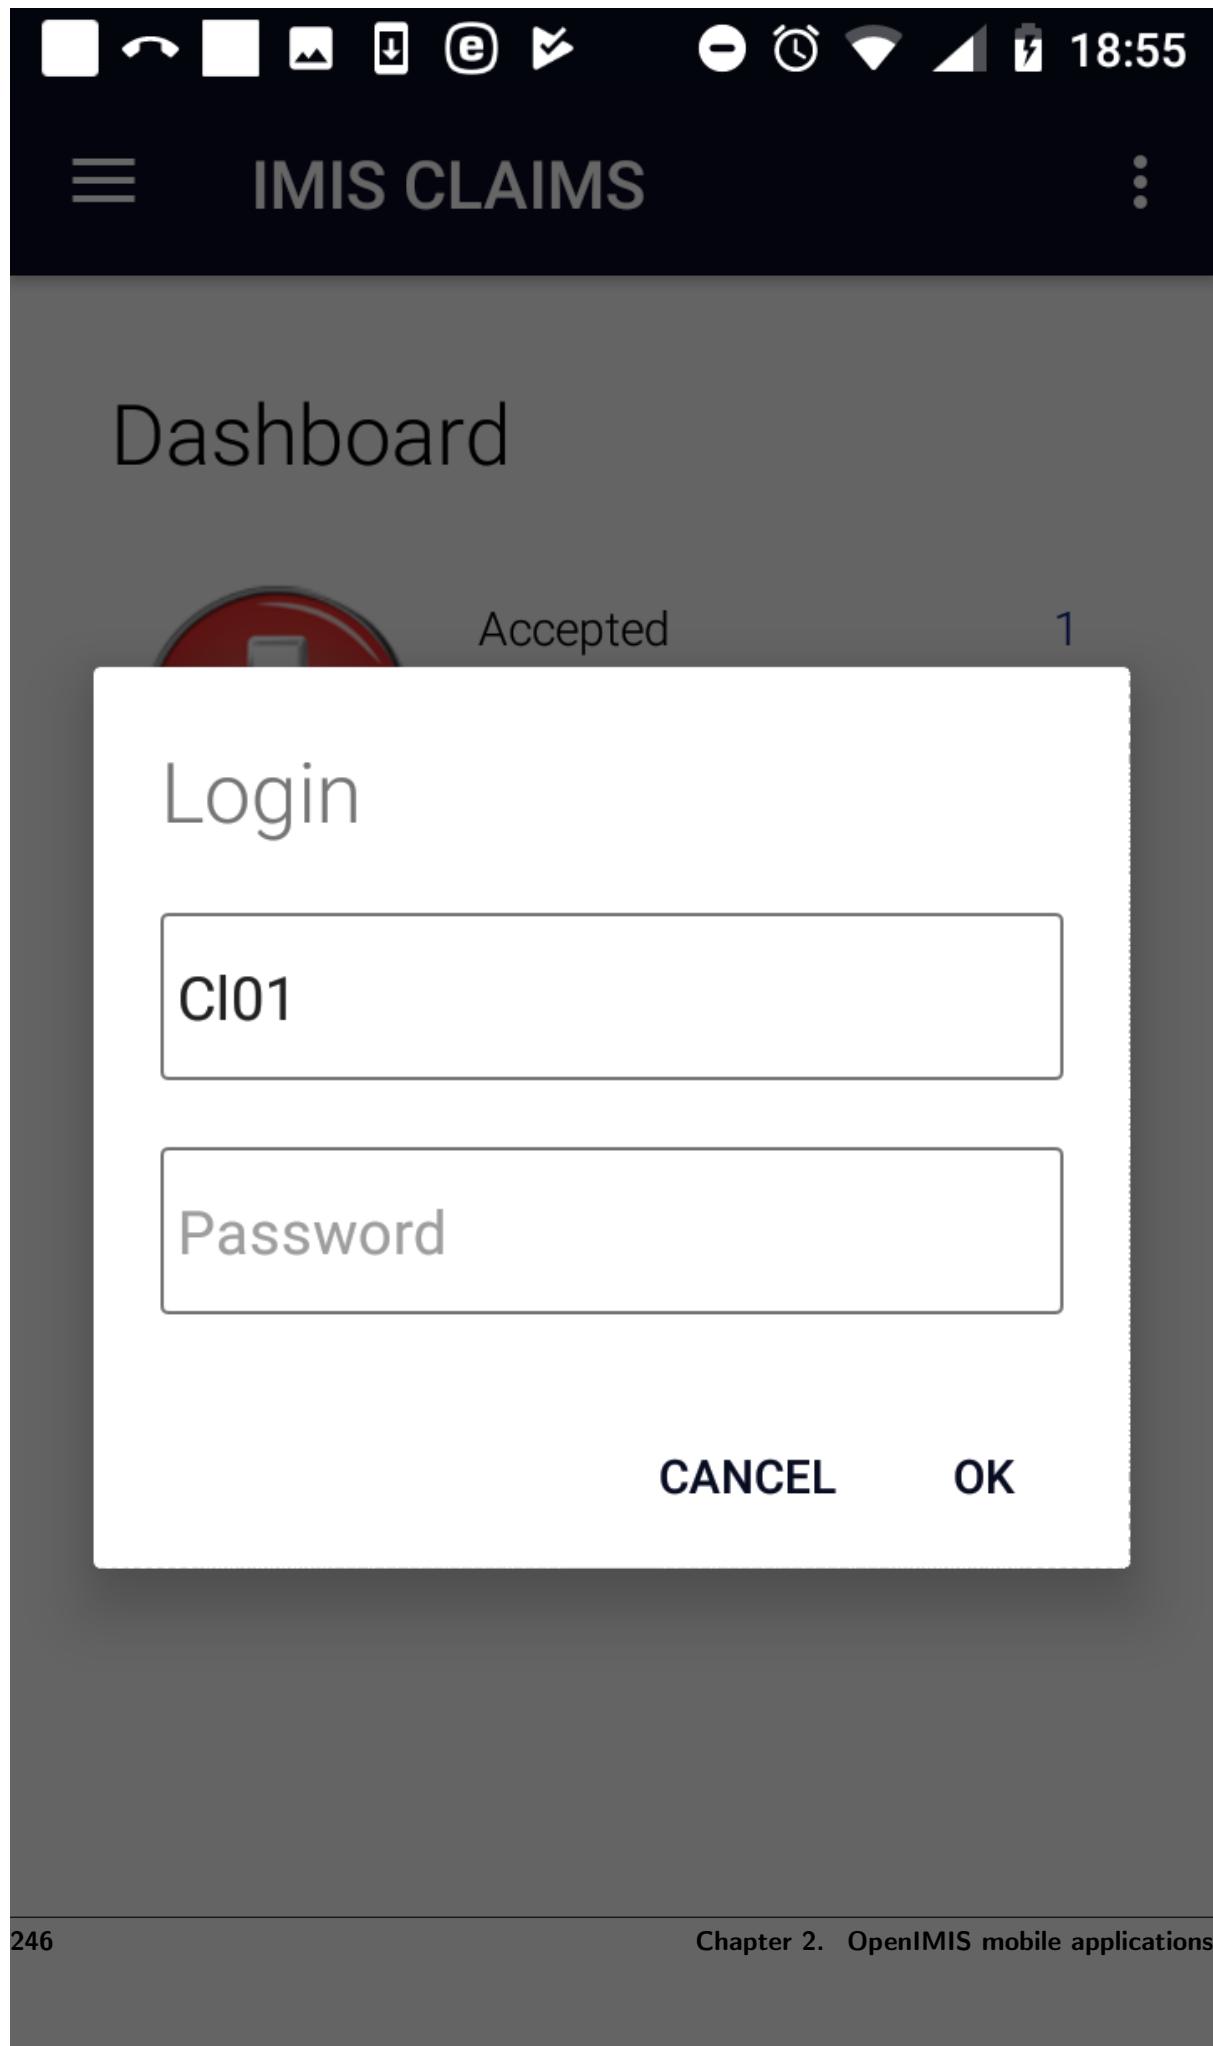

Image 2.2.1 (Claim Enquire function –Login Page)

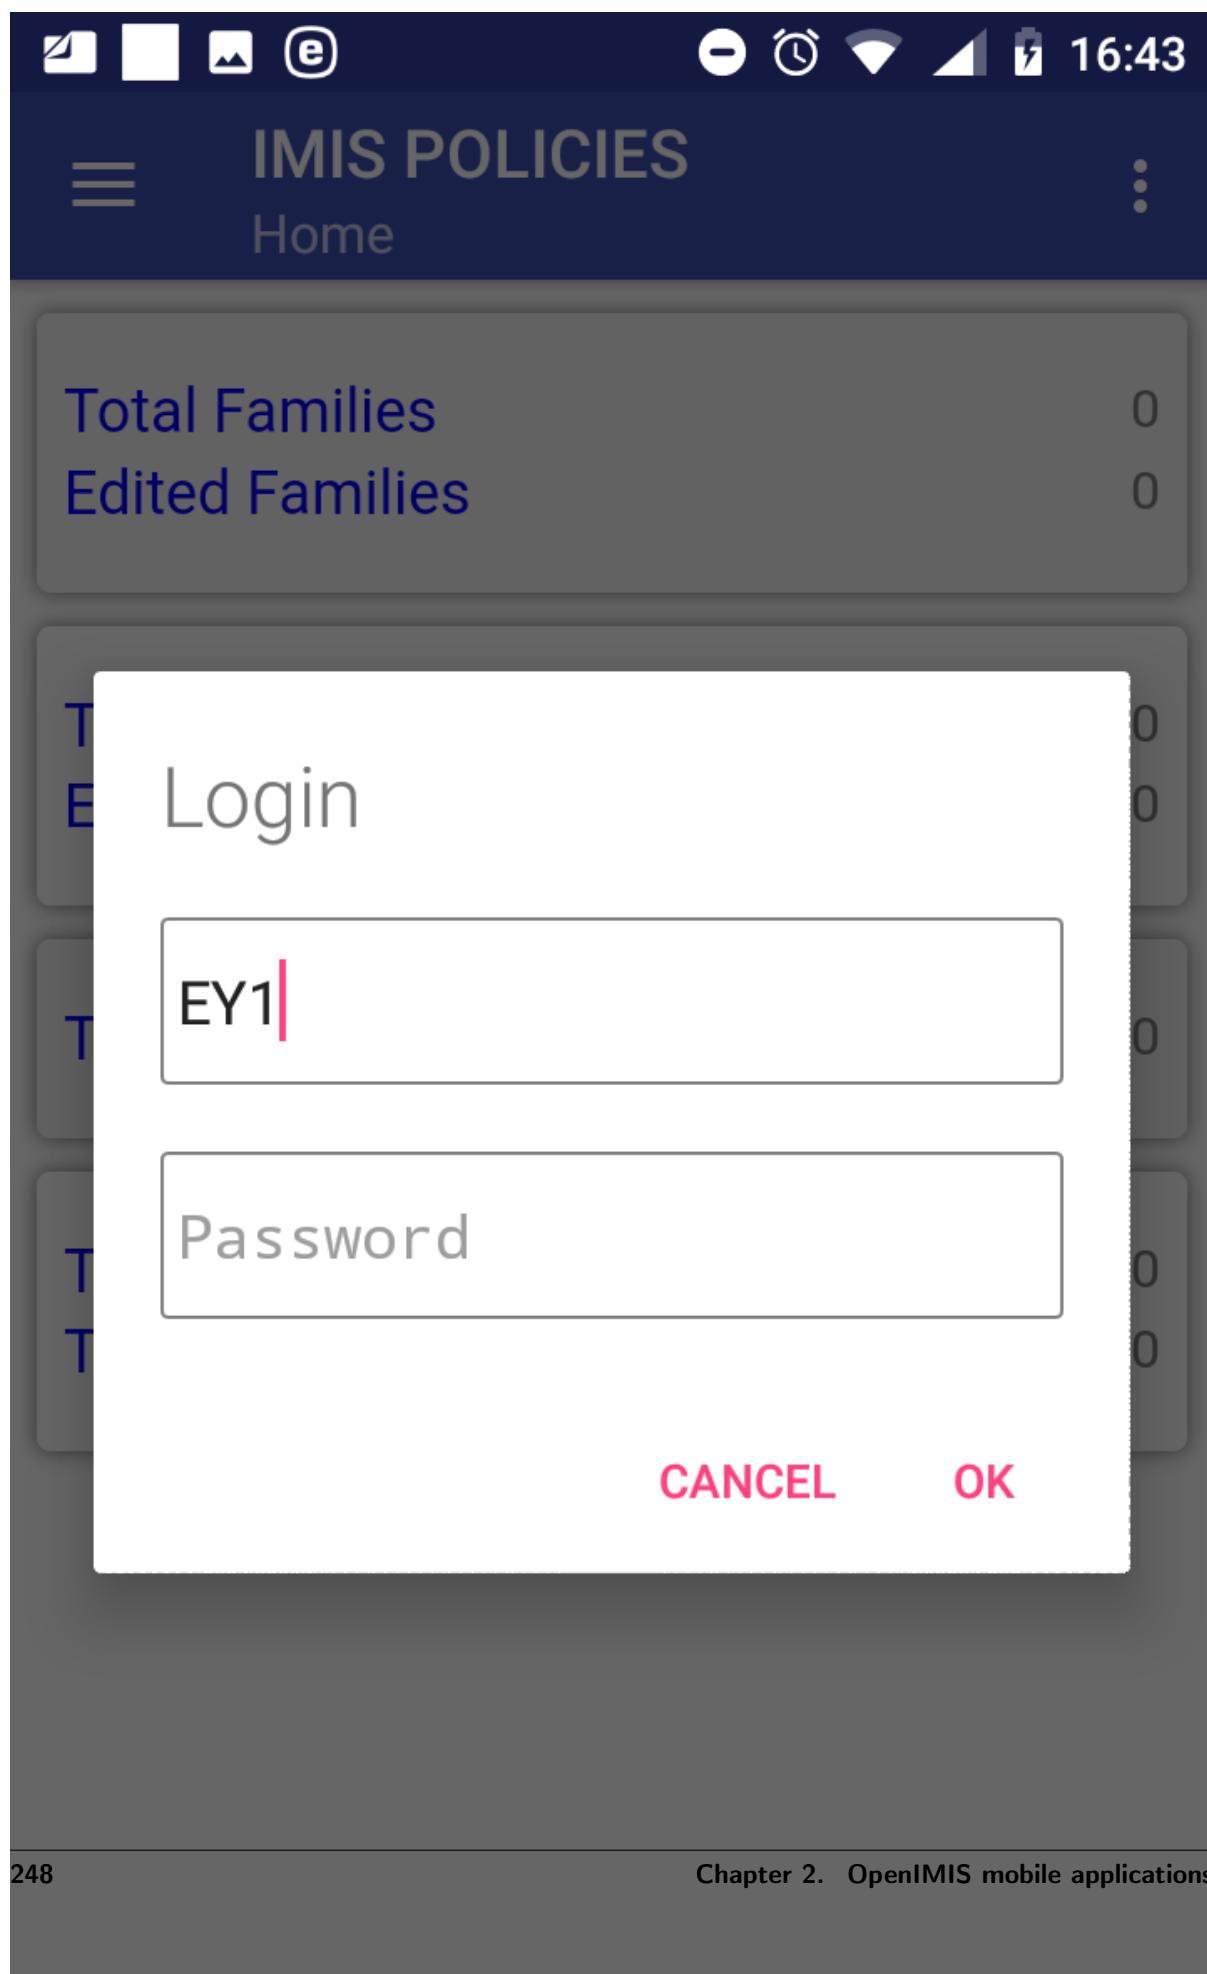

Image 1.2.1 (Policy Enquire function –Login Page)

The User Name data field is pre-filled by the enrolment officer or claim admin code with which the installation has been launched. However, the User Name data field can re-written by any valid User Name. This principle is valid all other login pages of the IMIS Policies application. If the application successfully logs in the *Enquire Page* appears:

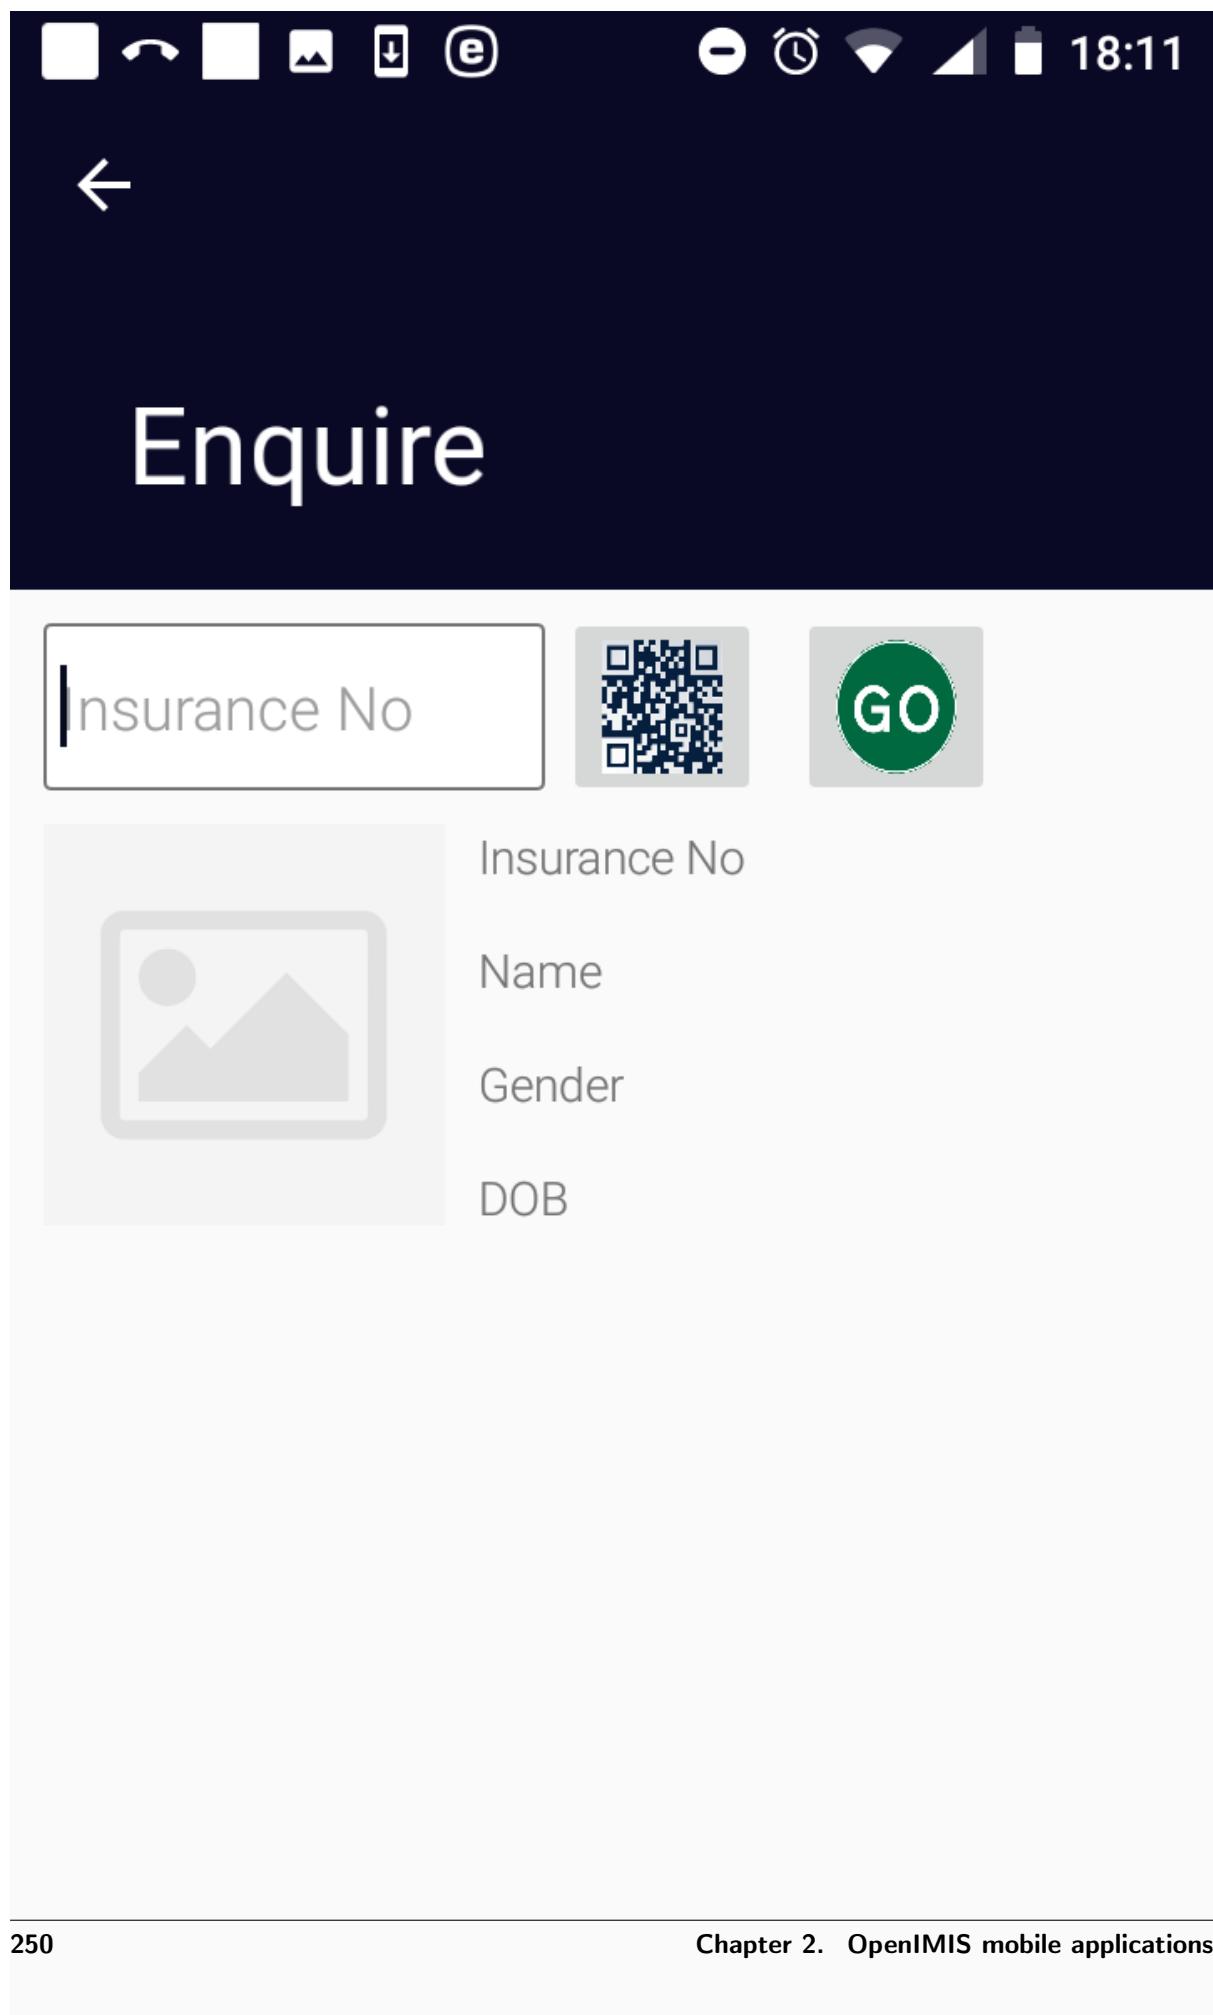

Image 2.2.2 (Claim Enquire Page)

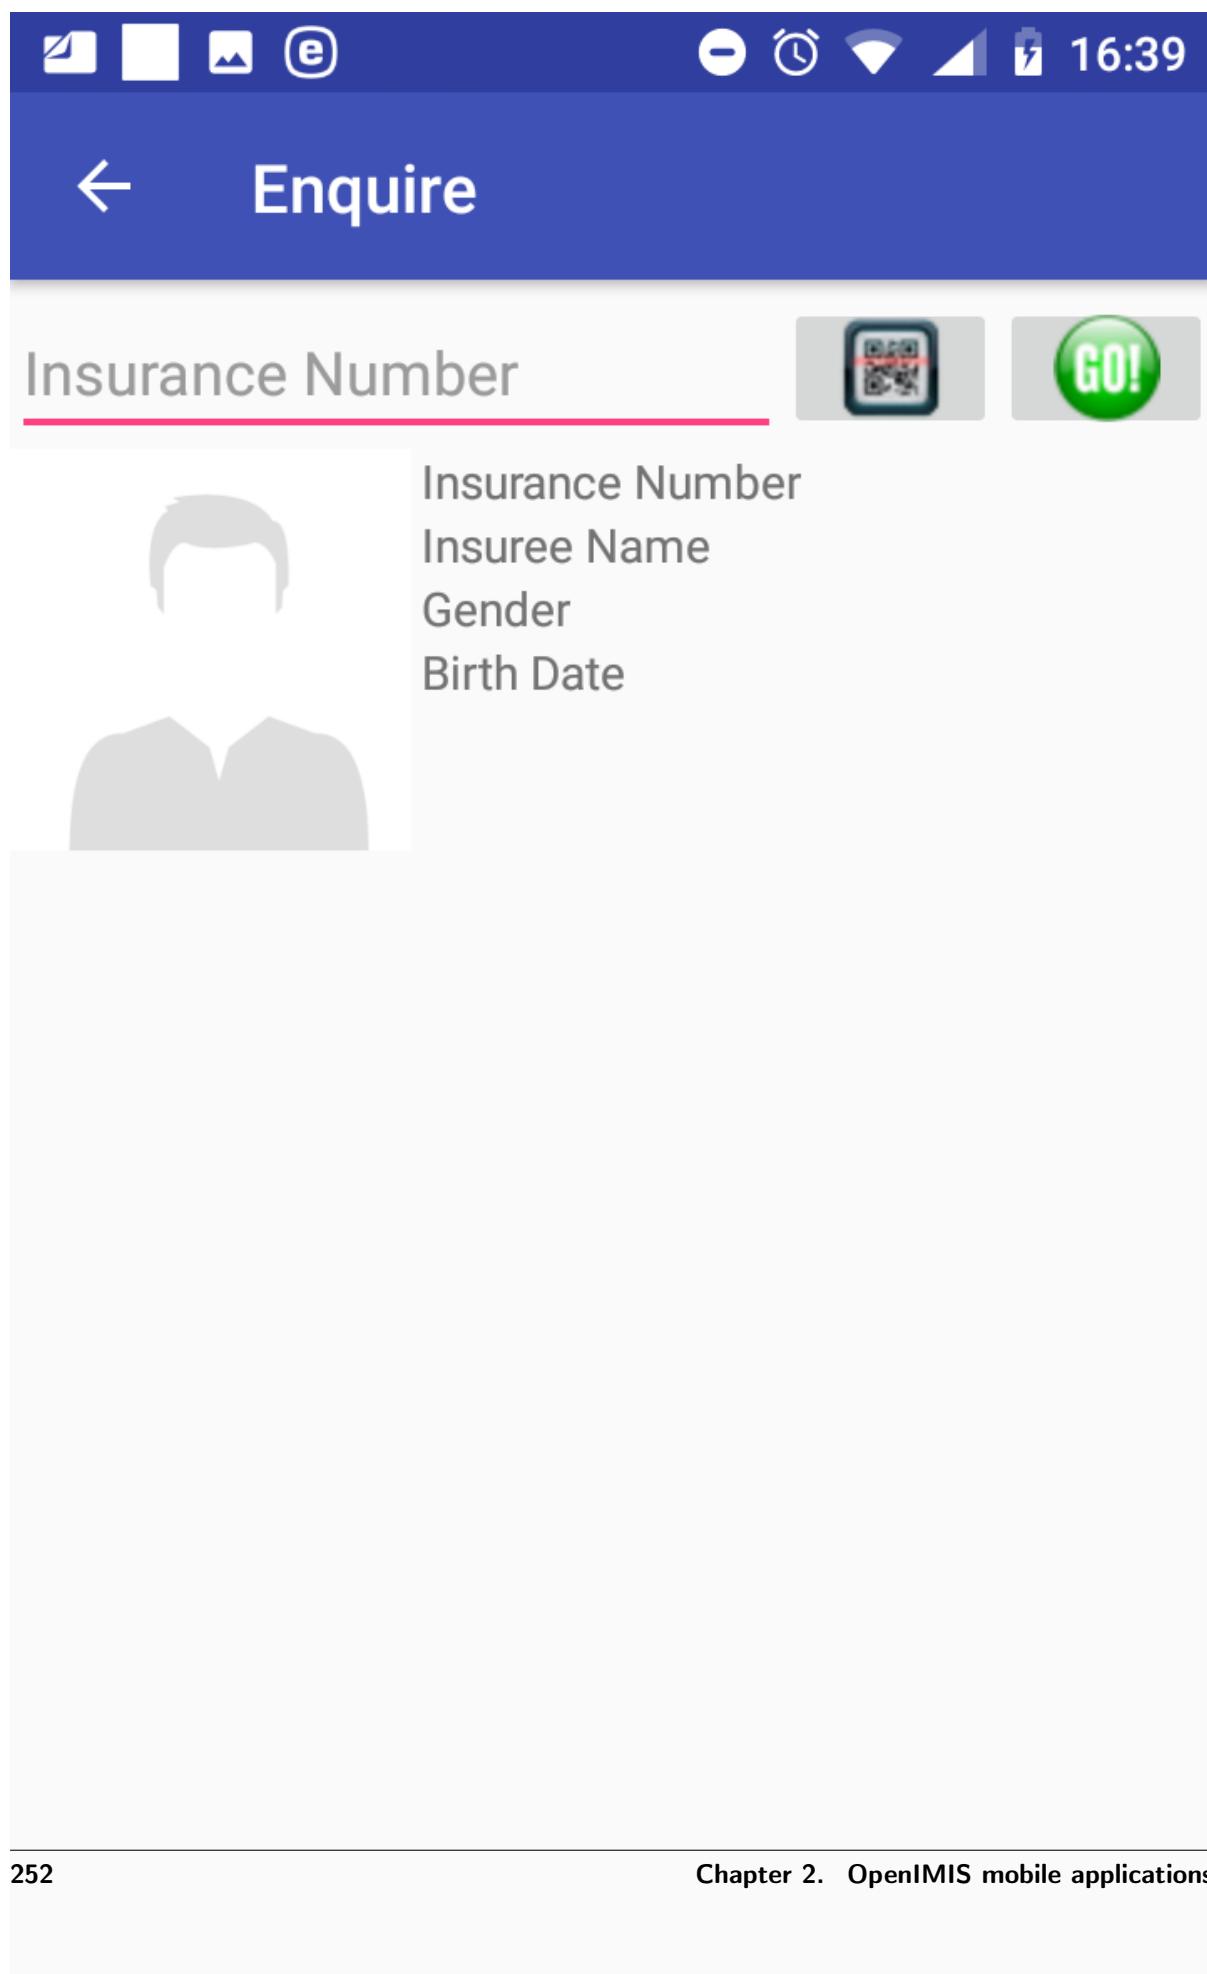

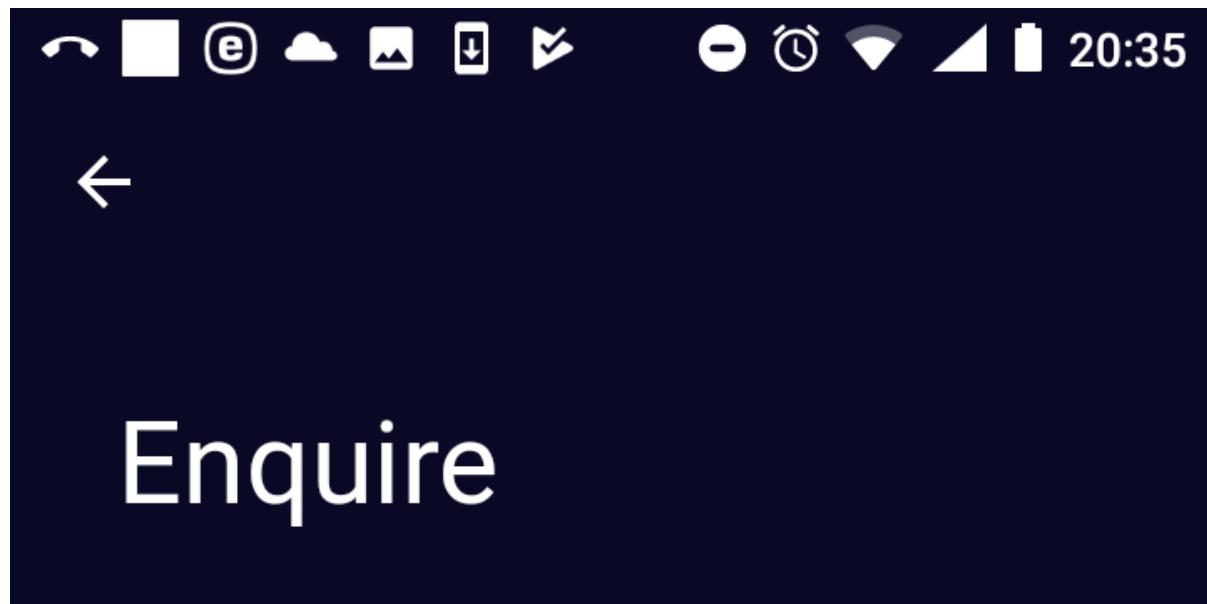

Image 1.2.2 (Policy Enquire Page)

- Insurance Number

Either type in the insurance number of the insuree for whom identification and coverage data are to be retrieved or obtain the insurance number by scanning of a QR code by clicking on the **QR** button.

Click on the button **GO!** for retrieving the identification and coverage data.

If the insuree with the insurance number has been already entered in the web IMIS the following data appear on the *Enquiry Page* :

A user profile card for 'Gill Jack'. It includes a placeholder text box for 'Insurance No.', a QR code, and a green circular button labeled 'GO'. Below the card, there is a small profile picture of a man with glasses, followed by his details: '177117711', 'Gill Jack', 'Male', and '17/10/1976'.

RY001

11/11/2018 E

Regional free Y

Image 2.2.3 (Claim Enquiry Page-provided data on an insuree)

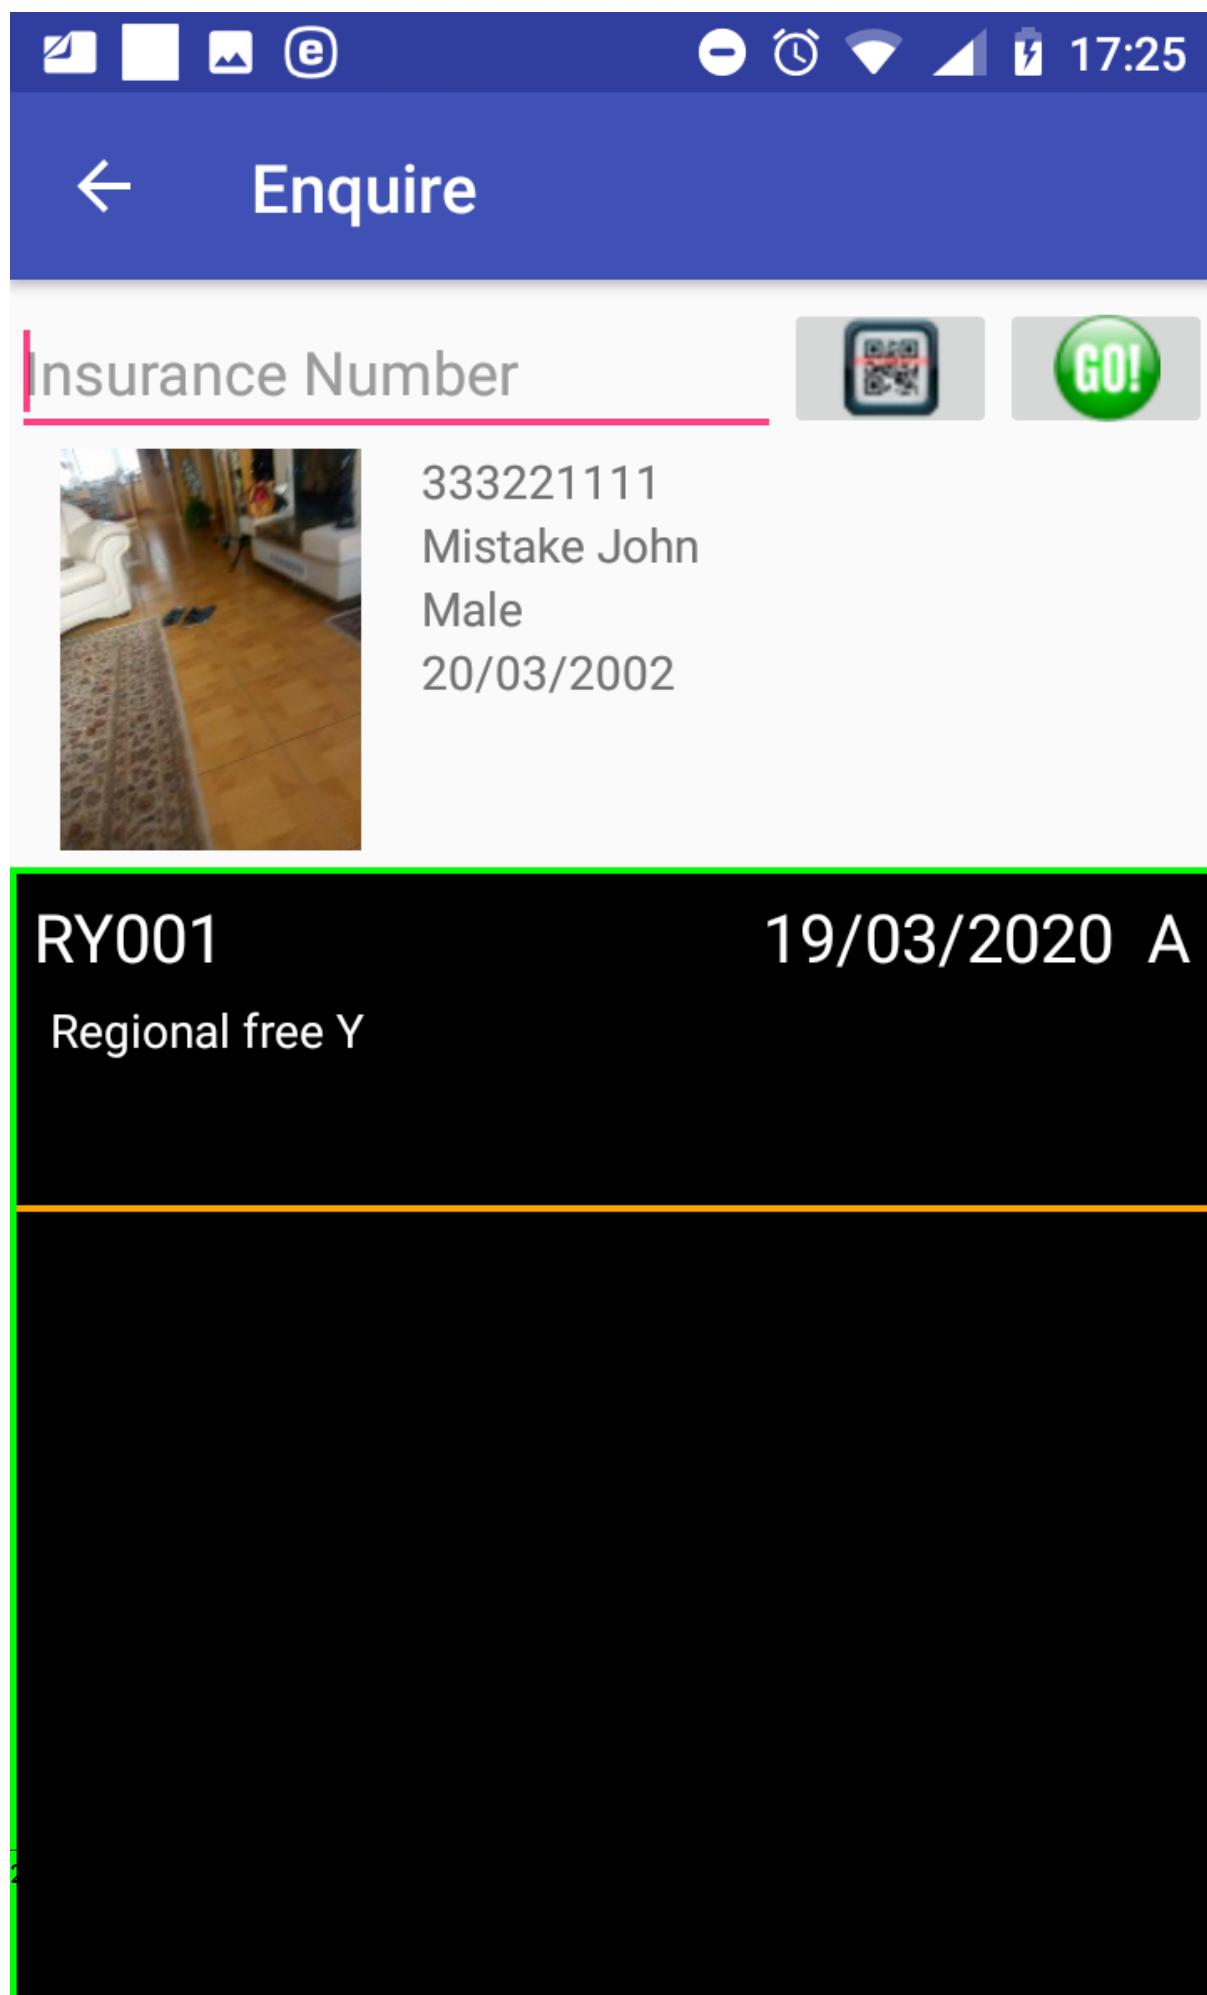

Image 1.2.3 (Policy Enquiry Page-provided data on an insuree)

- Photo of the insuree if the photo has been stored in the web IMIS
- Insurance Number
- Insuree Name
- Gender
- Birth Date

For each policy by which the insuree is covered the following data are shown:

- Insurance Product Code
- Insurance Product Name
- Expiry Date of the Policy
- Status of the Policy

Click on the icon <- in the upper part of the *Enquire Page* to return to the *Home Page*.

2.1.3 Function Map Services

The function Map Services is navigated to by clicking on the menu item **Map Services** in the main menu. The function Map Services allows customization of the list of medical services that will be used for entering of claims within the application. It could be regarded as manual creation of a payment list of medical services for purpose of the set-up of the application. The *Map Services Page* appears immediately:

The screenshot shows a mobile application interface. At the top, there is a dark header bar with various icons on the left (signal, battery, etc.) and a digital clock on the right showing 18:12. Below this is a navigation bar with a back arrow, the word "Claim" in large white letters, and a three-dot menu icon on the right.

The main content area has a title "Map Services" in large black font. Below it is a subtitle "Check/Uncheck All" followed by a large empty square checkbox. To the right of this is a search bar with the placeholder text "Search Services".

The main list area contains a table with eight rows, each representing a service category. Each row consists of a colored identifier (orange for X100-X108), the service name, and a checked checkbox icon on the right. The rows are separated by horizontal lines.

X100	Burst Abdomen	<input checked="" type="checkbox"/>
X101	Cholecystectomy	<input checked="" type="checkbox"/>
X102	Caesarean Section Delivery	<input checked="" type="checkbox"/>
X103	Delivery-Normal	<input checked="" type="checkbox"/>
X105	Mastectomy	<input checked="" type="checkbox"/>
X106	Urinary lab test	<input checked="" type="checkbox"/>
X107	Tubinectomy	<input checked="" type="checkbox"/>
X108	Antenatal examination	<input checked="" type="checkbox"/>

At the bottom left is a page number "258" and at the bottom right is a chapter reference "Chapter 2. OpenIMIS mobile applications".

Image 2.3.1 (Map Services Page)

The *Map Services Page* lists all medical services from the register of medical services in the web IMIS with adjacent checking boxes. The displayed list can be constraint to only services containing a substring in their title and/or code in the box Search Services.

A customized list of services can be created either

- a) checking of check boxes adjacent to selected medical services

or

- b) reducing the total list of medical services by entering a substring into the box Search Services and checking the check box Check/Uncheck All.

Saving of the customized list of medical services is done by clicking on the <three dots vertically> icon in the upper right corner and clicking on the menu item **Save**. A confirmation box appears.

Click on the icon <-> in the upper part of the [Map Services Page](#) to return to the *Home Page*.

2.1.4 Function Map Items

The function Map Items is navigated to by clicking on the menu item **Map Items** in the main menu. The function Map Items allows customization of the list of medical items that will be used for entering of claims within the application. It could be regarded as manual creation of a payment list of medical items for purpose of the set-up of the application. The *Map Items Page* appears immediately:

The screenshot shows a mobile application interface for managing items. At the top, there is a dark header bar with various icons on the left and right sides, including signal strength, battery level, and the time (18:13). Below the header, the word "Claim" is displayed in white text next to a back arrow icon. To the right of "Claim" is a vertical ellipsis (three dots) icon.

The main content area has a light gray background. At the top of this area, the text "Map Items" is displayed in a large, bold, black font. Below this, there is a section labeled "Check/Uncheck All" with a large, empty square checkbox icon to its left.

Further down, there is a search bar with the placeholder text "Search Items".

The main list of items is presented in a table-like format with horizontal rows. Each row contains a small orange number followed by the item name and a checked checkbox icon to its right. The items listed are:

Y200	ACETYLSALICYLIC ACID (ASPIRIN) TABS 300MG-	<input checked="" type="checkbox"/>
Y201	ADRENALINE 1ML INJ 1MG/ML	<input checked="" type="checkbox"/>
Y203	FRUSEMIDE TABS 40 MG	<input checked="" type="checkbox"/>
Y204	KETOCONAZOLE TABS 200 MG	<input checked="" type="checkbox"/>
Y205	Antibiotics	<input checked="" type="checkbox"/>

Image 2.4.1 (Map Items Page)

The *Map Items Page* lists all medical items from the register of medical items in the web IMIS with adjacent checking boxes. The displayed list can be constraint to only items containing a substring in their title and/or code in the box Search Items.

A customized list of items can be created either

- a) checking of check boxes adjacent to selected medical items

or

- b) reducing the total list of medical items by entering a substring into the box Search Items and checking the check box Check/Uncheck All.

Saving of the customized list of medical items is done by clicking on the <three dots vertically> icon in the upper right corner and clicking on the menu item **Save**. A confirmation box appears.

Click on the icon <-> in the upper part of the *Map Items Page* to return to the *Home Page*.

2.1.5 Function Refresh Mapping

The function Refresh Mapping is navigated to by clicking on the menu item **Refresh Mapping** in the main menu. The function Refresh Mapping reflects valid payment lists of medical services/items from the web IMIS belonging to the health facility for which the claim administrator is acting to the lists of medical services/items used for entering of claims within the application. Subsequently, these lists can be further adjusted by the functions *Map Services* and *Map Items*. The confirmation prompt appears immediately:

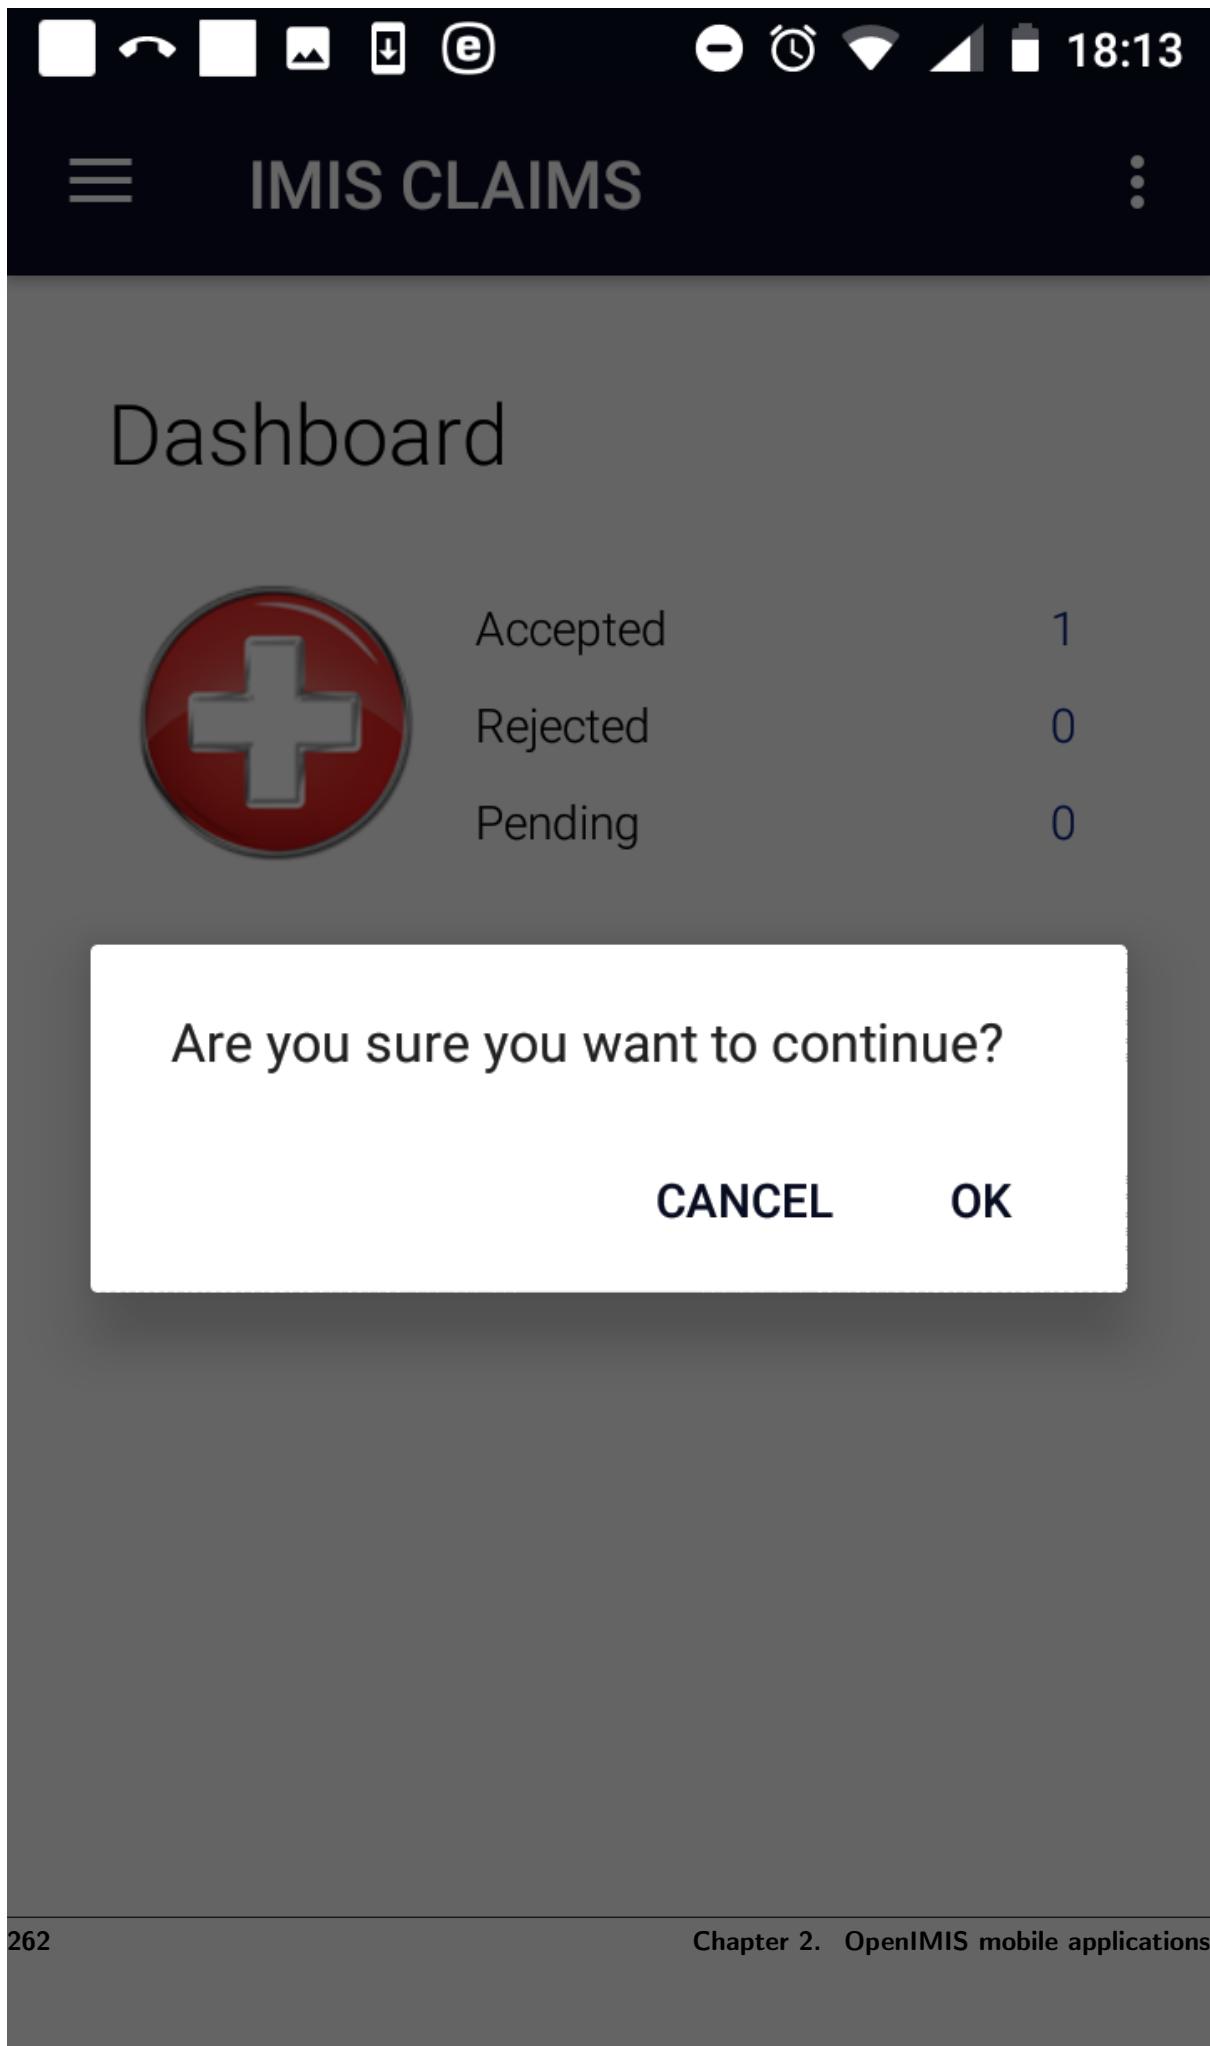

Image 2.5.1 (Confirmation Prompt-refreshing mapping)

Confirmation or refusing of refreshing of the mapping appears at the bottom of *Home Page* which is subsequently displayed.

2.1.6 Function Claim

The function Claim is navigated to by clicking on the menu item **Claim** in the main menu. The function Claim allows creating of claims and posting them in the memory before uploading them to the web IMIS. The *Claim Page* appears immediately:

The screenshot shows the 'Claim' screen of the openIMIS mobile application. At the top, there is a navigation bar with icons for back, home, and search, along with system status icons like signal strength and battery level, and the time '18:17'. Below the navigation bar, the title 'Claim' is centered above a large input field containing the text 'CI01'. This is followed by several input fields: 'Claim Code', 'Guarantee No.', 'Insurance No.' with a QR code icon, 'Start Date', 'End Date', 'Diagnosis', 'Diagnosis 1', 'Diagnosis 2', 'Diagnosis 3', 'Diagnosis 4', and an 'Emergency' checkbox. At the bottom, there is a table with two rows: 'Item' and 'Service'. The first row has values '264' and '0'. The second row has values 'Chapter 2. OpenIMIS mobile applications' and '0'. At the very bottom are two large buttons: 'NEW CLAIM' on the left and 'POST CLAIM' on the right.

POST CLAIM

Image 2.6.1 (Claim Page)

The following data fields appear in the *Claim Page*:

- Health Facility Code

The code of the health facility for which the claim is created. The data field is prefilled by the code of the health facility for which the claim administrator is acting. Mandatory.

- Claim Admin

The code of the claim administrator that is responsible for creation of the claim. The data field is prefilled by the code of the claim administrator with which the application is launched. Mandatory.

- Claim Code

The code of the claim that is created. Mandatory.

- Guarantee No

The identification of an guarantee document associated with the claim. Optional.

- Insurance Number

Either type in the insurance number of the insuree for whom the claim is created or obtain the insurance number by scanning of a QR code by clicking on the **QR** button. Mandatory.

- Start Date

Tap on the data field and select a starting date of a contact of the insuree with the health facility for which the claim is created in the date selector. Mandatory.

- End Date

Tap on the data field and select an ending date of a contact of the insuree with the health facility for which the claim is created in the date selector. By default it is pre-filled with the starting date. Optional.

- Diagnosis

Select a main diagnosis from the drop down list of available diagnoses. Mandatory.

- Diagnosis 1-4

Select a secondary diagnosis (up to four ones) from the drop down list of available diagnoses. Optional.

- Visit Type

Select just one of the options: **Emergency**, **Referral** , **Other**. Mandatory.

Clicking on the <three dots vertically> icon in the upper right corner of the *Claim Page* the menu for selection of whether medical services/items should be entered.

NEW CLAIM POST CLAIM

Image 2.6.5 (Claim Page)

Click on the button **Post Claim** to save just created claim in the memory of the device.

Click on the button **New Claim** to clear the data fields (with exception Health Facility Code and Claim Admin) and to prepare the *Claim Page* to an entry of another claim.

Click on the icon <- in the upper part of the *Claim Page* to return to the *Home Page*.

2.1.7 Function Reports

The function Reports is navigated to by clicking on the menu item **Reports** in the main menu. The function Reports provides basic statistics on the numbers of accepted, rejected and not yet uploaded (pending) claims in the memory of the device (without respect to a claim administrator). The *Report Page* appears immediately:

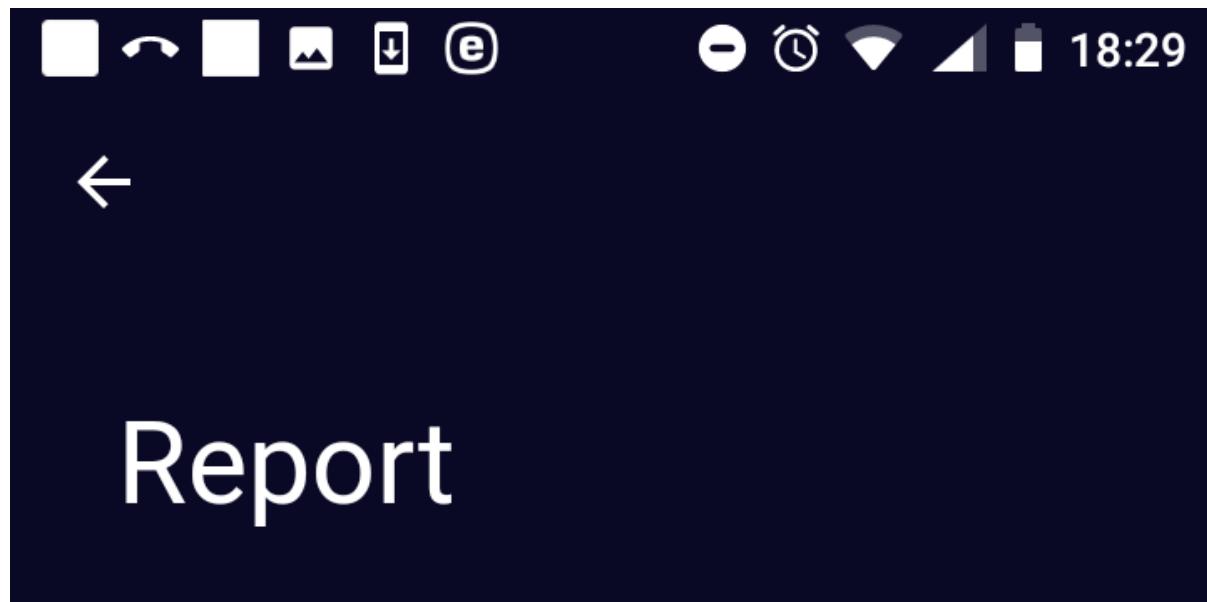

Image 2.7.1 (Report Page)

2.1.8 Function Synchronize

The function Synchronize is navigated to by clicking on the menu item **Synchronize** in the main menu. The function Synchronize uploads posted claims to the web IMIS. For on-line uploading a user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Claims/Claim/Add** as an access to the functionality Synchronize is guarded by the *Login Page* for on-line uploads.

The *Synchronize Page* appears immediately:

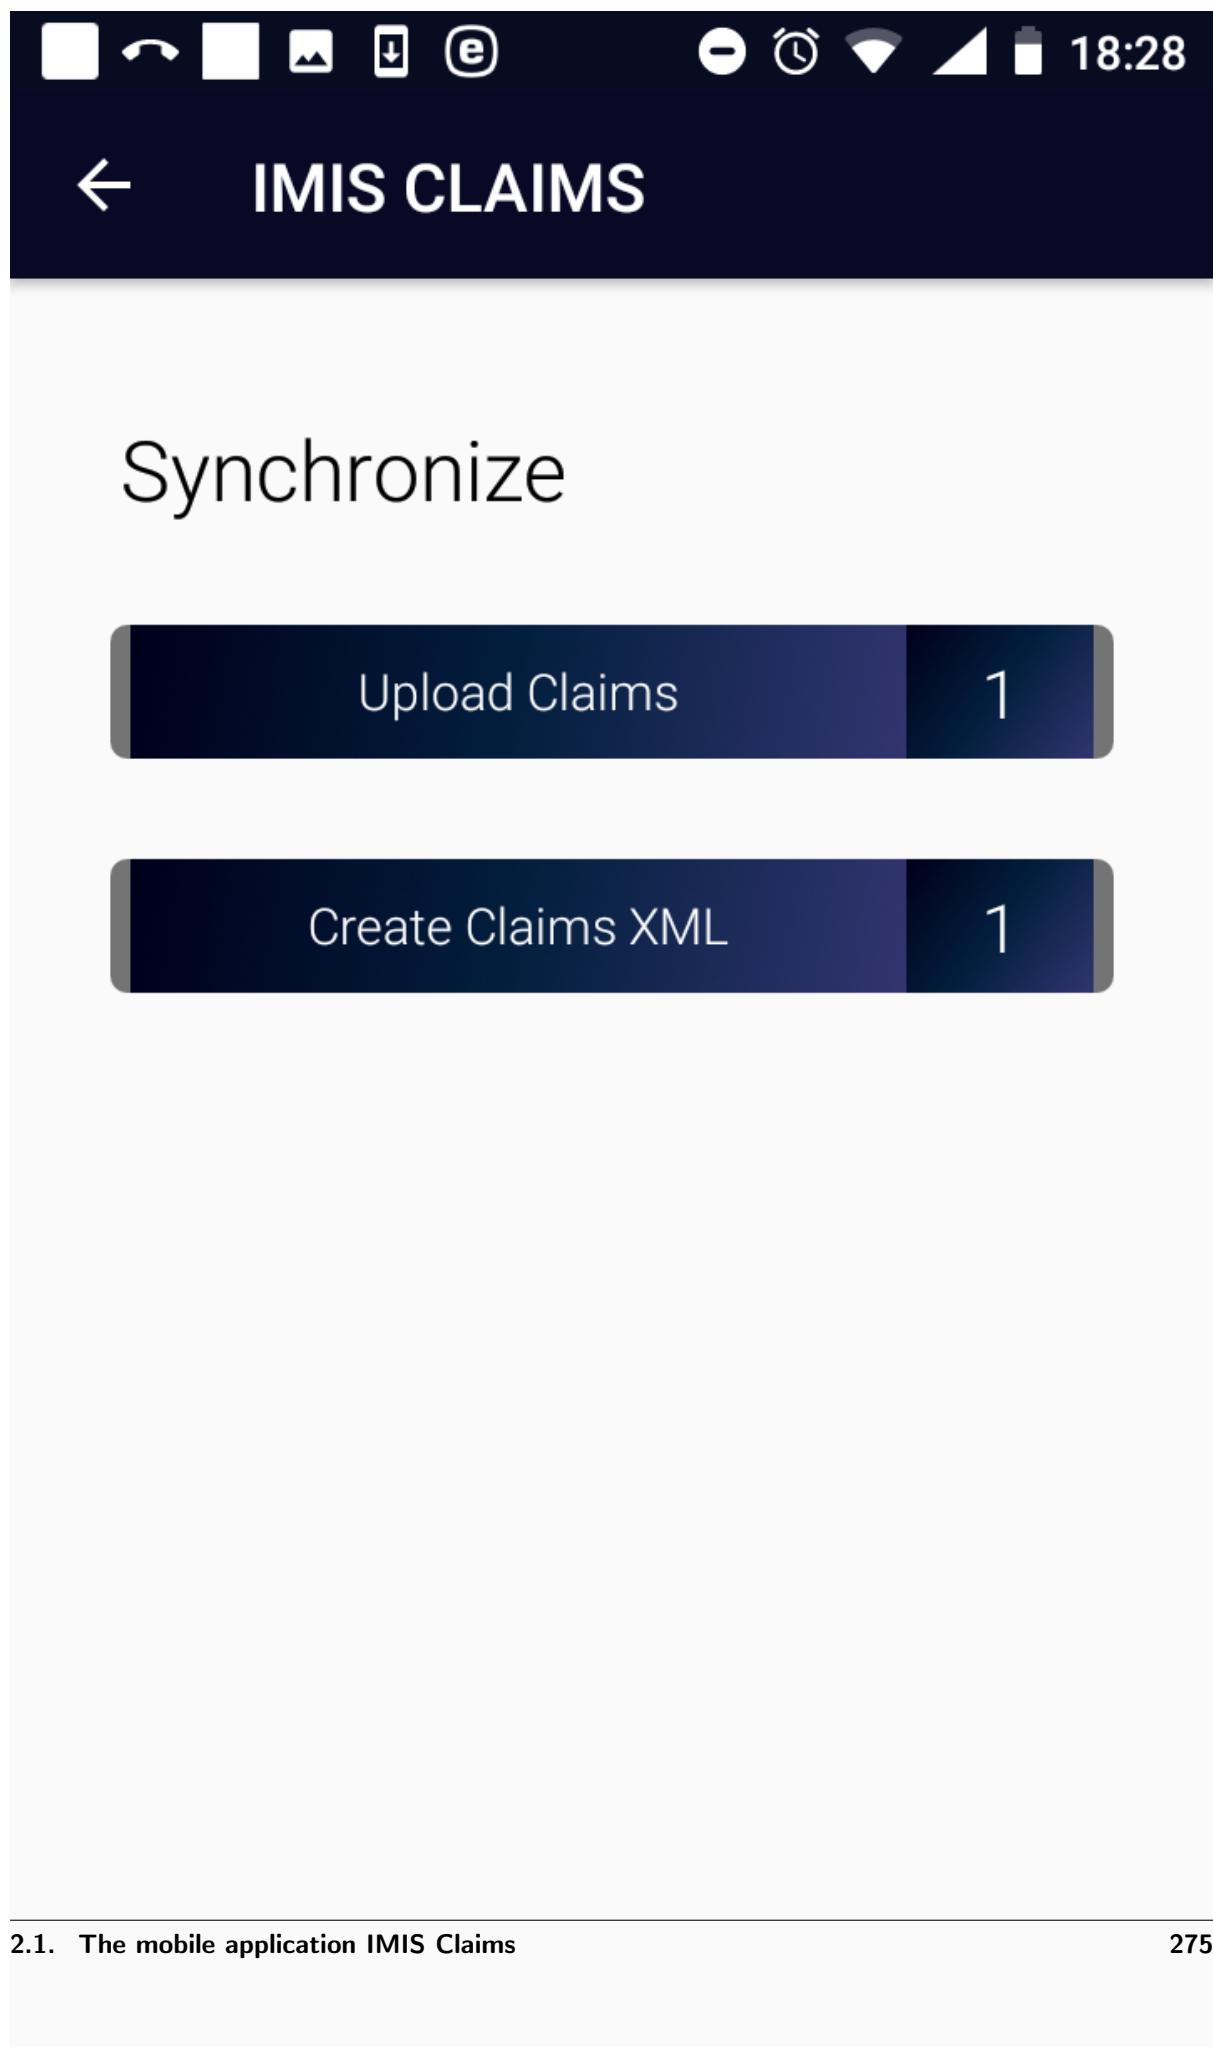

Image 2.8.1 (Synchronize Page)

There are two buttons:

Upload Claims for on-line uploading of saved claims to the web IMIS.

Create Claims XML for generation of a file (in the XML format) for off-line uploading of saved claims to the web IMIS-see *the off-line mode of IMIS Claims*.

On-line uploading of claims is guarded by the Login Page:

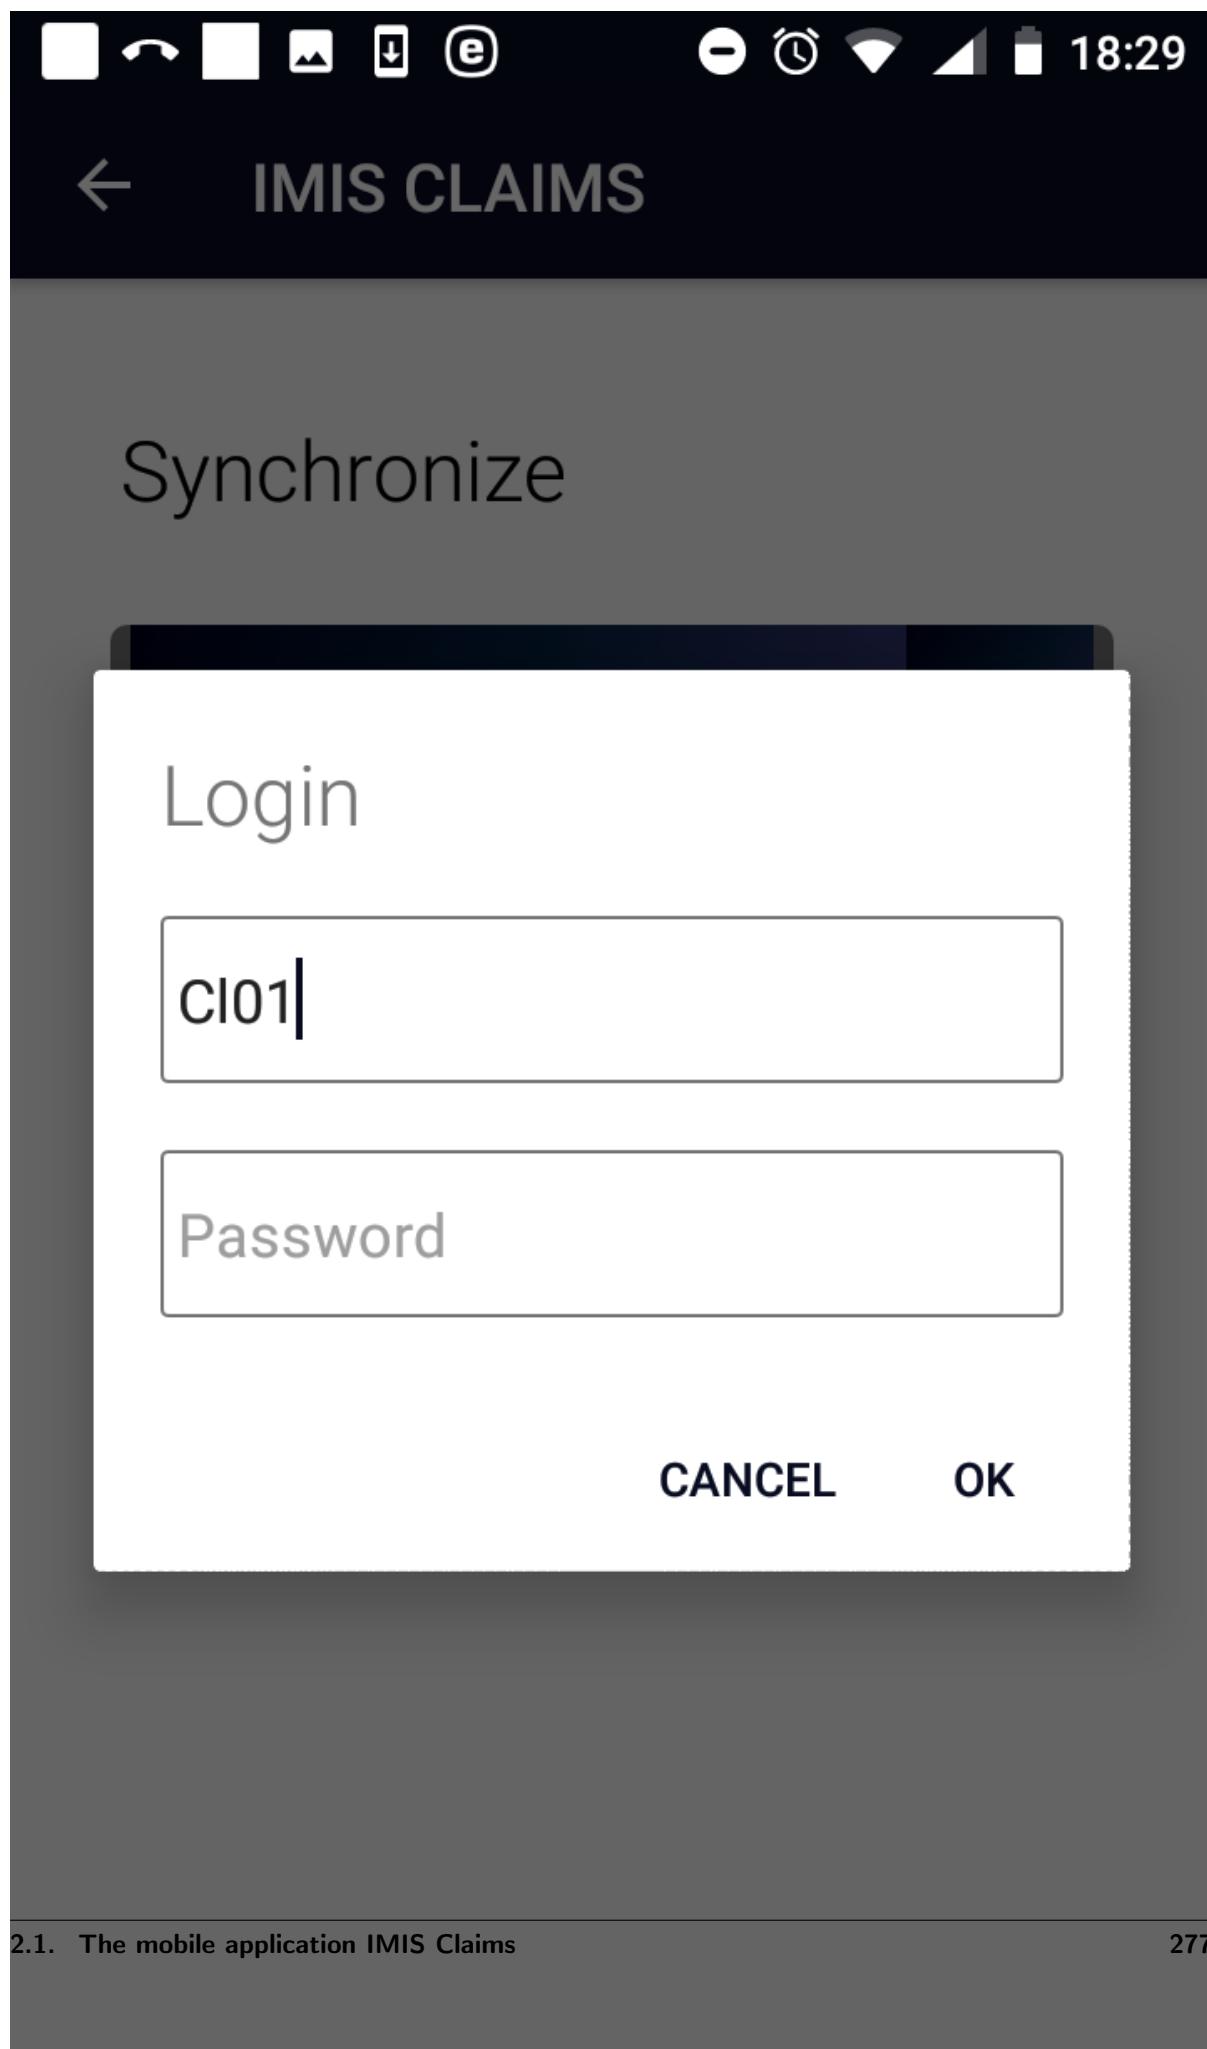

Image 2.8.2 (Synchronize Page-Login Page)

If the login process is successful then click on the **Upload Claims** button to upload claims to the web IMIS. Claims that are successfully uploaded are saved in the folder IMIS/Accepted Claims. Unsuccessfully uploaded claims are saved in the folder IMIS/Rejected Claims.

2.1.9 Function Quit

The function Quit is navigated to by clicking on the menu item **Quit** in the main menu. . The function Quit quits the application after *Quit Confirmation*.

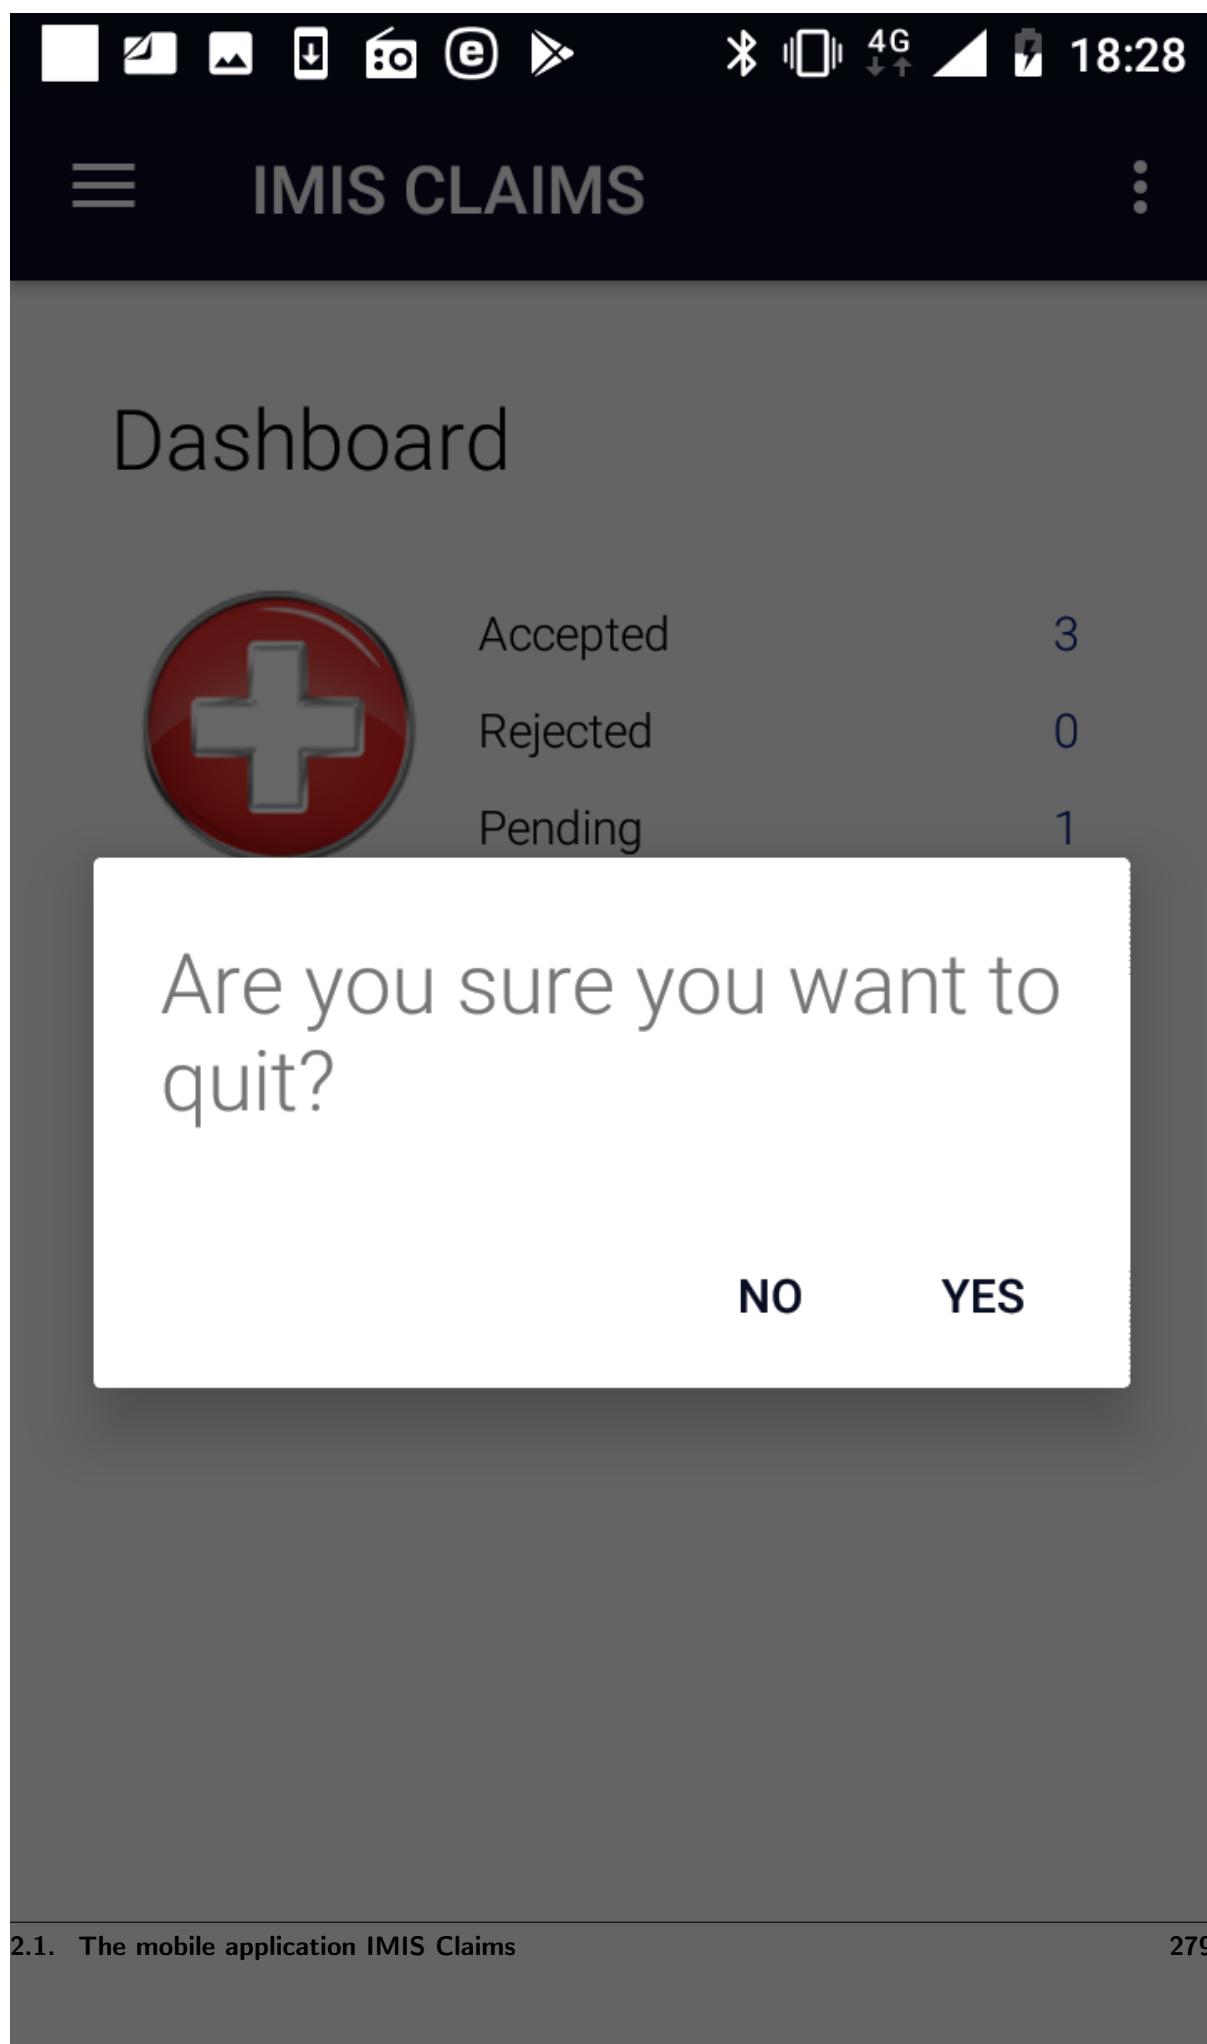

Image 2.9.1 (Quit Confirmation)

2.1.10 Function About

The function About is navigated to by clicking on the menu item **About** in the main menu. The function About provides information about the application itself. The *About Page* appears immediately:

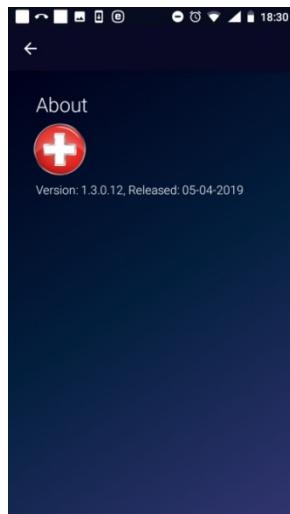

Image 2.10.1 (About Page)

Click on the icon <- in the upper part of the *About Page* to return to the *Home Page*.

Off-line mode of the applications

The applications IMIS Policies and IMIS Claims require for certain functions Internet connectivity for communication with the web IMIS. Other functions of both applications can be used autonomously without availability of Internet connectivity. There is a possibility to move to a place where Internet connectivity is ensured only for time when functions requiring Internet connectivity are used (e.g. initialization of an application, synchronization etc.) and use autonomous functions in settings without Internet connectivity. However, this may not be practical or even possible in all situations. Therefore, there is a possibility to substitute on-line connection for some functions by off-line transfer of files from/to the web IMIS. Thus, utilization of the application in an environment without Internet connectivity is guaranteed.

2.1.11 Off-line mode of IMIS Claims

The following table gives an overview of functions according to their requirements towards Internet connectivity and possible off-line substitutions.

IMIS Claims		
Functionality	connectivity required /autonomous	Off-line substitution
Initial launching	connectivity required	yes, by off-line transfer of a phone extract
Enquire	connectivity required	yes, by off-line transfer of a phone extract
Map Services	autonomous	not needed
Map Items	autonomous	not needed
Refresh Mapping	connectivity required	not available
Claim	autonomous	not needed
Reports	autonomous	not needed
Synchronize	connectivity required	yes, off-line synchronization by XML files
Quit	autonomous	not needed
About	autonomous	not needed

Creation and transfer of off-line files to IMIS Claims

The off-line files for IMIS Claims is created in the web IMIS by selecting of the **Tools/Extracts** menu item. The form IMISExtracts is displayed.

Image 3.2.1 (IMISExtracts Form)

The Create Phone Extract section is used for creation of the off-line file for IMIS Claims.

- Region

The region in which a health facility is located for which claims should be created.

- District

The district in which the health facility is located for which claims should be created.

- With Insurees

Check if the off-line file should contain data on insures (for the function *Enquiry*).

- In background

Check if the off-line file should be created in background.

Click on the button:

- **Create**

The file IMISData.db3 is generated and it can be downloaded by clicking on the button **Download** which is dynamically created in the section

The off-line file IMISData.db3 should be transferred to the device and stored in the folder IMIS.

Creation and transfer of off-line files from IMIS Claims

Use the function *Synchronize* and the following buttons:

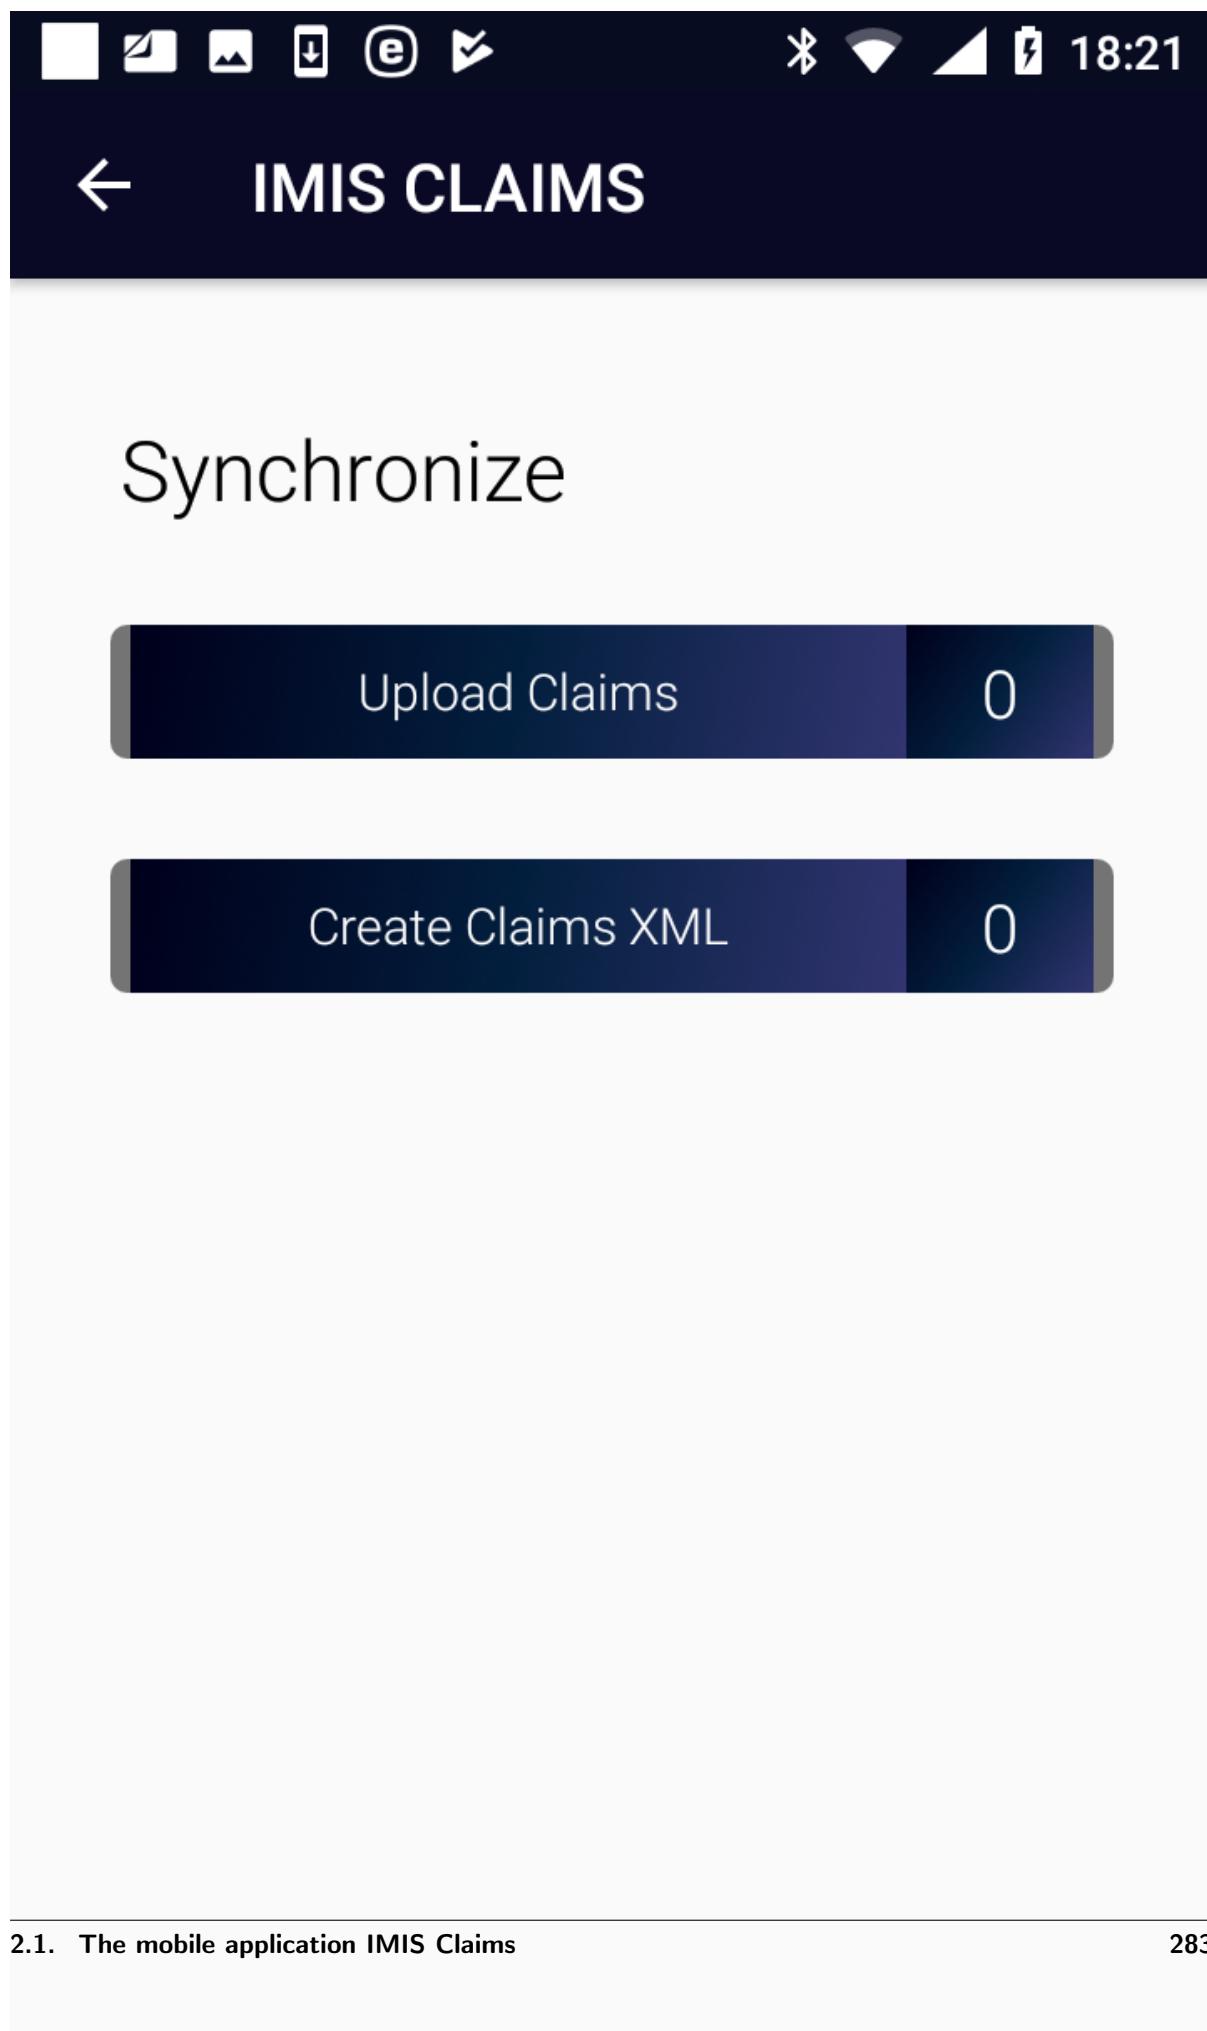

Image 3.2.1 (Synchronize Page)

- **Create Claims XML**

Creates a file with all claims that haven't been uploaded or included in a generated file yet..
The name of the file is Claims_<claim administrator code>_<date of creating>_<time of creating>.rar and it is stored in the folder IMIS in the device.

The off-line files should be transferred to a client device of the web IMIS and uploaded to the web IMIS by means of the *IMISExtracts form* – in the section Upload Claims.

Remark

This version of the user manual relates to the version CHF-IMIS apps that was derived from the Master Version of IMIS apps having in mind specific requirements of the CHF health insurance scheme to the terminology and the data fields to be used in IMIS. The text of the user manual relates to the Master Version of IMIS. The following table shows the differences in the terminology between the Master Version of IMIS and the CHF-IMIS. A user has to have these differences in mind when reading the text of this user manual.

The following table summarizes the adjustments in terminology for the CHF-IMIS with respect to the Master Version of IMIS:

IMIS Master Version	CHF-IMIS
Municipality	Ward
Insurance Number	CHF Number

Further, the Master Version of IMIS uses some data fields that are not used in CHF-IMIS. The overview of the data fields in the Master Version not occurring in the CHF-IMIS is shown in the following table:

IMIS Master Version	CHF-IMIS
Education	Not used
Profession	Not used
Confirmation Type	Not used
Confirmation No.	Not used
Current Region	Not used
Current District	Not used
Current Municipality	Not used
Current Village	Not used
Current Address Details	Not used
Identification Type	Not used
Identification No.	Not used
Region of FSP	Not used
District of FSP	Not used
Level of FSP	Not used
First Service Point	Not used
Relationship	Not used
Beneficiary Card	Not used
Poverty Status	Not used
Contribution Category	Not used

Besides, CHF-IMIS uses as the second language for the user interface Swahili.

2.2 The mobile application IMIS Policies

2.2.1 Launching of IMIS Policies

To launch the application IMIS Policies just click on the icon of the application. Users must have a valid code of an enrolment officer (present in the register of enrolment officers in the web IMIS) and they must have a valid User Name and Password provided by an administrator of the web IMIS for selected functionalities. The User Name data field in login pages is prefilled with enrolment officer code entered while launching the application. The reason is that the web IMIS can create automatically a user record simultaneously with an entry of a new enrolment officer into the register of enrolment officers. Such automatically created user has its User Name equal to the enrolment officer code. However, this prefilled User Name can re-written by any valid User Name in the application IMIS Policies.

The *Initial Page* will appear:

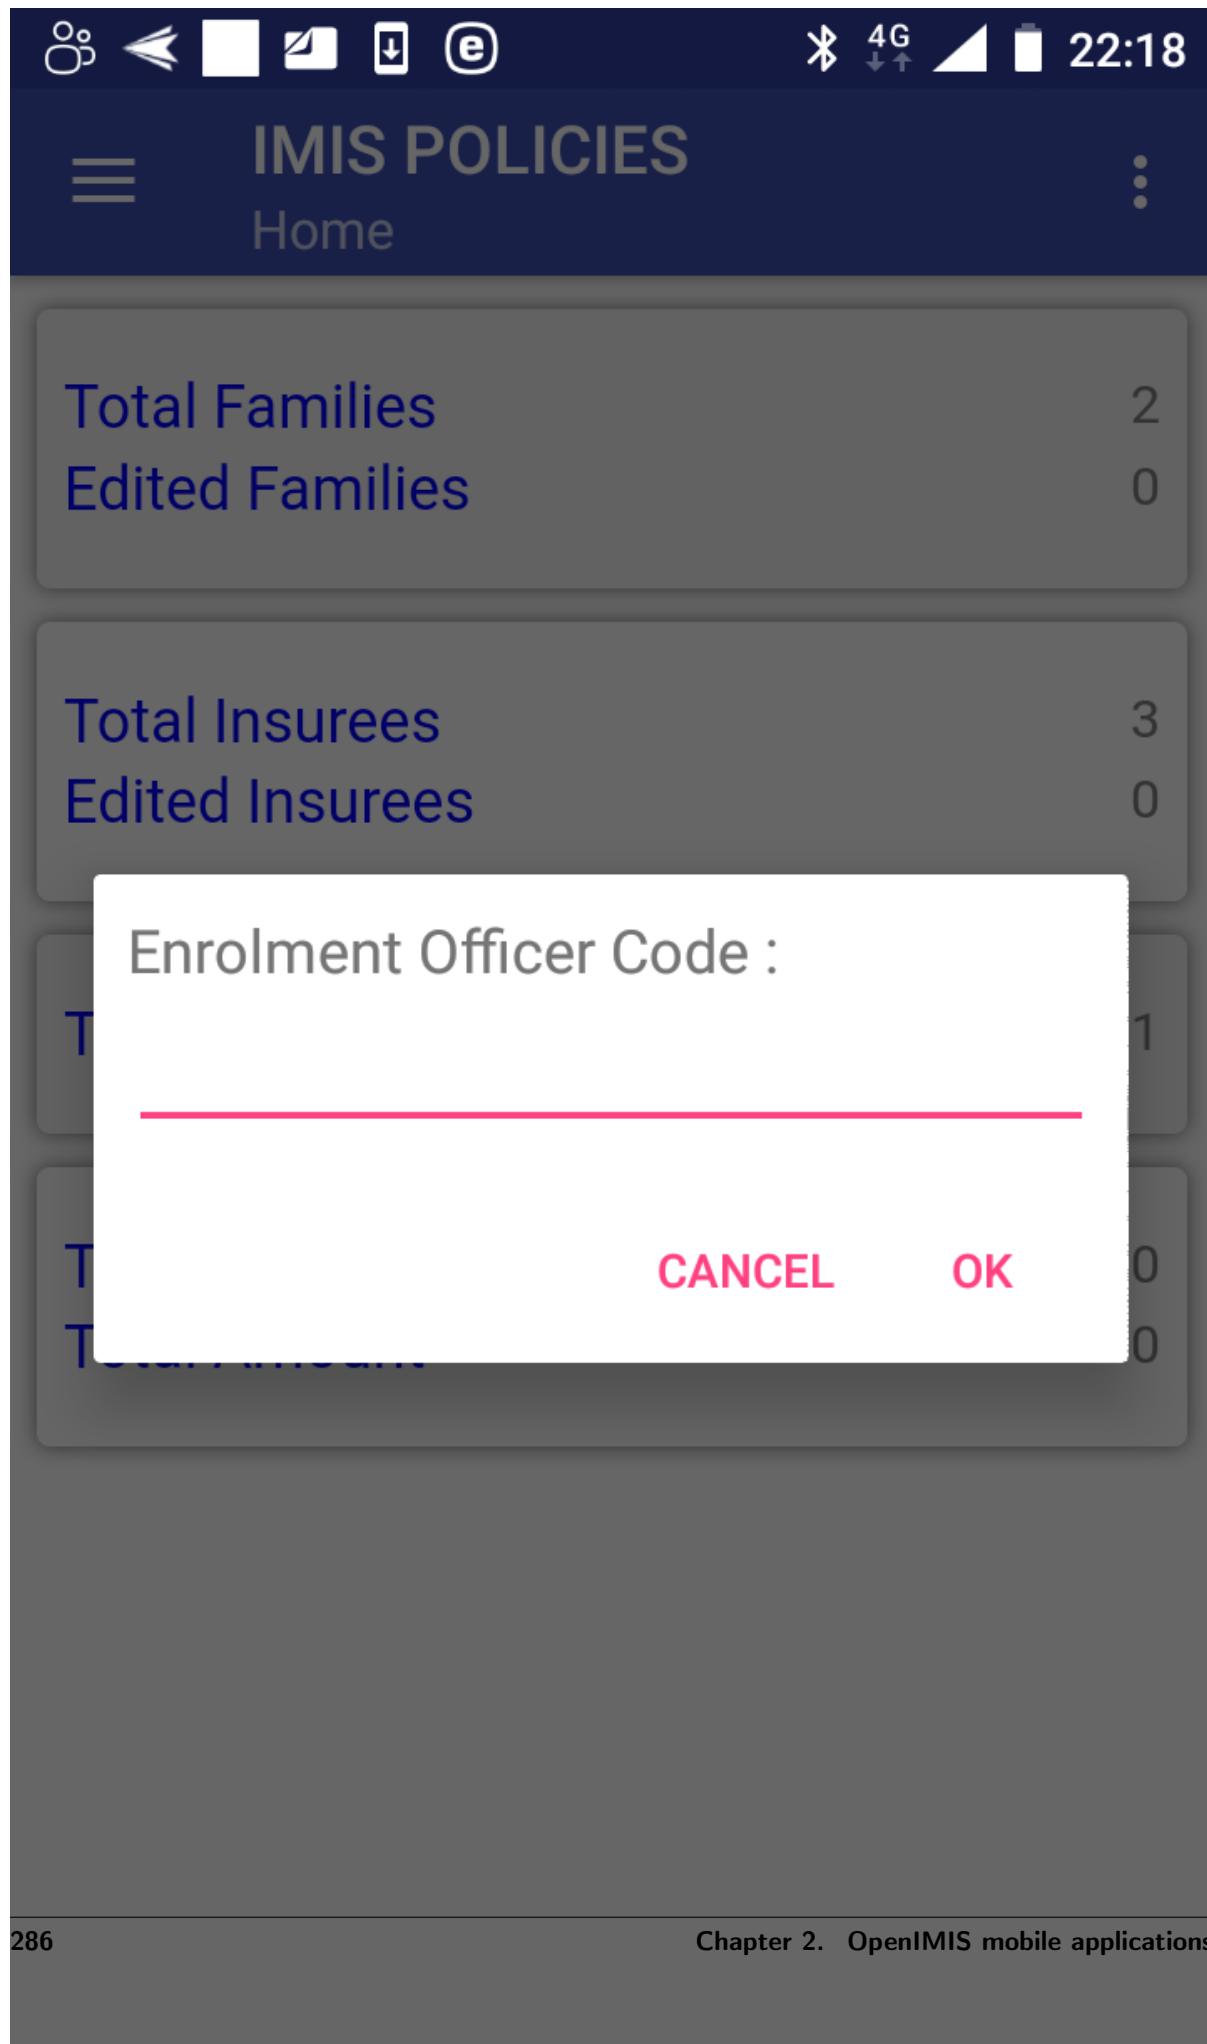

Image 1.1.1 (Initial Page)

Enter a valid enrolment officer code and click on the button **OK**. If a valid enrolment officer code is entered, the application will re-direct to the *Home Page*.

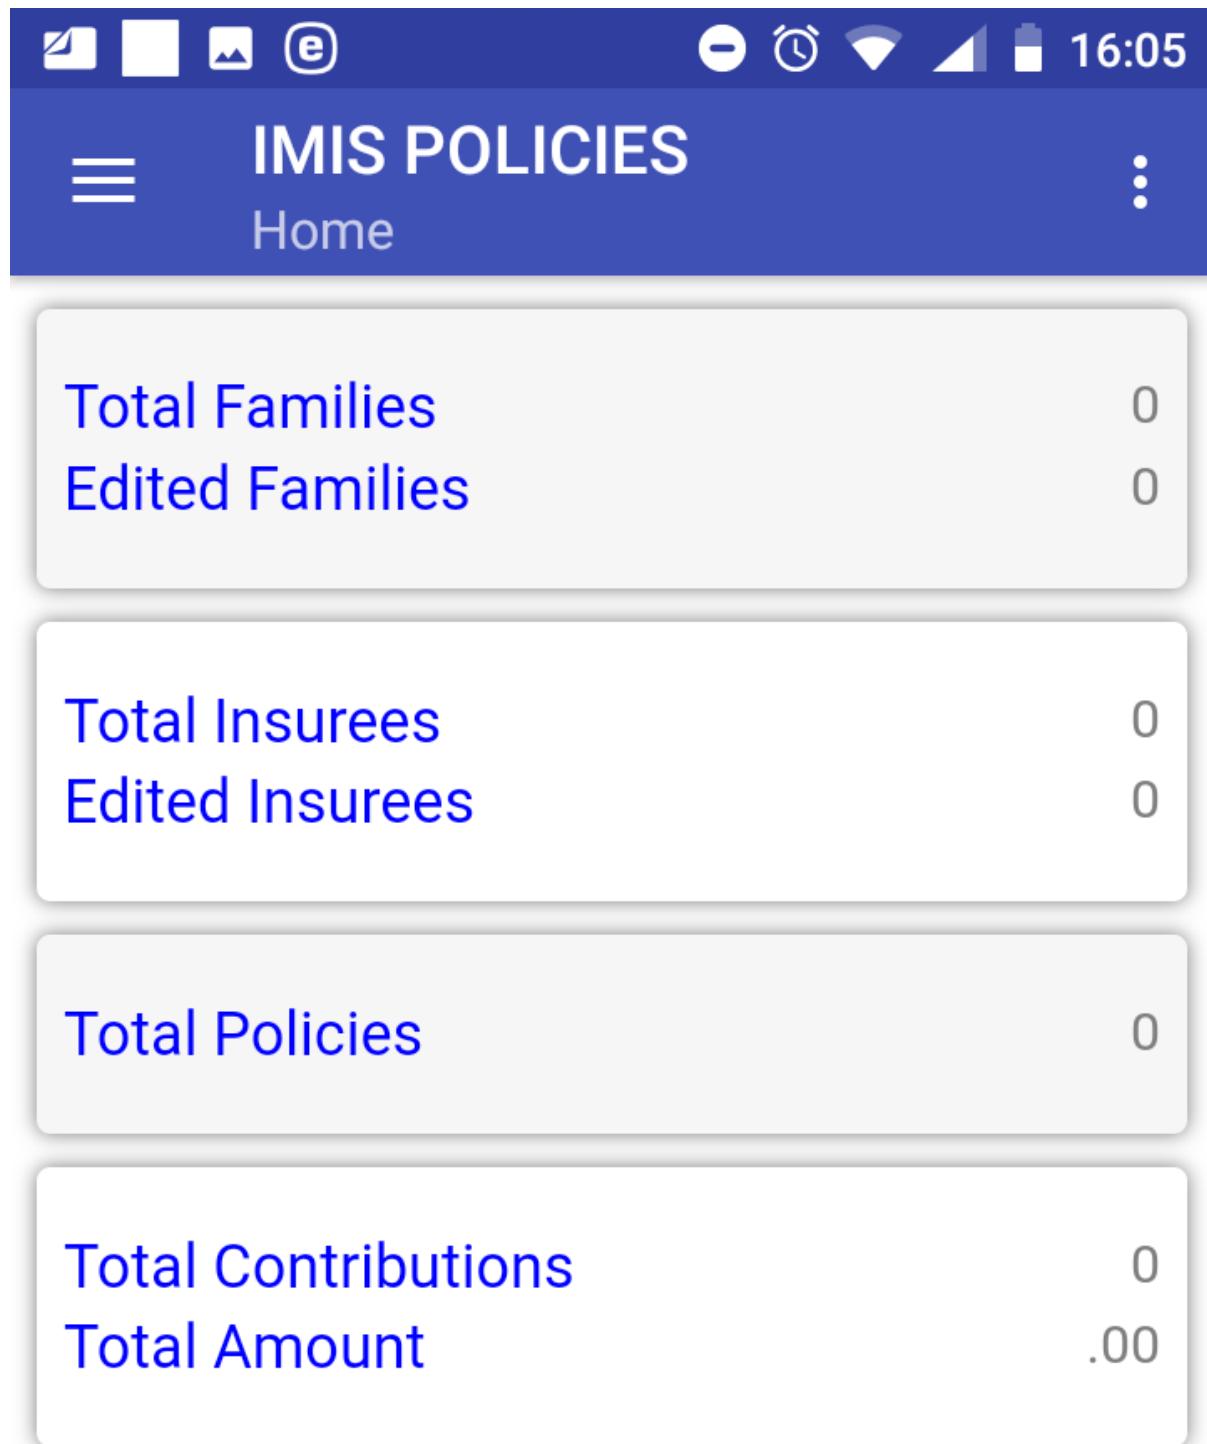

Image 1.1.2 (Home Page)

The statistics on the number of families/insurees/policies/contributions and on the amount of contributions appears that are currently managed by the application before their uploading to the web IMIS. The statistics is split into two sections in the part for families and insurees: the total numbers including both newly entered families/groups and insurees and downloaded (from the web IMIS) families/groups and only families/groups and insurees downloaded for editing.

Clicking on the <three dots vertically> icon in the upper right corner the menu for selection of language of the user interface appears.

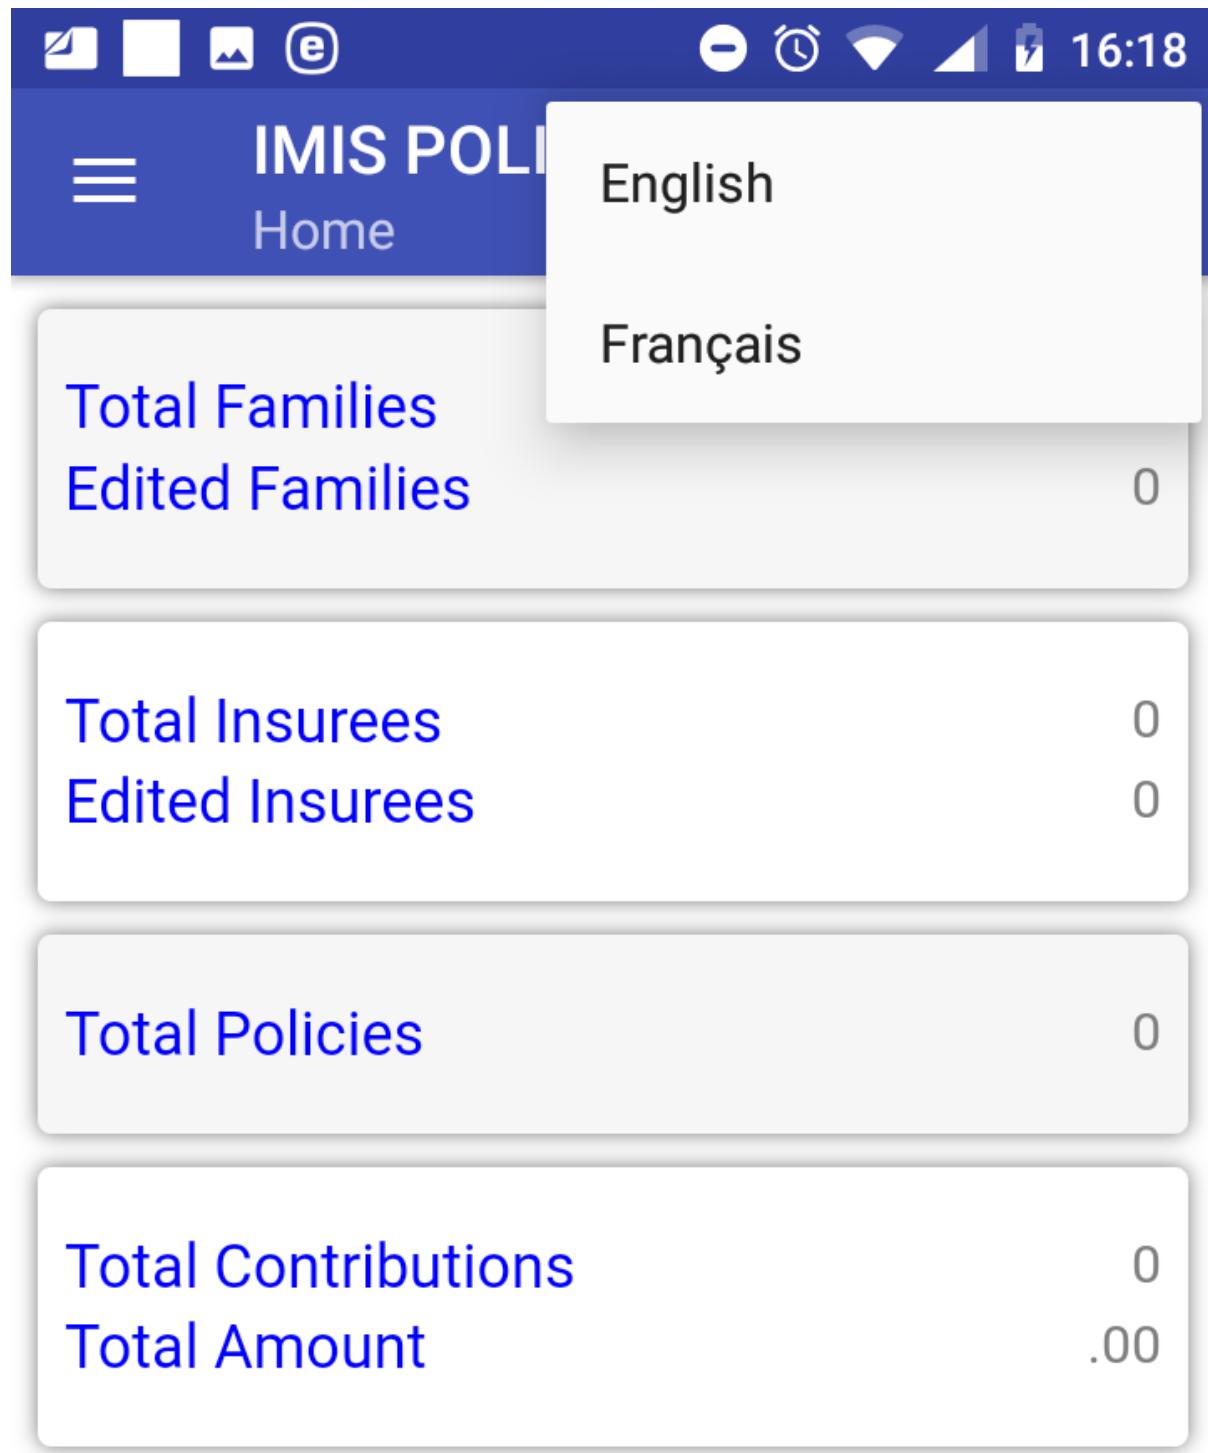

Image 1.1.3 (Menu for selection of a language)

Clicking on the <three bars horizontally> icon (the upper left corner of the *Home Page*) the main menu of the application appears.

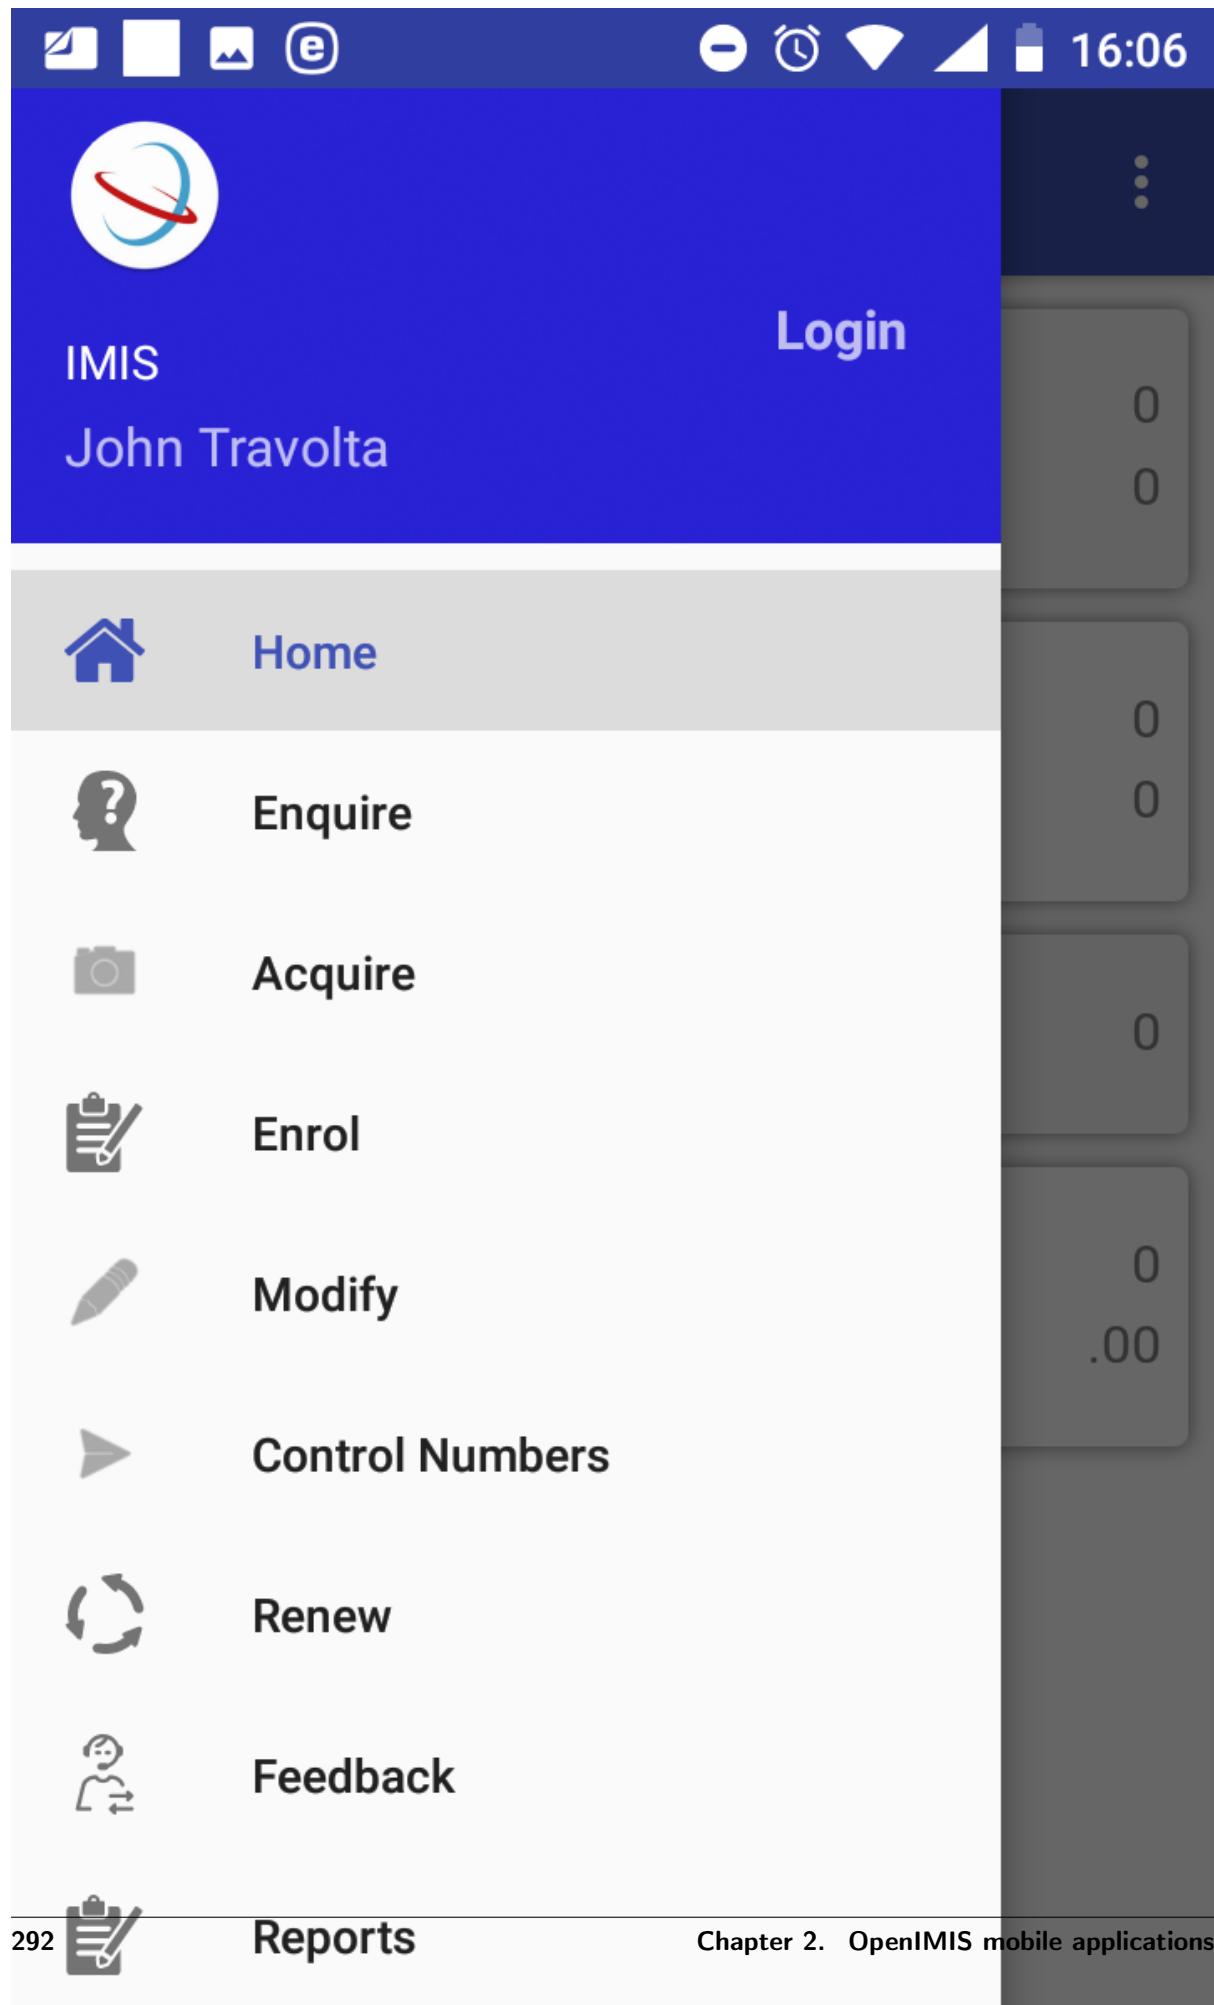

Image 1.1.4 (Main menu of the application)

The menu items stand for the following functionalities:

Home – return to the Home Page

Enquire – getting a photo and information on the coverage of an insuree

Acquire – taking a photo of an insuree

Enrol – entering or editing data on families/insurees and entering data on new policies and contributions

Modify – downloading data of families/insurees from the web IMIS

Control Numbers – acquiring of control numbers for electronic payments of contributions

Renew – renewing of policies

Feedback –providing a feedback on provided health care

Reports – providing reports relevant to activities of an enrolment officer

Synchronize – uploading data to the web IMIS

Quit –quitting of the application

About – info on the version of the installed application

2.2.2 Function Acquire

The function Acquire is navigated to by clicking on the menu item **Acquire** in the main menu. The function Acquire allows to take a photo of an insuree and to save the photo for subsequent assignment to the data on the insuree. The *Acquire Page* appears immediately:

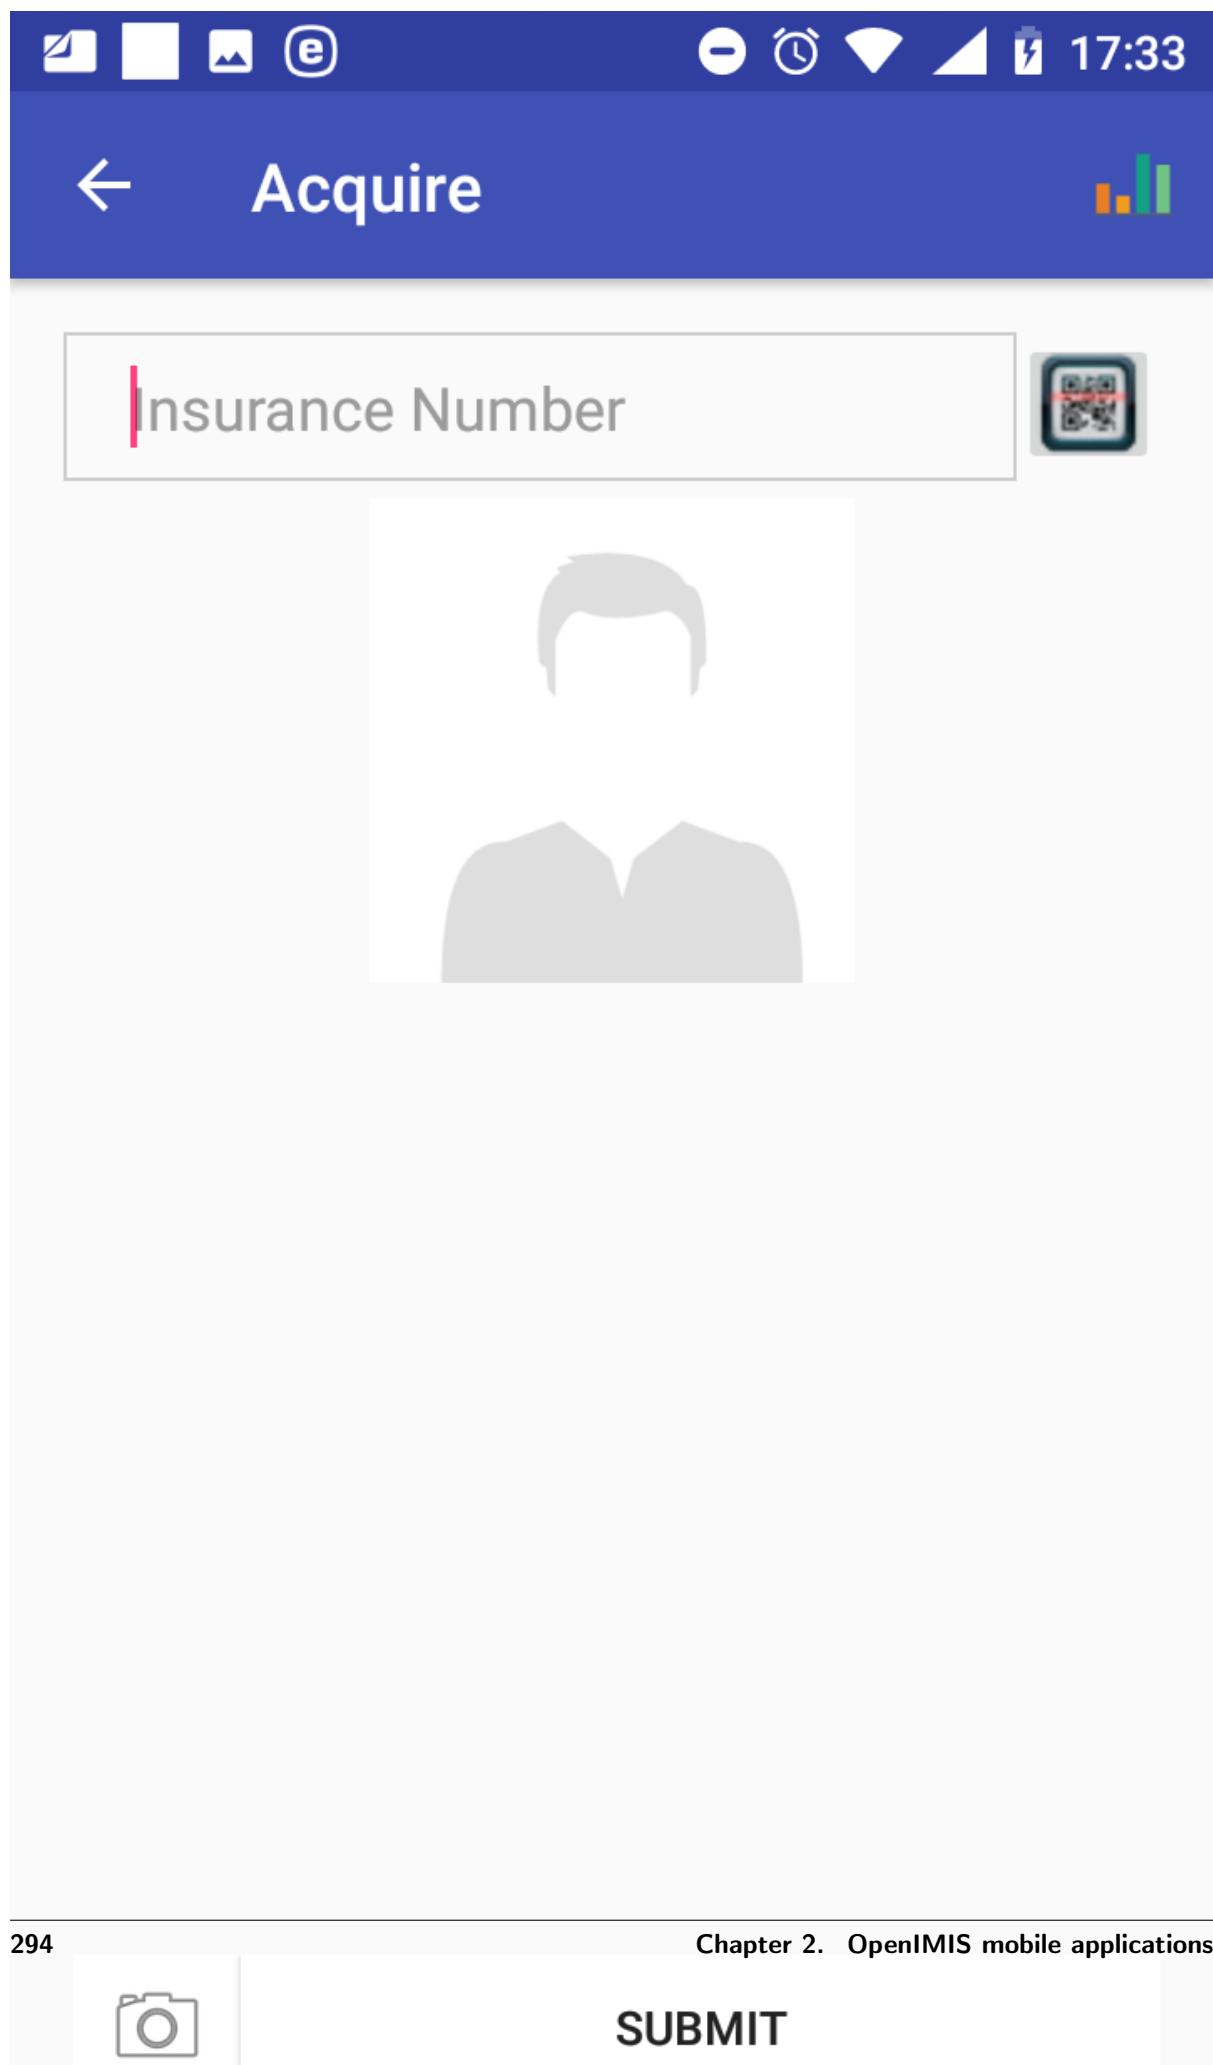

Image 1.3.1 (Acquire Page)

- Insurance Number

Either type in the insurance number of the insuree for whom a photo should be taken or obtain the insurance number by scanning of a QR code by clicking on the **QR** button.

Click on the icon **Photo** for taking a photo in left bottom corner of the page. The *Photo Page* appears.

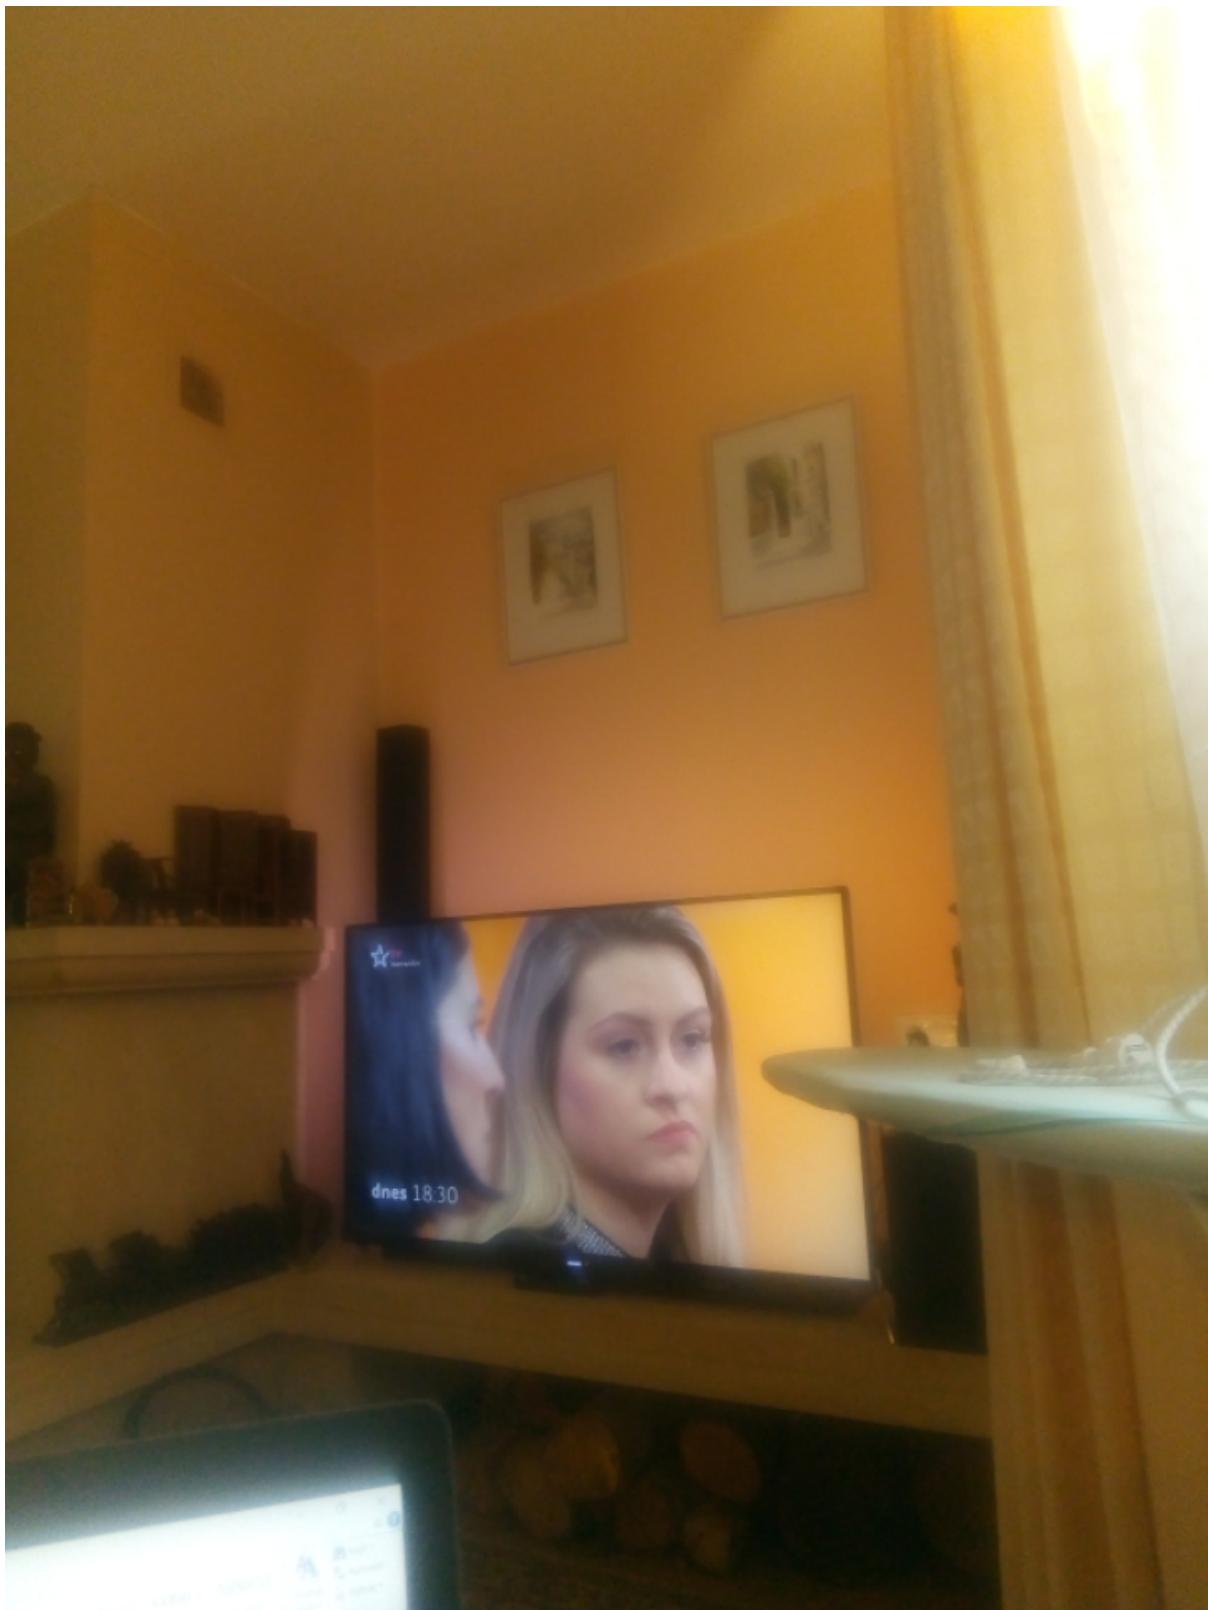

Image 1.3.2 (Photo Page)

Subsequently click on the button **Photo** for taking and the icon Checkfor accepting of the taken photo. Finally click on button **Submit** on to the *Acquire Page* save the acquired photo for further processing in the application.

Click on the icon <- in the upper part of the *Acquire Page* to return to the *Home Page*.

2.2.3 Function Enrol

The function Enrol is navigated to by clicking on the menu item **Enrol** in the main menu. The function Enrol allows to enter data on new families/insurees/policies/contributions and/or modify data on families/insurees downloaded from the web IMIS. The *Families Page* appears immediately:

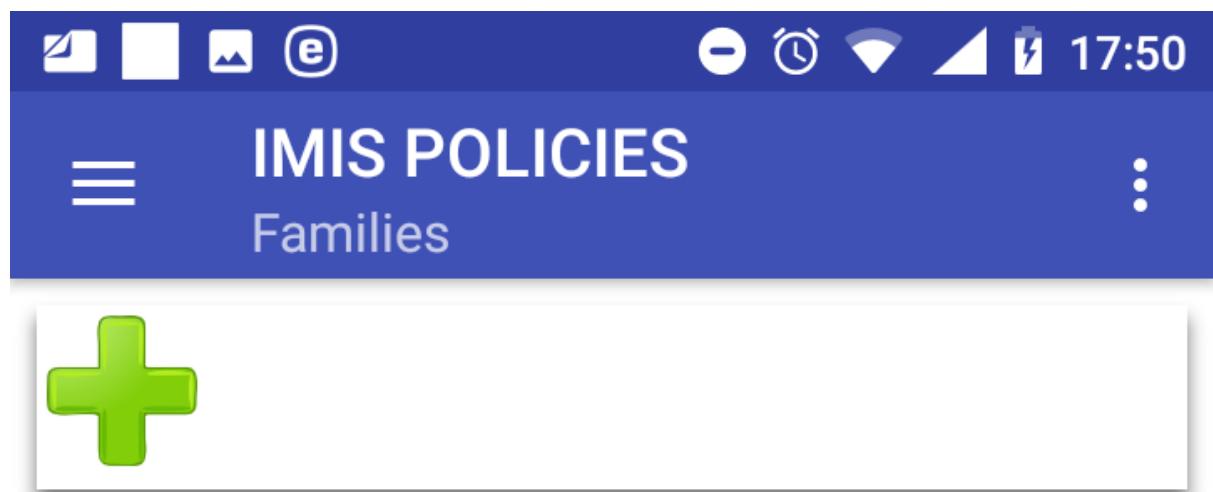

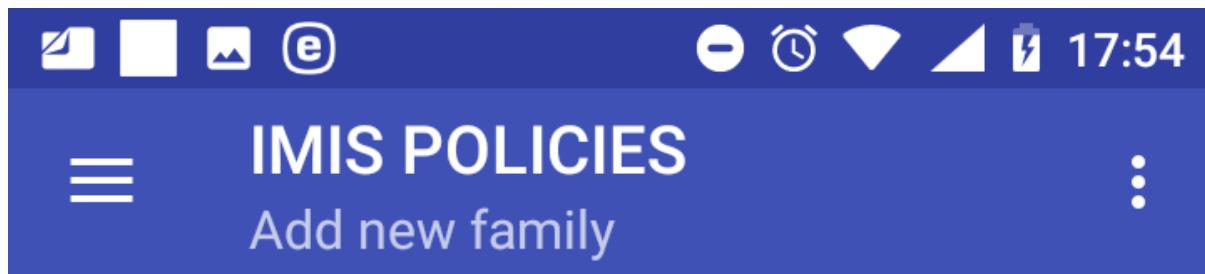

Image 1.4.1 (Families Page)

To add a new family click on the icon +. The *Add new family Page* appears.

Image 1.4.11 (Add/Edit Policies Page)

The following data fields appear:

- Enrolment Date

Tap on the data field and select an enrolment date for the policy in the date selector. Mandatory.

- Product

Select one of the offered insurance products for the policy. Mandatory.

- Effective date

Read-only calculated data field. Contains the date of effective starting of the policy taking into account all features of the selected insurance products and the date of payment of a contribution.

- Start Date

Assumed starting date of the policy without taking into account the date of payment of the contribution. Calculated data field based on the enrolment date and the selected insurance product that can be modified. Mandatory.

- Expiry Date

Assumed expiry date of the policy without taking into account the date of payment of the contribution. Calculated data field based on the starting date and the selected insurance product that can be modified. Mandatory.

- Policy Status

Read-only data field. Assigned policy status on the device. Actual policy status can change in the web IMIS after uploading.

- Policy Value

Read-only data field. Calculated policy value that should be covered by contributions.

- Contribution

Read-only data field. Calculated value of already assigned contributions.

- Balance

Read-only data field. Calculated value of the balance Policy Value - Contribution

Click on the button **Save** to save the data on the policy in the memory of the device. The *Family and Policies Page* is displayed after a successful saving.

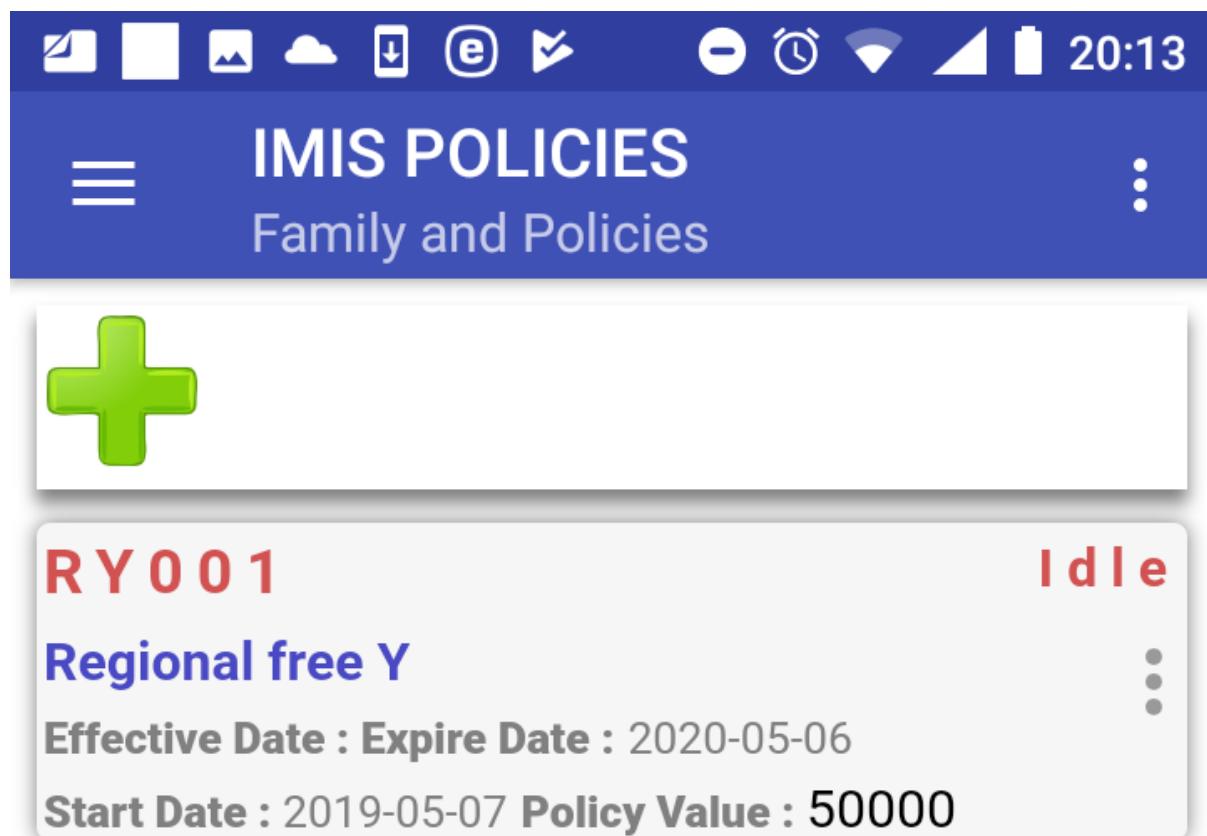

Image 1.4.12 (Family and Policies Page)

There are three options now:

- a) Assigning a new policy to the family/group (just by clicking on the icon + in the *Family and Policies Page* the *Add/Edit Policy Page* appears and the new policy can be assigned).
- b) Editing or deleting of the policy.
- c) Assigning a new contribution to the policy.

Editing or deleting of a policy

By clicking on the icon <**three vertical dots**> with the policy in the *Family and Policies Page* a menu appears with options of editing of the data of the policy or of deleting of the policy.

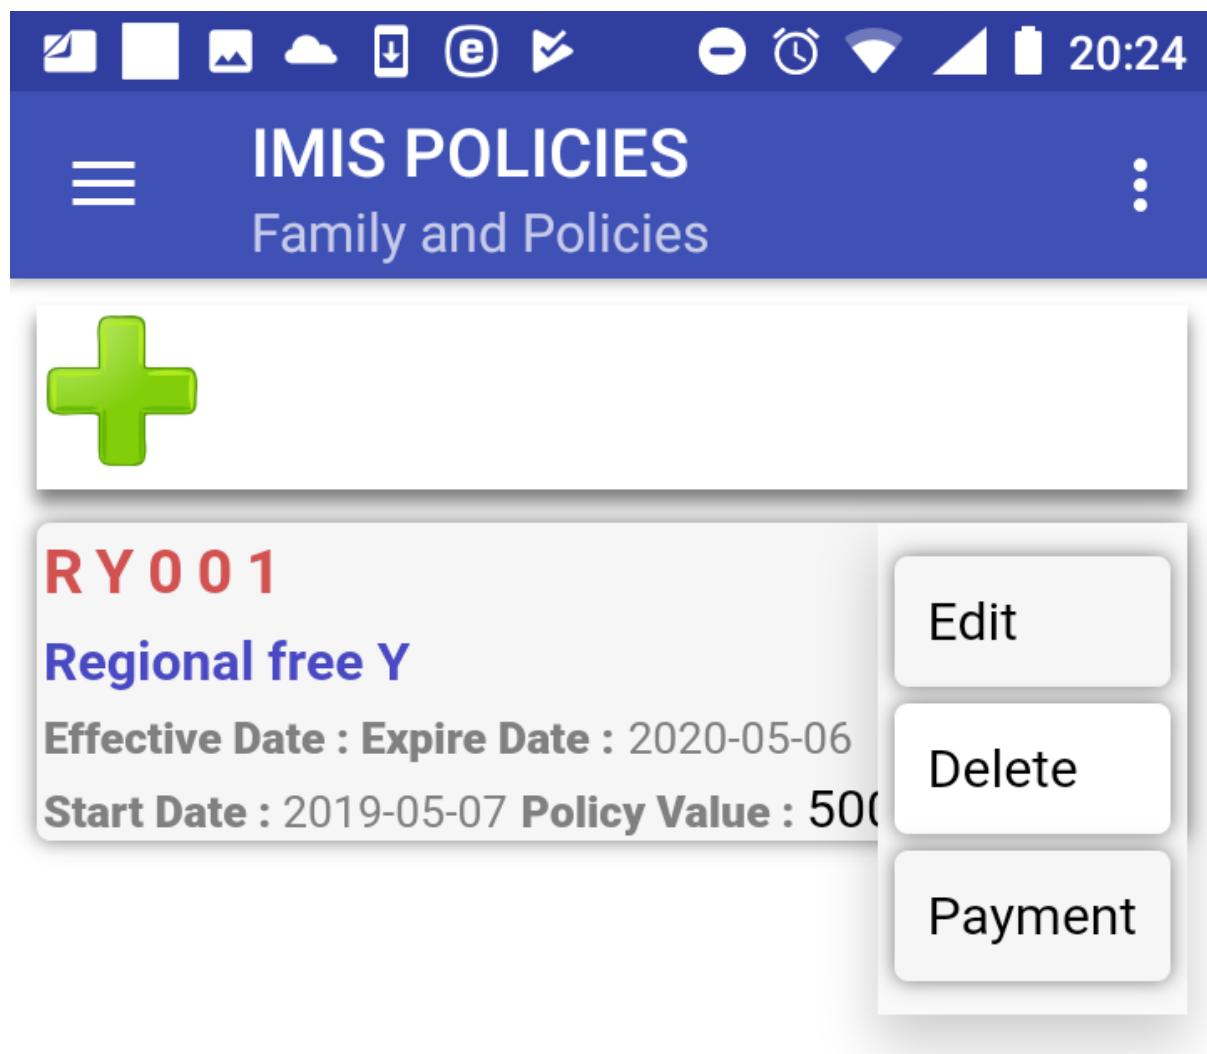

Image 1.4.13 (Families and Policies Page-the menu associated with the policy)

By selecting **Edit** the *Add/Edit Policy Page* appears and the data of the policy can be edited. By selecting **Delete** the *Confirmation Box* appears that asks for a confirmation of the deleting. Deleting a policy means also deleting of all contributions associated with the policy.

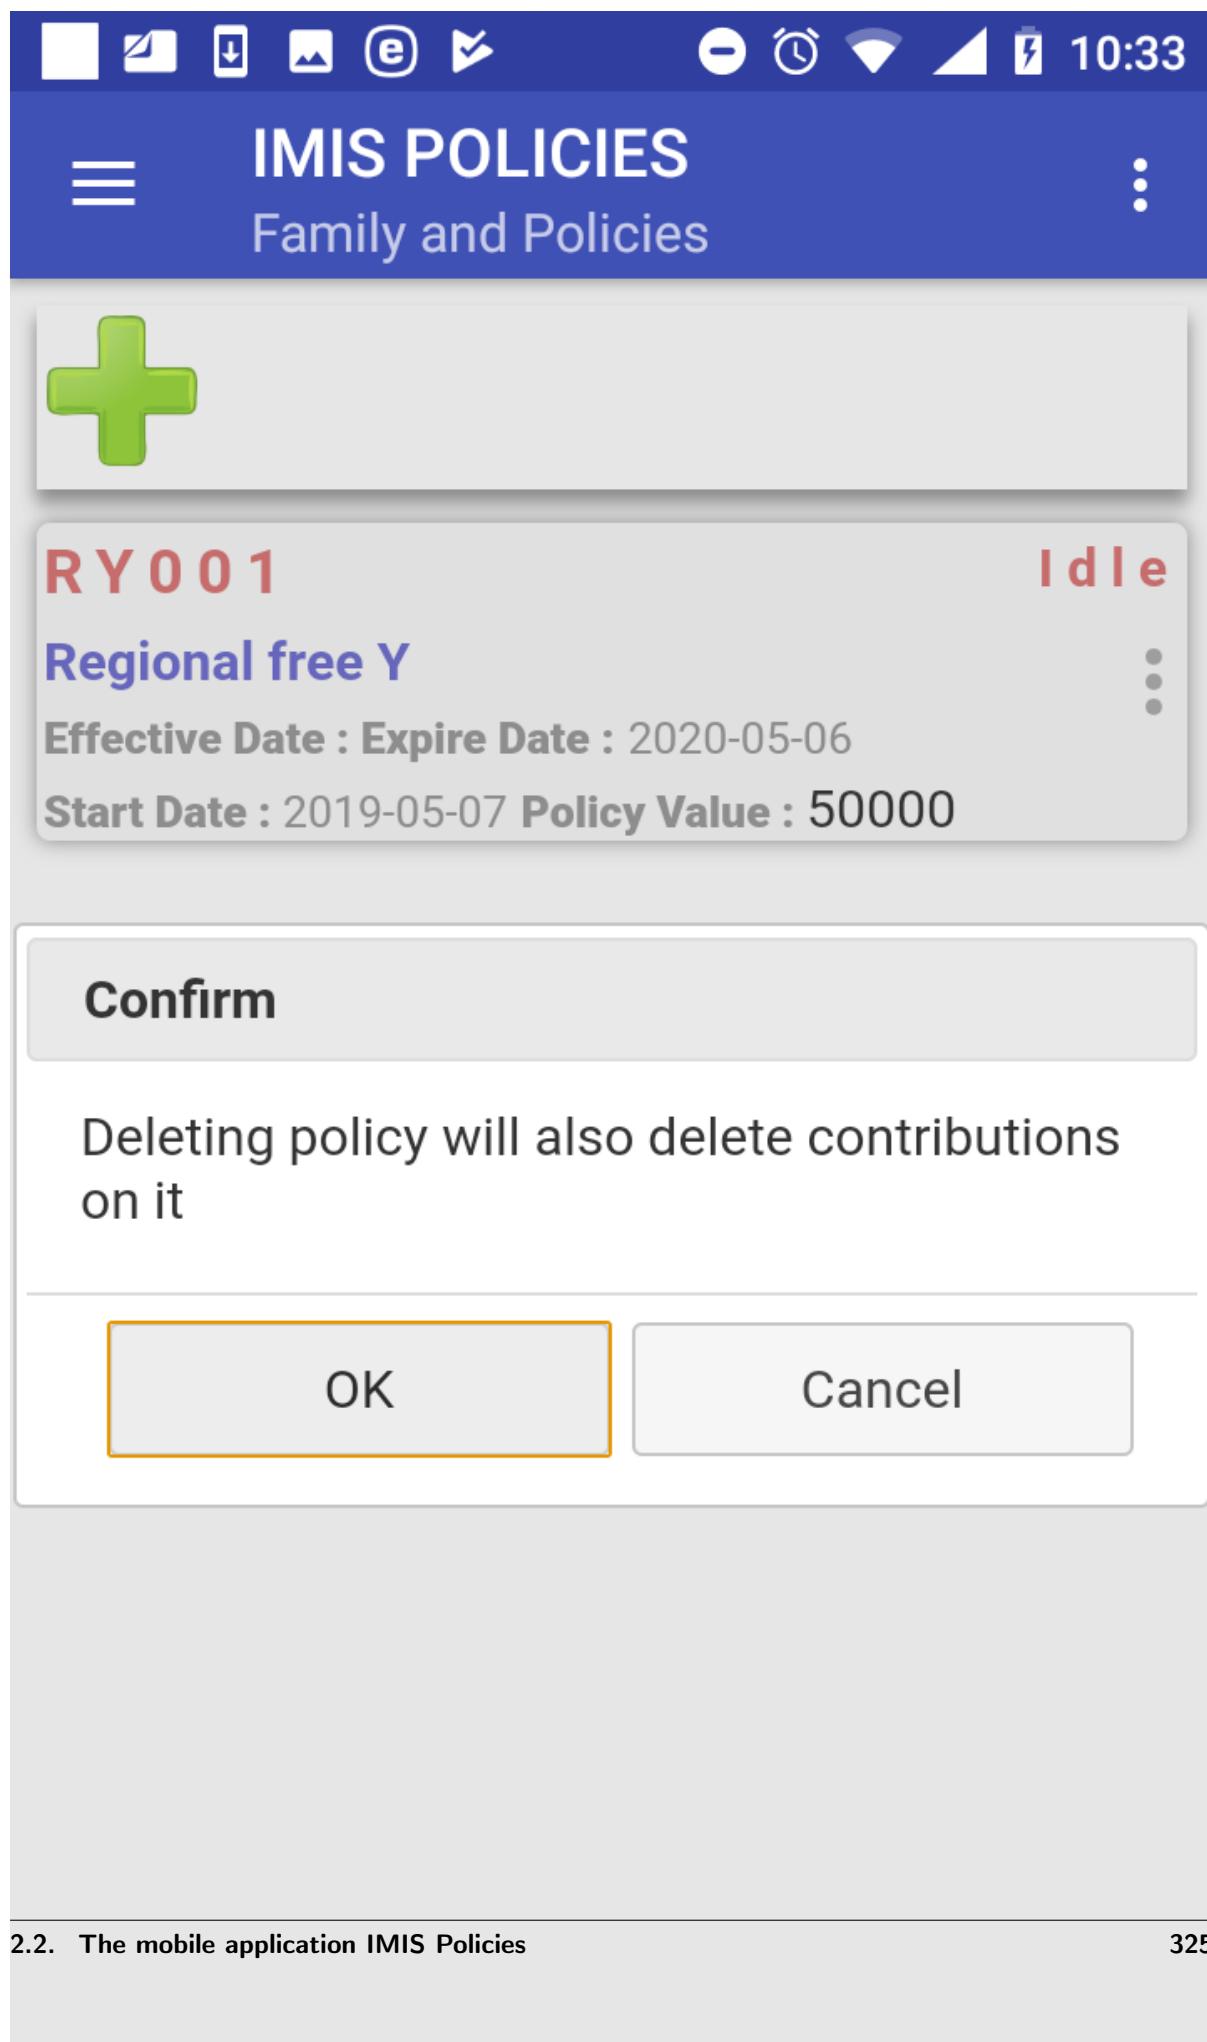

Image 1.4.14 (Families and Policies Page-confirmation of deleting)

The *Family and Policies Page* is displayed after a successful deleting.

Assigning of a new contribution to the policy

By clicking on the icon <three vertical dots> with the policy in the *Family and Policies Page* a menu appears with options of editing of the data of the policy, of deleting of the policy and assigning a contribution (**Payment**). Select **Payment**. The *Contribution Page* appears:

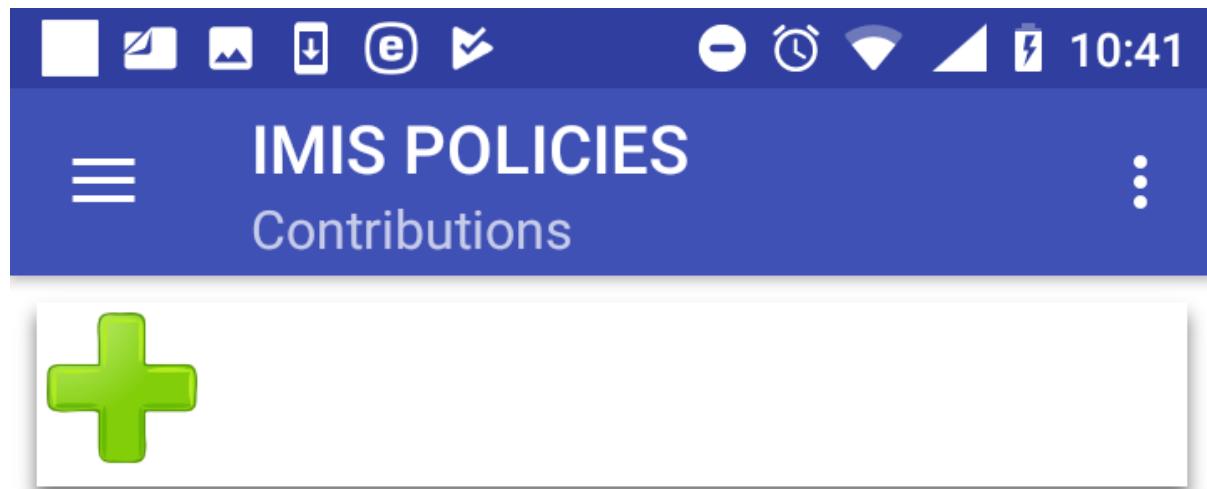

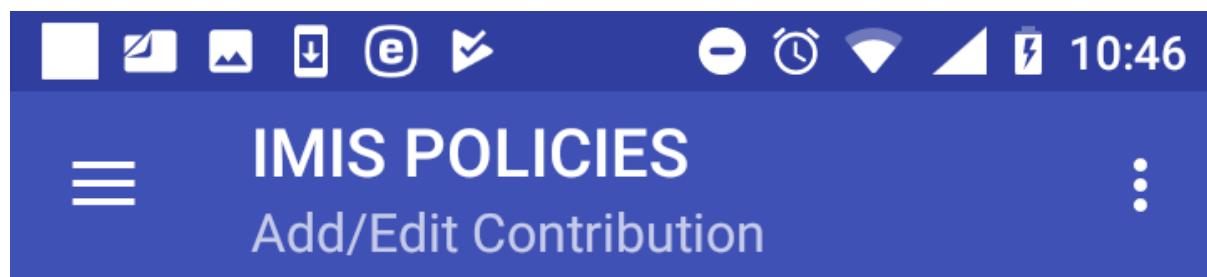

Image 1.4.15 (Contribution Page)

Click on the + icon to add a new contribution. The *Add/Edit Contribution Page* appears with the following data fields:

Image 1.4.16 (Add/Edit Contribution Page)

- Payer

Either leave it blank or select one of the offered payers of the contribution. Optional.

- Contribution Category

Select one of the offered categories for the contribution. Mandatory.

- Contribution Paid

The amount of the contribution. If the Contribution and Others is selected in the data field Contribution Category then the data field Contribution Paid is prefilled by the amount still to be paid to reach the policy value. Mandatory.

- Receipt No

An identification of the receipt issued for the paid contribution. Mandatory.

- Payment Date

Tap on the data field and select a payment date of the contribution in the date selector. Mandatory.

- Payment Type

Select one of the offered types of payment of the contribution. Mandatory.

- Policy Status

Read-only data field. Assigned policy status in the device. Actual policy status can change in the web IMIS after uploading.

- Policy Value

Read-only data field. Calculated policy value that should be covered by contributions.

- Contribution

Read-only data field. Calculated value of already assigned contributions.

- Balance

Read-only data field. Calculated value of the balance Policy Value – Contribution

Click on the button **Save** to save the data on the contribution in the memory of the device. The *Contribution Page* is displayed after a successful saving:

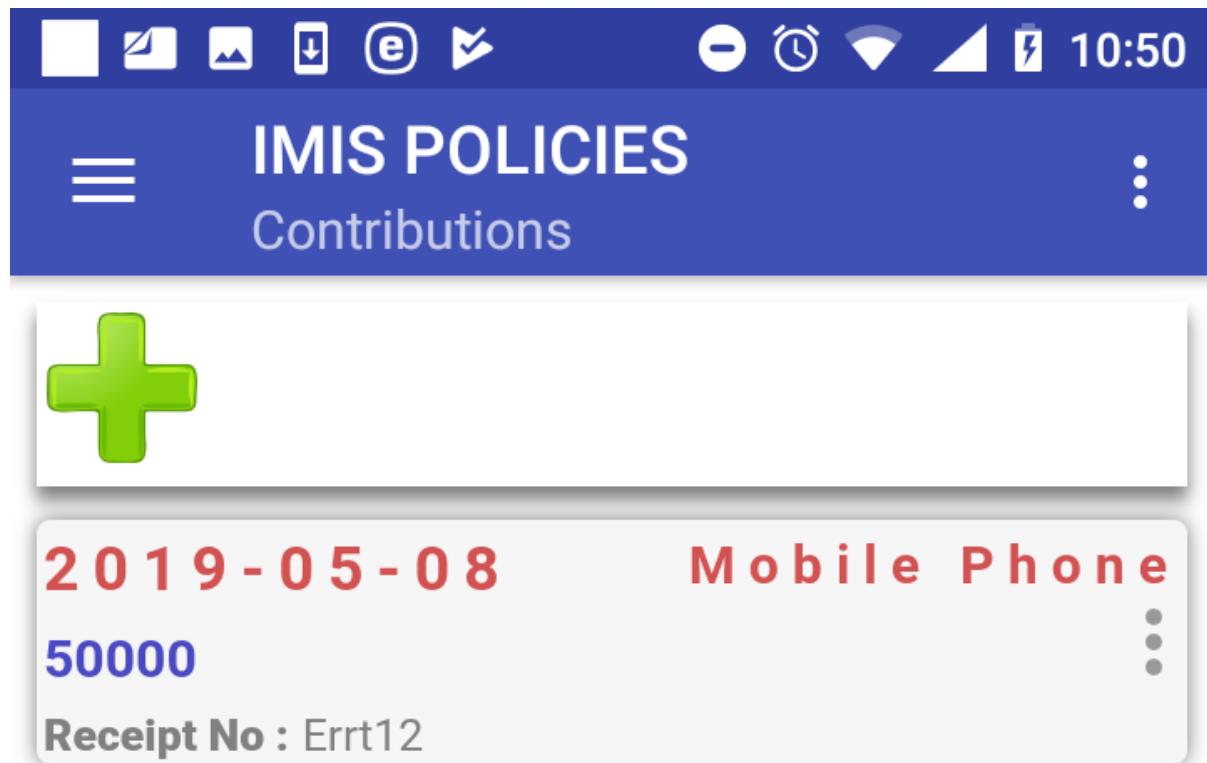

Image 1.4.17 (Contribution Page)

There are three options now:

- a) Assigning a new contribution to the same policy (just by clicking on the icon + the *Add/Edit Contribution Page* appears and a new contribution can be added)
- b) Editing or deleting of the contribution.
- c) Adding of a new family or editing existing ones.

Editing or deleting of the contribution

By clicking on the icon <**three vertical dots**> with the contribution in the *Contribution Page* a menu appears with options of editing of the data of the contribution and of deleting of the contribution.

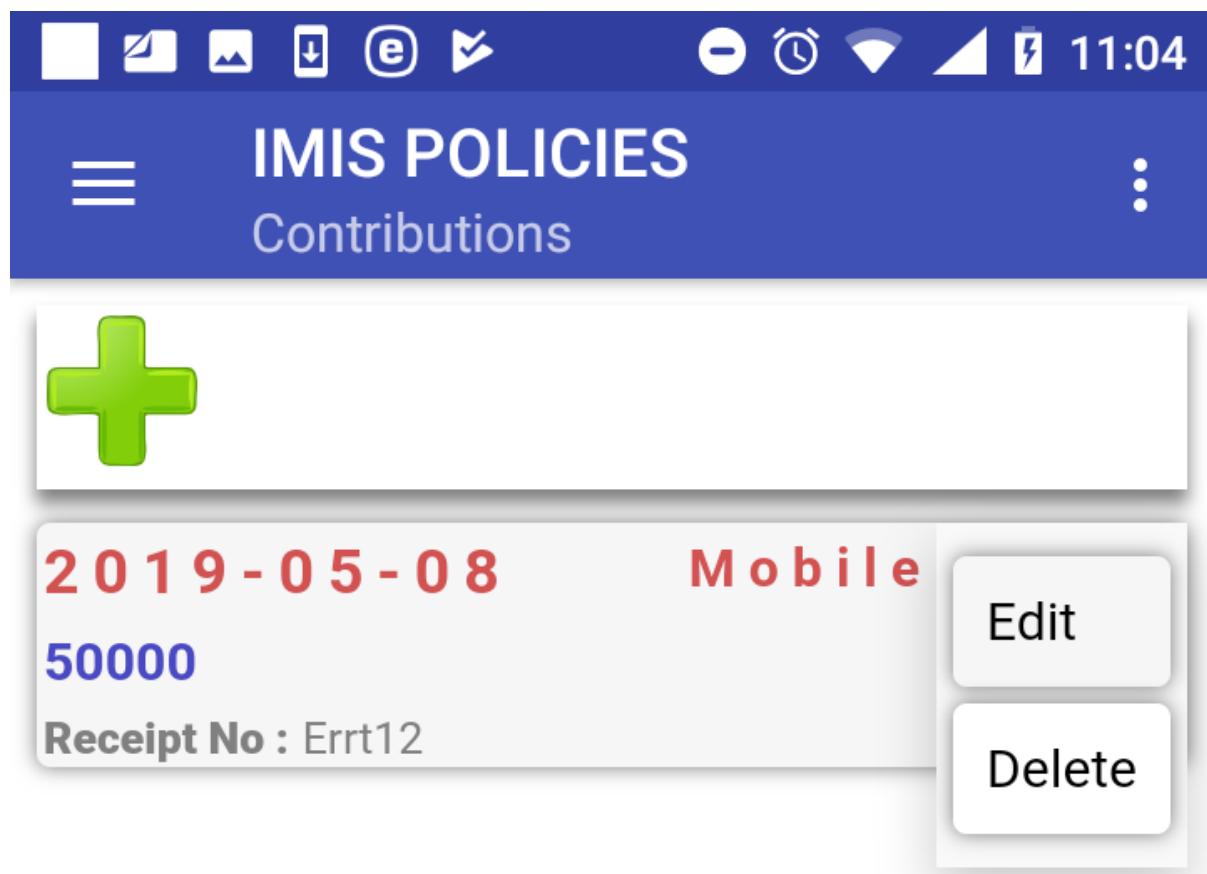

Image 1.4.18 (Contribution Page-the menu associated with the contribution)

By selecting **Edit** the *Add/Edit Contribution Page* appears and the data of the contribution can be edited. By selecting **Delete** the contribution is deleted without a confirmation prompt.

2.2.4 Function Modify

The function Modify is navigated to by clicking on the menu item **Modify** in the main menu. The function Modify allows to download data on families/insurees from the web IMIS for their further editing or using for association with policies. A user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Insurees and Families/Family +Insurees/Edit** as an access to the functionality Modify is guarded by the *Login Page*

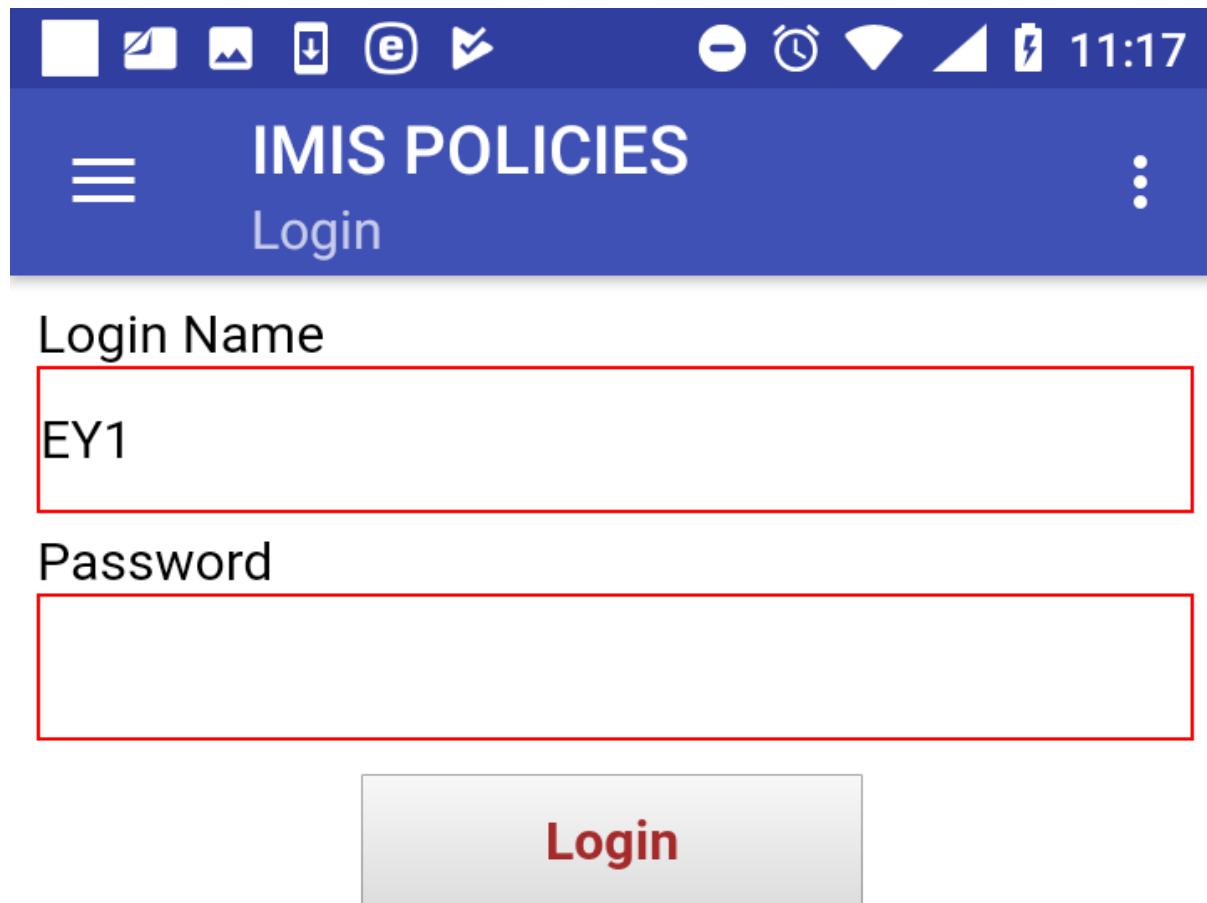

Image 1.5.1 (Modify function-Login Page)

If login is successful the *Search Page* appears:

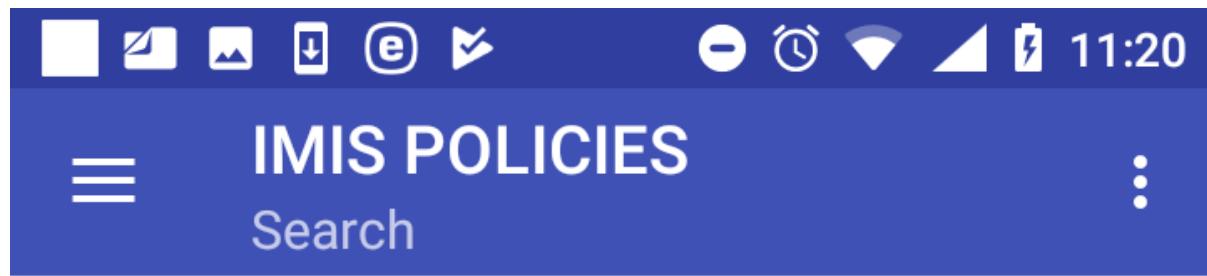

Image 1.5.2 (Search Page)

Enter the insurance number of any member of a family/group having a residence in the district where the enrolment officer is acting and click on the button **Search**. If the family/group with a member having the entered insurance number is found in the web IMIS, the *Family Page* appears with the retrieved family.

The screenshot shows the 'IMIS POLICIES' section for 'Families'. At the top, there is a blue header bar with a menu icon (three horizontal lines), the title 'IMIS POLICIES', the subtitle 'Families', and a three-dot menu icon. Below the header is a large white card containing a green plus sign icon. The first family record is 'John Baltimore' with the number '323222111'. The second family record is 'John Stockly' with the number '333222111'. Both records include a three-dot menu icon to the right. Below each record, the administrative hierarchy is shown: 'TestRegionY → TestDistrictY1 → TestMunicipalityY1 → TestVillageY1'.

IMIS POLICIES
Families

John Baltimore
323222111
TestRegionY → TestDistrictY1 → TestMunicipalityY1 →
TestVillageY1

John Stockly
333222111
TestRegionY → TestDistrictY1 → TestMunicipalityY1 →
TestVillageY1

Image 1.5.3 (Family Page with the retrieved family)

From now on, any operations like editing of members and deleting members of the family/group, associating new policies and contributions can be accomplished in the same way as for newly entered families as described with the function *Enrol*.

2.2.5 Function Control Numbers

The function Control Numbers is navigated to by clicking on the menu item **Control Numbers** in the main menu. The function Control Number allows sending requests for assigning of control numbers for intended payments of contributions and getting assigned control numbers. A user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Insurees and Families/Payment/Add** as an access to the functionality Control Numbers is guarded by the by the *Login Page*.

The *Overviews Page* appears after selecting **Contrl Numbers** in the main menu:

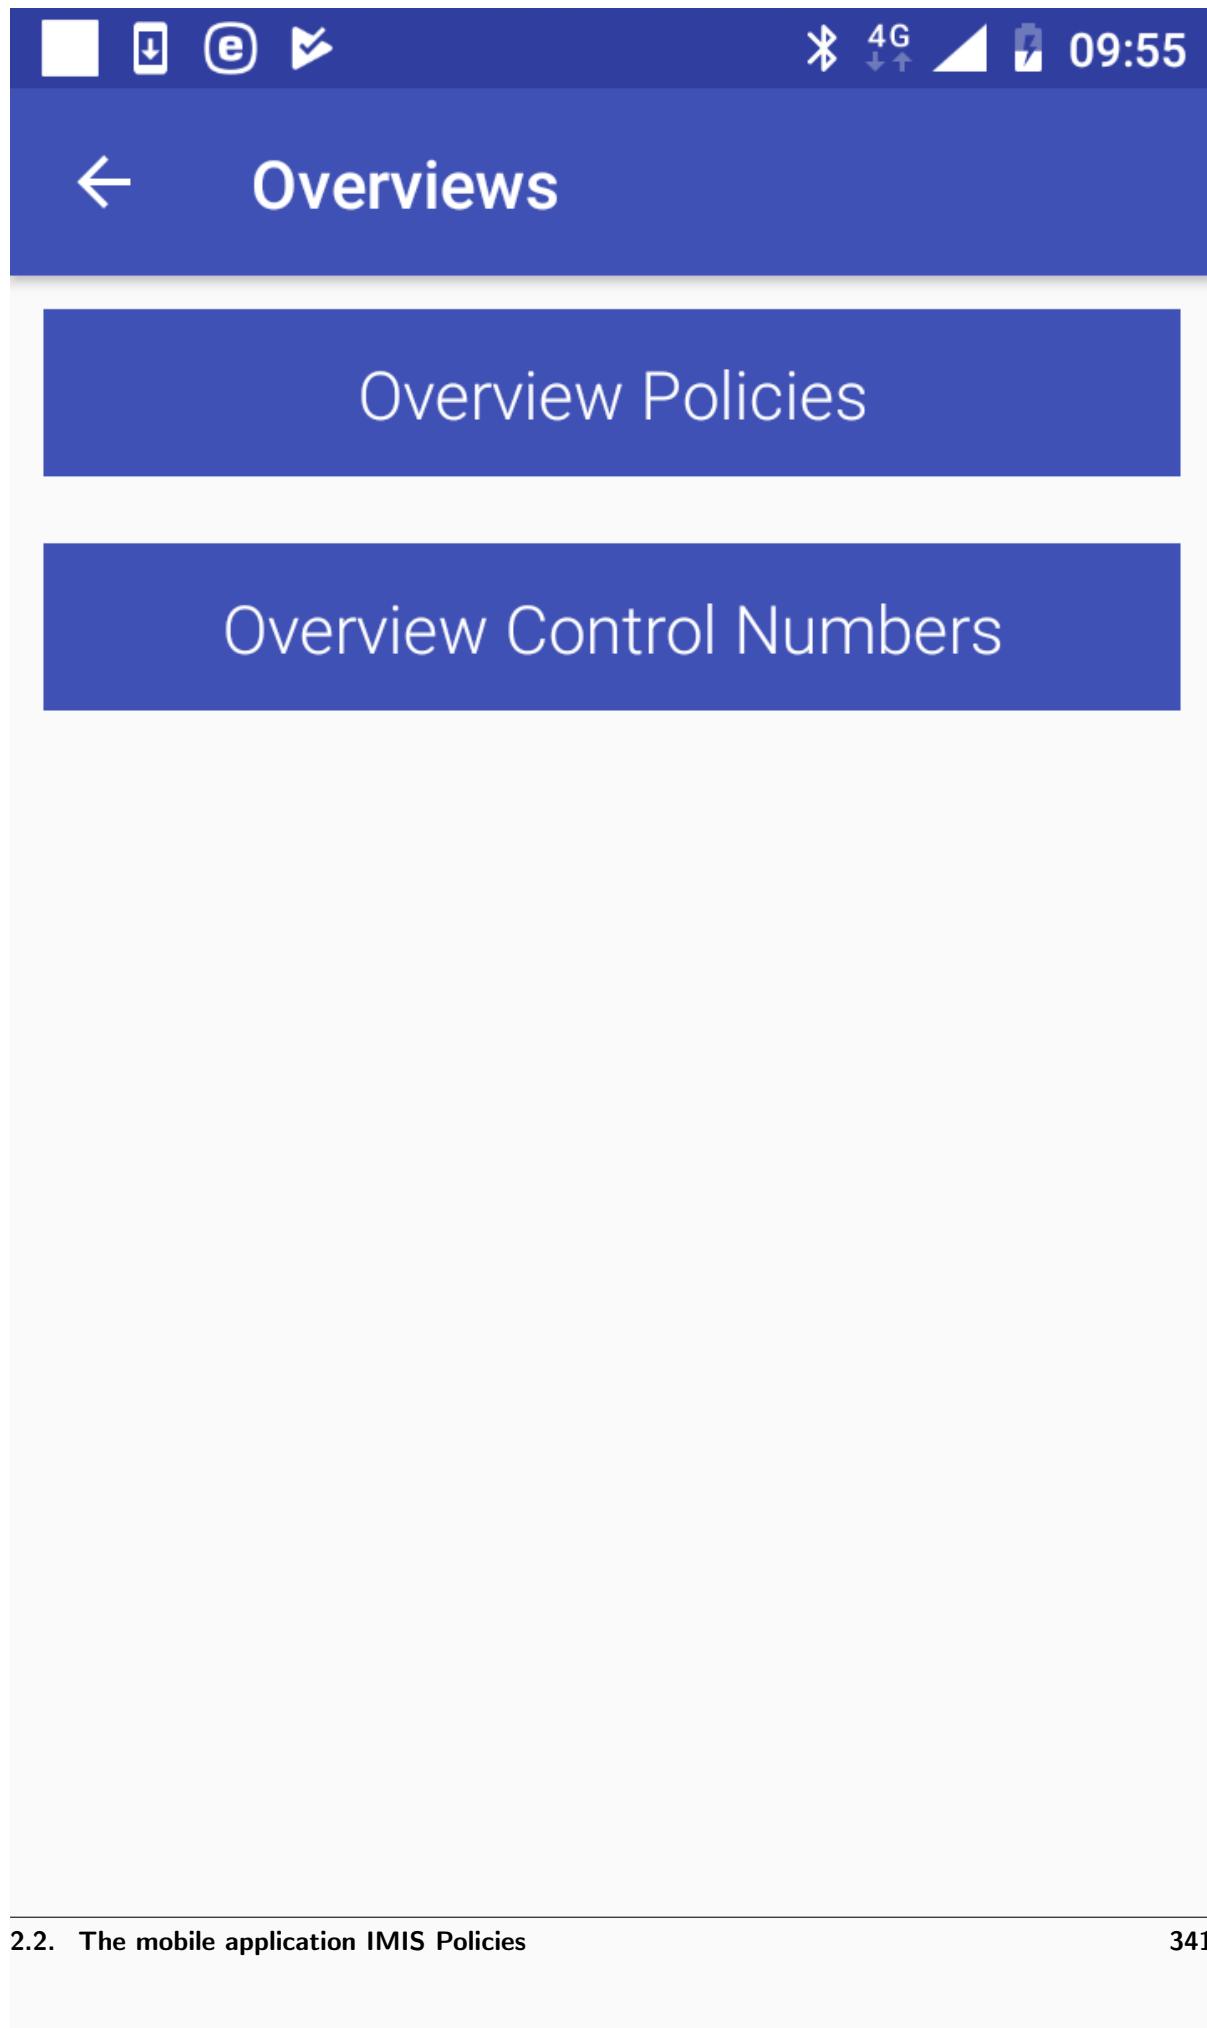

Image 1.6.1 (Overviews Page)

Click on the button **Overview Policies** to move to the *Search Policies Page* with search criteria for policies in the memory of the device:

The screenshot shows a mobile application interface titled "Search Policies". At the top, there is a navigation bar with icons for back, home, and search, along with connectivity and battery status indicators. Below the title, there are two buttons: "CLEAR" and "SEARCH". The main area contains several input fields and selection options:

- Insurance No.**: An input field with a placeholder text "Insurance No.".
- Other Names**: An input field for entering other names.
- Last Name**: An input field for entering the last name.
- Select Product**: A section header or input field for selecting a product.
- Uploaded From**: A text input field.
- TO**: A text input field.
- Uploaded To**: A text input field.
- Renewal:** A section with two radio button options:
 - Y
 - N
- Requested**: A section with two radio button options:
 - Y
 - N

Image 1.6.2 (Search Policies Page)

The application keeps track of all policies that were created within the application and/or uploaded unless the track of a policy is explicitly deleted by a user (see below). This feature allows to send requests for assigning control numbers for one or several policies simultaneously to the web IMIS before or after the policies are uploaded (after uploading is a preferred option).

The following search criteria are at disposal:

- Insurance No.

Enter an insurance number (or a subset of) of the head of family/group holding searched policies.

- Other Names

Enter another name (or a subset of) of the head of family/group holding searched policies.

- Last Names

Enter a last name (or a subset of) of the head of family/group holding searched policies.

- Insurance Product

Select from the list of available insurance products of searched policies.

- Uploaded From

Select from the date selector the lowest date of uploading to the web IMIS of searched policies.

- Uploaded To

Select from the date selector the highest date of uploading to the web IMIS of searched policies.

- Renewal Y/N

Select whether only renewed or only new policies are search for. Optional.

- Requested Y/N

Select whether only policies for which a control number has been requested or only policies for which a control number hasn't been requested yet. Optional.

Click on the button **Clear** to clear all search criteria entered.

Click on the button **Search** to get a list of policies satisfying the search criteria. The *Policies Page* with the list of policies satisfying the search criteria appears:

The screenshot shows the Policies screen of the openIMIS mobile application. At the top, there is a blue header bar with icons for signal strength, battery level, and time (09:57). Below the header, the title "Policies" is displayed with a back arrow icon.

The main content area displays two policy records:

Number of found policies	6
Amount of contribution	300000

Below the table are two large buttons: "DELETE" (red) and "REQUEST" (black).

The first policy record (top) contains the following details:

Insurance No.	333112111	<input type="checkbox"/>
Renewal:	N	
Names:	John Gatsby	
Product Code:	RY001	
Product Name:	Regional free Y	
Uploaded Date:	2019-05-07	
Requested Date:		

The second policy record (bottom) contains the following details:

Insurance No.	333221111	<input type="checkbox"/>
---------------	-----------	--------------------------

At the bottom of the screen, there is a footer bar with the text "2.2. The mobile application IMIS Policies Renewal:" on the left, a page number "345" on the right, and a "N" icon in the center.

Image 1.6.3 (Policies Page)

The following data are included with each policy:

- Insurance No.

Read-only data field. The insurance number of the head of a family/group holding a policy.

- Renewal

Read-only data field. An indication whether it is a new policy (N) or a renewal (Y).

- Names

Read-only data field. The full name (the other and the full name) of the head of the family/group holding the policy.

- Product Code

Read-only data field. The code of the insurance product of the policy.

- Product Name

Read-only data field. The name of the insurance product of the policy.

- Uploaded Date

Read-only data field. The date of uploading of the policy if it has been uploaded.

- Requested Date

Read-only data field. The date of requesting a control number for the policy if it has been requested.

- Checkbox

Check the box if the policy should be included in a subsequent operation (**Delete**, **Request**).

Click on the button **Delete** if the selected policies should be deleted from the list of policies.

Click on the button **Request** if assignment of a control number for the selected policies should be performed. The *Request Control Number Page* appears.

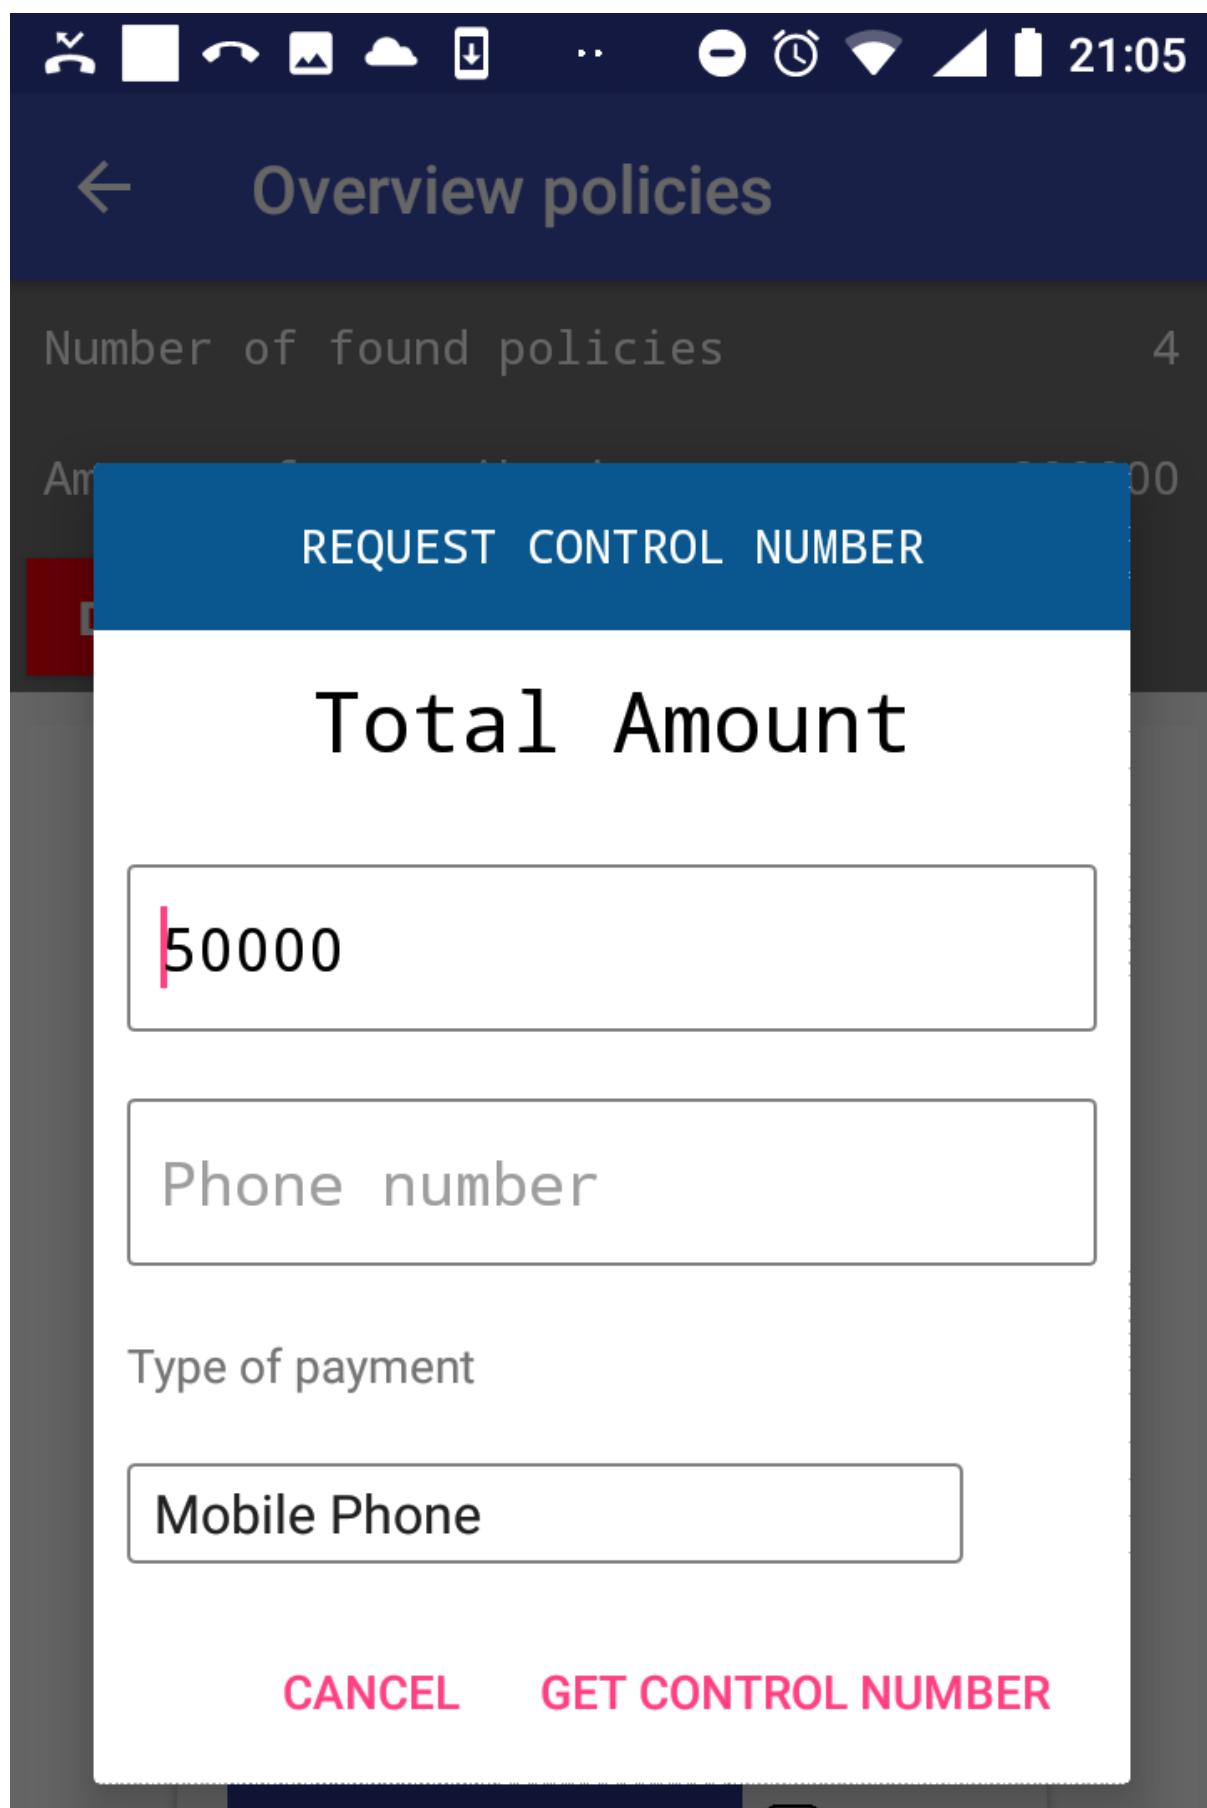

Image 1.6.4 (Request Control Number Page)

The following data items are included:

- Total Amount

The total amount of contributions associated with the selected policies for the request.

- Phone Number

The phone number of the requester/user where a SMS with the assigned control number should be sent.

- Type of Payment

Select one of the two relevant types of payment (**Mobile Phone, Bank Transfer**).

Click on button **Get Control Number**. The *Login Page* appears:

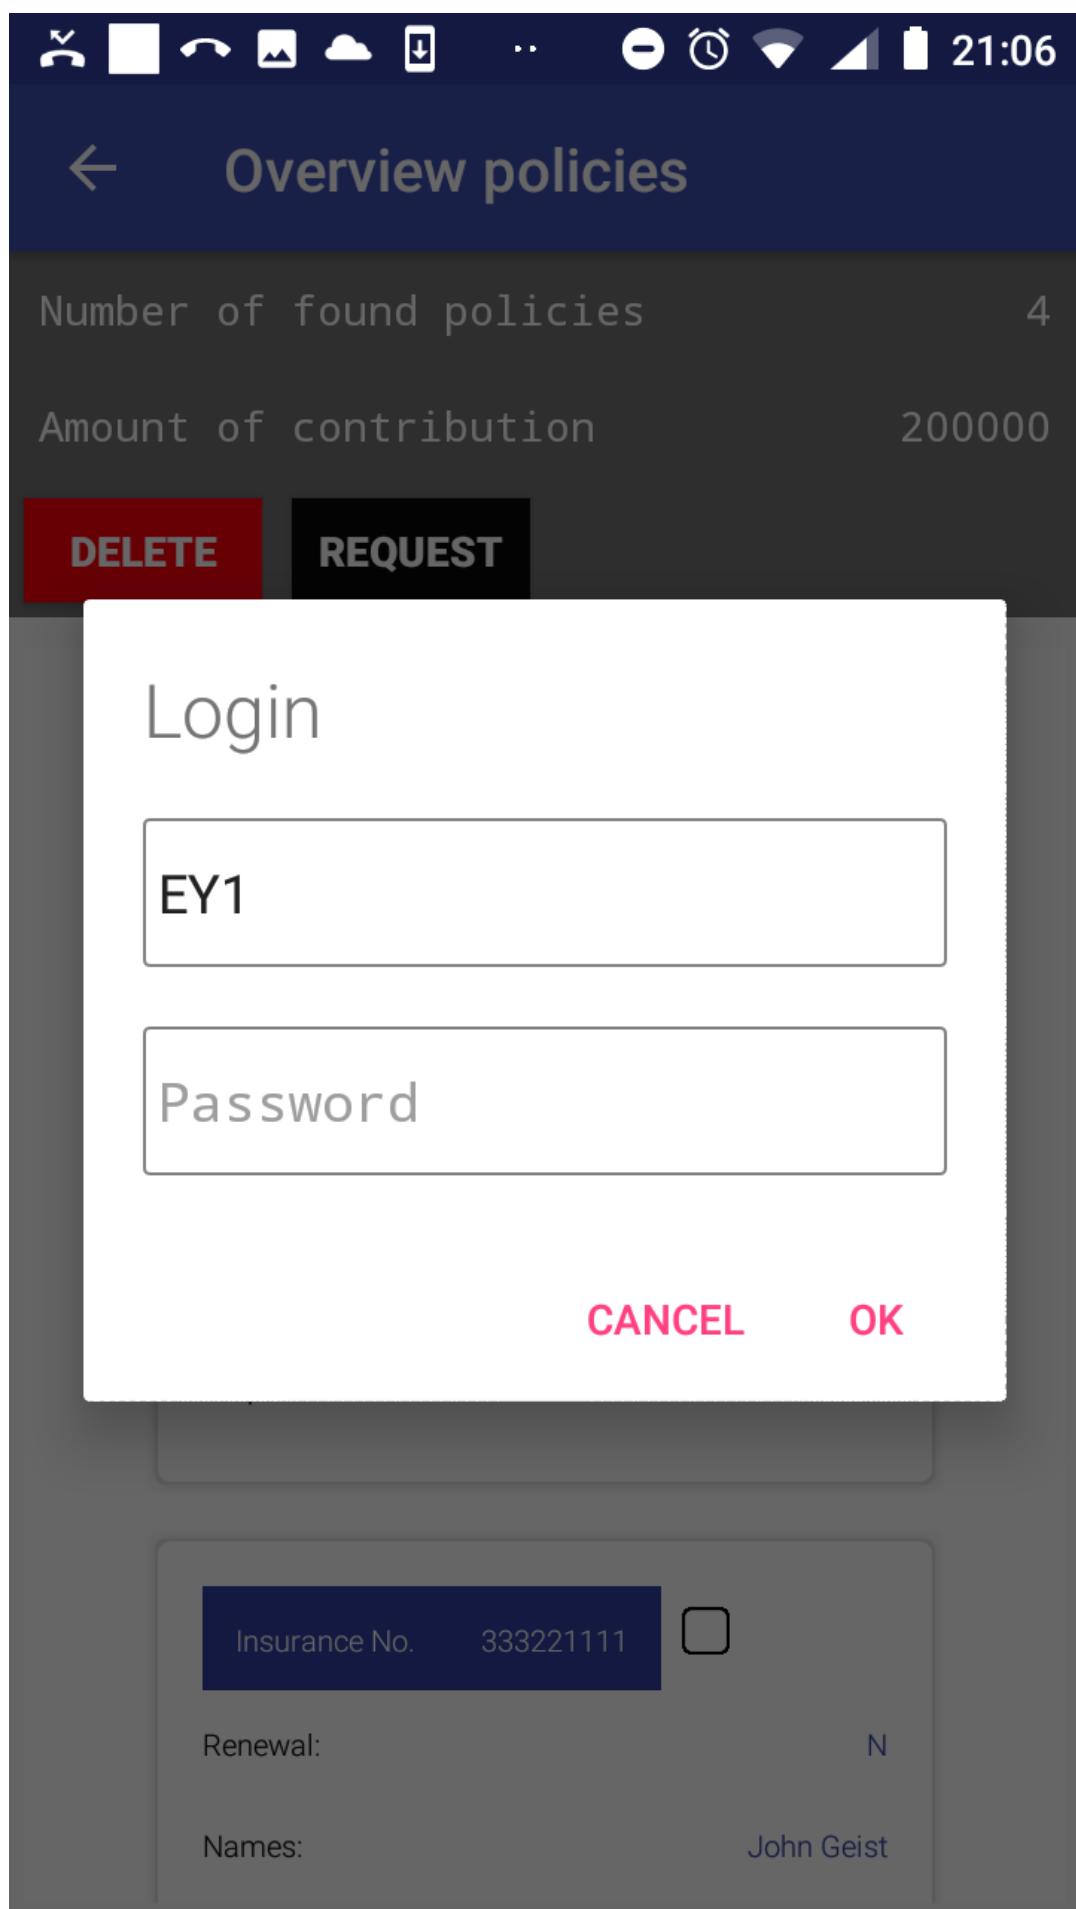

Image 1.6.5 (Request Control Number – Login Page)

If the application successfully logs in the *Policies Page* appears again.

Click on the icon <- in the upper part of the *Policies Page* to return to the *Search Policies Page*.

Click on the button **Overview Control Numbers** to move to the *Search Control Numbers Page* with search criteria for assigned control numbers:

The screenshot shows a mobile application interface titled "Search Control Numbers". The top status bar displays various icons for signal strength, battery level, and time (09:57). Below the title, there are two buttons: "CLEAR" and "SEARCH". The main area contains several input fields and selection options:

- Insurance No.**: An input field for entering an insurance number.
- Other Names**: An input field for entering other names.
- Last Name**: An input field for entering the last name.
- Select Product**: A large input field for selecting a product.
- Uploaded From**: An input field for selecting the source of upload.
- TO**: A label indicating the direction of upload.
- Uploaded To**: An input field for selecting the destination of upload.
- Requested From**: An input field for selecting the source of request.
- Requested To**: An input field for selecting the destination of request.

Renewal:

2.2. The mobile application IMIS Policies

Payment Type

Image 1.6.4 (Search Control Numbers Page)

Searching is done based on policies to which control numbers are assigned. The following search criteria are at disposal:

- Insurance No.

Enter an insurance number (or a subset of) of the head of family/group holding searched policies.

- Other Names

Enter another name (or a subset of) of the head of family/group holding searched policies.

- Last Names

Enter a last name (or a subset of) of the head of family/group holding searched policies.

- Insurance Product

Select from the list of available insurance products of policies of which control numbers are searched for.

- Uploaded From

Select from the date selector the lowest date of uploading to the web IMIS of searched policies.

- Uploaded To

Select from the date selector the highest date of uploading to the web IMIS of searched policies.

- Renewal Y/N

Select whether only renewed or only new policies are search for. Optional.

- Payment Type

Select one of possible type of payment (Bank Transfer, **Mobile Phone**). Optional.

Click on the button **Clear** to clear all search criteria entered.

Click on the button **Search** to get a list of policies satisfying the search criteria and assigned control numbers. The *Control Numbers Page* with the list of policies satisfying the search criteria and assigned control numbers appears:

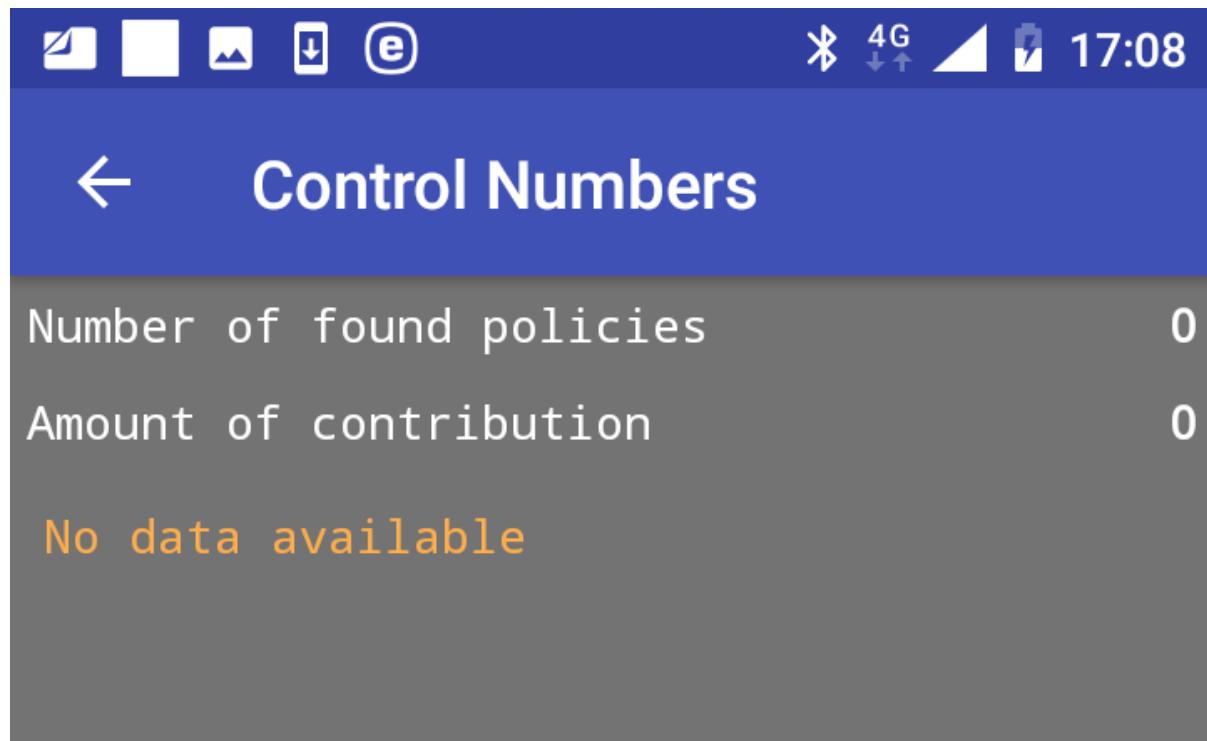

Image 1.6.5 (Control Numbers Page)

Click on the icon <- in the upper part of the *Control Numbers Page* to return to the *Search Control Numbers Page*.

2.2.6 Function Renew

The function Renew is navigated to by clicking on the menu item **Renew** in the main menu. The function Renew allows getting of prompts for renewing of policies from the web IMIS and posting of renewals for selected policies. A user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Insurees and Families/Policy/Renew** as an access to the functionality Renew is guarded by the *Login Page*.

The *Renewals Page* with the generic prompt (Unlisted Renewal Policies) appears after selecting **Renew** in the main menu. The generic prompt allows to the user to renew any policy, not only policies offered by prompts transferred from the web IMIS.

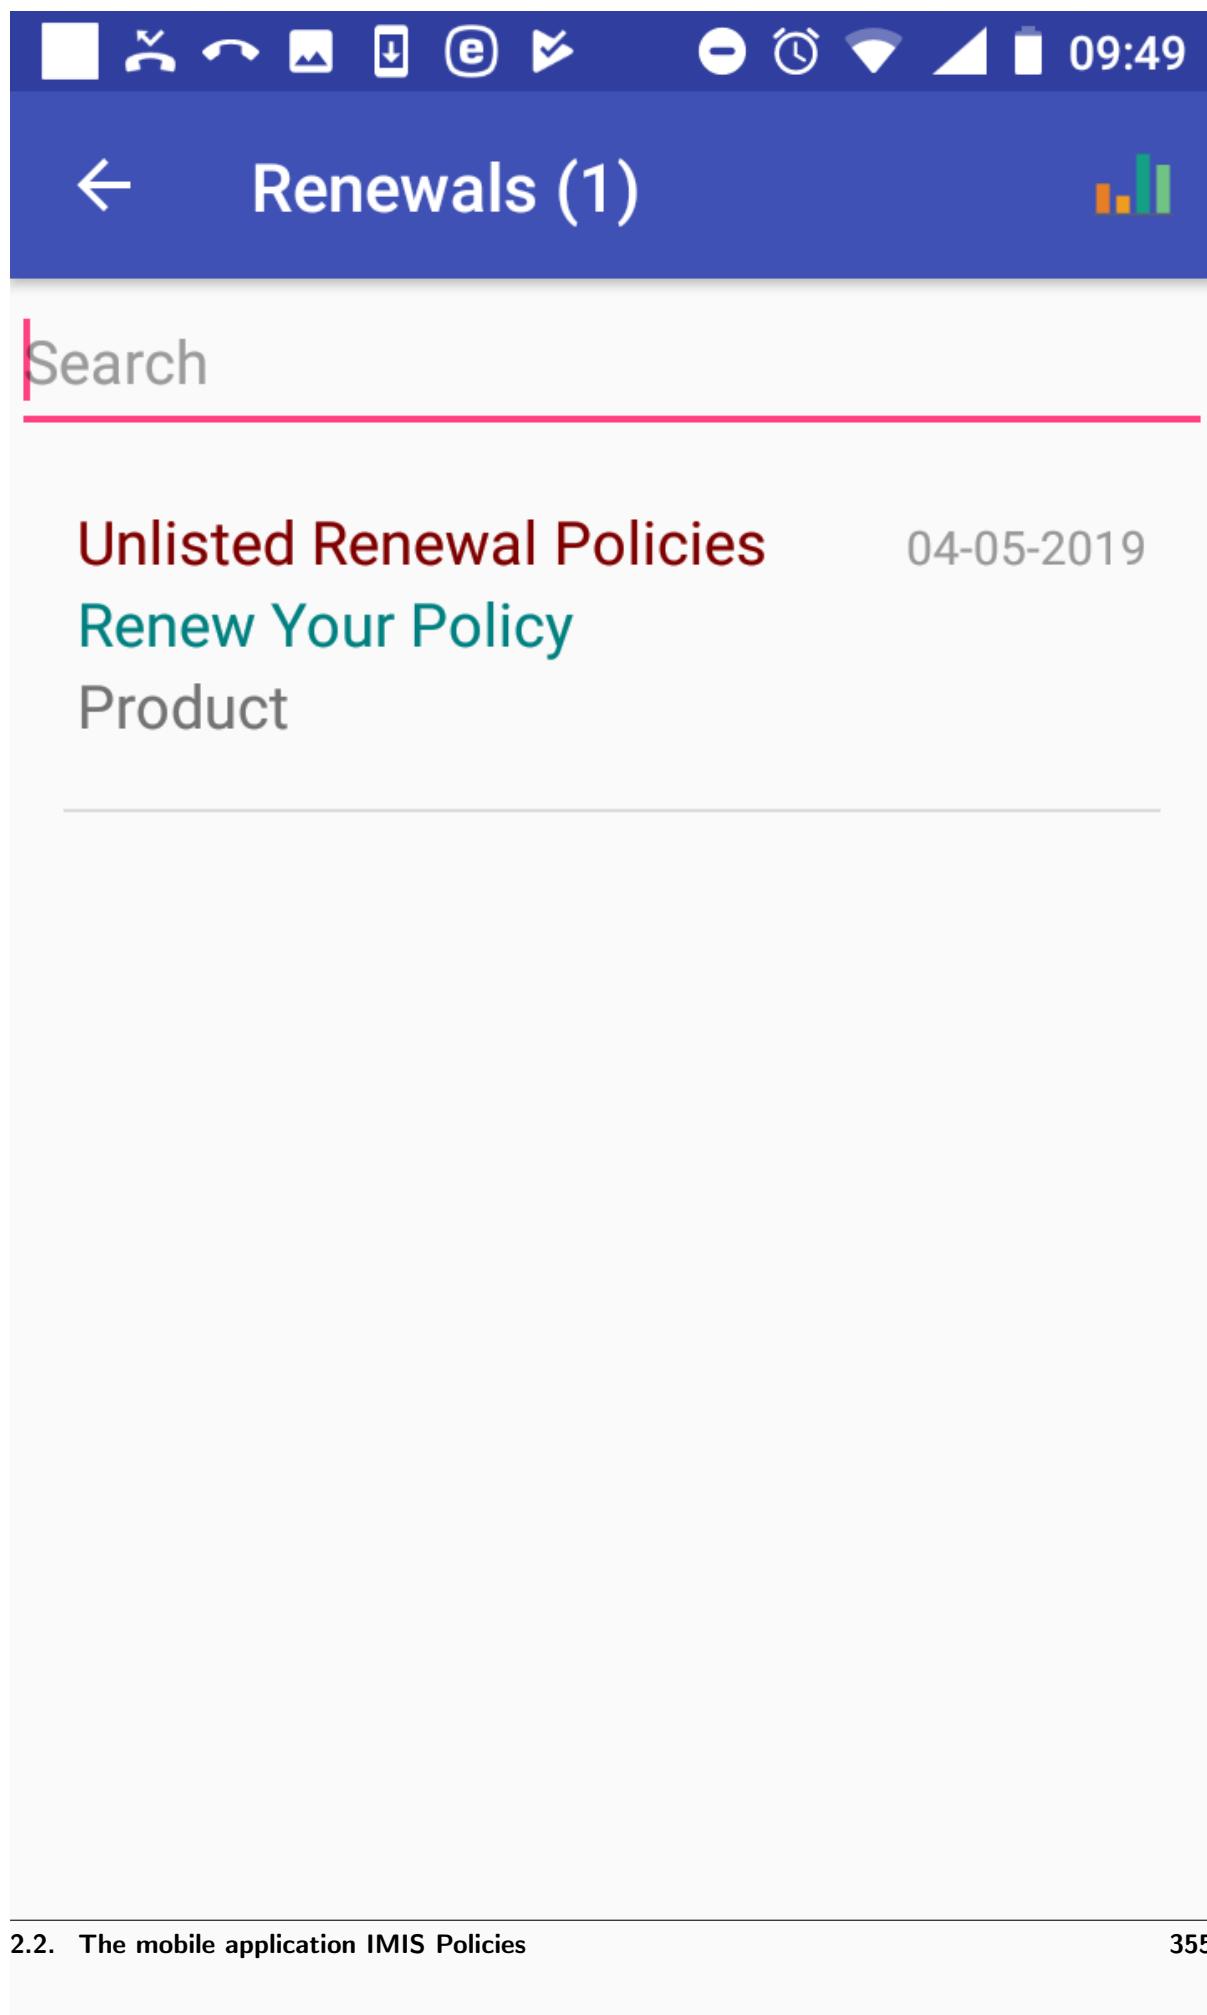

Image 1.7.1 (Renewals Page)

Swapping around the *Renewals Page* leads to the *Login Page* and after a successful login shows renewal prompts transferred from the web IMIS.

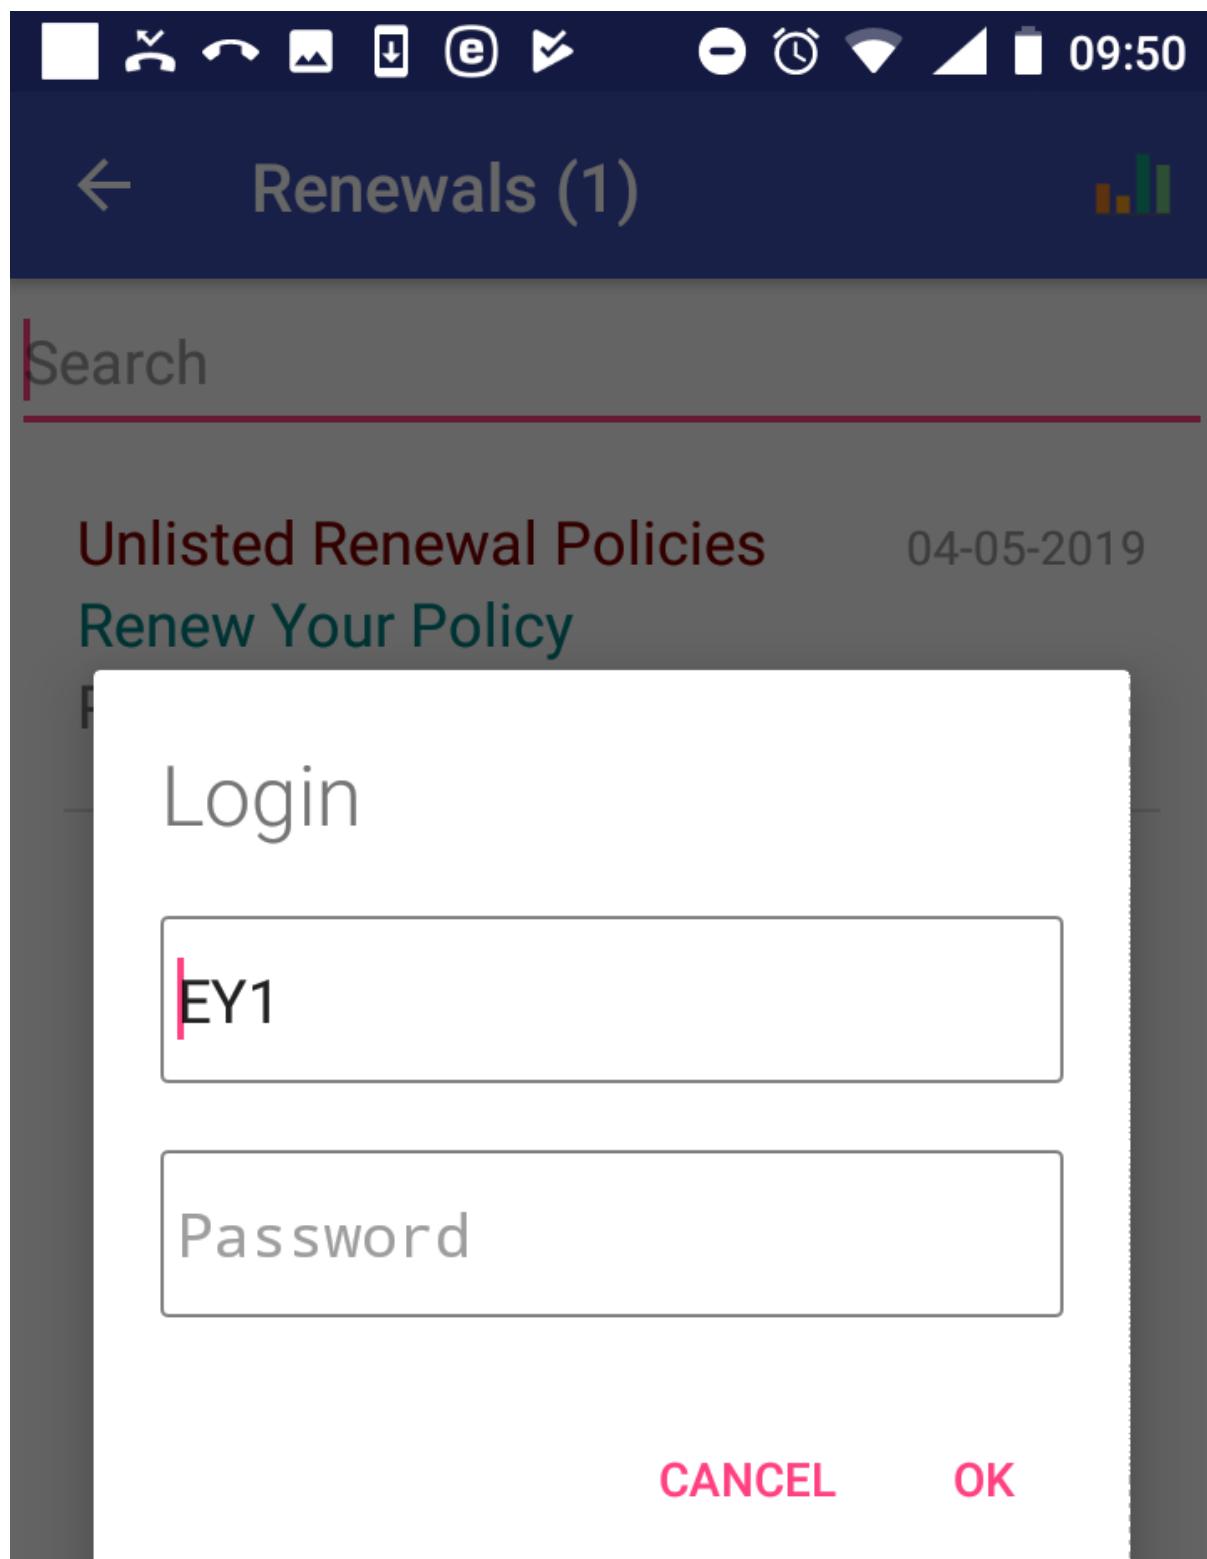

Image 1.7.2 (Renewals Page-Login Page)

The following rules apply for selecting of policies for which renewal prompts are displayed:

- A policy is maintained by the enrolment officer with the enrolment officer code entered while launching the application.
- The expiry date of a policy is in the past or within the fortnight from the current day
- There is no policy for the same family/group and for the same insurance product active after the expiry date of the policy to be prompted.

The *Renewal Page* with prompts appears after the swap and the successful login.

Image 1.7.3 (Renewals Page with displayed prompts)

Each renewal prompt contains the following data items:

- Insurance Number

The insurance number of the head of a family/group who holds the policy to be renewed.

- Name and Other Names

The full name of the head of the family/group.

- Insurance Product

The code and the name of an insurance product with which the policy should be renewed.

- Village

The village of residence of the family/group.

- Period

The period in which health care was provided.

The list of prompts can be temporarily reduced by entering a string in the **Search** field. Clicking on a selected prompt results in displaying of the *Renew Page*.

The screenshot shows a mobile application interface for renewing a policy. At the top, there is a blue header bar with a back arrow icon and the word "Renew". Below the header, the policy number "EY1" is displayed in a large white font. Underneath it, the renewal number "717171711" is shown. The next field contains the premium amount "50000". A text input field labeled "Receipt No :" is present, followed by a note "Contribution Paid". At the bottom, there is a checkbox labeled "Discontinue this policy" and a large grey button labeled "SAVE". The status bar at the very top shows various icons and the time "09:54".

Image 1.7.4 (Renew Page - a specific prompt)

The following data fields are displayed:

- Enrolment Officer Code

Read-only data field. Pre-filled by the code of an enrolment officer with which the application is launched.

- Insurance Number

Read-only data field for a specific prompt. Pre-filled by the insurance number from the prompt. For the generic prompt, enter the insurance number for the policy to be renewed. Mandatory.

- Select Insurance Product

Read-only data field for a specific prompt. Pre-filled by the insurance product from the prompt. For the generic prompt, select from the drop down list the insurance product with which the policy renewed. Mandatory.

- Value of Renewed policy

Read-only data field for a specific prompt. Pre-filled by the value of the renewed policy that should be covered by a contribution. This data field is not given for the generic prompt.

- Receipt No.

Read-only data field for a specific prompt. Pre-filled by the value of the renewed policy that should be covered by a contribution. This data field is not given for the generic prompt.

- Contribution Paid.

The amount of contribution actually paid for the renewal. Mandatory..

- Select Payer

Select a payer of the contribution from the drop down list. Optional.

- Discontinue This Policy

Check the box if the policy should not be renewed and it should be excluded from the list of renewal prompts. If checked the *Renewals Page* is displayed again and the corresponding prompt is removed from the list. This check box is not at disposal for the generic prompt.

Click on the button **Save** to save (post) the renewal data for this policy into the memory of the device. Subsequently it can be uploaded to the web IMIS by the function *Synchronize*. The *Renewals Page* is displayed after saving with the prompt just saved being removed.

Click on the icon <- in the upper part of the *Renewals Page* to return to the *Home Page*.

2.2.7 Function Feedback

The function Feedback is navigated to by clicking on the menu item **Feedback** in the main menu. The function Feedback allows getting of prompts for feedbacks on claims from the web IMIS and saving (posting) of feedbacks. A user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Claims/Claim/Feedback** as an access to the functionality Renew is guarded by the *Login Page*.

The *Feedbacks Page* appears after selecting **Feedbacks** in the main menu.

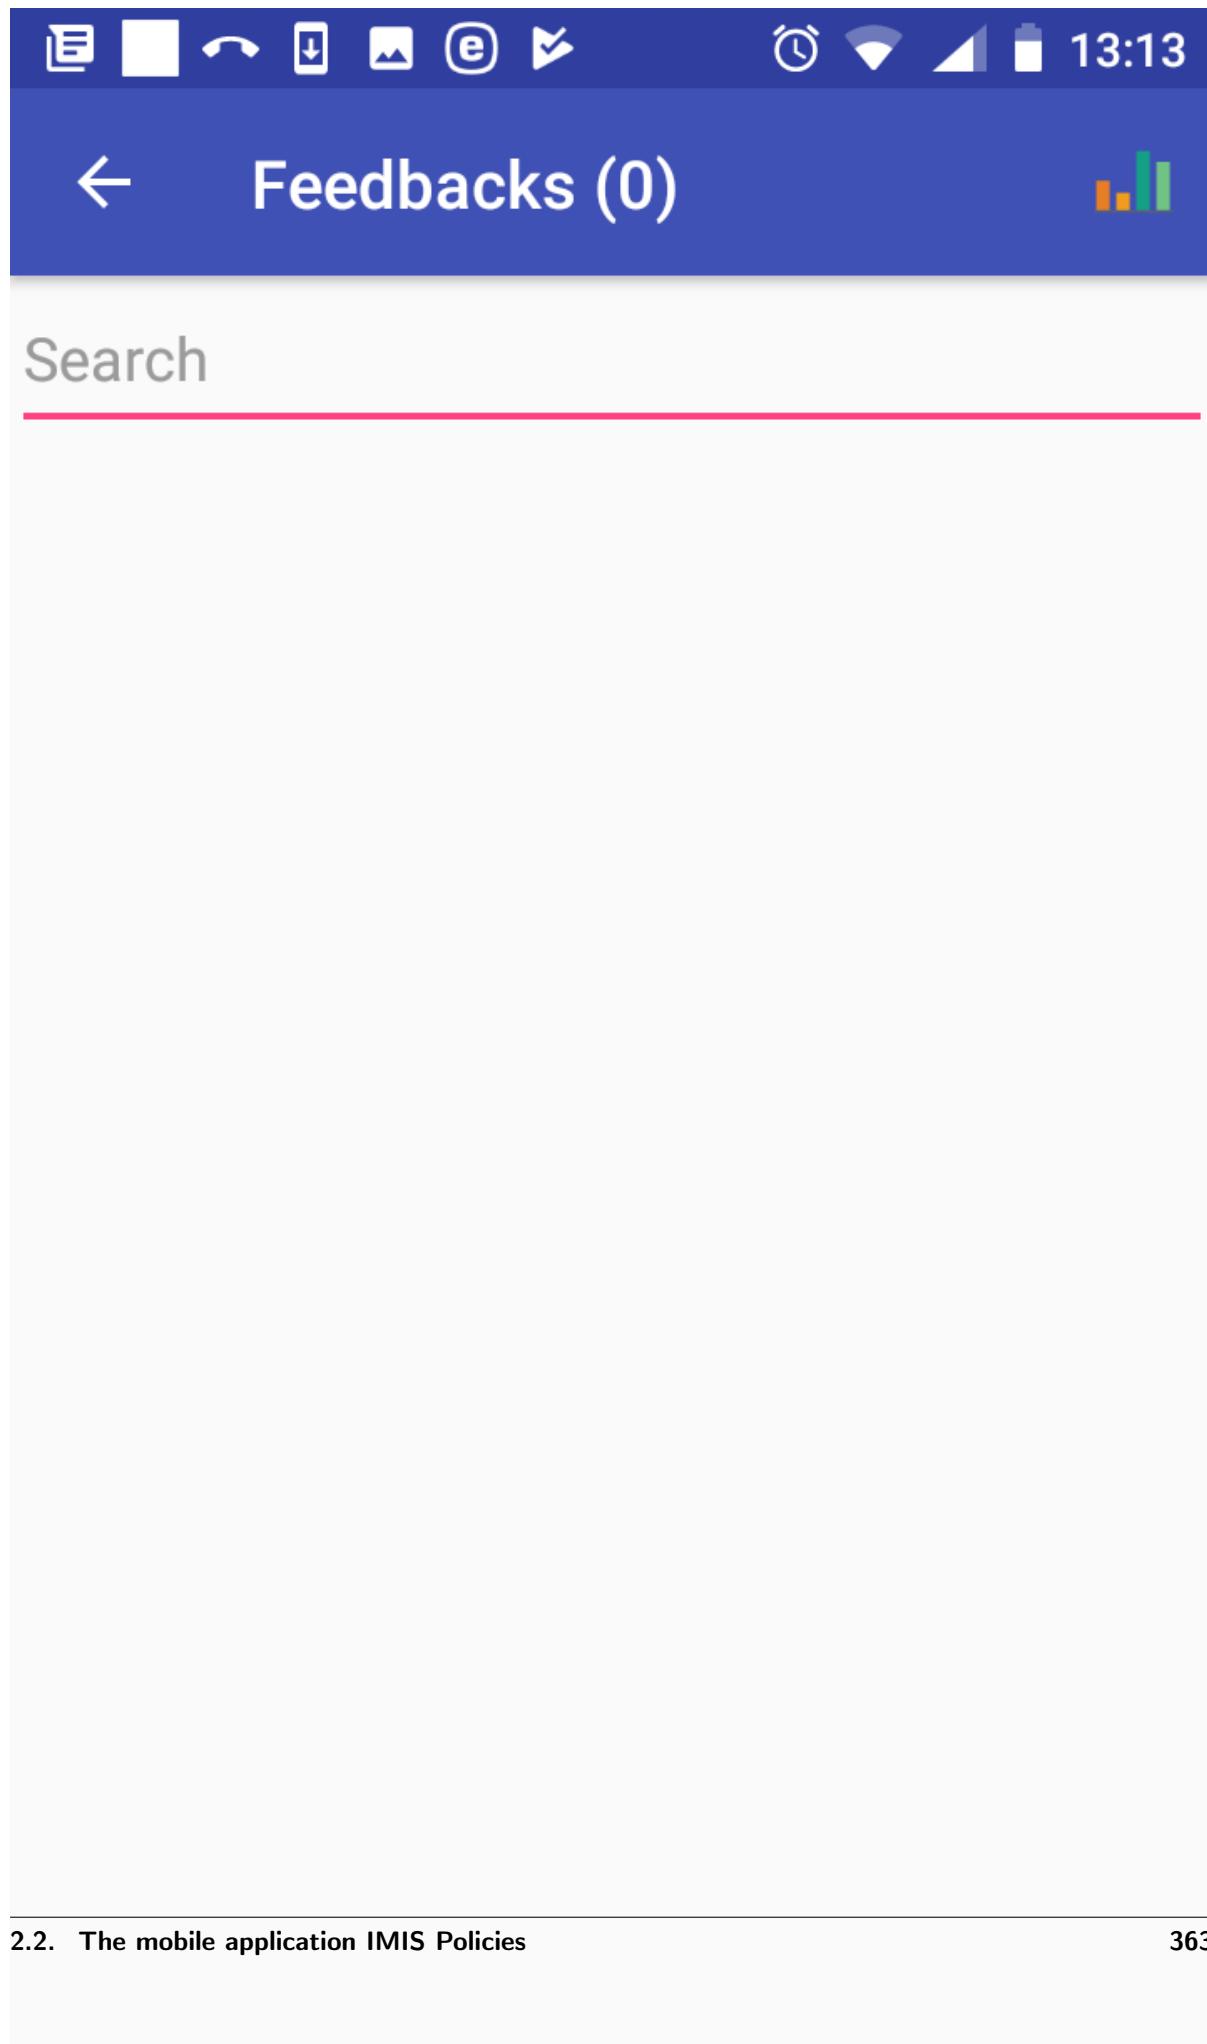

Image 1.8.1 (Feedbacks Page)

Swapping around the *Feedbacks Page* leads to the *Login Page* and after a successful login shows feedback prompts transferred from the web IMIS.

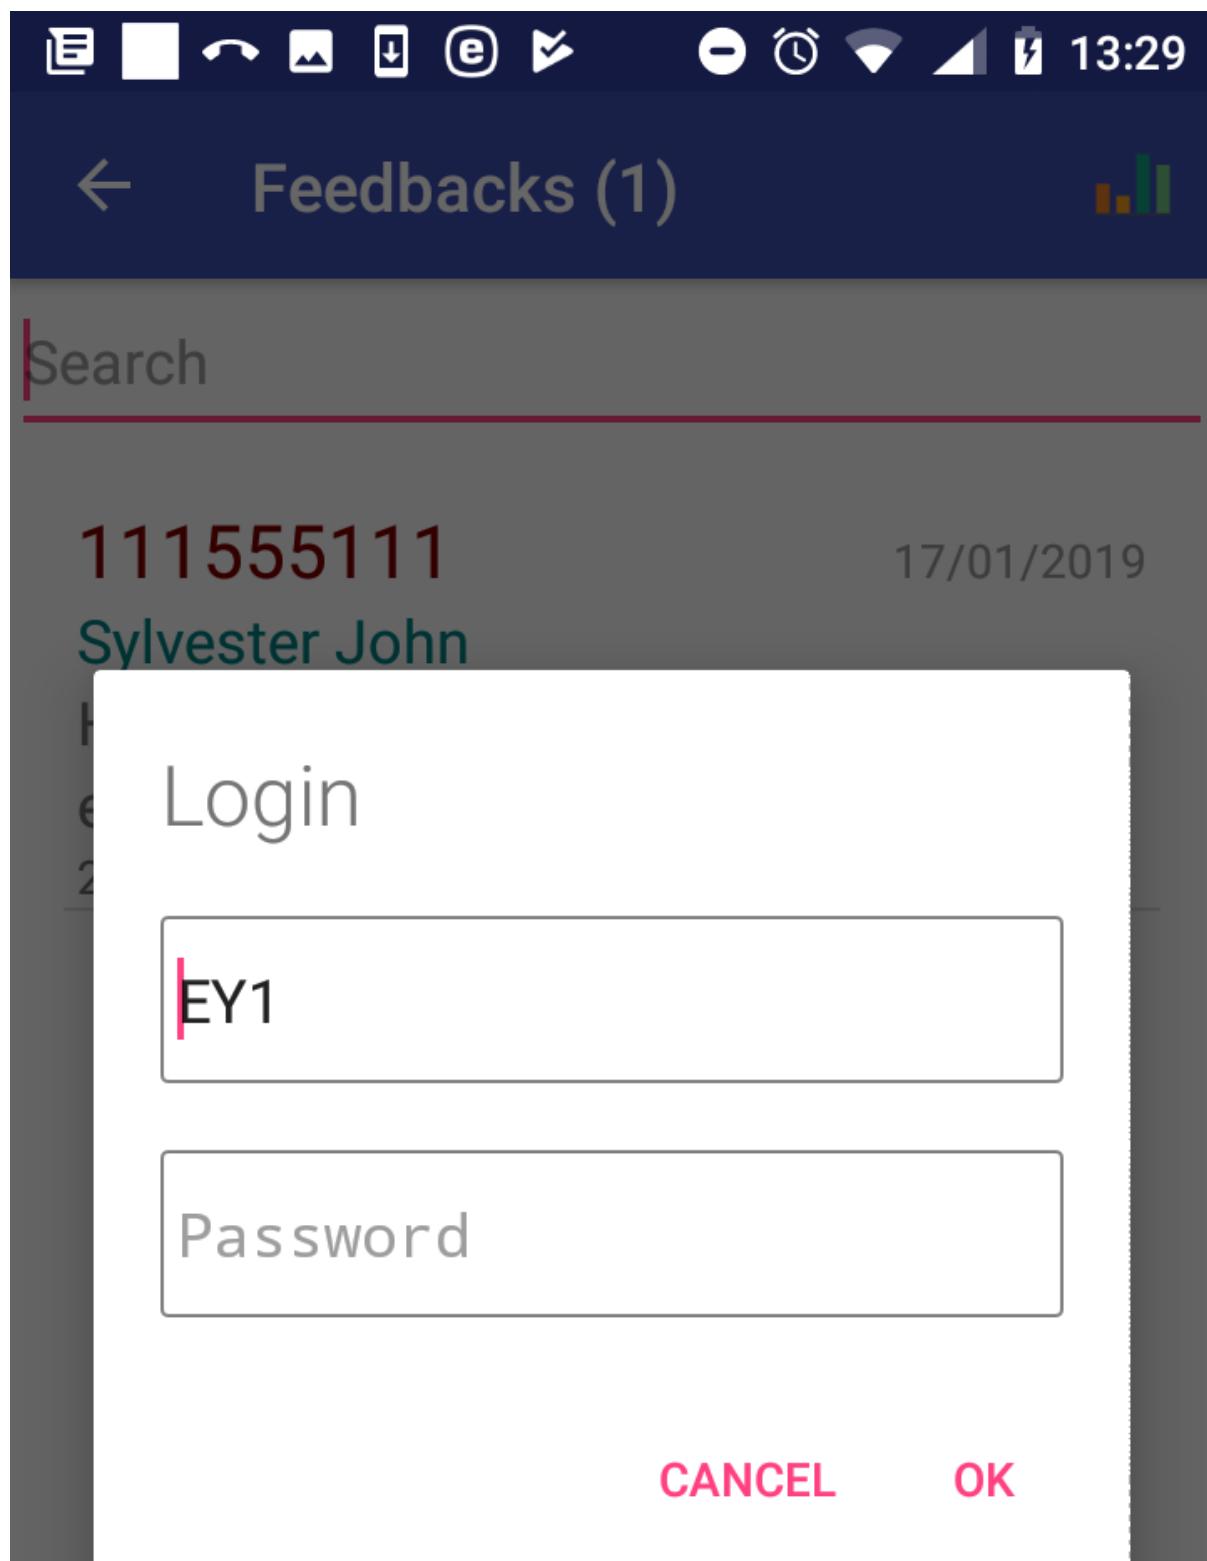

Image 1.8.2 (Feedbacks Page-Login Page)

The *Feedbacks Page* with prompts for acquiring feedbacks appears after the swap and the successful login.

A screenshot of a mobile application interface. At the top, there is a blue header bar with various icons on the left (document, square, phone, etc.) and a clock, signal strength, battery level, and time (13:14) on the right. Below the header, the title "Feedbacks (1)" is displayed in white text on a dark blue background. To the left of the title is a back arrow icon. To the right is a small bar chart icon. Below the title is a search bar with the placeholder text "Search". The main content area displays a single feedback entry. The entry consists of several lines of text: a red ID number "111555111", a date "17/01/2019", a name "Sylvester John", a location "HFY1:District hospital Y 1", a partial name "ertz1", and a date range "21/06/2018 - 21/06/2018". A horizontal line separates this entry from the rest of the screen.

The read-only data field. The code of the enrolment officer giving the feedback. The data field is populated by the code of the enrolment officer that launched the application.

- Code of Claim

The read-only data field. The identification of a claim for which the feedback is asked.

- Insurance Number

The read-only data field. The insurance number of the patient of a claim from whom the feedback is asked for.

- Feedback Questions

- Have you been treated at the health facility on the said date?
- Have you been asked for a payment to the health facility or staff?
- Have been drugs prescribed to you?
- Did you get drugs from the health facility?

Check the box either **Yes** or **No**.

- Overall Satisfaction Scale

Rate by clicking on an appropriate asterisk.

Click on the button **Save** to save (post) the feedback data for the claim into the memory of the device. Subsequently it can be uploaded to the web IMIS by the function *Synchronize*. The *Feedbacks Page* is displayed after saving with the prompt just saved being removed.

Click on the icon <- in the upper part of the *Feedbacks Page* to return to the *Home Page*.

2.2.8 Function Reports

The function Reports is navigated to by clicking on the menu item **Reports** in the main menu. The function Reports provides basic statistics on the numbers families/insurees/policies associated with the enrolment officer. The *Report Page* appears immediately:

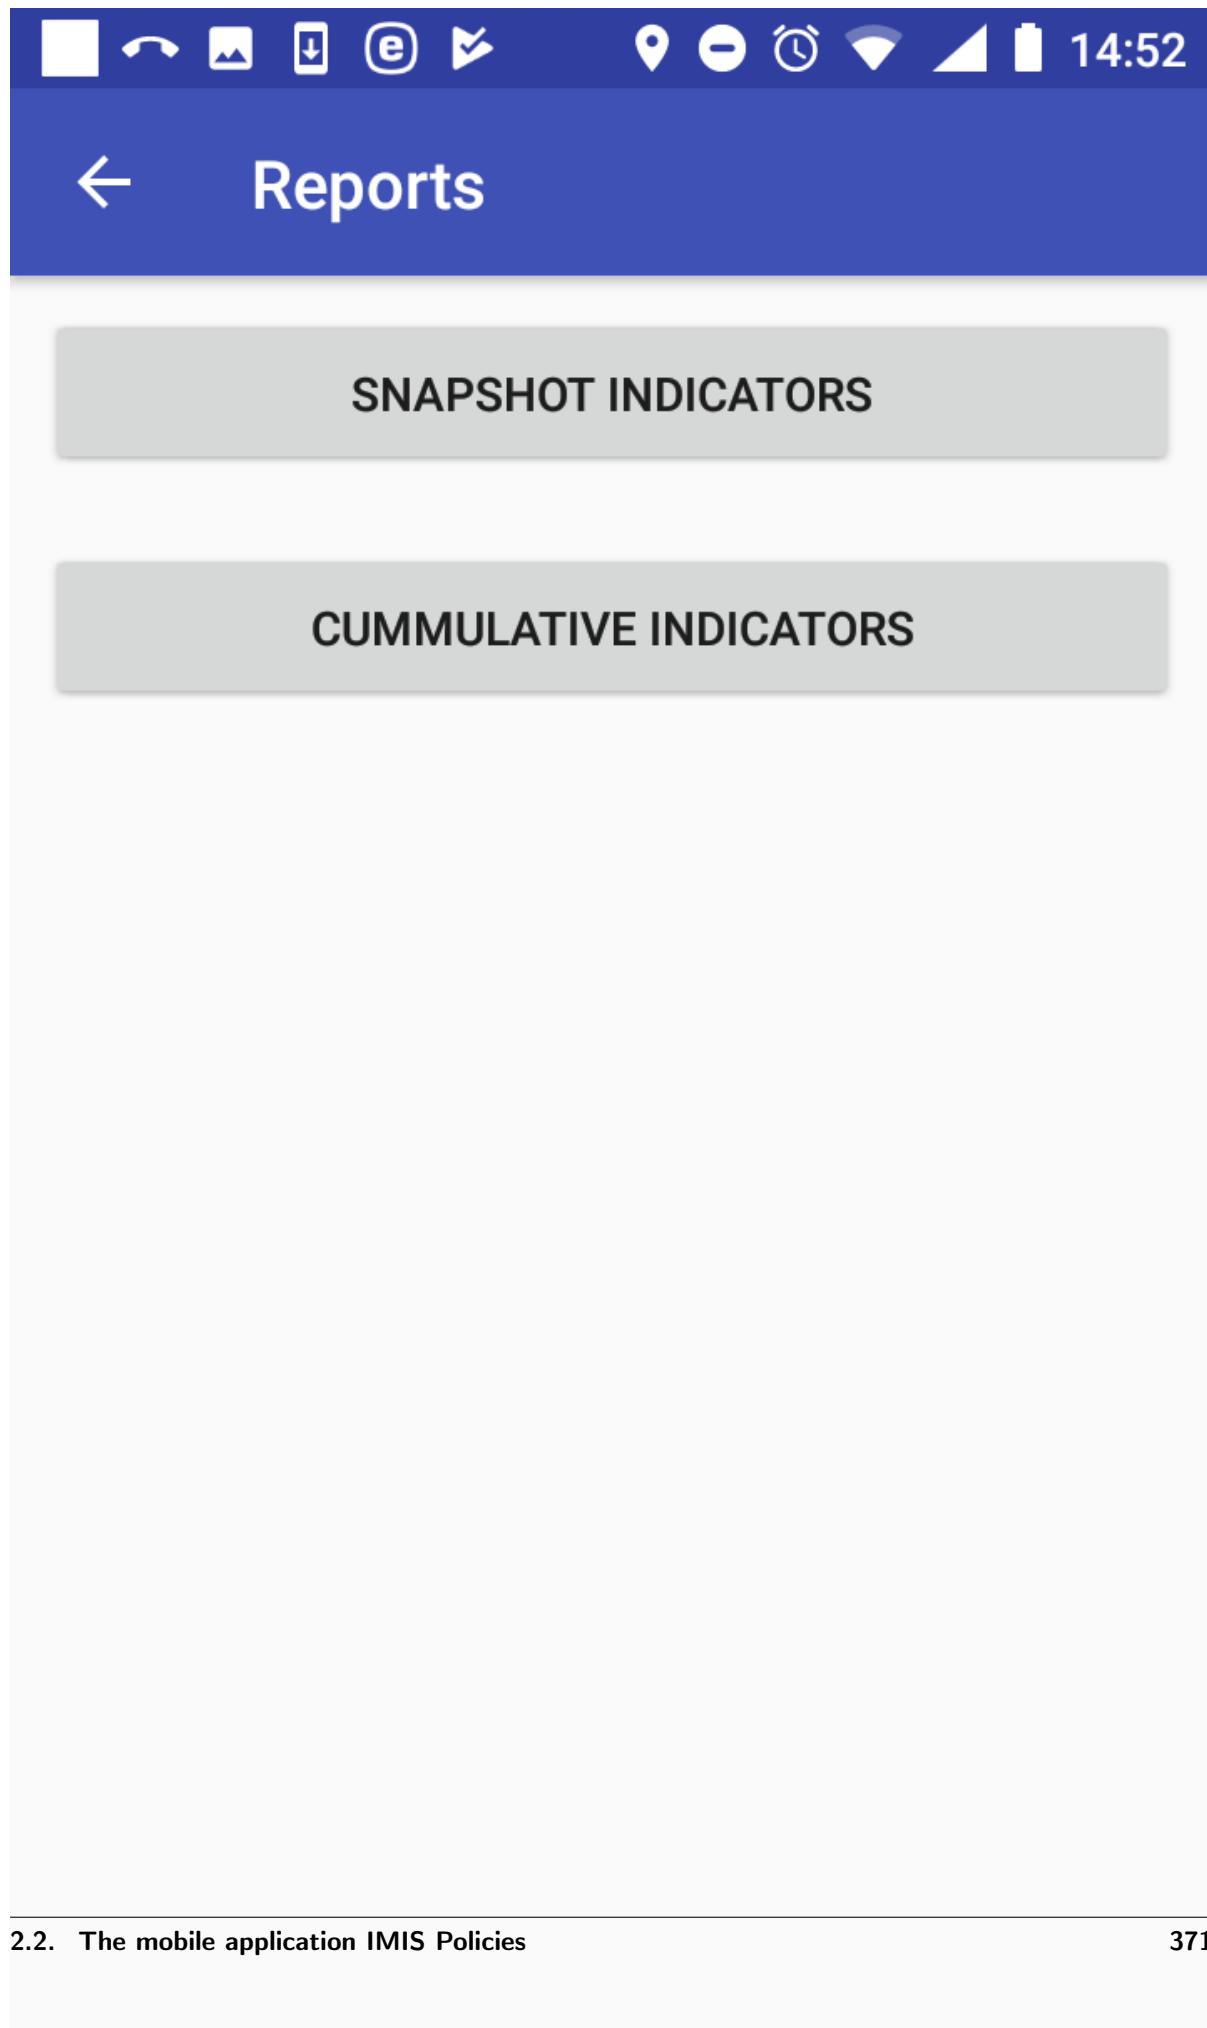

Image 1.9.1 (Reports Page)

Click on the button Snapshot Indicators to get data from the web IMIS on the date of reporting. The *Snapshot Indicators Page* appears:

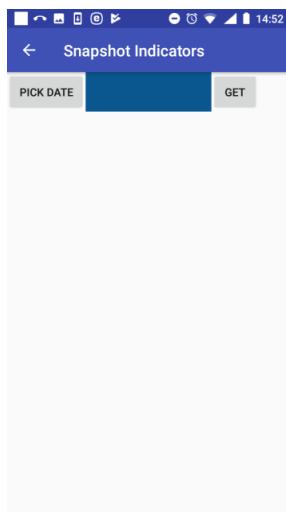

Image 1.9.2 (Snapshot Indicators Page)

- Pick Date

Enter the date for which the snapshot statistics are required.

Click on the button **Get** to display the statistics in the *Snapshot Indicators Page*.

The screenshot shows a mobile application interface for 'Snapshot Indicators'. At the top, there is a blue header bar with a back arrow icon and the title 'Snapshot Indicators'. Below the header, there is a row of three buttons: 'PICK DATE' (gray), '2019-04-04' (blue, indicating the selected date), and 'GET' (gray). The main content area displays four data points:

- Number of Families with Active Policies 14
- Number of Families with Expired Policies 0
- Number of Families with Idle Policies 2
- Number of Families with Suspended Policies 0

At the bottom left, there is a page footer: '2.2. The mobile application IMIS Policies'.

Image 1.9.3 (Snapshot Indicators Page with statistics)

The following indicators are provided on the date of creating of the report:

- Number of Families with Active Policies

The number of families/groups having at least one active policy managed by the enrolment officer for which the expiry date is after or on the date of creating of the report.

- Number of Families with Expired Policies

The number of families/groups having at least one expired policy managed by the enrolment officer for which there is no active follow-up policy of the same insurance product or its converted product entered into the web IMIS by the date of creating of the report.

- Number of Families with Idle Policies

The number of families/groups having at least one idle policy managed by the enrolment officer for which the date of expiry is after or on date of creating of the report and there is no active follow-up policy of the same insurance product or its converted product entered into the web IMIS by the date of creating of the report.

- Number of Families with Suspended Policies

The number of families/groups having at least one suspended policy managed by the enrolment officer for which the date of expiry is after or on date of creating of the report and there is no active follow-up policy of the same insurance product or its converted product entered into the web IMIS by the date of creating of the report.

Click on the icon <- in the upper part of the *Snapshot Indicators Page* to return to the *Reports Page*

Click on the button Cumulative Indicators to get data from the web IMIS on the date of reporting. The *Cumulative Indicators Page* appears:

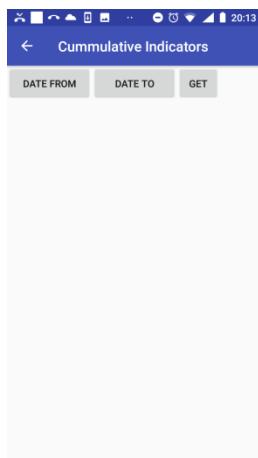

Image 1.9.4 (Cumulative Indicators Page)

- Date From

Enter the starting date for which the cumulative statistics are required.

- Date To

Enter the last date for which the cumulative statistics are required.

Click on the button **Get** to display the statistics in the *Cumulative Indicators Page*.

The screenshot shows a mobile application interface for 'Cummulative Indicators'. At the top, there is a blue header bar with a back arrow icon and the title 'Cummulative Indicators'. Below the header, there are three buttons: '2019-01-01', '2019-05-05', and 'GET'. The main content area displays five data points:

Number of New Policies	19
Number of Expired Policies	1
Number of renewed Policies	4
Number of Suspended Polices	0
Amount of collected contribution	826434

At the bottom of the screen, there is a footer bar with the text '2.2. The mobile application IMIS Policies' on the left and '375' on the right.

Image 1.9.5 (Cumulative Indicators Page with statistics)

The following cumulative indicators are provided for the specified period:

- Number of New Policies

The number of policies managed by the enrolment officer that were enrolled within the specified period irrespective of their status.

- Number of Renewed Policies

The number of policies managed by the enrolment officer that were renewed by the renewal functionality within the specified period irrespective of their status.

- Number of Expired Policies

The number of policies managed by the enrolment officer that expired within the specified period and they have no active follow-up policy of the same insurance product or its converted product entered into IMIS by the date of creating of the report.

- Number of Suspended Policies

The number of policies managed by the enrolment officer that were suspended within the specified period.

- Amount of Collected Contributions

The amount of contributions collected within the specified period for all policies managed by the enrolment officer.

Remark 1: All statistics are taken from the web IMIS irrespective whether policies originated in the application or were entered via the web IMIS.

Remark 2: The enrolment officer means the officer with the enrolment officer code that was entered while launching the application and all of its predecessors that he/she substituted directly or indirectly.

Click on the icon <- in the upper part of the *Cumulative Indicators Page* to return to the *Reports Page*

2.2.9 Off-line mode of IMIS Policies

The following table gives an overview of functions according to their requirements towards Internet connectivity and possible off-line substitutions.

IMIS Policies	Functionality	connectivity required /autonomous	Off-line substitution

Creation and transfer of off-line files to IMIS Policies

The off-line files for IMIS Policies is created in the web IMIS by selecting of the **Tools/Extracts** menu item. The form IMISExtracts is displayed.

The screenshot shows the IMISExtracts form with the following sections:

- Download Master Data:** Contains fields for "Enrolment Officers Code" and buttons for "Download Master Data", "Download Feedback", and "Download Renewals".
- Create Phone Extract:** Contains dropdowns for "Region" and "District", checkboxes for "With Insuree" and "In background", and a "Create" button.
- Create Offline Extract:** Contains dropdowns for "Region" and "District", checkboxes for "With Insuree", "In background", and "Full extract", and buttons for "DOWNLOAD PHOTOS [D]", "DOWNLOAD PHOTOS [F]", "DOWNLOAD [D]", "DOWNLOAD [E]", and "DOWNLOAD [F]".
- Upload Claims:** Contains a "Browse..." button and an "Upload" button.
- Upload Enrolments:** Contains a "Browse..." button and an "Upload" button.
- Upload Feedback:** Contains a "Browse..." button and an "Upload" button.

Image 3.1.1 (IMISExtracts Form)

The Download Master Section is used for creation of the off-line files for IMIS Policies.

- Enrolment Officer Code

The code of an enrolment officer for whom the off-line files should be generated.

Click on the button:

- **Download Master Data**

The file MasterData.rar is generated.

- **Download Renewals**

The file Renewals_<enrolment officer code>.RAR is generated. It contains renewal prompts associated with the enrolment officer at the time.

- **Download Feedbacks**

The file Feedbacks_<enrolment officer code>.RAR is generated. It contains feedback prompts associated with the enrolment officer at the time.

The off-line files should be transferred to the device and stored in any folder (Renewals_<code>, Feedbacks_<code>) and in the folder IMIS/Database (MasterData). The off-line files Renewals_<code> and Feedbacks_<code> are selected by the user after swapping in the Renewals Page and Feedbacks Page .

Creation and transfer of off-line files from IMIS Policies

Use the function *Synchronize* and the following buttons:

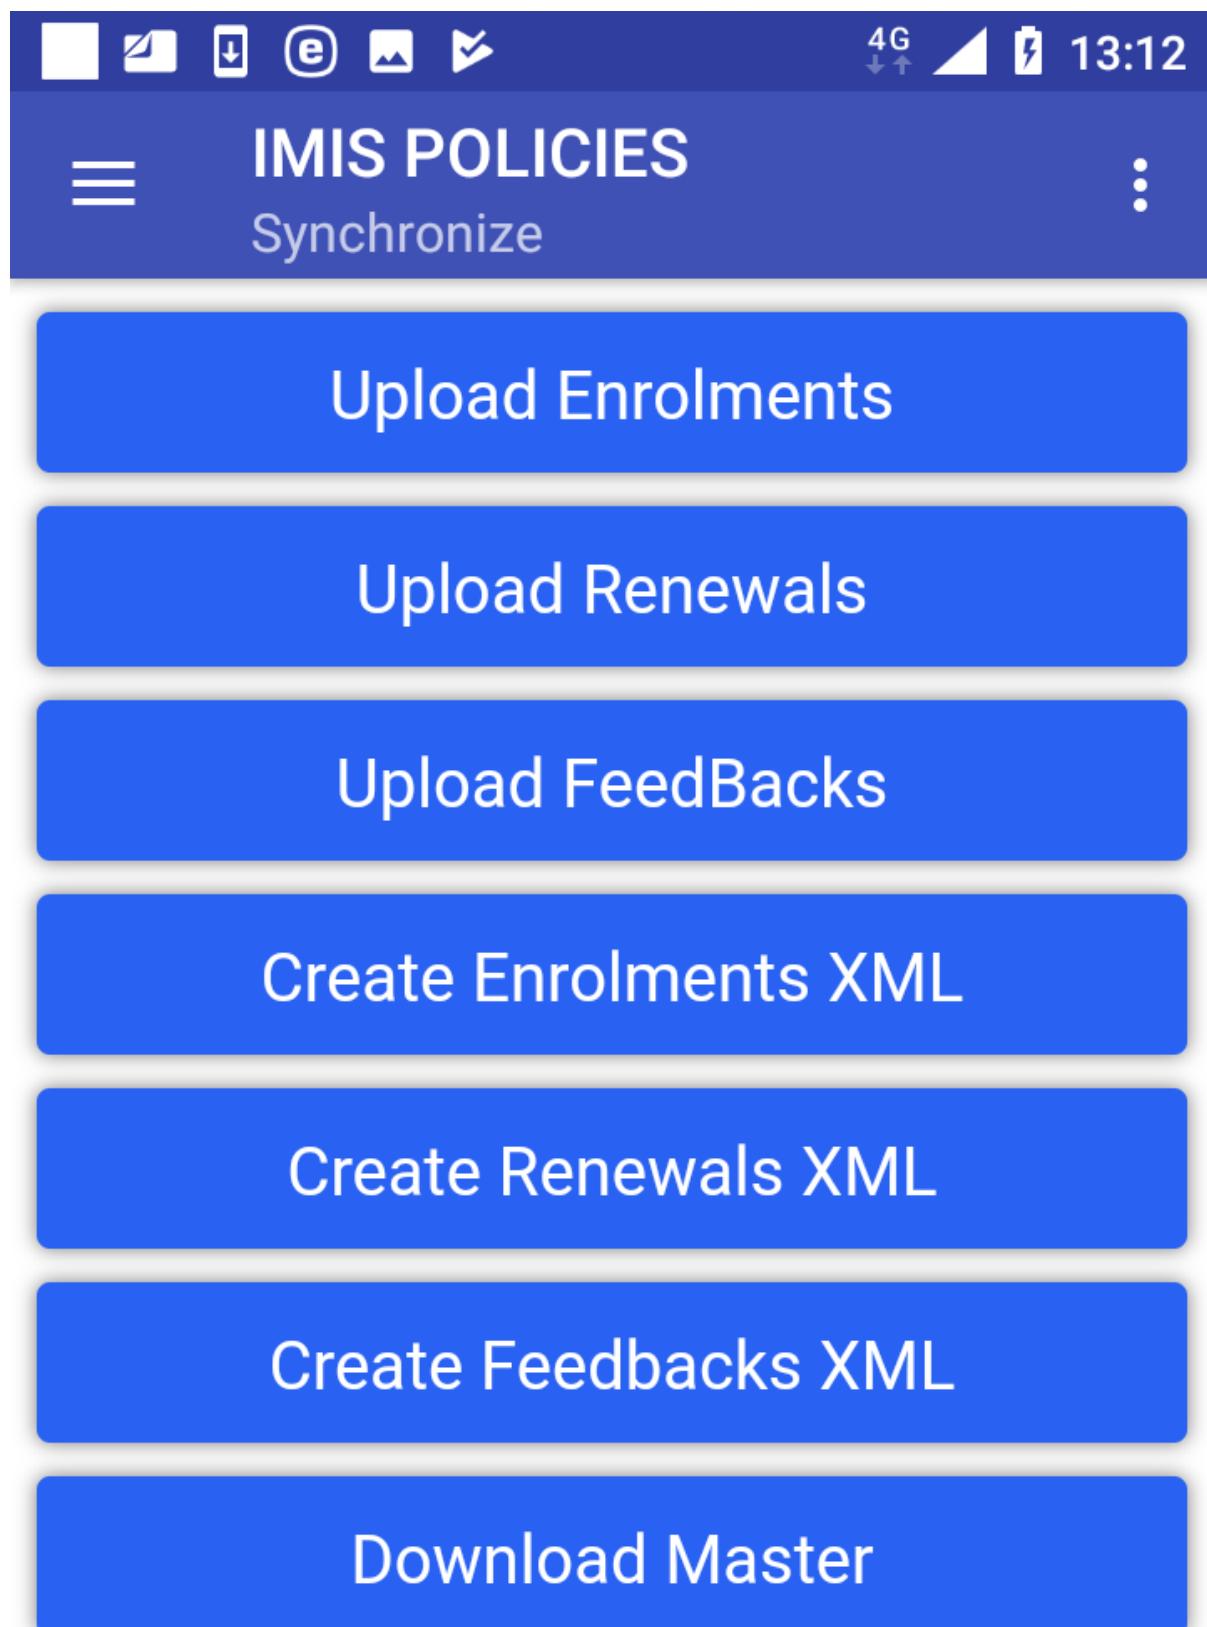

Image 3.1.2 (Synchronize Page)

• Create Enrolments XML

Creates a file with all enrolments including policies/contributions that haven't been uploaded or included in a generated file yet. It is required that each insuree has to have a photo associated with him/her. The name of the file is `Enrolment_<enrolment officer code>_<date of creating>_<time of creating>.rar` and it is stored in the folder IMIS/Enrolment.

• Create Renewals XML

Creates a file with all renewals that haven't been uploaded or included in a generated file yet. The name of the file is `MasterRenewal.rar` and it is stored in the folder IMIS.

• Create Feedbacks XML

Creates a file with all feedbacks that haven't been uploaded or included in a generated file yet. The name of the file is `MasterFeedback.rar` and it is stored in the folder IMIS.

The off-line files should be transferred to a client device of the web IMIS and uploaded to the web IMIS by means of the *IMISExtracts form* – in the sections Upload Enrolment, Upload Renewal, Upload Feedback.

2.2.10 Function Synchronize

The function Synchronize is navigated to by clicking on the menu item **Synchronize** in the main menu. The function Synchronize uploads posted enrolments/renewals/feedbacks to the web IMIS. For on-line uploading a user must have a valid User Name and Password provided by an administrator of the web IMIS with an assigned role incorporating an access to the functionality **Insurees and Families/Family +Insuree+Policy+Contribution/Add+Edit** as an access to the functionality Synchronize is guarded by the *Login Page* for on-line uploads.

The *Synchronize Page* appears immediately:

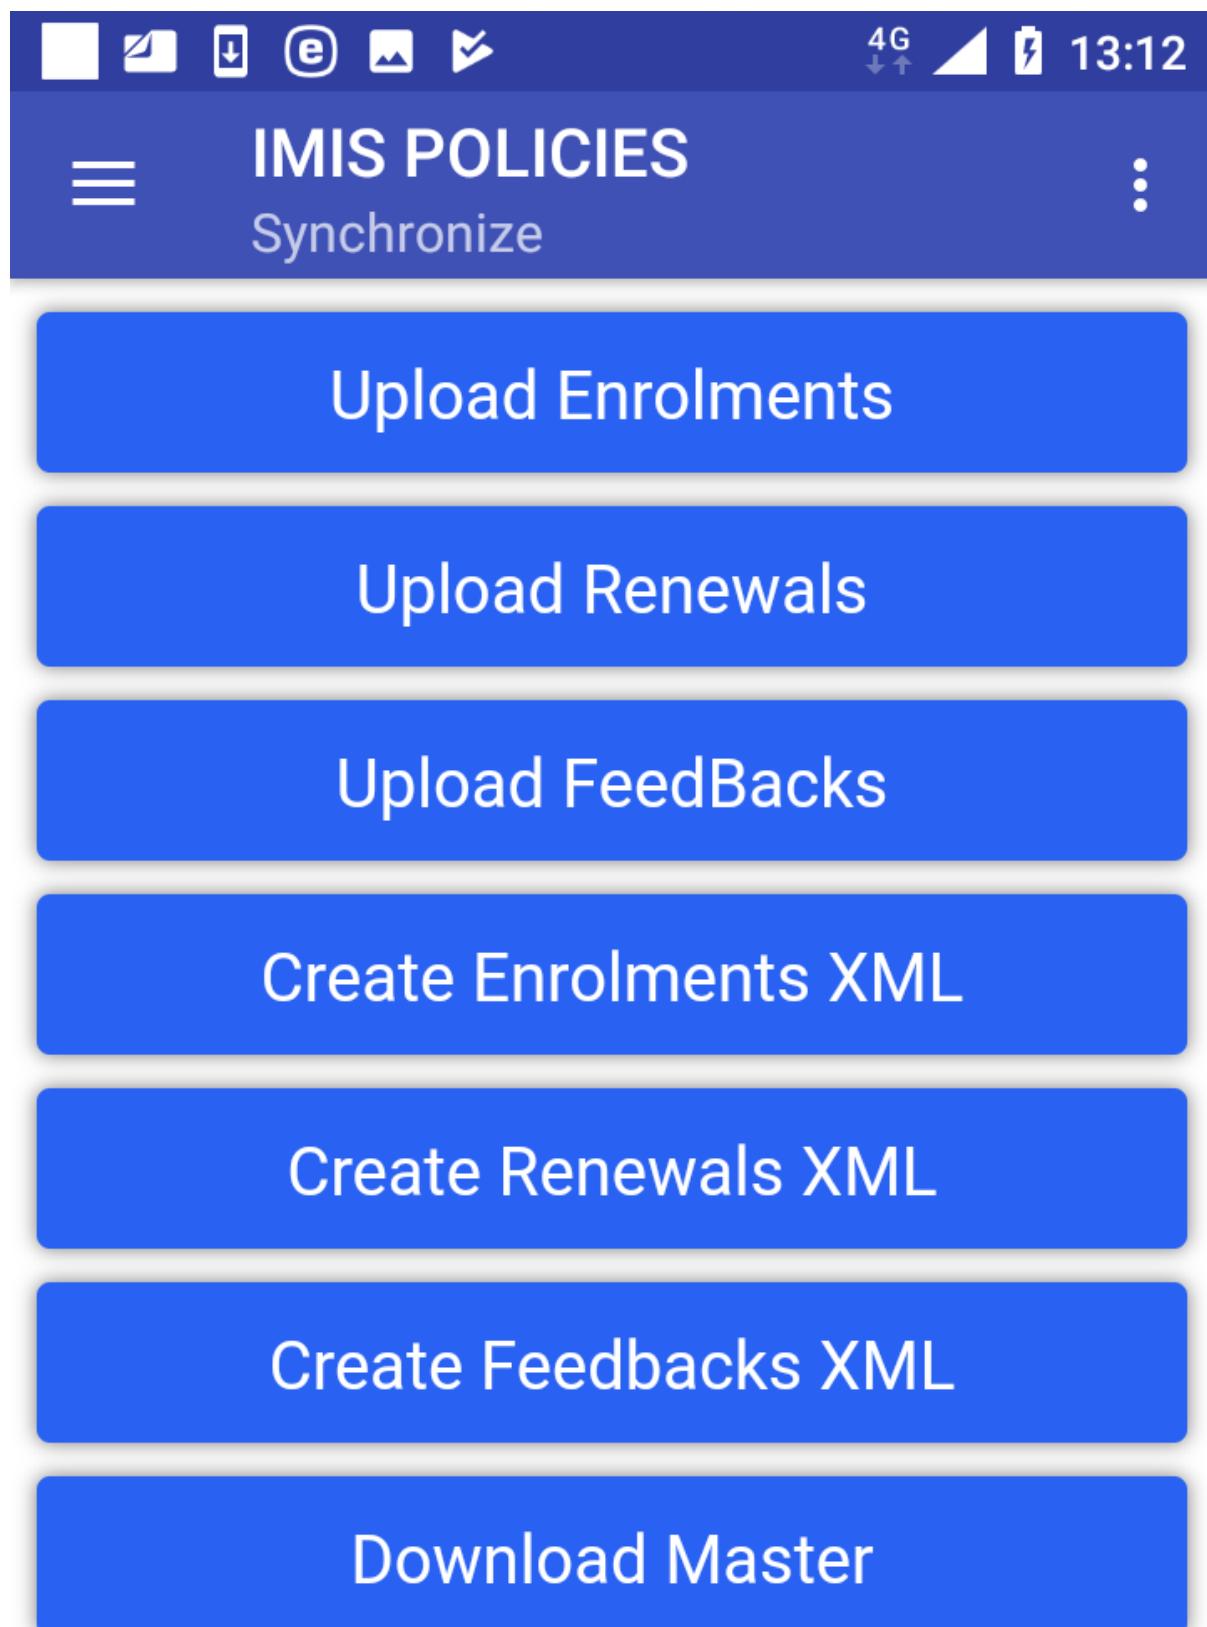

Image 1.10.1 (Synchronize Page)

Clicking on any of the buttons **Upload Enrolments**, **Upload Renewals**, **Upload Feed-backs** the *Login Page* appears.

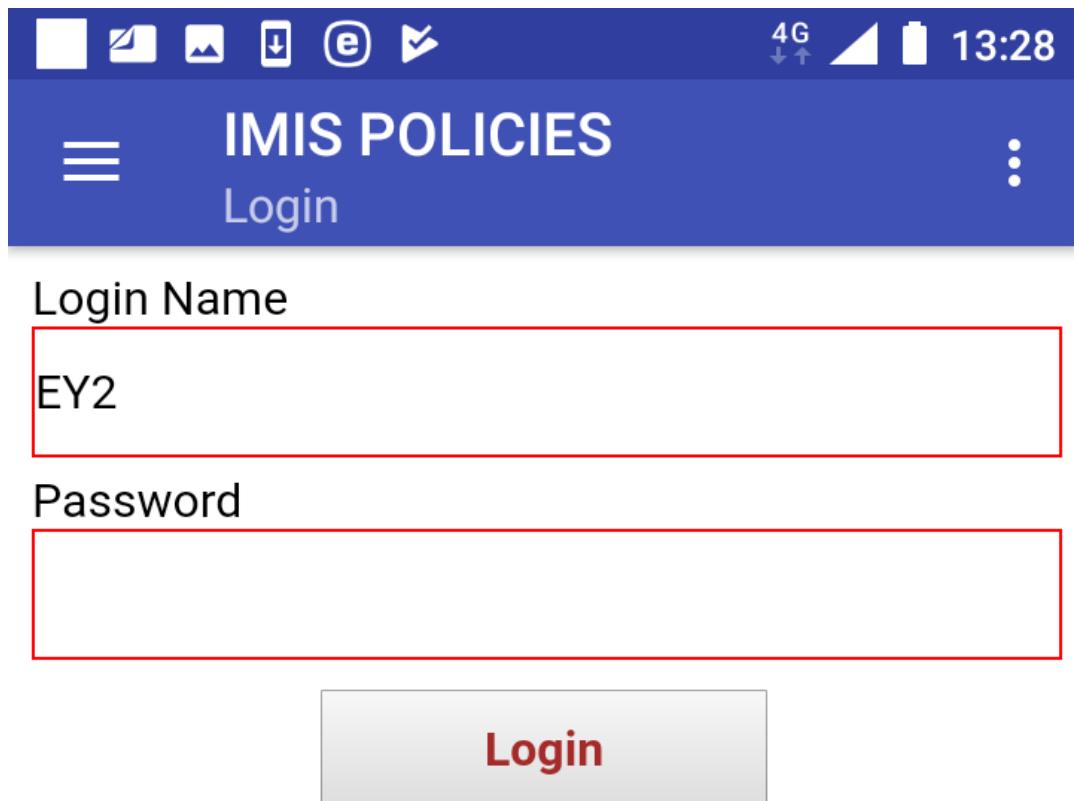

Image 1.10.2 (Synchronize Page – Login Page)

If the application successfully logs in the *Synchronize Page* appears again with the following buttons:

- **Upload Enrolments**

Uploads all enrolments including policies/contributions that haven't been uploaded yet. It is required that each uploaded insuree has to have a foto associated with him/her.

- **Upload Renewals**

Uploads all renewals that haven't been uploaded yet.

- **Upload Feedbacks**

Uploads all feedbacks that haven't been uploaded yet.

- **Download Master**

Updates the master data in the device from the web IMIS. This update doesn't require a login; nevertheless after the update entering of the enrolment officer code is required.

Another buttons in the *Synchronize Page* relate to the off-line mode of the application and they are described *elsewhere*.

2.2.11 Function Quit

The function Quit is navigated to by clicking on the menu item **Quit** in the main menu. The function Quit quits the application after *Quit Confirmation*.

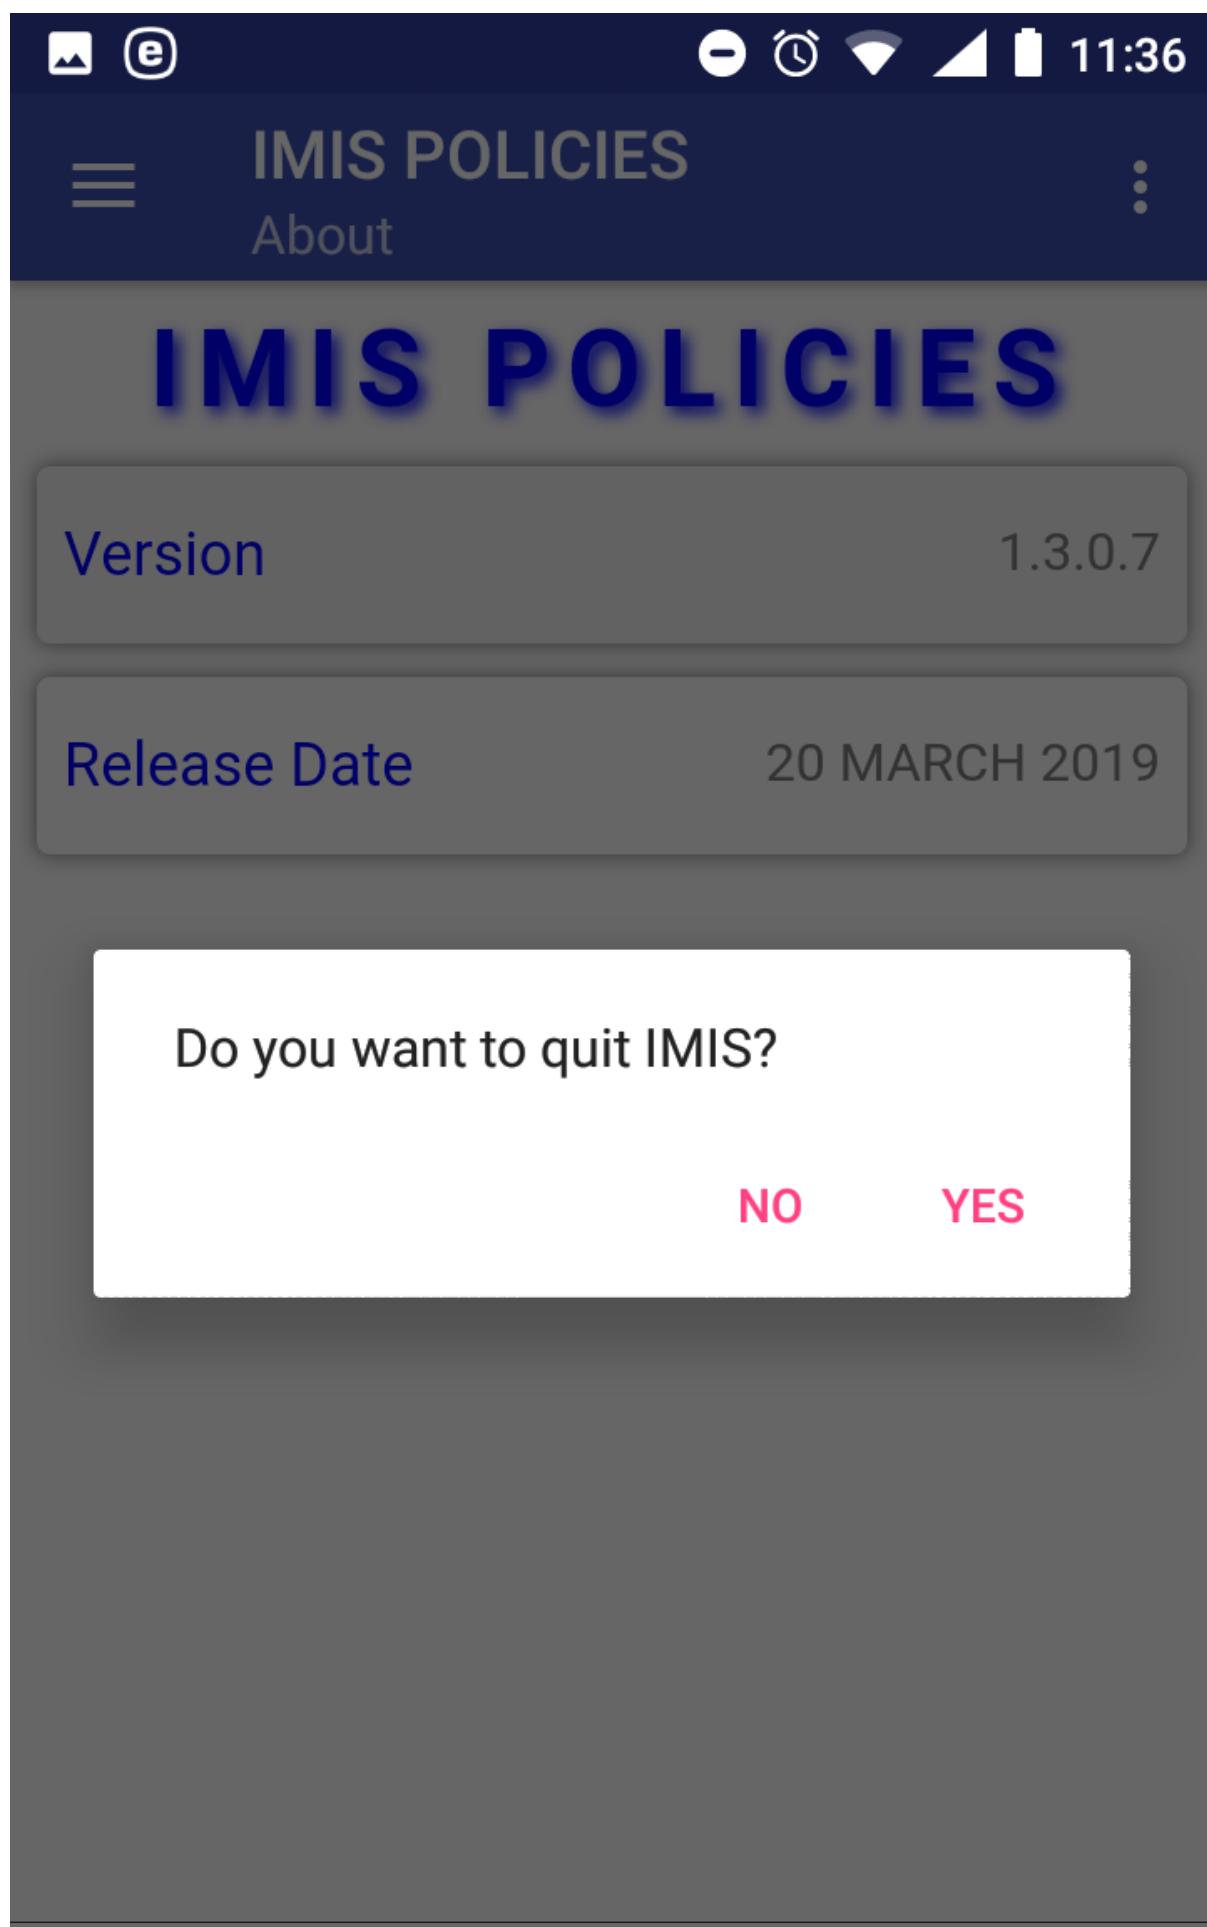

Image 1.11.1 (Quit confirmation prompt)

2.2.12 Function About

The function About is navigated to by clicking on the menu item **About** in the main menu. The function About provides information about the application itself. The *About Page* appears immediately:

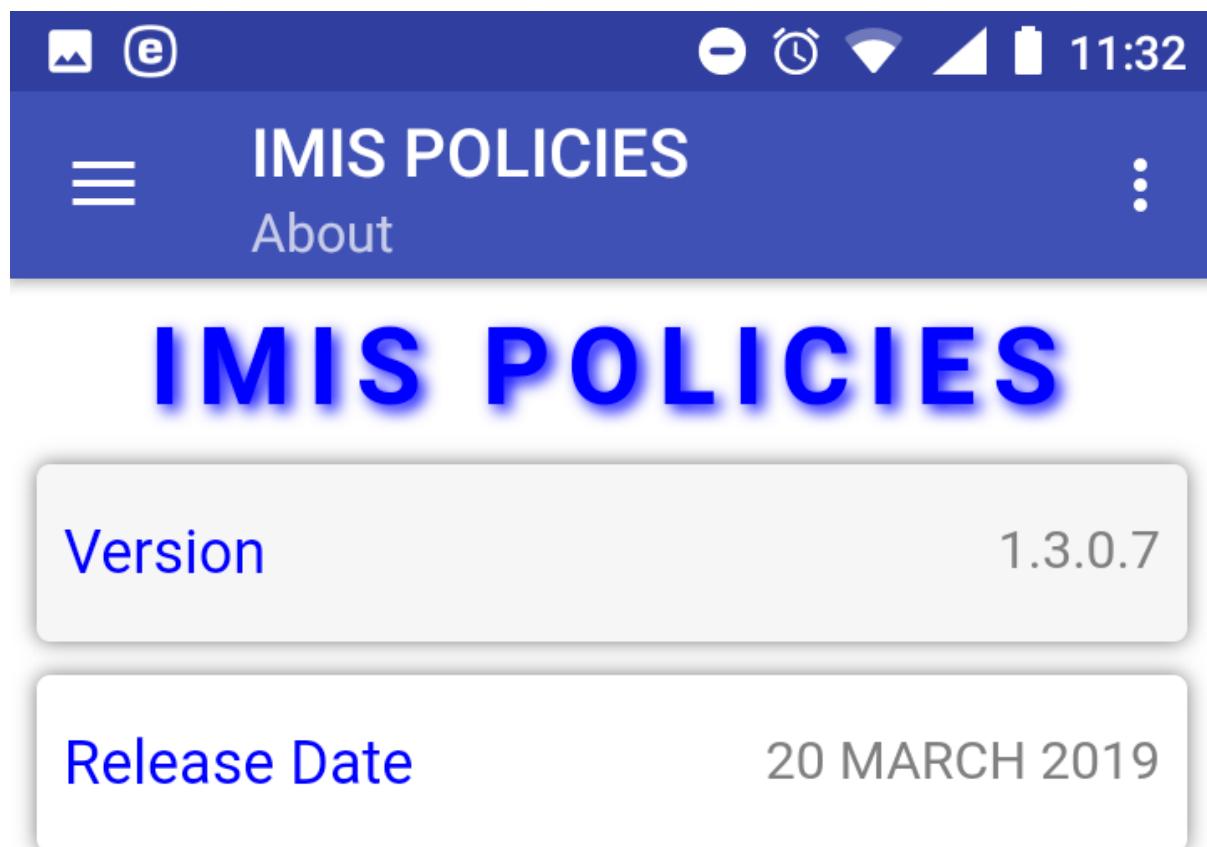

Image 1.12.1 (About Page)

Click on the icon <- in the upper part of the *About Page* to return to the *Home Page*.
